TOWN OF SCARBOROUGH

Revaluation Report — April 1, 1958

The Revaluation program authorized by the voters at a 1957 Town Meeting has now been completed. The appraisals made by the Cole-Layer-Trumble Co. are listed in the following pages, and are supported by detailed computations of land area and classifications, replacement costs of buildings, reduced by depreciation and obsolescence factors for age, condition, type, etc. The commercial personal property is listed after the real estate in the booklet. The valuation of livestock is NOT INCLUDED.

The figures listed are gross figures and will be reduced by any exemptions allowed by law.

Effect of appropriations on the Tax Rate

In 1957 the town appropriation was \$495,278.16. The corresponding amount in 1958 is \$542,483.35, an increase of 11½%. *Again this year, each tax bill would have been about 11% higher than last year.

Results of revaluation on Total Valuation and Tax Rate

The total final valuation for 1958 will be approximately \$26,000,000. This compares with \$4,309,525. for 1957 and represents an increase in valuation of about six times.

The use of the new valuations will result in a tax rate for 1958 of approximately 23 mills (\$23 per \$1,000. valuation). The reason for the large decrease in tax rate is due solely to the difference between current valuation and valuations existing prior to this year.

Anyone who desires a further explanation of their new valuation may call TU 3-4301 and make an appointment for a hearing.

Application for hearing appointments will be taken until Aug. 11, 1958.

**If the 1957 valuation had been used.*
