"Confident congratulations and love, Aunt Lillian."

The little debutante was literally covered with floral tributes after the third act.

WING REUNION

HELD AT THEIR PAVILION THURSDAY AFTERNOON, AUG. 29.

A Largely Attended Function and a Most Enjoyable One. Eight New Wings Have Been Added This Year to the Family. Enjoyable Evening Passed at Frank Harnden's.

It was estimated that over 200 people assembled at the Wing pavilion Thursday, Aug. 29, notwithstanding that the wind blew a gale nearly all day, to help celebrate the 15th annual reunion of the Wing family. And the greetings between old friends and new were many and hearty.

At 10 a. m., order was called by the president, Bion Wing, who after a few well chosen remarks announced the program:

Singing—Nearer My God to Thee, Congregation Bible Reading, Morrill Wing Prayer, Rev. M. S. Hutchins

Address of Welcome, Mrs. Nancy Whitman The address of welcome was written by Mrs. Carrie Davenport and read by Mrs. Nancy Whitman. It was as follows:

It is difficult to give an adequate expression of welcome to an assemblage, for the mission of your presence marks the silent rapture of hospitality and friendship.

As distant as may be your homes and as varied as your occupations, still you come each year in response to the invitation of the Wing reunion, for the purpose of enjoying each others companionship and to cement more firmly family ties and fraternal bonds of friendship.

On these grounds many reunions such as this have been held, and it is with pleasure we welcome you here today, but the pleasure is mingled with sadness, glancing around the company present, dear familiar faces are missing, some gone from our midst forever. The dear face of Aunt Melinda is conspicuous by her absence and others although absent in body are doubtless present in mind.

"All the world's a stage And all the men and women merely players. They have their entrance, And they have their exit And one may in his time play many parts."

And so on life's stage the players come and go. Eight little strangers have come to us during the past year and we hope will live to take an active part in life's drama.

As we gather here today, old tales are told, old songs are sung, old days come back to memory and a pleasure presents its self when

"Link by link fond memory's chain Recalls old times and friends again."

New thoughts as well as old ones are awakened by this meeting, so let us by kindly thought and word make this reunion the brightest and best one yet. As we separate for a year may each exclaim with renewed enthusiasm that the Wing reunion is a great blessing and therefore in accordance with the best wishes of a loving father and mother we welcome you today with all the cordiality contained in that one word, welcome.

With joy we've met this happy day. We, too, too soon must part. How glad we are once more to say Welcome to you with loving heart.

At the business meeting the following persons were chosen for the year 1908: President, Morrill Wing; vice president, M. J. Doyen; secretary, Zernie Webber; treasurer, Bion Wing; historian, Daisy Wing. Then came the reports of the secretary and treasurer.

The report of births, marriages and deaths in the Wing family for the past year is as follows: Sept. 12, 1906, to Mr. and Mrs. A. J. Wing, a son, Carl Leo. Nov. 14, 1906, to Mr. and Mrs. B. E. Webber, a daughter, Lucille A. Feb. 5, 1907, to Mr. and Mrs. S. Chas. Foster, a son, Charles Sherwood. April 3, to Mr. and Mrs. T. R. Wing, a son. June 8, 1907, to Mr. and Mrs. Ara J. Ross, a daughter, Merlene Anna. June 12, 1907, to Mr. and Mrs. W. L. Morse, a daughter, Jennie May. June 15, 1907, to Mr. and Mrs. Ernest Rowe, a daughter, Nellie Phyllis. Aug. 21 1907, to Mr. and Mrs. H. R. Hinkley, a daughter, Beatrice. Marriages: Sept. 11, 1906 Ara. J. Ross and Lunette F. Staples. Sept. 23, 1906, William L. Presby and Carrie H. Barden. Jan. 15, 1907, Bert G. Doyen and Flossie Kennard. May 11, 1907, Emerson Whitman and Grace

Tarbox. July 13, 1907, Ralph McLaughlin and Miss Carrie E. Wing. Only one death has occurred in the family the past year: Mrs. Melinda Wing, wife of Silas M. Wing, Dec. 11, 1906. Mr. S. B. Wing read the following in memory of Mrs. S. M. Wing:

Mother, beloved thou hast left us. How often our hearts sadly grieve When we feel that death's hand has bereft us, At his summons our home thou didst leave.

Dear mother so gentle and kind All who knew thee loved thee so well We miss thee so much and oft find Thy goodness still with us doth dwell.

As we muse on the days that are past And think of the tenderest love Our dear mother showed us to the last We give thanks to the Father above

That he gave us a mother so true Who was always so loving and kind Who done what her hands found to do With a glad some and diligent mind.

Whose children are glad to arise And call her one of the blest. A dozen of daughters and sons Who many of them saw her at rest.

O blessed and dear one, thy life So full of earth's duties well done. As mother and sister and wife Earth's battles all fought and victories won.

This was composed by Mrs. C. B. Kempton. Mrs. Retta Newman read the following as fitting to the memory of Mrs. Wing:

Fallen from the ranks is a true hearted woman, Her life work completed, her duties all done; Yes, nobly she did them and never once faltered But ever pressed onward till victory won.

Born away back in Maine 'mong the hills and the mountains,

Of parents industrious, honest and true. A life of toil was hers at the outset, But repinings from her no one ever knew.

Ever patient and kind, but with great aspirations, She planned as she toiled to better her lot, Success crowned her efforts which were every way worthy

And she shared with her associates, the good she had wrought.

We miss her today and we all mourn her absence,

Her presence was ever a charm and delight. Her cherry good morning, or handshake was hearty.

Has changed many a lone one from gloom to delight.

Farewell kind old friend to your memory a tear,

Will often be dropped by friends coming nigh To place on your grave some beautiful flowers.

You dear, kind old loved one, farewell and good-by.

After the picnic dinner there was a big sale of ice cream, as usual. Then the baby show was next in order, G. L. Lakin being chosen judge. He thought it pretty hard to decide, where there were so many smart, pretty little ones but finally decided in favor of the Wing babies. At 3 p. m., a ball game was played in the pasture nearby and we understand that the Wings got beaten for the first time.

In the evening the company met at the home of Mr. and Mrs. Frank Harnden and listened to the following program:

Of Interest To Women.

To such women as are not seriously out of health but who have exacting duties to perform, either in the way of household cares or in social duties and functions, which seriously tax their strength, as well as to nursing mothers, Dr. Pierce's Favorite Prescription has proved a most valuable supporting tonic and invigorating nerve. By its timely use, much serious sickness and suffering may be avoided. The operating table and the surgeon's knife, would, it is believed, seldom have to be employed if this most valuable woman's remedy were resorted to in good time. The "Favorite Prescription" has proven a great boon to expectant mothers by preparing the system for the coming of baby, thereby rendering childbirth safe, easy, and almost painless.

Bear in mind, please that Dr. Pierce's Favorite Prescription is not a secret or patent medicine, against which the most intelligent people are quite naturally averse, because of the uncertainty as to their composition and harmless character, but is a MEDICINE OF KNOWN COMPOSITION, a full list of all its ingredients being printed, in plain English, on every bottle wrapper. An examination of this list of ingredients will disclose the fact that it is non-alcoholic in its composition, chemically pure, triple-refined glycerine taking the place of the commonly used alcohol, in its make-up. In this connection it may not be out of place to state that the "Favorite Prescription" of Dr. Pierce is the only medicine put up for the cure of woman's peculiar weaknesses and ailments, and sold through druggists, all the ingredients of which have the unanimous endorsement of all the leading medical writers and teachers of all the several schools of practice, and that too as remedies for the ailments for which "Favorite Prescription" is recommended.

A little book of these endorsements will be sent to any address, post-paid, and absolutely free if you request same by postal card, or letter, of Dr. R. V. Pierce, Buffalo, N. Y.

A Reliable Home Defender.

The truth of the adage that "An ounce of prevention is worth a pound of cure," has probably been forced upon more people through the agency of "L. F." Atwood's Bitters than would readily be believed. And what is still more remarkable is the fact that "L. F." Atwood's remedy is equally as efficacious in its curing powers as it is as a preventive against sickness. Thousands of families have depended upon the "L. F." medicine as a household remedy for over half a century; and it is no exaggeration to say that few medicines have averted more sickness or prevented more suffering. Don't wait until sickness comes before getting "L. F." Atwood's Bitters. A bottle in the house affords reliable protection. At the store, 35c.

The grasshoppers are more plenty than at any time since the grasshopper year of 1871. People will recollect that in 1870 they were very plenty, but in 1871 they became a plague and in their path behind left not one vestige of green on the ground. As soon as they had stripped a field they left for pastures new. The writer owned a flock of turkeys and they became so wearied from eating hoppers that they would come from the field and go into the barn yard where there was no grass.

A fine day was Thursday for the Sunday school picnic which was well enjoyed.

Pain anywhere, pain in the head, painful periods, Neuralgia, toothache, all pains can be promptly stopped by a thoroughly safe little Pink Candy Tablet, known by Druggists everywhere as Dr. Shoop's Headache Tablets. Pain simply means congestion—undue blood pressure at the point where pain exists. Dr. Shoop's Headache Tablets quickly equalize this unnatural blood pressure, and pain immediately departs. Write Dr. Shoop, Racine, Wis., and get a free trial package. Large box 25cts.—Druggists.

SUMMER RHEUMATISM

Painful Form of the Disease, that Comes in Hot Weather.

Many people are especially susceptible to rheumatism in the summer, due to eating acid fruits, to sitting in a draught when perspiring, or to other causes. These sufferers will be interested in knowing of a remedy for rheumatism called Neuralgic Anodyne, which is so uniformly successful that it is sold by dealers everywhere, with the understanding that the money will be refunded, if it does not do all that is claimed for it.

Neuralgic Anodyne is used internally and externally, thus reaching the nerve centres, and at the same time absorbed through the pores of the skin, eases the aching muscles and throbbing nerves.

All rheumatism sufferers should try Neuralgic Anodyne, and see the quick relief they get. A large bottle costs but 25 cts. Made by The Twitchell-Champlin Co., Portland, Me.

Constipation

Baked sweet apples, with some people, bring prompt relief for Constipation. With others, course all-what bread will have the same effect. Nature undoubtedly has a vegetable remedy to relieve every ailment known to man, if physicians can but find Nature's way to health. And this is strikingly true with regard to Constipation. The bark of a certain tree in California—Cascara Sagrada—offers a most excellent aid to this end. But, combined with Egyptian Senna, Slippery Elm Bark, Solid Extract of Prunes, etc., this same Cascara bark is given its greatest possible power to correct constipation. A toothsome Candy Tablet, called Lax-ets, is now made at the Dr. Shoop Laboratories, from this ingenious and most effective prescription. Its effect on Constipation, Biliousness, Sour Stomach, Bad Breath, Bloating, etc., is indeed prompt and satisfying. No griping, no unpleasant after effects are experienced, and Lax-ets are put up in beautiful lithographed metal boxes at 5 cents and 25 cents per box. For something new, nice, economical and effective, try a box of

THE Boston Journal is authority for the statement that the South Paris teachers marry off so fast that the superintendent can't keep the supply up. We hereby hand out a full supply of communications to our South Paris neighbors, and at the same time, we admit that our Phillips superintendent of schools is having the time of his life trying to find somebody who will take the teachers to board. Now, dear reader, don't laugh and say it is because they eat too much. It is nothing of the kind. There just isn't anybody in Phillips who wants any boarders at all just now.

There has also just been finished a 20-inch pipe line connecting the mill at Riley's, four miles away, with the Otis mill at Chisholm through which ground pulp will be pumped. It is impossible to judge the International Clothes by the price. There is nothing about them that is similar to others—so comparison is out of place. They stand alone. Though popular priced they are far in advance of those that cost you double. The difference lies in the fact that the International Tailoring Co., of New York and Chicago have different methods and are able to render service of the highest order at a price that none can imitate.

Farmington.

The old home of Madam Nordica, formerly owned by Alexander Forsythe but recently purchased by the members of the Norton family, is undergoing extensive repairs. The house and barn have been painted white and the blinds a pretty shade of green. The inside of the house will also be newly papered and painted. A gravel driveway is nearly completed which will improve the appearance of the place. Mrs. Baldwin and Mrs. Walker, Madam Nordica's sisters, who spent old home week in Farmington, have returned to Boston but next summer will see them again in town to spend the season at "Norton Woods." Rumor has it that the great singer herself will come to Farmington next year and spend some time with her sisters at the old home.

AMONG THE CHURCHES.

At the Union church Sunday the speaker was Rev. M. S. Hutchins. The text for the morning sermon was words from 1 Cor. xv, 58, "Steadfast, unmoving, always abounding in the work of the Lord."

We are apt, are we not, to think of our modern life as presenting problems differing from those of earlier times. We think sometimes that our temptations and perplexities, our difficulties and our problems are so set apart by attending circumstances, from those of other ages that their overcoming and their solution must be determined by the application of entirely different principles from those called into action in the decisions of former years. But is this true? Is not the human heart stirred by essentially the same impulses and assailed by temptations radically the same as those of old? Paul's letters written to the Christians of his day often deal with subjects not far different from those which sometimes trouble us. From Paul's first letter to the Corinthians we find that even so soon after Jesus was upon the earth, the people had fallen into discussions concerning the leader whom they were to follow. Should it be Paul, or Apollos, or perhaps Peter? Isn't that quite like some of the ways of these later times, when Christians seem to feel that the denomination which they choose means more than being in the great family of God? that the creed which they endorse, the belief which they hold is of greater importance than its effect in their daily life?

Another question asked by these Corinthians was about the gifts possessed by different ones. One was proud of his gift for teaching, another of his ability to preach, and yet another that he was used in the healing of the sick. Which was the greatest gift? Isn't that like our questioning, forgetting that simply to fulfill God's will for us is just the highest work of anyone? They questioned, too, about the use of food offered to idols. Should they use such? Was it not made unfit for their use. Just lately have we not had a question involving the same principles? The papers have many things and much about "tainted money." Human hearts are much the same as they were centuries ago. Then, as now, there were people who were untrue to the faith they professed to hold. There were people who were careless and sinful, people who lived in disobedience to the teachings which they declared themselves to have accepted.

Then, as now, doubts entered the mind. People said "Christ has risen from the dead. He is preparing a place for those who believe in him. He is coming for us very soon." Time passed. Some of the believers died not having seen Christ. Now years had gone by and he had not returned, and doubts had arisen. Is Christ really alive? Is he surely coming again? What will become of our friends who have already died? This is like the people of today. Doubt of what is not plain to us, doubt when our ideas are proven to have been wrong. There is no change in human nature.

What Paul said to the Corinthians then, he would say to us now: Be steadfast. If any thing is obtained or achieved it will be by the way of steadfastness, of continued effort. One of my early recollections is that of an old cellar near my father's house. A certain man had thought to build there. The cellar had been excavated, some timber had been brought to the spot, and stone had been drawn. Then work had ceased. The cellar grown to grasses and weeds remained an object lesson

How to Avoid Appendicitis.

Most victims of appendicitis are those who are habitually constipated. Orino Laxative Fruit Syrup cures chronic constipation by stimulating the liver and bowels and restores the natural action of the bowels. of failure through lack of steadfastness in purpose.

Perhaps I can define steadfastness most clearly by stating some of the things, which it is not. Steadfastness is not brilliancy. That may accomplish something, but, to use a phrase of the day "It is not in it" with such persistency as was shown by Grant in that famous statement "I propose to fight it out on this line if it takes all summer."

Arnold was one of the most brilliant men who ever fought in the American armies. If you doubt this read the account of the battle of Saratoga. He was not only brilliant, but brave as well, and he possessed the nobility of brave men. He might have had a high place among the great men of our nation, remembered with pride and gratitude, revered. Instead of this his very name is loathed because of a fatal lack—lack of steadfastness. He could be turned from his purpose of loyalty, and he is despised.

Business kings attribute their success in most instances, not to some grand stroke of wisdom or genius, but to a continued and persistent effort in some one thing.

Failure comes often through lack of steadfastness. For instance, a man sells his farm and moves to the village or city. He engages in some work. After a little he tries something else. Then perhaps he buys a small factory. Soon he wants to go back to the farm. Then another change is made, and he goes from one thing to another, never giving himself an opportunity to make a success anywhere.

We sometimes speak of Yankee steadfastness, yet after all there is no part of the country where something new will more quickly take root. Let some new "ism" be advanced and it will find adherents in New England to the detriment of the individual or society. I would not countenance the idea that there is no longer good to be learned, or truth to be unfolded, but a too eager embracing of all things new does not tend to the strengthening of character or of society.

Steadfastness is not laziness. We may continue in the old way because we do not care to make the effort of thought necessary to the understanding of new ideas, but this is laziness and not steadfastness. It is not called for in Paul's exhortation. Steadfastness is not mulishness. You, no doubt, have heard the story of a certain man who in his religious testimonies, was fond of referring to himself as steadfast, unmoving. He had purchased a mule for his work upon his land and one day exhausted his resources in a vain attempt to induce the animal to step forward in his task. At last the man's young son exclaimed, "Father I know what ails that mule. He's unmoving." Do not mistake mulishness for steadfastness.

Drunkards sometimes reach that stage of disease where there appears to their sight serpents, demons and other horrors unseen to those who may be with them. A nerve of the eye has become diseased, sometimes enlarged and these visions are but the result of distorted nerves. Likewise men sometimes see and receive as truth the result of their own imperfect or distorted thinking. Do not cling to these ideas.

True steadfastness is continuing straight ahead in the King's highway, doing what God wants us to do, accepting his will for us day by day.

I have taken but one-half the text. There is another part to be considered.

"Always abounding in the work of the Lord." For this blessed result we should be steadfast. There are two kinds of effort to be called the work of the Lord. Anything that is good, anything that needs and that ought to be done anything that helps humanity is the Lord's work. But we use the expression in a more distinctive way of what we are pleased to term Christian work. Why do we make this distinction? A man's Christian character should be seen in all his work, no less in his business and political and in his church life.

The work of the Lord include these things: It includes his work in the church and Sunday school, it includes a longing and an earnestness for the helping of all others toward God which will impel him to do all in his power to help others to know God the Father and Jesus Christ his son. And in these things he may claim the promise, "Lo, I am with you always."

Couldn't Lift Ten Pounds.
Doan's Kidney Pills Brought Strength and Health to the Sufferer, Making Him Feel Twenty-Five Years Younger.

Sick kidneys cause a weak, lame or aching back, and a weak back makes a weak man. Can't be well and strong until the kidneys are cured. Treat them with Doan's Kidney Pills. Here's the testimony of one man cured.

J. B. CORTON.

J. B. Corton, farmer and lumberman, of Deppe, N. C., says "I suffered for years with my back. It was so bad that I could not walk any distance nor even ride in easy buggy. I do not believe I could have raised ten pounds of weight from the ground, the pain was so severe. This was my condition when I began using Doan's Kidney Pills. They quickly relieved me and now I am never troubled as I was. My back is strong and I can walk or ride a long distance and feel just as strong as I did twenty-five years ago. I think so much of Doan's Kidney Pills that I have given a supply of the remedy to some of my neighbors and they have also found good results. If you can sift anything from this rambling note that will be of any service to you, or to any one suffering from kidney trouble, you are at liberty to do so."

A FREE TRIAL of this great kidney medicine which cured Mr. Corton will be mailed on application to any part of the United States. Address Foster-Milburn Co., Buffalo, N. Y. Sold by all dealers; price, fifty cents per box.

Health In the Canal Zone.
The high wages paid make it a mighty temptation to our young artisans to join the force of skilled workmen needed to construct the Panama Canal. Many are restrained however by the fear of fevers and malaria. It is the knowing ones—those who have used Electric Bitters, who go there without this fear, well knowing they are safe from malarious influence with Electric Bitters on hand. Cures blood poison too, biliousness, weakness and all stomach, liver and kidney troubles. Guaranteed by W. A. D. Cragin, Phillips; L. L. Mitchell, Kingfield; Chas. E. Dyer, Strong; E. H. CAUSE AND CURE OF APPENDICITIS
THE SIMPLE REMEDY THAT EFFECTS THE CURE

Professor Blanchard of the French Academy of Medicine has spent a great amount of time studying that dread disease—Appendicitis. In company with Professor Metchnikoff, he has carefully examined numerous cases, and both have reached the conclusion that the cure is not the knife. In more than forty cases the symptoms of Appendicitis disappeared after the patients had been treated for worms.
There are, no doubt, many persons suffering from worms who are erroneously attributing their trouble to some other cause. A few doses of Dr. True's Elixir are sufficient in most cases for the complete expulsion of the worms.
The presence of these parasites is easily recognized by the following symptoms—Indigestion; foul tongue; offensive breath; variable appetite; hard and full belly with occasional gripings and pains about the navel; heavy, dull eyes; itching of the nose; short dry cough; grinding of the teeth; starting during sleep; slow and frequent fever; in children—convulsions and bed wetting.
Dr. True's Elixir will not only expel the worms, but will build up the whole system as well.

DR. TRUE'S ELIXIR
THE OLD FAMILY REMEDY
has been in constant use for more than half a century. Even though no worms may be present, Dr. True's Elixir prevents their growth and is an invaluable remedy for the relief of stomach ills. Its marvelous tonic qualities bring back a feeble and impaired digestion; purifies and enriches the blood; quickly regulates a disordered liver.
Dr. True's Elixir is used and endorsed by physicians and hospitals all over the country. Read what Mrs. Joy says of Dr. True's Elixir:—
CENTRE ABINGTON, MASS.
DR. TRUE:—"I wish to inform you of the success I have had in using one bottle of your Elixir. I gave it to my children, and after the third dose one of them passed a long round worm. I also wish to say it is one of the safest and best medicines to have in the house for children. I would not be without it now." Sincerely yours,
Mrs. Henry C. Joy.
Dr. True's Elixir is sold by druggists everywhere at 35c, 50c, and \$1.00 a bottle. An interesting and instructive booklet entitled "Children and Their Diseases" will be sent free to all who apply for it, by simply addressing Dr. J. F. True & Co., Auburn, Me. We have a special treatment for tape-worm. Send for free book.

MOTHERHOOD

The first requisite of a good mother is good health, and the experience of maternity should not be approached without careful physical preparation, as a woman who is in good physical condition transmits to her children the blessings of a good constitution.

Preparation for healthy maternity is accomplished by Lydia E. Pinkham's Vegetable Compound, which is made from native roots and herbs, more successfully than by any other medicine because it gives tone and strength to the entire feminine organism, curing displacements, ulceration and inflammation, and the result is less suffering and more children healthy at birth. For more than thirty years

Lydia E. Pinkham's Vegetable Compound

has been the standby of American mothers in preparing for childbirth.

Note what Mrs. James Chester, of 427 W. 36th St., New York says in this letter:—Dear Mrs. Pinkham:—"I wish every expectant mother knew about Lydia E. Pinkham's Vegetable Compound. A neighbor who had learned of its great value at this trying period of a woman's life urged me to try it and I did so, and I cannot say enough in regard to the good it did me. I recovered quickly and am in the best of health now."

Lydia E. Pinkham's Vegetable Compound is certainly a successful remedy for the peculiar weaknesses and ailments of women.

It has cured almost every form of Female Complaints, Dragging Sensations, Weak Back, Falling and Displacements, Inflammation, Ulcerations and Organic Diseases of Women and is invaluable in preparing for Childbirth and during the Change of Life.

Mrs. Pinkham's Standing Invitation to Women

Women suffering from any form of female weakness are invited to write Mrs. Pinkham, at Lynn, Mass. Her advice is free.

It Will Never Grow Old.

We publish the following poem by request on the death of a niece of Miss Maggie and Mr. John Everett of Phillips.

Oh, have you not heard of that country above,
The name of its King and His infinite love?
His children are deathless and happy, I'm told,
Oh will it abide—will we never grow old?

That wonderful land has a city of life,
Ne'er darkened with anguish, nor dying, nor strife
Its temples and streets are all flashing with gold,
Oh can it be true will we never grow old?

A mansion of wonderful beauty is there,
And Jesus that mansion has gone to prepare
Its bright jasper walls how I long to behold
And join in the song that will never grow old.

They tell me its friendships and love are so pure,
Its joys never die and its treasures are sure
And loved ones departed so silent and cold,
Will greet us again where we'll never grow old.

In life's weary conflicts there fainting and care;
Each year the gray deepens a shade in the hair,
But in the book where my name is enrolled,
I read of that land where we'll never grow old.

Chorus.

'Twill always be new, it will never decay,
No night ever comes, it will always be day
It gladdens my heart with a joy that's untold
'To think of that land where we'll never grow old.

About Time.

For the first time in 29 years Charles W. Osborne, one of the executors of Russell Sage, has gone on a vacation. Mr. Osborne was Mr. Sage's confidential secretary for many years and as Mr. Sage did not believe in vacations his secretary did not feel at liberty to take one either. The last time Mr. Osborne had a vacation was in 1878, when Russell Sage was in the west reorganizing the Iowa Central railroad.
