Beginning next Saturday evening there will be dances at the Farmer's Club hall, Town House, Kennebunkport. Late cars will be run to this village, West Kennebunk, Kennebunkport and Biddeford. Lavigne's orchestra will furnish music the name of which is enough to insure that it will be good. The admission for ladies 15 cents, gentlemen 25 cents. These dances we feel sure will fill a long felt want as there has been but little of this kind of amusement since the Cape Casino and Old Falls pavilion closed for the season. We predict a successful outcome for those having the affair in charge.

The funeral of Irvin H. Cousens was held last Thursday morning in the Methodist church, Rev. Fred C. Norcross officiating, and there was a large number there. The floral tributes were a beautiful set piece from the K. of P., who also sent a delegation to the church, a broken column of pinks and roses from W. D. Hay, Don Chamberlain and Mr. Dubois; pillow with words "Husband, Son," wife and parents; pillow of pinks and roses, inscribed "Brother" Mr. Stuart Cousens of Boston; chrysanthemums from J. O. Elwell and wife, also ENTERPRISE Press, and a sheaf of pinks from Mr. and Mrs. Berry.

Since last June Miss Clarke has been steadily at work on the reorganization of the library and during the past month has been doing a great deal of work outside of the regular hours with the intention of opening all departments of the library to the public. Miss Mildred Shepherd is now in charge and it is hoped that Miss Clarke will soon be able to resume her regular duties as she is improving under the treatment of Dr. Douglass.

Lawyers Asa A. Richardson and A. E. Haley attended the Probate court at Alfred Tuesday.

Mrs. F. C. Lord is in Boston for a few days, accompanied by Dr. Lord's mother of Portland.

Herbert Lunge and Geo. Richardson shot a deer last week near the residence of Daniel Dad on the Plains.

Thursday, Nov. 28th, is Thanksgiving Day instead of the 25th as a typographical error indicated in last week's issue.

George Fiske brought down a fine buck, weighing 281 pounds at Kennebunk Pond, Monday. The animal had a fine head with nine points.

Brayant Libby has moved into a part of the tenement on Main street, owned by Sidney Fuller, one-half of which is occupied by Mrs. Lillie Smart.

Progressing Finely

It is now expected that it will take about one month to finish the double tracking of the Boston and Maine Western division from West Biddeford to this village. One of the men in charge of the work thinks that the new line will be ready for use on the first of December.

Some of the track is already finished and the grading done so that it is in fine condition. The work of grading up the rest of the track is now in progress as the rails have already been put down all the way to this station.

In places the other track which has been in use ever since the railroad was built through here, is being raised up to be even with the new track. In some places it has been necessary to bring it up a foot or more and this is no small job.

A new steel bridge is to be built over the highway just the other side of the little station at West Biddeford. There is more to be done than anyone would suppose in the construction of some six or seven miles of new track.

Obituary

Harold S. Fairfield, the Sanford attorney, who passed away last Friday night, was the son of Mr. and Mrs. Joseph Fairfield of this village. He was born and educated in Biddeford. Early in his teens he graduated with honor from the Biddeford High school. Later he went to Shaw Business college in Portland of which he is also a graduate. He studied law with Cleaves, Waterhouse & Emery of Biddeford quite a little while. After he left school, nine years ago, he married Miss Etta Hill of Biddeford. He taught school in both Kennebunkport and York for some three years, at the same time studying law. About five years ago he was admitted to the York county bar at the January term in Saco, and opened a law office in Sanford where he has had a rapid increase of business until the time of his death. Last May he purchased a fine stand of buildings from W. J. Carpenter on Elm street, Sanford, and moved his family there from Kennebunkport. Mr. Fairfield was one of the leading lawyers of the town and will be missed from the large circle in which he was accustomed to move. He was a member of the Knights of Pythias. He is survived by a wife, his father, Joseph Fairfield of this village, one brother, Roscoe Fairfield of Biddeford, and four sisters. The funeral was held at the late residence on Elm street Sunday afternoon. The Knights of Pythias attended in a body and the remains were taken Monday to Hope cemetery, this town, for interment.

Moving Pictures

A stranger in town the other day said to one of our business men, "Are you aware that you have one of the best Continuous Picture shows in New England and I think I have seen the most of them in my stops over these states. It is a fact that I sat and witnessed three shows today the first time I ever did so." The show is continuing to draw large crowds nightly and it seems that the people of this town do appreciate a good thing when they have it. The Passion Play is the attraction for Wednesday and Thursday with matinee for the children. This is for the benefit of the Safeguard Hose Co., No. 2, to start a fund for new uniforms and should get crowded houses. Admission 25 cents, children 10 cents. The special matinees for the little ones Saturday will still continue, admission 5 cents. Dancing after show Saturday evening.

Trolley Notes

A siding is being put in at Haines' crossing by the A. S. L. railroad for the benefit of several lumbermen who wish to load their lumber.

The time table of the York Kennebunk branch has been changed in order to make better connections at Kennebunk with the Eastern Division.

About one hundred Italians who have been working on the Atlantic Shore Line railroad between York and Kennebunk, finished their duties here last week.

A fruit team collided with an Atlantic Shore Line car at Knight's Hill Thursday evening at about 6 o'clock, doing considerable damage to the team, and slightly damaging the car.

Patrons of the Kennebunkport branch of the Atlantic Shore Line railway were glad to welcome the popular conductor, Mr. John Hill, who returned to his old route last Friday, after substituting for Mr. Phillips on the York-Kennebunk branch for a few days.

The heaters on the Atlantic Shore Line railway cars are a welcome addition. The heaters, which were ordered several months ago by the company, were found on delivery to be too large for the cars, which occasioned considerable delay in equipping the cars for winter service.

We understand that in an interview Fred J. Allen of Sanford, attorney of the Atlantic Shore Line, expressed his opinion that the Berwick-South Berwick line would not be put through before 1909. It would be inadvisable to build, he said, in view of the present status of the money market.

Two employes of the Atlantic Shore Line railway spent the entire afternoon Friday painting two small telegraph poles on Main street. The general opinion is that they must have been working for the town.—Kennebunk Correspondent Biddeford Journal.

They may have been working for the A. S. L. R. R.

By a re-arrangement of the time table, which went into effect Monday, the Atlantic Shore Line Railway, company has done away with the tedious half-hour waits at the Town House. Car now leave Biddeford for the Town House on the even hour sharp, instead of five minutes after the hour as heretofore, and make close connection there for this village, and Portsmouth and all intermediate points, as well as to Kennebunkport and Cape Porpoise. Cars are now run through between the Town House and Portsmouth without any change or wait. This will accommodate the travel on the through line much better and will be much appreciated particularly by those having occasion to use the cars between Biddeford and this place.

Mrs. Partington.

"Mrs. Partington of Cobbs Corner" played at the opera house last Thursday evening to a good sized audience. Harry LaMarr, who took the part of Mrs. Partington, was especially good as was also Edwin Buckley, who took the part of the deacon. Mr. Buckley has a good deal of dramatic talent. The company carries some fine scenery which could not be used owing to the fact that the stage was too small. This took away much of the attractiveness to the first two scenes.

ALL OUT—Two blasts.

On the pole near the fire alarm box is a small box with a glass front, containing the key. To ring in an alarm, break the glass, open the fire alarm box, pull down the lever, and releasing it, let it fly back.

The alarm consists of four rounds of the box number.

School Signals.

Two blasts at 8 a. m. will mean no school in the lower grades—meaning the Intermediate and Primary Schools.

The same signal at 11 a. m. will mean either one session, or no school in the afternoon.

Three blasts at 8 a. m. will mean no school in all the schools—when sounded at 11 a. m. it will mean either one session in the schools—or no school in the afternoon.

One session will mean that school will keep until 1 o'clock—except in the primary grades and they left to the judgment of the teachers

TELEPHONE TALKS

Believing that exact knowledge promotes co-operation, the New England Telephone and Telegraph Company is publishing a series of brief expositions of some phases of telephony, for the benefit of itself, and, as it hopes, for the benefit of all telephone users.

"Central" and Her Work

The telephone company is engaged in what has become one of the most important of public services. Its purpose is to put people into communication with each other in the quickest way possible and to maintain communication without interruption. Above all, it endeavors to perform this function—always performed under exacting conditions and frequently in the face of considerable difficulties—with unflinching courtesy.

The New England company, having provided a most efficient plant for the needs of each individual community, trains its operators painstakingly before it allows them to handle the public's business, and supervises their work closely after they are assigned to the regular switchboards of its exchanges. Applicants for positions as operators must meet high personal standards before they are accepted even as students. The care with which the raw material so to speak, is selected appears in the fact that only 60 per cent. of the applicants who present themselves are finally employed. One of the advantages of the training system is that it enables a young woman who finds her ideas about the work to have been wrong to withdraw without waste of time or embarrassment, and allows the company to determine pretty definitely the ultimate fitness of the candidate before the interests of telephone users have been entrusted to her.

As students the operators are taught to do their work intelligently as well as with mechanical precision. They are given practice in the actual operation of the switchboard, special apparatus being provided for that purpose, and are educated to meet the almost inconceivably varied situations likely to arise when they become the com-

posite young person known as "Central." They learn not by rote alone, but by observation and experience as well, their teachers taking the place of the public for the time being, and present, so far as they can, the public's various phases. Even the most skillful training cannot, of course, immediately make a beginner as efficient as an experienced hand. It does insure uniformity of methods, however, and equips the novice to become an adept much sooner than she otherwise could. It makes her self-reliant, and enables her to deal understandingly with the emergencies constantly arising in the work of the exchange.

The discipline of the central office is strict, but every employee is treated with the utmost consideration. The amount of work each operator has to do is determined with great care that no one shall be overloaded and thereby affect unfavorably the quality of the service. Besides the chief operator there are supervisors, their number depending upon the size of the exchange, who keep the work of operators under constant observation, see that it is done in accordance with the rules adopted by the company as necessary to good service, and act as mentors in cases of difficulty.

The New England company takes great pride in its operating force. It believes that in no industry is there to be found a more efficient, earnest, faithful set of employees—faithful alike to the company and to the public to which the company is responsible. The work of the telephone operator has taken no mean place among the professions of women, and it is a source of great satisfaction that the public's appreciation of "Central's" character, and the greater consideration which follows better acquaintance and understanding, are more general and more apparent each year.

The musical and literary concert given last Friday evening for the benefit of the church was a decided success in every way. The affair was in charge of Misses Gertrude Hutchins and Kate Nunn, and Mrs. Nellie Parker. Much to their disappointment at the last moment one of the singers telephoned that it would be impossible for him to be present; but in spite of this a fine programme was given. The singing was by Miss Rendout of Biddeford who rendered some very fine selections, and Miss Piper the elocutionist, also of Biddeford, gave some very enjoyable and entertaining recitations. After all expenses had been paid the goodly sum of twenty-two dollars (\$22) remained, much to the gratification of those in charge who had worked so hard for its success.

Frank Mitchell and John Jellison have made a good showing cutting bushes on the River Road. This is a much needed improvement as it makes better roads. There are still more that should be cut before the winter snow.

Ivory Ross, one of our selectmen, has just completed the stone bridge near the Bickford farm. This is a good wide graded bridge with a substantial railing. We wish the bridges throughout town were like it. Mr. Ross has the contract for the soldiers monument and drinking fountain, which through the efforts of Abbott Graves, one of our public spirited townsmen, formerly a summer visitor and an artist of great fame, is soon to be erected.

Real frosty, cold, dull old November weather; but for Thanksgiving at the end of this dreary old month, when all meet around the festive board together and the absent return to the old home, we could hardly stand this blue old month who ushers in the coming winter which we all dread after our experience of the long cold one of last year. Let us hope this year it will be a nice short bright winter.

Festival Chorus

Professor William R. Chapman of Portland Guest of Honor

The Kennebunk Chorus held its first meeting of the season on last Friday evening at the home of Mr. and Mrs. Chas. Goodnow.

Prof. Wm. R. Chapman, director of the Maine Musical Festivals, was guest of honor, and he gave a very interesting talk on what the Festivals of the past eleven years, have accomplished in giving to the people of Maine the highest class of musical productions.

The study for the coming year includes Verdi's opera, "Aida," Gounod's "Gallia," and several minor selections all of which guarantee an instructive musical treat. It is hoped that the local chorus will be much larger than in former year and the individual members will do all they can to accomplish this end. It is expected that many from Wells and Kennebunkport will attend.

Prof. Chapman's enthusiasm is boundless when he talks on the work of the Maine Chorus and his interest in the success of this great undertaking is increased by the added zeal with which the many choruses throughout the state are showing in the study for the coming season.

Prof. Chapman played the more important selections from "Aida," and the other studies and was generously applauded. He also spoke of the many complimentary articles in the leading musical journals on the work of the Maine Festivals in Portland and Bangor and referred especially to the fact that all the great artists who have appeared, expressed admiration for the choral work.

It is expected that the great Caruso will sing at the Festivals of next October.

Mr. Bertelle Smith was re-elected president and an adjourned meeting will be held next Friday evening, Nov. 8th, at 8 o'clock at Mr. and Mrs. Goodnow's home. Anyone wishing to join the local chorus can obtain information from Mr. Smith.
