GILKEY REUNION.

PLEASANT GATHERING OF RELATIVES IN STRONG, OCT. 5.

Four Generations Were Represented In the Starbird and True Families.

(Special correspondence to MAINE WOODSMAN.)

STRONG, Oct. 8, 1907.

The Grange hall in Strong was the scene of a pleasant gathering Saturday, Oct. 5, the occasion being the Gilkey reunion. Relatives commenced to arrive early and by 11 o'clock quite a goodly number were present. Two long tables were arranged crosswise in the dining hall and covers were laid for 42 guests, 37 partaking of the picnic dinner. All did justice to the goodies mentioned in the menu which follows and are now willing to testify for the good cooks in the Gilkey descendants:

Baked Beans and Brown Bread	Roast Lamb
Roast Pork	Pickles
Yeast Bread	Biscuit
Jelly Roll	Cheese
	Assorted Cake
Custard	PIES
	Lemon
	Coffee
	Apple

After dinner order was called by the president, John Gilkey, of Farmington. The minutes of the last meeting were read and adopted and the following officers were elected for the ensuing year: President, John Gilkey; vice president, Henry Allen; secretary and treasurer, Mrs. Charles Hinds; committee of arrangements, Mr. and Mrs. Lionel Allen, Mr. and Mrs. H. H. Berry, Mr. and Mrs. Warren Hinds. From the minutes read by the secretary, Mrs. Clinton Starbird, it was learned that since the previous meeting one member had been added and one claimed by death.

The oldest one present was Mrs. Lionel True, now in her 83d year, and the youngest, Master Henry Stanley Allen, the 19-months-old son of Mr. and Mrs. Lionel Allen of Phillips. It is quite worthy of note that four generations were represented in two families, viz.: Mrs. M. J. Starbird, Mrs. Warren Hinds, Mrs. H. H. Berry and children, Wendell and Muriel; also Mrs. Lionel True, Mrs. H. W. Allen, Mr. Lionel Allen and son, Stanley.

Among the relatives present were Mrs. Lionel True, Strong, the oldest living descendant; Mrs. M. J. Starbird, Apopka, Fla., sister of Mrs. True; Mrs. Mattie Gilkey and son, John, Farmington; Mr. and Mrs. John True and daughter, Hazel, New Portland; Nelson True, Temple; Edwin Starbird and son, Ralph, Brunswick; Mr. and Mrs. Clinton Starbird and son, Ray, Mr. and Mrs. Henry Allen and daughter, Lila, and son, Fremont, Strong; Mr. and Mrs. Warren Hinds, daughter, Rena, and son, Roland, Mr. and Mrs. H. H. Berry and two children, Wendell and Muriel, Mr. and Mrs. Lionel Allen and son, Stanley, Phillips; Mrs. Austin Starbird and two sons, Harry and Lionel, Apopka, Fla.; Mrs. Dora Tracy, Livermore; Mr. and Mrs. Charles Hinds, Strong. One guest was also present, Mrs. Frank Briggs of Freeman.

Much regret was expressed that Mr. and Mrs. Albert Starbird and children of Solon and Mr. and Mrs. Frank Hodgman of Kingfield were unable to be present.

About 4 o'clock the relatives departed for their several homes, each and all expressing joy in being able to attend this reunion and wishes that October of 1908 might still find no missing links in the Gilkey chain.

WELD HOLDS FAIR.

Largest Crowds and Best Show Ever Held by Society.

The second annual exhibition of the West Franklin Agricultural society was held at the Conant grounds in Weld Wednesday and Thursday of this week, and far exceeded in points of attendance and exhibits the initial endeavor of the growing society. The weather was fine after the severe storm of Tuesday, which was one of the worst experienced hereabouts for many years.

The largest crowd came Thursday, all towns for miles around being represented. The great interest on the opening day was in the cattle exhibit for which the society became noted last

year. The number of cattle shown Wednesday was 144 head, as fine specimens as seen in any fair in Maine. The disciplining and pulling contests were equally interesting.

Thursday was devoted to the agricultural exhibits, the horses and colts and a feature of the afternoon was a ball game between Strong and Weld. The show on the whole was better than last year and the society feels encouraged. In our next issue will appear the list of premiums and a description of the horse show.

Close of the Fair.

Thursday was the banner day of the Franklin County fair over 10,000 persons being in attendance. Weather conditions brought the crowds from far and near and the races were interesting, Lou Foster taking the Free-For-All in straight heats, Ratt'er G. winning the 2.27 class in a seven heat race and Smithfield Girl taking the 2.35 race handily.

Austin—Shepard

At high noon on Sunday, October 6, at the home of Mr. and Mrs. E. H. Shepard occurred a quiet but pretty wedding when their only daughter, Everdene Rosilla, was united in marriage to Mr. Sumner Edward Austin, Rev. G. H. Woodward performing the ceremony. Only the immediate relatives were present. The bridal couple were unattended and stood in the bay window which had been beautifully decorated with autumn leaves. The bride looked very sweet in her simple but dainty gown of white India silk, with lace and insertion.

After the ceremony a lunch was served. The cups and saucers used for the coffee were over 100 years old and belong to the brides' grandmother, Mrs. Rosilla Prescott.

Immediately after the lunch Mr. and Mrs. Austin prepared for their drive to Long pond where they are spending a week at the latter's cottage.

The wedding gifts were many and beautiful. Among the number was \$50 from the bride's grandmother, Mrs. Prescott, also three bed blankets which were spun and woven by her many years ago.

The bride is a native of Phillips and has always lived here. She graduated from the Phillips High school several years ago and has also attended an art school in Boston for several months, and is endowed with much artistic ability. She has always been one of Phillips' popular young ladies, and has many friends in town and elsewhere.

Mr. Austin's home is in Rockland but for the past few years he has been in Farmington as manager of the Maine Telephone, and is employed by that company at the present time.

The MAINE WOODSMAN joins with many others in congratulations.

Mr. and Mrs. Austin did not escape as easily as they planned for they were waylaid near Cottle Brook hill by friends who were waiting for them and very generously showered them with rice.

The Bubier Family Reunion.

There was a large gathering at the grove of McG. Bubier, August 31, 1907. The day was all that any one would ask for although the night before it looked so much like rain. At 1.30 the meeting was called to order by President McG. Bubier and the following officers were chosen:

Dwight Bubier, president; Woodman Bubier, vice president; Rose Campbell, secretary and treasurer; table committee, Nahum Bubier, Willard Bubier and Woodman Bubier; Beckie McCourt, Alma Dunham, Ellie Jones, entertainment committee. It was voted to hold the next reunion at the home of Willard Bubier in Strong the last Saturday in August, 1908. All relatives are invited to be present on that day with a picnic dinner.

The relatives present were: Alpha Withee and daughter, Ida, New Vineyard; John Bubier of Eustis; Nahum Bubier, Nellie and Chester Bubier of Rowley, Mass.; Mr. and Mrs. Archibald Bubier and Susie Bubier of Farmington; Mr. and Mrs. Willard Bubier, Gussie, Pansy, Calvin and Loranie Bubier, Strong; Mr. and Mrs. David Durrell and Louise Durrell, Sandy River Plantation; Mr. and Mrs. Roy Dunham and Olive, Sandy River Plantation; Mr. and Mrs. Jimmie McCourt, Strong; Mr. McG. Bubier, Avon; Rose Campbell, Eva and Wallace Bubier, Avon; Mr. and Mrs. Harry Jones of Wilton; Mr. and Mrs. Orlando Marden, Ostin, Zilda, Grangie and Vivian Marden, Avon; Dwight and Archibald Bubier, Sabattus; Riley Bubier, Rangeley; Mr. and Mrs. Woodman Bubier, Rexie, Thora, Thane and Neolia Bubier, Avon; Gay Haines, Rangeley; Mr. and Mrs. Elliot Withey and Roger, New Vineyard; also Mrs. Julia Bubier, now 68 years of age. She is mother, grandmother and great-grandmother. There are four generations, all females. That is something we seldom hear of in one family.

I do not know of but one other family with four generations and that is Mrs. Georgie Austin of Sabattus. In her family there are four generations. She is a relation of the Bubier family. Guests at the reunion were: Mr. Nat Niles from California, Mr. and Mrs. Winchell, Boston; Mr. and Mrs. Hanscom, Phillips; Mr. and Mrs. U. S. Jacobs, Phillips; Mr. Baker, Salem, and mother, Rowley, Mass.

Dow—Haskell.

A very quiet church wedding occurred Wednesday at high noon at the Pine Street Methodist Episcopal church, Rev. J. F. Haley, pastor of the church, officiating. The contracting parties were Miss Mae Frances Haskell, daughter of Mr. and Mrs. A. E. Haskell of this city and Mr. Dorilus Winfield Dow traveling auditor of the Maine Central railroad. Several organ selections were rendered before the ceremony by Miss Helen Conant of Lewiston, who also played the wedding marches. The bridal party entered the church promptly at twelve to the strains of Lohengrin's march; the ushers were Messrs. Charles A. Clark, Gilbert Johnston and Phillip Haskell of this city and Phil Cartland of Lewiston, preceding, followed by the bridesmaids, Miss Medora Haskell, Mrs. Daisy Johnston, Miss Alice Milliken and Miss Mabel Webber, gowned in white with large white hats with plumes, and arm bouquets of asparagus with centers of bride roses. Miss Ella Knight, the maid of honor, attired in green silk eolienne, with bouquet of enchantress pinks came next in line, followed by the little nephew of the bride, Eveleth Haskell, who acted as ring bearer. Then came the bride on the arm of her eldest brother, Walter J. Haskell, who gave her away. The bride's gown was white crepe de chine over silk, with princess lace trimmings, and she carried a shower bouquet of brides' roses and valley lilies, wearing a wreath of lilies in her hair. Mr. Dow with his best man, H. E. Marston, met the party at the altar. The single ring service was impressively performed. Mrs. Viola DeGrys sang two serenades, one before and one after the service. Mendelssohn's march was played as the party left the altar. A dainty lunch was served to the wedding party at the home of the bride, 1038 Congress street, directly

after the ceremony, Mr. and Mrs. Geo. E. Haskell presiding. The bride remembered her attendants with silver and gold thimbles, and the groom's gifts to the ushers and best man were gold scarf pins. Mr. and Mrs. Dow left Wednesday afternoon on a short wedding journey, the bride traveling in navy blue serge with hat to match. Upon their return they will reside at 26 Lincoln street, Woodford's, where they are to be at home to their friends after November 1. The gifts have been unusually numerous and beautiful, making a charming array of silver, cut glass, china and furnishings for the new home.—Portland Daily Advertiser.

COURT ADJOURNS

And Will Resume Nov. 2, to Hear Criminal Cases.

The Supreme court adjourned Friday till Monday, Nov. 4, at 2 p. m., when the case of C. Carroll Whitney, charged with polygamy, will be heard, followed by that of Harvey A. Searles of Rangeley, accused of murdering his wife, Phyllis.

Searles, who has been under observation at the Insane asylum at Augusta, has practically been declared sane by the order from Dr. Sanborn to Sheriff Coolidge to take Searles back into custody at the county jail, which will be done this week.

Charles Tague of Stratton was charged with being a common seller. Charles F. Withee of Stratton testified that he had bought a pint of liquor of Tague, who denied it. A verdict of not guilty was rendered.

Divorces were decreed as follows:

David B. Webber vs. Flora M. Webber of Farmington, for adultery.

David E. Hinkley vs. Hannah J. Hinkley of Phillips, cruel and abusive treatment.

Inez C. Abbott vs. Gibbs M. Abbott of Rangeley, cruel and abusive treatment.

Edna A. Macé of Farmington vs. Andrew J. Macé of New Sharon, cruel and abusive treatment.

Ada M. Hyer of Wilton vs. John M. Hyer of Turner, cruel and abusive treatment.

The libel of Lizzie R. Hawes vs. Austin W. Hawes of Industry was continued. Custody of children given to the mother.

Herbert Boyd of Rangeley was sentenced to State prison for 15 months at hard labor for assault.

Geo. E. Colburn of Wilton, common seller, got 30 days in jail and a fine of \$100 and costs. Geo. B. Barker of Chisholm on the same charge got a similar sentence and fine. Exceptions filed in two latter cases.

Single sale vs. Frank Robish of Eustis not prosed.

"Hoss case" between Josiah Lake of Avon and Newall Dunham of Madrid in the form of replevin of a cow and heifer was decided for the plaintiff.

All Bluff.

"Yes," boasted the fortune hunting count, "all of our old family castles were on high mountains. My ancestors all lived on big bluffs."

"Indeed," replied the wise helress, "and I see that you take after them, count!"

The Worst He Had.

"Then you have never had educational advantages?" said a good woman to a small boy.

"No, marm, not as I knows of. I've had airysipilas. If what you said is wor's'n that I don't want to ketch it."

The Head of the Family.

Result of Neglect

In most cases consumption results from a neglected or improperly treated cold. Foley's Honey and Tar cures the most obstinate coughs and prevents serious results. It costs you no more than the unknown preparations and you should insist upon having the genuine in the yellow package. W. A. D. Cragin, Phillips; L. L. Mitchell, Kingfield.

Field—Timberlake.

A very pretty wedding was solemnized at the home of Mrs. Mary Timberlake, 67 Minot street, Neponset, Mass., when her daughter, Miss Pearl E. Timberlake, was united in marriage to Mr. H. H. Field of Phillips on Wednesday evening, Oct. 2, at 7.30 o'clock.

The bridal couple were preceded by the best man, Mr. Elias Field, brother of the groom and the maid of honor, Miss Grace E. Timberlake, sister of the bride. They took their stations in the bay window in the parlor, where the double ring service was very impressively performed by Dr. Frederic H. Knight, superintendent of the Little Wanderers' Home in Boston.

The Grieg trio, a ladies orchestra of Boston played the beautiful Lohengrin wedding march and also furnished delightful music throughout the evening.

The bride wore a beautiful gown of white messaline silk on train, made with a lace yoke, smocking and shirred folds and carried a shower bouquet of bride roses and lilies of the valley. The bridal veil was also knotted with lilies of the valley.

The maid of honor was gowned in white net over yellow.

Mrs. Mary Timberlake, mother of the bride, wore a costume of black grenadine and Mrs. Field, mother of the groom black silk.

The bride's traveling costume was of blue broadcloth trimmed with blue panne velvet and velvet buttons.

The decorations were most beautiful. The doors from the hall being arched with laurel portieres; the balustrade was also twined with the laurel with clusters of hydrangeas. The bay window in the parlor where the bridal party stood was literally banked with the laurel, studded with carnation pinks. The decoration in the dining room consisted of the hydrangeas.

Misses Alice Tuttle and Lillian Forsaith acted as ushers.

The groom's gift to the bride was an elegant brooch of pearls. The best man, maid of honor and ushers were also remembered with appropriate gifts.

The array of wedding presents was very beautiful and costly.

Forty-five guests were present and a most social and enjoyable evening was passed. After hearty congratulations an elaborate lunch was served by a Boston caterer. Punch was also served in the back parlor.

At 10.30 when Mr. and Mrs. Field were ready to take their departure, they found that their friends had kindly chained the doors so they were obliged to remain patiently and be showered with confetti and rice, which was freely used by the friends in waiting.

Mr. and Mrs. Field took a short trip to New York and up the Hudson, arriving in Phillips last Sunday evening. They were met in Lewiston by Mr. E. S. Bubier with their automobile.

Mr. Field purchased Mr. C. F. Chandler's house on Pleasant street several months ago and is making very extensive repairs on the same and when completed will be one of the finest residences in town. They expect it to be ready in three or four weeks. In the meantime they are boaring with Mrs. Ida Butterfield.

Mr. Field is one of Phillips' leading business men. He is cashier of the Phillips National bank, owner of the Rangeley Lakes Steamboat line and has other business interests.

The bride has been in the employ of the D. C. Heath Publishing Co. of Boston as stenographer for the past four years. She is an accomplished and charming young woman. Although comparatively a stranger to Phillips people she will be welcomed by them. We extend hearty congratulations with many others.

Perfect Womanhood

The greatest menace to woman's permanent happiness in life is the suffering that comes from some derangement of the feminine organs.

Many thousands of women have realized this too late to save their health, barely in time to save their lives.

To be a successful wife, to retain the love and admiration of her husband, should be a woman's constant study.

If a woman finds that her energies are flagging, that she gets easily tired, dark shadows appear under her eyes, she has backache, headache, bearing-down sensations, nervousness, irregularities or the "blues," she should start at once to build up her system by a tonic with specific powers, such as

Lydia E. Pinkham's Vegetable Compound

the great woman's remedy for woman's ills, made only of roots and herbs.

It cures Female Complaints, such as Dragging Sensations, Weak Back, Falling and Displacements, Inflammation and Ulceration, and all Organic Diseases, and is invaluable in the Change of Life. It dissolves and Expels Tumors at an early stage. Subdues Faintness, Nervous Prostration, Exhaustion, and strengthens and tones the Stomach. Cures Headache, General Debility, Indigestion, and invigorates the whole female system. It is an excellent remedy for derangements of the Kidneys in either sex.

AMONG THE CHURCHES.

Rev. G. H. Woodward spoke at the Union church and in the morning used for his text passages from Psa. xxxix, 4, "Make me to know my end;" and from Psa. xc, 12, "So teach us to number our days that we may get us an heart of wisdom."

Of the problems that clamor for answer as we try to solve the questions of life such as these are among the chief: What is the chief end of life? For what purpose should I live? Toward what end should I direct my efforts? What should be the aim of my existence? These questions come to the young who are just beginning active work in the world; they come to those of more mature years, who have felt the stress and burden of life's responsibilities; they come to the aged who see very near to them the close of the struggle.

Amidst pain and sorrow the deepest longings to know these things, the most urgent appeals for an answer to these questionings are brought forth and from deep experiences comes this noble utterance, so teach us to number our days that we may get us an heart of wisdom.

In the life of created beings we may see many different aims existing. There are different orders of life, and each order lives with a different purpose from that of the others, something to be accomplished by its living.

Take the lowest orders, such things as worms and clams. Here the chief purpose and aim seems to be digestion, only that. There is no mental activity. The only thing done by these lowest orders of creatures seems to be to receive and digest food. Digestion is the aim of their life. It is a long way from these low forms of life to man, the highest product of creative power. Yet some men seem to live with about the same aim. They give much time and thought to procuring food and drink to their liking, they continually seek intoxicating drinks, and live as though life held no higher possibilities than to satisfy the cravings of one's animal natures. They are quite like those creatures living only for digestion.

As we ascend the scale of creation we find this aim displaced by the aim to secure muscular power. We see this in fish, in the pickerel with its rapid movements and its power to propel itself through the water with ease and swiftness. See the tiger crouched for a spring, its lithe body ready to flash through space, its muscles answering to its will. A wild cat can overpower an unarmed man

though the man be many pounds heavier.

Perhaps in the cat family is seen the highest exhibition of muscular power. Their life looks to its development. It is their aim. And man sometimes makes this his aim, and would make all things subserve the getting of muscular power. When prize fights are given there is scarcely a paper which does not tell of it with conspicuous headlines and columns of space. But the world is outgrowing the age of Homer, whose heroes were muscular heroes knowing no higher honor than that won by strength of arm.

Intellect, self preservation through intelligence, seems a higher thing than mere brute force. We find in certain geological strata remains of animals existing ages ago, animals of mammoth proportions, animals stronger than those by which they were succeeded. We ask what accomplished their destruction, and how did it come about that they were replaced by animals of inferior size and strength. And we find that the larger were overpowered by those of greater intelligence. Intelligence gains the mastery over strength.

The human mind admires intelligence. A certain quality of shrewdness, of mental activity in men like Rogers, Rockefeller and Ryan, compels admiration even when that shrewdness and intelligence is used in a selfish way and without due regard for the rights of others, for this power when used selfishly and unscrupulously may become a curse.

There are those in the world who make pleasure their chief aim as a people. The French have devoted themselves more than any other nation to the pursuit of pleasure. Following the opposite extreme were the Puritans. Of all creatures, man alone, he who is capable of the highest type of living, ever devotes himself entirely to seeking amusement for himself. Of course the young of different animals frolic and sport, but men sometimes give all their energies to seeking something that shall simply amuse. Pleasure is right. It ought to find a place in life. It is like oxygen which is necessary to life, but which if breathed unmixed with other gases would soon burn out life. Pleasure may be likened to strychnia with which the wise physician will sometimes stimulate the failing action of the heart, but which must be administered with great care lest it be fatal in its effects. As leisure comes to a people or to individuals there is temptation to follow after pleasure. But when that comes to pass the higher civilization soon burns itself out.

There is something higher than physical gratification or development of strength, higher than intellectual acumen, or success in finding pleasure. What is the supreme end of life? God has shown us in the gospel of love as lived by Jesus Christ, taught it in the law of self sacrifice. Thou shalt love God above all else and thy neighbors as thyself. What shall it profit a man to speed over the land in a \$25,000 automobile or sail the seas in a million dollar yacht, if in his life there be no attempt to help his brother man, no deed that will uplift humanity? Unless one is doing something for the good of others his life is a failure. To excel in bridge whist is not a high aim in life, but to love one's neighbor, to keep the new commandment is worth while.

Did you ever note the face of a woman, a face that was hard and sordid and unsympathetic and see the change

when that woman became a mother? I have seen the change come to such a face, seen it softened, beautified, almost glorified by the hallowed influences of self sacrifice and of love. As parents are ennobled through their love and work for the child, so are all uplifted who through love work for the helping of humanity.

God's ideal for Judah was not that she should shine with temporal power among the nations, though she long clung to that hope, but it was that she should bring to all nations that which should bless and gladden them. His ideal for us, individually, is that we should be helpful, fulfilling his law of love. Theoretically we all believe this, but do we strive for it? Many a man is so intent upon his own business interests that he has no time to do good to his neighbor. Many a woman gives so much time to social pleasures that she has none for the Sunday school class, or for other church work.

Seek first the kingdom of God and other needful things shall be added. Try to do something toward the uplifting of the race. Live to love and to serve. There is a form of religion which expresses itself in emotion, not in conduct. But it is not the form that God teaches us. Let our religion be shown in mutual love and service. Let us strive to realize God's ideals for us, let our chief aim be to attain to his ideal of love, of service, of sacrifice.

Four Years Ahead of the Pure Drug Law!

There is *one* line of medicines in which *no change in formulas is necessary* in order to conform with Uncle Sam's new Pure Food and Drug Law.

Rexall Remedies were made to conform with this law in every particular *four years ago*—long before this law was thought of!

At that time one thousand leading druggists of the country, owing to the unsatisfactory way in which they had to sell patent medicines, decided to form a co-operative company and manufacture a line of remedies for which they could stand *absolutely responsible* from their knowledge and control of ingredients in these cures.

The plan of Rexall Remedies was the result.

Could these thousand druggists then have foreseen the new Pure Food Law, and known every clause of it, they could not have made the Rexall plan conform to it more closely.

There is nothing secret about Rexall Remedies, and there *never was*!

For years Rexall ads have told the public that each Rexall druggist had the formula of every Rexall Remedy on file, and would willingly give *any* formula to whoever asked for it.

Moreover, Rexall Remedies protect you *more* than the Pure Food Law does. You now only know the dangerous drugs in patent medicines—we know and have always known *everything* in Rexall Remedies—and have always been glad to show you the printed *complete formulas*.

No Rexall Remedy is a "cure-all." Each of the 300 remedies has a formula which years of experience have shown to be the most reliable *cure* for a certain human ill.

The proof of our confidence in Rexall Remedies is the Rexall *guarantee*. Every Rexall sale we make is with the understanding that if the purchaser is dissatisfied he or she can get back the money paid, by simply returning the empty package or bottle. For four years the sincerity of this offer has never been challenged!

W. A. D. CRAGIN, Druggist,
The REXALL Store

A few of the 300 famous REXALL Remedies, one for each human ill, are:

FOR CATARRH—MUCU-TONE

The chief ingredients of Mucu-Tone are Gentian, Cubebs, Cascara, Sagrada, Glycine and Sarsaparilla.

Gentian is recognized in medicine as one of the greatest tonics ever discovered. It combines the tonic powers of all known "bitters," with none of the disadvantages applying to any.

Cubebs have long been recognized as a specific in the treatment of all catarrhal conditions. Its action is prompt and its benefit almost invariable.

Cascara Sagrada is especially introduced for its unapproachable laxative properties. The combination of these with Glycine and Sarsaparilla makes Mucu-Tone a remedy that attacks catarrh from every point and gradually restores the diseased tissues. Bottle, 50c.

FOR NERVES—AMERICANITIS ELIXIR

The Rexall Americanitis Elixir is a tonic nerve food composed chiefly of free Phosphorus, Glycophosphates, Iron Pyrophosphate and Calaba.

The wonderful results of this remedy are due to the fact that it supplies Phosphorus to the nerve cells in a condition in which it can be immediately and easily taken up by them.

The Glycophosphates, actual nerve-tissue builders, are one of the most recent and valuable additions to this branch of medicine and unquestionably a more efficient remedy than the well-known Hypophosphites.

The Iron Pyrophosphates are the most easily assimilated form of iron which give tone and color, and the combined alkaloids of Calaba Bark have a tonic effect on almost all the functions of the body. 75c. and \$1.50 a bottle.

REXALL "93" HAIR TONIC

The famous Rexall "93" Hair Tonic is composed in chief of Resorcin, Beta Naphthol and Pilocarpin.

Resorcin is one of the latest and most effective germ-killers discovered by science, and in connection with Beta Naphthol, which is both germ-killing and antiseptic, a combination is formed which not only destroys the germs which rob the hair of its nutriment, but creates a clean and healthy condition of the scalp which prevents the development of new germs.

Pilocarpin is a well-known agent for restoring the hair to its natural color, where the loss of color has been due to a disease of the scalp. It is not a coloring matter or dye.

This combination of curatives mixed with alcohol as a stimulant, perfects the most effective remedy for hair and scalp troubles known today. Per bottle, 50c.

"REXALL" ORSBERIES

The New Laxative

If you suffer from constipation or a sluggish liver, we want you to try this latest member of the Rexall family. It has never failed.

"Rexall" Orsberies have all the virtues and none of the defects of those laxatives and cathartics already known. They are harmless, pleasant, and of such effect that they cause no disturbance of Nature's functions—no cramping, no nausea, no purging.

Pleasant to the taste—they give immediate relief.

A trial will prove to you that they are the best laxative and cathartic ever prescribed.

His Dear Old Mother.

"My dear old mother, who is now eighty years old, thrives on Electric Bitters," writes W. B. Brunson, of Dublin, Ga. "She has taken them for about two years and enjoys an excellent appetite, feels strong and sleeps well." That's the way Electric Bitters affect the aged; the same happy results follow in all cases of female weakness and general debility. Weak, puny children, too, are greatly strengthened by them. Guaranteed also for stomach, liver and kidney troubles, by W. A. D. Cragin, Phillips; L. L. Mitchell of Kingfield; Chas. E. Dyer of Strong; E. H. Whitney of Rangeley.

What Do They Cure?

The above question is often asked concerning Dr. Pierce's two leading medicines, "Golden Medical Discovery" and "Favorite Prescription."

The answer is that "Golden Medical Discovery" is a most potent alterative or blood-purifier, and tonic or invigorator and acts especially favorably in a curative way upon all the mucous lining surfaces, as of the nasal passages, throat, bronchial tubes, stomach, bowels and bladder, curing a large per cent. of catarrhal cases whether the disease affects the nasal passages, the throat, larynx, bronchia, stomach (as catarrhal dyspepsia), bowels (as mucous colitis), bladder, uterus or other pelvic organs. Even in the chronic or moderate stages of these affections, it is often successful in affecting cures.

"The Favorite Prescription" is advised for the cure of the class of diseases—those peculiar weaknesses, derangements and irregularities incident to women only. It is a powerful yet gently acting invigorating tonic and nerve. For weak worn-out, over-worked women—no matter what has caused the break-down, "Favorite Prescription" will be found most effective in building up the strength, regulating the womanly functions, subduing pain and bringing about a healthy, vigorous condition of the whole system.

A book of particulars wraps each bottle giving the formulae of both medicines and quoting what scores of eminent medical authors, whose works are consulted by physicians of all the schools of practice as guides in prescribing, say of each ingredient entering into these medicines.

The words of praise bestowed on the several ingredients entering into Doctor Pierce's medicines by such writers should have more weight than any amount of non-professional testimonials, because such men are writing for the guidance of their medical brethren and know whereof they speak.

Both medicines are non-alcoholic, non-secret, and contain no harmful habit-forming drugs, being composed of glyceric extracts of the roots of native, American medicinal forest plants. They are both sold by dealers in medicine. You can't afford to accept as a substitute for one of these medicines of known composition, any secret nostrum.

Dr. Pierce's Pellets, small, sugar-coated, easy to take as candy, regulate and invigorate stomach, liver and bowels.

The New Portland free cattle show and fair will be held at East New Portland, Saturday, Oct. 12. If rainy first fair week day. Kingfield plans to be well represented at this annual world's fair.

Some Musical Instruments.

PHILLIPS, Oct. 5, 1907.

To the Editor of MAINE WOODSMAN:

In your report of the recent North Franklin fair (if my memory is not at fault) no mention was made of two interesting exhibitions:—First, there was the Regent-Blasius piano. I never was a piano player yet do know a little about the quality of tone when I hear it. This instrument in the singing characteristic of tone to which one may add purity, make it a most excellent instrument for the price asked.

Then there was the Victor machine and its record catalogue.

In these days of machine made music this splendid triumph of art deserves especial mention. First, because its records give us not only the largest list but also the very best of the world's music of the present day. Nor is this all; for unless this device was possessed of peculiar superiority such artists as Caruso, Emma Eames, Patti and Scotti would never have permitted their voices to have gone upon its records! Joined to all these are many of the old favorites and many instrumental solos but it makes a world wide-difference whether "Old Folks at Home" is sung by Corinne Morgan or some one else.

There are simply my opinions given of my own free will and accord.

Please reader examine the catalogue and see if you do not find proof of all and much more than I have said here.

These instruments were shown by Messrs. Cressey & Allen of Portland.

My Hair Ran Away

Don't have a falling out with your hair. It might leave you! Then what? That would mean thin, scraggly, uneven, rough hair. Keep your hair at home! Fasten it tightly to your scalp! You can easily do it with Ayer's Hair Vigor. It is something more than a simple hair dressing. It is a hair medicine, a hair tonic, a hair food.

Potatoes are rotting badly, as far as the present writer's information goes; only two farmers in the west part of the town—C. E. Dill and J. R. Doyen—have used Bordeaux mixture. This has been done with paying results. Some who allowed a few scabby potatoes to be planted will not do it again. Two ounces of corrosive sublimate properly used will exterminate scab from lots of seed potatoes. Presuming that most farmers know the formulas for both these preparations they are not repeated here.

Many stocks of corn and of beans have been standing out since Sept. 20, waiting for dry weather so as to go into the barns. We had only 14 days of either overcast or rainy weather during September.

C. B. Caiden has finished his season with F. C. Barker at The Birches.

Miss Lucile French's piano playing at our recent fair was a very pleasant feature there, indeed it was a revelation to some who had never heard her play.

Arthur E. Kempton has given up driving the cream route and Walter Perry has taken his place.

Mr. Littlefield, who came from Aroos took and bought Geo. Chick's farm at Madrid, has been digging some fields of potatoes with his two-horse digger in West Phillips. On clean crops this machine does good work, but where witch grass is plenty mortal power is better than horse power. Mr. Littlefield has seven acres of potatoes this season, besides oats and other crops.

B. F. Beal of Phillips has a matched pair of black geldings that are four and five years old. They are full brothers. They were sired by Van Helmont, 2.19. The sire of their dam was Alclayone, 2.20 1-4. The horses weigh in the same notch, about 1000. They are good steppers and took the second premium at the Farmington fair as gentlemen's drivers.

The Phillips Lumber & Electric Co. is likely to start a day service before long. They only need a few customers to take power during the day to make it possible.

Mrs. C. E. Gould and her two boys return this week from a visit to Mrs. Gould's parents at Gaulloch, Nova Scotia.

At the close of his sermon last Sunday, Mr. Woodward addressed his congregation, saying that among the most sacred memories in life were those which cluster around our friendships; among the saddest necessities, that of parting from friends. His stay in Phillips had been especially rich in manifestations of friendship and sympathy, but for the last two months he has been vainly trying to gather up the threads of his life and work. He therefore tendered to the church his resignation to take effect some time during the present month.

trouble of eight or ten years' standing. I suffered the most severe backache and other pains in the region of the kidneys. These were especially severe when stooping to lift anything, and often I could hardly straighten my back. The aching was bad in the daytime, but just as bad at night, and I was always lame in the morning. I was bothered with rheumatic pains and dropsical swelling of the feet. The urinary passages were painful, and the secretions were discolored and so free that often I had to rise at night. I felt tired all day. Half a box served to relieve me, and three boxes effected a permanent cure."

A FREE TRIAL of this great kidney medicine which cured Mr. Justus will be mailed on application to any part of the United States. Address Foster-Milburn Co., Buffalo, N. Y. Sold by all dealers; price, fifty cents per box.

Selectman Chas. F. Chandler went to Augusta last Monday to return with the remains of Mrs. John Welts, who has been an inmate of the Insane asylum for several years.

Ernest Hardy of Weld spent last Sunday with his brother, Willis Hardy, of Phillips.

John Stewart, Jr., and wife have returned from Coplin and will reside in Phillips this winter.

The annual report of the Pinkerton National Detective agency for 1907 recalls a Maine bank robbery: On Oct. 11, 1907, four burglars attacked the People's bank at Mount Jackson, Va., but abandoned the work before obtaining the money. The Pinkertons determined that the job was done by James H. Mallon, alias "Cal Shorty," "Tommy" Baker, Harvey A. Miller and William Bolton, all "Yegg" burglars who on Jan. 21, 1907, were arrested at Greene Cove Springs, Fla., for dynamiting the bank of Greene Cove Springs and stealing \$1,500. All except Bolton were sentenced to 15 years in the Florida state prison. Bolton, who was badly wounded in trying to escape, was given one year. "Tommy" Baker, one of the quartet now in the Florida state prison, was concerned in the burglary of the Phillips, (Me.) National bank, Oct. 21, 1905. Evidence justifying his trial for this burglary was not obtainable at that time. Baker will be detained at the close of his term in Florida—if he is alive at the expiration of his sentence—and thus the punishment for the Phillips bank robbery will be further meted out.—Lewiston Journal.

The Ladies' Social union will meet with Mrs. Addie Parker next Tuesday at 2.30 p. m.

Mr. and Mrs. H. E. Harnden and George W. Grover of Phillips and Mrs. Emma Haines of Kingfield were in East Sullivan last week attending the State council of the Daughters of Liberty.

The 27th Annual convention of the Maine Women's Suffrage association will be held in Farmington, Oct. 21 to 23. On Monday evening, the 21st, the public will enjoy a rare pleasure in listening to an address by the Rev. Anna Howard Shaw, who is of world-wide fame, drawing immense audiences in other countries as well as her own, is said to be the ablest woman speaker in the country and quite the equal of Mary Livermore. All are cordially invited to attend all meetings of the convention.

E. H. Shepard has sold his mare, Bess, to Dr. W. Fred Magoon for a driver.

It looks as though we would have to go light on potatoes this year. Field after field of potatoes have been left because the rot in them was so bad. J. F. Hough, who had a promising field of potatoes, has sold the whole business for \$3 to Fred Ross to feed to his stock.

Mrs. Hannah Mosher went to Lowell Monday where she will spend the winter with her brother, Paris K. Taylor, who is in very poor health.

Clarence E. Caiden of the Journal office, Millinocket, was in town over Sunday.

LETTER TO CHAS. O. DILL, Phillips, Maine.

Dear Sir: You've got 200 cows; how much will you take for calves and milk of 100 of 'em next year—you pick out the 100?

How much for the other 100?

The point is: cows are not all alike, and you know which is which.

It is so with paint. You've got one best cow in that herd. There are 200 different paints in the United States; and one best. You know your best cow; you know the best paint.

The best cow is the one that gives the best calves and milk. The best paint is the one that covers most surface and stays there longest—neither paint nor cow goes by color—nobody asks whether Holstein or Jersey is better to look at.

10 gallons Devoe will cover your barn and wear 10 years; it'll take 15 of another paint, and that paint'll wear 5 years.

Reckon costs. Devoe: 10 gallons \$1.75, \$17.50, about 10 days' work \$3, \$30; the job, \$47.50 for ten years; \$4.75 a year. The other: 15 gallons \$1.60, \$24; about 15 days' work \$3, \$45; the job \$69 for five years; \$13.80 a year. Devoe \$4.75 a year; the other \$13.80 a year. Difference \$9 a year.

That's how to reckon cows and paint.

Yours truly
F. W. DEVOE & CO.

PAIN

Pain in the head—pain anywhere, has its cause. Pain is congestion, pain is blood pressure—nothing else usually. At least, so says Dr. Shoop, and to prove it he has created a little pink tablet. That tablet—called Dr. Shoop's Headache Tablet—coaxes blood pressure away from pain centers. Its effect is charming, pleasantly delightful. Gently though safely, it surely equalizes the blood circulation.

If you have a headache, it's blood pressure. If it's painful periods with women, same cause. If you are sleepless, restless, nervous, it's blood congestion—blood pressure. That surely is a certainty, for Dr. Shoop's Headache Tablets stop it in 20 minutes, and the tablets simply distribute the unnatural blood pressure.

Brush your finger, and doesn't it get red, and swell, and pain you? Of course it does. It's congestion, blood pressure. You'll find it where pain is—always. It's simply Common Sense.

We sell at 25 cents, and cheerfully recommend

Relief in Thirty Minutes by Using Neuralgic Anodyne.

From the throbbing, nervous headache that may wear you and itself out in a day or two, to the grip of rheumatism which seems never ending, Neuralgic Anodyne is guaranteed to give relief in thirty minutes by the clock.

This valuable remedy is entirely different from anything else, as it is taken internally, reaching the nerve centres and strengthening the whole nervous system, and is at the same time rubbed onto the affected parts, thus finding its way through the pores of the skin to the aching tissues and throbbing nerves.

Neuralgic Anodyne is a family remedy that is invariably successful in curing neuralgia, rheumatism, headaches, bruises, sprains, toothache, colds, croup, sore throat, etc. A large-sized bottle costs but 25 cts., with a guarantee to refund the money if not satisfactory. Made by The Twitwell-Champlin Co., Portland, Me.

Is This You?

Struggling in the grip of rheumatism. Do you feel as if some giant serpent was wound all around your body and limbs, knotting them up and causing intense suffering? We have a cure that we know is genuine. If it does not give you satisfaction in every way bring us back the empty bottle and we'll give you back the money. That's the confidence we have in

Rexall

RHEUMATIC CURE

Nothing ever discovered has proved so successful and effective in curing and preventing rheumatism. It cures by dissolving all mineral irritants, neutralizing uric acid and promoting the excretion of these and other impurities from the blood which cause rheumatic affections.

Miss Mabel Hunter, who is working with Miss Annie Turner, the milliner, at Farmington, spent Sunday at her home in Phillips.

Speaking of April fool jokes, a Phillips man who formerly lived in Boston, tells of an experience he had one bright morning on April 1. He saw a pocket-book on the sidewalk and stooped to pick it up. Before he got his hand on it he came to himself and decided he wouldn't be fooled in that way so he simply stood up on a bridge near by and watched results. Pretty soon another man saw it, but thought better of it before he got his hands on it, and he stood up to watch the next man. In a half an hour there were six men lined up on the end of that bridge watching. Finally an old Italian woman came along carrying a heavy bundle. She saw the wallet and picked it up. It had eighteen dollars in it.

Charles L. Harnden of Rangeley, district deputy of the K. of P., was in Phillips and Kingfield for the purpose of installing new officers in the local lodges.
