REPORT OF THE SCARBOROUGH FIRE DEPARTMENT

To the Selectmen and Citizens
of the Town of Scarborough:

The Scarborough Fire Department is a volunteer unit, consisting of a chief, assistant chief, a board of eight commissioners, eight companies with 160 active members, and eleven pieces of apparatus.

Any fire department cannot stand still. It either advances or declines in efficiency. Our department is nearing the stage when replacement of some apparatus and other improvements should be given consideration if we are to render proper protection to life and property in the town.

The ladder truck purchased from South Portland gives us much needed ladders and will serve in a temporary capacity.

Calls answered by the department numbered 167 including one general alarm and one two-alarm fire, plus extra work during fire prevention week, also parades etc. at The Maine Event.

Three drills with engine and ladder evolutions were held in the spring using Scarborough Downs as a drill area. In the fall three drills were held in ladder evolutions with the ladder truck. This work proved valuable at both multiple alarm fires when ladders were used extensively.

Participation with South Portland Fire Department at schools of instruction and actual work in rescue, oil fires, etc., have been most beneficial.

Neighboring towns and cities under our mutual aid program are very cooperative.

Engine 5 at North Scarborough is being installed with

the most modern radio alarm system which will then unite all companies into one department.

Cooperation of the companies has been all that could be desired. I wish to take this opportunity to thank the assistant chief Eldred Harmon, the commissioners, captains, other company officers and men for their help in the operation of the department during 1952.

Respectfully submitted,

HENRY D. GOOLD,

Chief of Fire Department

Town Clerk's Report

I hereby submit to you a report of the Town Clerk's Office for the past year for your approval.

The Annual Town Meeting was held March 3, 1952.

One Special Town Meeting was held Sept. 15, 1952.

State Primary Election was held June 16, 1952.

State Elections was held September 8, 1952.

Presidential Election was held November 4, 1952.

There were 88 Births, 54 Marriages and 66 Deaths recorded for the year.

Respectfully submitted,

NORMAN E. MORSE,

Town Clerk

Report of the Superintendent of Schools

To the SUPERINTENDING SCHOOL COMMITTEE
of the Town of Scarborough:

This is the fifth annual report of your present Superintendent of Schools, submitted at the end of the fiscal year ending January 31, 1953.

With the consideration that any report of this sort is greatly confined by the physical limits of an annual Town Report, your school department will be glad to discuss matters not touched upon in this statement, or to more fully discuss matters which are touched upon, with you at any time.

Academic Progress

The academic progress of the schools, all things considered, continues to be acceptable. Anyone who has observed the process closely cannot help but feel great admiration for the skill and tenacity of Scarborough Teachers in carrying out the job that is set for them.

As has been stated many times orally and also in previous reports, the greatest single factor making good teaching difficult in our situation is overcrowding. The addition of one or two elementary classrooms each year has ameliorated this condition somewhat, but more radical means of adjustment are needed before a situation approaching the ideal will be had. As is probably known by all, this more radical adjustment is in process of being made, with the planning of the new Scarborough High School, construction of which is expected to start in April, 1953. When this building is completed, the upper elementary grades will be able to take over the present high school, producing a situation

in which all of the elementary classrooms will be standard, so far as the health and safety of pupils is concerned, and in which no classroom will have fewer than 25 nor more than 35 pupils. It is believed that that will be the most positive step forward Scarborough education has taken in many years.

Enrollments

Since enrollments are an important factor in the consideration of academic progress, discussed in the preceding section, and also in the discussion of plant which follows, the following tables are presented. The first shows the enrollment in all grades and in all schools on January 1, 1953, while the second shows summaries of enrollments on this same date, from January 1, 1947 through January 1, 1953.

January 1, 1953

School Plant

Scarborough school buildings have been maintained in a good state of repair, and are believed to be kept in generally good condition so far as the protection of health is concerned. For several years past, the Town has supported a good maintenance program, which is preserving the existing buildings without any very appreciable deterioration.

In view of the fact that a project is well under way which will add to the number of buildings and remedy the effects of over-crowding, the State has continued its approval of the five illegal classrooms we were using last year, and has extended this approval to other non-standard situations which are relieving over-crowding in the primary grades. These are the junior primary rooms in the Knights of Pythias Hall, Oak Hill, and in the Parish House of the West Scarborough Methodist Church. The school department is very fortunate in having been able to secure such safe and comfortable temporary quarters for the pupils.

Of interest to all the citizens is the new Scarborough High School, construction of which is expected to begin during April, 1953. This building is planned to house 350 pupils, but it probably could be crowded to the extent of 400 pupils before the overload becomes too objectionable. Definite provisions are made in the plans for the extension of this building when and if necessary, so that its ultimate capacity could be double or triple that for which it is now planned. In addition to the classrooms, shop and laboratories, a large gymnasium

is also planned. This is expected to seat 800 at a basketball game, or about a 1,000 to 1,200 at an event in which the stage will be used. Suitable locker rooms and showers are provided for physical education classes, basketball teams, and also the athletic teams which will use the outdoor field to be developed near the building. The cafeteria, which may be used for many community purposes, is also a part of the new structure.

With construction expected to begin in April, it is possible that the school department may occupy the building in early 1954. It may be more conservative to believe that the building will be put into use in the fall of that year.

Personnel

During the year past, six teachers, for one reason or another, left our employ. These were Robert Watson, High School Mathematics; Jean Brown, High School Physical Education and Social Studies; Richard Kilory, High School Physical Education and Coach; Noreen Libby, Oak Hill Grade 4; Phyllis Hamlin, Dunstan Jr. Primary; and Nathalie Robichaud, Pine Point. These positions were filled by the election of those teachers in the following list whose names are asterisked. One teacher was added last September, Mrs. Irish, whose name is double asterisked in the list.

Finance

A complete summary of all school accounts will be found in another section of this annual report. Examination will reveal that the school department lived within its budget for the year, carrying forward a balance in the Maintenance Account of \$891.87, which, when considered as offset by overdrafts in the smaller accounts, would show as a net balance of \$797.47 in all accounts for the year.

A discussion of the specific accounts is included in the mimeographed budget message, which is distributed widely throughout the town. Any reader of this report who wishes one may obtain it at the office of the Selectmen, or at any of the school houses.

In conclusion, I wish to extend my heartiest thanks to the Selectmen, the School Committee, the teaching staff, and all parents and other residents of the town with whom I have had contact during the past year. It is only with their support that we can maintain a good school system and build a better one.

Respectfully submitted,

ROBERT B. LUNT

Superintendent of Schools

**REPORT OF THE PRINCIPAL OF
SCARBOROUGH HIGH SCHOOL**

February 9, 1953

To the School Committee and Superintendent of Schools
of Scarborough.

Gentlemen:

I herewith submit my fifth report as principal of
Scarborough High School.

The enrollment for the present school year is as follows:

	Boys	Girls	Total
Seniors	27	21	48
Juniors	20	21	41
Sophomores	29	38	67
Freshmen	36	26	62

The increasing number of students continues to over
tax our facilities especially in the vocational and special-
ized areas of shop, commercial and home economics.

With Selective Service calling most of our graduates
to military training soon after graduation we are en-
deavoring to give them training which will be parti-
cularly useful in the fields of science and mathematics.

We are pleased with the progress of our graduates in
the colleges they are attending. Several of them are
among the high ranking students in their classes. It
is also gratifying that several members of this year's
graduating class have already been assured scholar-
ships at leading colleges.

As in previous years the demand for qualified gradu-
ates of our Commercial department exceeds the supply.
Good office positions await those who have shown pro-
ficiency and have made good records.

Three new members of the faculty have continued the good work of their predecessors. We have been pleased with the work of Miss Doris Adams in girls physical education and social studies, Mr. Robert Southworth in mathematics and science and Mr. Shaare in boys physical education.

To assist our students in selecting the vocation most suited to their interests and abilities members of the senior class will take part in a Career Conference to be held in March. At the conference they will hear leaders in many occupations present their views.

Our teachers this year are again working in projects beyond their regular duties. Academic and in service work are intended to help them in their everyday class work.

In closing may I express my appreciation to the teachers, pupils and parents who have cooperated with the school during the past year. May I also say that you, superintendent and members of the school board have my thanks for the help you have given me in making this another year of progress for Scarborough High School.

Respectfully submitted,

HORACE P. MAXCY,

Principal

SCHOOL PHYSICIAN

This year five hundred and seventy-five pupils in the Scarboro School System were given physical examinations. Vaccinations and Toxoid for Whooping Cough, Diphtheria and Tetanus were also given. Pre-school clinics were held monthly.

Great improvement has been noted in the dental hygiene of our pupils. Much credit is to be extended to our fine dental clinic in the schools, a project that is now showing dividends.

DR. P. J. HAIGIS,

School Physician

SCARBOROUGH COMMUNITY NURSING SERVICE

To the Board of the Scarborough Community Nursing Service and the Citizens of the Town of Scarborough.

As Public Health Nurse I hereby submit my annual report of the work done by the Scarborough Nursing Service.

This year, as in the past, the work has been carried on in much the same manner. 1,373 home visits were made with 992 of these being sick calls. The other calls included infant and pre-school health supervision, communicable disease control, and health education.

Child health conferences were held each month in the Nurse's office in the high school. A physician is in attendance and physical examinations and immunization for small pox, whooping cough, diphtheria, and tetanus are offered.

We are still making good use of the many clinics that

the hospitals in town have to offer. Many patients attend these regularly especially the crippled children's and cardiac clinics.

Chest x-rays were given to eighty-nine which included school personnel and any others needing this service.

Monthly meetings are held with the Nurse and the Board of Directors.

Schools

Two hundred and eighty five visits were made to the schools for the purpose of checking the children and for discussions with the teachers.

Physican examinations were given by Dr. Haigis to six hundred and sixty four pupils. Parents were notified of any defects.

Our most severe epidemic this year came in the spring when two hundred and twenty school children came down with the measles. There were many more cases reported among the infants and pre-schools. Ninety-four cases of chicken pox were also reported and a few cases of mumps and scarlet fever.

Tuberculosis tests were given to two hundred-two sub primary eighth grade and high school pupils. Positive reactors were x-rayed. Eighty-nine children were vaccinated for small pox.

All high school seniors were given the opportunity of a free chest x-ray before graduation. This service is to

be offered each year by the Cumberland County Tuberculosis Association.

May we again express our thanks to the Lions Club for their financial assistance in securing glasses, clothing and providing for tonsillectomys.

The dental clinic was held weekly from January through to the close of school in June, with Dr. Norman Blanchard, dentist, doing corrective work. The teeth of all children treated last spring were cleaned and sodium fluoride applied by assisting dental hygienist, Mrs. Doris Homer. The purpose of these treatments is to help reduce dental decay. There is great need for dental health education in Scarborough. Little do parents realize the many dental cares they could prevent in their children by more careful tooth brushing supervision and by limiting the spending money for sweet snacks. In November Dr. Blanchard resumed work in clinic assisted by Mrs. Jane Soderberg.

The Pythian Sisters and Knights of Pythias gave a sterilizer to the clinic this year. Their gift is most gratefully appreciated.

Again may I express my appreciation to all those with whom my work brings me in contact, for their friendliness and cooperation.

Respectfully submitted,

PHILOMENE JENSEN

REPORT OF HEALTH OFFICER

To the Citizens of Scarborough:

During the past year the Health Department has had a large variety of problems to deal with. The rapid expansion of new business, as well as the construction of many new residences, further complicates the problem of sewerage disposal which has been a source of much trouble for property owners for years; as well as heavy expenses for maintenance, which in many cases are not entirely satisfactory. There are several cases, mostly cabin sites and eating establishments for which the State Sanitary Engineers have laid out sanitary systems, but some of these places do not have room to install a system that will function properly during the busy season. There is no solution until there is a public sewerage system.

The large number of plumbing permits used during the year have included modern installations in houses that have been built for many years, many off the public water lines. This adds much to the health as well as comfort to all those living in these homes.

There have been the many usual complaints on the disposal of garbage, many places which it is almost impossible to trace the source. Keeping of farm animals and fertilizing farm lands caused many complaints which this department has no control. However, in many cases I have induced the owners to eliminate the trouble.

There has been the usual amount of minor diseases reported, with about eight cases of scarlet fever. These

diseases, in most cases, have been light owing to modern methods of treatment. Measures of prevention have no doubt kept the number of cases of all diseases at a low figure considering the increased population. Much of this is due to supervision in the schools by doctor and nurse, also careful observation of scholars by teachers.

During the polio epidemic the past year, the town had a few cases, most of which were severe. All cases were isolated in hospitals. In spite of recommended precautions there seems to be no effective control of the disease but it is hoped that drugs now being developed by science will aid both in prevention and treatment.

I have had many calls concerning the recent wave of livestock diseases, but wish to state that this is under the jurisdiction of the Federal and State Departments of Agriculture, except where human beings are concerned.

In closing I wish to thank the Town Officials and all others for their assistance during the year.

Respectfully submitted,

RALPH B. SARGENT,

Health Officer

ZONING ORDINANCE FOR TOWN OF SCARBOROUGH

Recommended by Planning Board of the
Town of Scarborough

Section I

Establishment of Zones

For the purpose of promoting the general welfare of the town, conserving the value of land and buildings, or regulating and re-districting the location of trades and industries, the location of buildings designed for specified purposes and for the encouragement of the most appropriate use for land throughout the Town, the Town of Scarborough is hereby divided into the following classes of zones, as shown on a map entitled "Zoning Map for Town of Scarborough, Maine," dated August 30, 1949 and filed in the office of the Town Clerk, which map is hereby made a part of this ordinance

List of Zones Hereby Established

Marked on Plan

Unrestricted Zones

U

Residence A A Zones

A A

The boundaries of said zones are as shown on said map. Where the boundary lines apparently follow property lines, they shall

be so interpreted. Where a street or alley is indicated as a boundary, the line shall be the center of the street or alley. Where a boundary line divides a lot as it existed at the time this ordinance takes effect, and the major portion of the lot is in the less restricted zone, the regulations of that zone may extend to such portion of the lot as is not more than 30 feet within the more restricted zone.

Section II

Unrestricted Zones

1. Buildings may be erected, altered, or used for any lawful purpose and premises may be used for any lawful purpose except for a trade, industry, or use which unduly increases the danger from fire or explosion or is otherwise dangerous, offensive, or detrimental by reason of the emission of odor, fumes, dust, smoke, vibration, or noise.

2. Buildings may be erected, altered, or used and premises may be used for all uses customarily incident to a farm, including tilling of the soil, dairying, raising of farm animals and poultry.

Section III

Residence A A Zones

1. No building shall be erected or used, nor shall any premises be occupied or used, except for one or more of the following uses:

a. Dwelling house, except that on and after the enactment of this ordinance, no dwelling shall be placed, erected, or remodeled to accommodate more than one family. No permit, except for remodeling shall be issued for the placing or erecting of a dwelling, unless the cost of the structure exclusive of land is at least \$7,500.00. Also, no permit for a new dwelling shall be issued for more than one structure and private garage on any lot of land less than 5,000 square feet if such lot is recorded on any plan in the Cumberland County Registry of Deeds at the time of the enactment of this ordinance. Also, in the case of remodeling of an old structure or erection of a new structure, no building, dwelling or garage shall be placed or erected within 5 feet of any boundary line of the property.

b. Church or parish house.

c. Public School or Public Library.

- d. Telephone exchange building, used exclusively for telephone exchange purposes.
- e. Fire department building, or other Town building.
- f. Private wharves and landings.
- g. Accessory use customarily incident to any of the above uses.

Section IV

Non-conforming buildings and Uses

1. Any lawful building or use of a building or any part thereof, or lawful use of premises, existing at the time of adoption of this ordinance may be continued although such building or use does not conform to the foregoing provisions hereof. If such non-conforming use be abandoned for more than one year, any future use of said building shall be in conformity with the provisions of this ordinance.

2. The reconstruction or restoration of any non-conforming building which may hereafter be destroyed or damaged by fire or other accidental cause is permitted provided the extent of damage is less than 75 per cent of the assessed value of the building before the damage and provided that the reconstruction is carried out within one year from the damage.

Section V

Administration and Enforcement

1. This ordinance shall be enforced by the Building Inspector who shall sign and issue all permits, certificates and notices required by it. No permit shall be issued for the construction, alteration, or moving of any building, or part thereof, unless the plans and intended use indicate that the building is to conform in all respects to the provisions of this ordinance.

2. The Building Inspector shall be charged with the inspection of all buildings and structures hereafter erected and with the inspection of all alterations and repairs hereafter made in order to determine that the use to which such building or alteration is put or intended to be put shall conform to the uses permitted by this ordinance.

3. It shall be unlawful for any person or persons, firm, or corporation to construct, build, erect, or cause to be constructed, erected, or built, any building or structure or to make any addi-

tions thereto or alterations therein, the intended use of which does not conform to the uses permitted by this ordinance. It shall also be unlawful for any architect, engineer, contractor, builder, sub-contractor, foreman, mason, carpenter, electrician, employee, or other person to violate or assist in violating any of the provisions of this ordinance.

4. It shall be unlawful to use or permit the use of any building or structure or any part thereof hereafter erected, or altered wholly or partly in its use or structure until the Building Inspector shall have issued a certificate of occupancy specifying the use to which the building upon being sufficiently completed to comply with the provisions relating thereto, may be put.

5. Before the construction, alteration or moving of any building or structure or any part thereof shall be commenced, the owner, lessee, or the architect, contractor or builder employed by such owner or lessee in connection with such proposed construction, alteration, or moving shall obtain from the Building Inspector a building permit covering such proposed construction, alteration, or moving. Application for such building permit shall be made in writing to the Building Inspector and shall be in such forms as the Building Inspector shall provide. Such application shall be accompanied by a statement setting forth the intended use of the proposed new, altered, or moved building, which statement shall constitute an application for a certificate of occupancy. The Building Inspector, if he finds, after proper examination, that the completed structure or building will comply with the provisions of this ordinance, shall issue a certificate of occupancy coincidently with the building permit.

6. In the event any person desires hereafter to change the use but not the structure of any building or structure already erected, he shall apply in writing to the Building Inspector for a certificate of occupancy setting forth in such application the new use to which it is desired to put such building or structure. The Building Inspector, if he finds, after proper examination, that such new use complies with the provisions of this ordinance, shall issue a certificate of occupancy.

7. In the case of repairs or alterations to existing buildings, or structures, the present use of which buildings or structures is in conformity with the provisions of this ordinance, and where no change in such present use is intended, no building permit, except as provided by the Building Code, or certificate of occupancy shall be required.

Section VI

Board of Appeals

1. The Selectmen shall appoint a Board of Appeals consisting of seven residents of the Town, one from each of the seven fire districts of the Town, who shall hear and determine any question arising under the zoning ordinance. The Selectmen shall appoint the first board as follows: three members for a term of three years, three members for a term of two years, and one member for a term of one year. Thereafter as terms expire, the Selectmen shall make future appointments for a three-year period. If a vacancy should occur in the Board, the Selectmen shall make an appointment for the unexpired portion of the term.

2. The Board of Appeals, hereby created, shall have the power to promulgate rules and regulations governing procedure on appeals.

3. Any person or taxpayer who is aggrieved by any decision of the Building Inspector under the Zoning Ordinance of the Town shall have a right of appeal which shall be submitted to the Board of Appeals, hereby created, in writing within seven days after an adverse decision of the Building Inspector. Such appeals shall set forth a brief statement of the facts, the decision of the Building Inspector and the reasons for appeal.

4. The Board of Appeals shall forthwith set a time not in excess of ten days for a hearing on the appeal at which the person appealing and the Building Inspectors shall be heard. At such hearing, the person appealing and the Building Inspector may introduce any evidence pertinent to the issue.

5. The Board of Appeals, by vote of five of its members, after hearing as aforesaid, may reverse the decision of the Building Inspector, but in doing so, they shall be governed by the policies and provisions set forth in Section 88 of Chapter 80 of the Revised Statutes of Maine, 1944, as amended.

6. In case the Board of Appeals sustains the decision of the Building Inspector, the person or taxpayer aggrieved shall have the right of further appeal as provided in Section 88 of Chapter 80 of the Revised Statutes of Maine, 1944, as amended.

Section VII

Violations

1. When any person complains that a condition or thing exists which is in violation of this ordinance, it shall be the duty forthwith of the Building Inspector to examine the condition or thing or cause it to be examined. A proper record shall be kept of all such complaints, with the names of the persons making them.

2. When any violation of any provision of this ordinance shall be found to exist, whether said violation is discovered after complaint or by the Building Inspector, on his own initiative, the Building Inspectors shall forthwith give notice of such violation to the owner of the premises in which or on which such violation occurs and shall order in writing such change as he shall deem necessary to make the use of the premises in question conform to the provision of this ordinance. It shall be unlawful for any owner not to conform to such orders of the Building Inspector within the time set forth in such orders. Such notice may be served by causing a true copy thereof to be delivered by mail or handed to such owner or left at his place of residence or at his or its usual place of business in the Town of Scarborough, or, if the owner cannot be located by attaching the notice to the principal face of the building, the use of which is in violation of this ordinance.

If such owner does not conform to the orders of the Building Inspector within the time set forth in such notice, the Building Inspector shall inform the Selectmen of the Town, who shall take immediate steps to enforce the provisions of this ordinance by applying for an injunction to the proper Court or by any other appropriate legal action, which application for injunction or other legal action shall not constitute a bar to any other proceedings which may be authorized by this ordinance.

Section VIII

Penalties

1. Any person or persons, firm, or corporation being the owner or having control of any building or structure or part thereof, who violates any of the provisions of this ordinance or fails to obey any order of any officer charged with the enforcement of the provisions of this ordinance, in relation to the matters and things herein contained, or any architect, engineer, contractor, builder, sub-contractor, foreman, plumber, carpenter, electrician, employee, or other persons who shall assist in the violation of this

ordinance, or of any certificate, order, or permit issued thereunder, shall be guilty of a misdemeanor, and upon conviction thereof, shall be subject to a penalty or a fine of not less than \$5.00 nor more than \$50.00.

Each and every day on which the person or persons, firm, or corporation continues to violate the provisions of this ordinance, after having been notified of such violation, shall constitute a separate offense.

Section IX

Personal Non-Liability

1. Any officer charged with the enforcement of this ordinance acting for the Town of Scarborough in the discharge of his duties shall not render himself liable personally and he is hereby relieved from all personal liability for any damage which may accrue to persons or property as a result of any such act permitted in the discharge of his duties.

Section X

Application and Validity

1. This ordinance shall not interfere with, abrogate, annul or repeal any ordinance, rule, regulation or permit previously or hereafter enacted, adopted or issued, pursuant to law, relating to the location, construction, or use of buildings, provided, however, that unless specifically excepted, where this ordinance imposes greater restrictions, its provisions shall control.

2. The invalidity of any section or provision of this ordinance shall not invalidate any other section or provision hereof.

Section XI

When Effective

1. This ordinance shall take effect when legally adopted in accordance with the provisions of Section 84 of Chapter 80 of the Revised Statutes of Maine, 1944, as amended.

1953 ASSESSORS' NOTICE

In accordance with Chapter 81, Sec. 35, R. S. 1944, as amended, the Assessors of the Town of Scarborough hereby give notice to all persons liable to taxation in said town, that they will be in session at Selectmen's Office, Scarborough Town Hall in said town, on the 1st, 2nd, and 3rd of April, at 12 M. to 4 P. M. for the purpose of revising lists of the polls and estates taxable in said town.

RESIDENT OWNERS

All inhabitants of the Town of Scarborough, Maine, and all Administrators, Executors, Trustees, etc., of all estates taxable in said town of such persons are hereby notified to **MAKE AND BRING INTO THE ASSESSORS TRUE AND PERFECT LISTS OF THEIR POLLS AND ALL THEIR ESTATES, REAL AND PERSONAL**, not by law exempt from taxation, of which they were possessed on the first day of April, 1953, and be prepared to make oath to the truth of the same and to answer all proper inquiries in writing as to the nature, situation and value of their property liable to be taxed.

ESTATES DISTRIBUTED

And when estates of persons deceased have been distributed during the past year, or have changed hands from any cause, the Executor, Administrator, or other persons interested, are hereby warned to give notice of such change, and in default of such notice will be held under the law to pay the tax assessed although such estate has been wholly distributed and paid over.

PERSONS DOOMED

And any resident owner who neglects to comply with this notice is thereby barred of his right to make application to the ASSESSORS or the COUNTY COMMIS-

SIONERS, for any abatement of his taxes, unless he offers such list with his application and satisfies them that he was unable to offer it at the time appointed.

Blank schedules will be furnished at the Assessors' Office on application.

NOTICE

COLLECTION OF DOG TAXES

Chap. 343, Sec. 1, Public Laws of 1945.

The municipal officers of each city, town or plantation shall annually within 10 days from the 1st day of June issue a warrant, returnable on the 1st day of July following, to one or more police officers or constables, directing his or them to proceed forthwith to enter complaint and summons to court the owner or keeper of any unlicensed dog.

Provided however, that the said police officer of constable may, before entering such complaint and obtaining such summons, call on the owner and keeper of said dog and demand that he conform with the law and pay the license fees due, and if the owner pays such license fees, he shall pay in addition thereto, the officers fee of 85c, which the officer shall retain and make return and pay over to the city or town clerk, the license fees received by him.
