Gov. Washburne

Sir

My young
Friend, J. W. Bartlett of this place,
recently, has enlisted in the
Cavalry Company of C. S. Crosby.

Mr Bartlett is a young
man of fine talent, & good
education, & in habits, I believe
he is every way right.

His talents & education would,
in my opinion, render him
very useful in a position
much higher than a private.
Could your Excellency give
him an appointment of some
kind, I have no doubt,
he would discharge it du

ting creditably to himself, use
fully to the public & satisfac
torily to your Excellency.

I am respectfully,
your O^bd^t Serv^t
