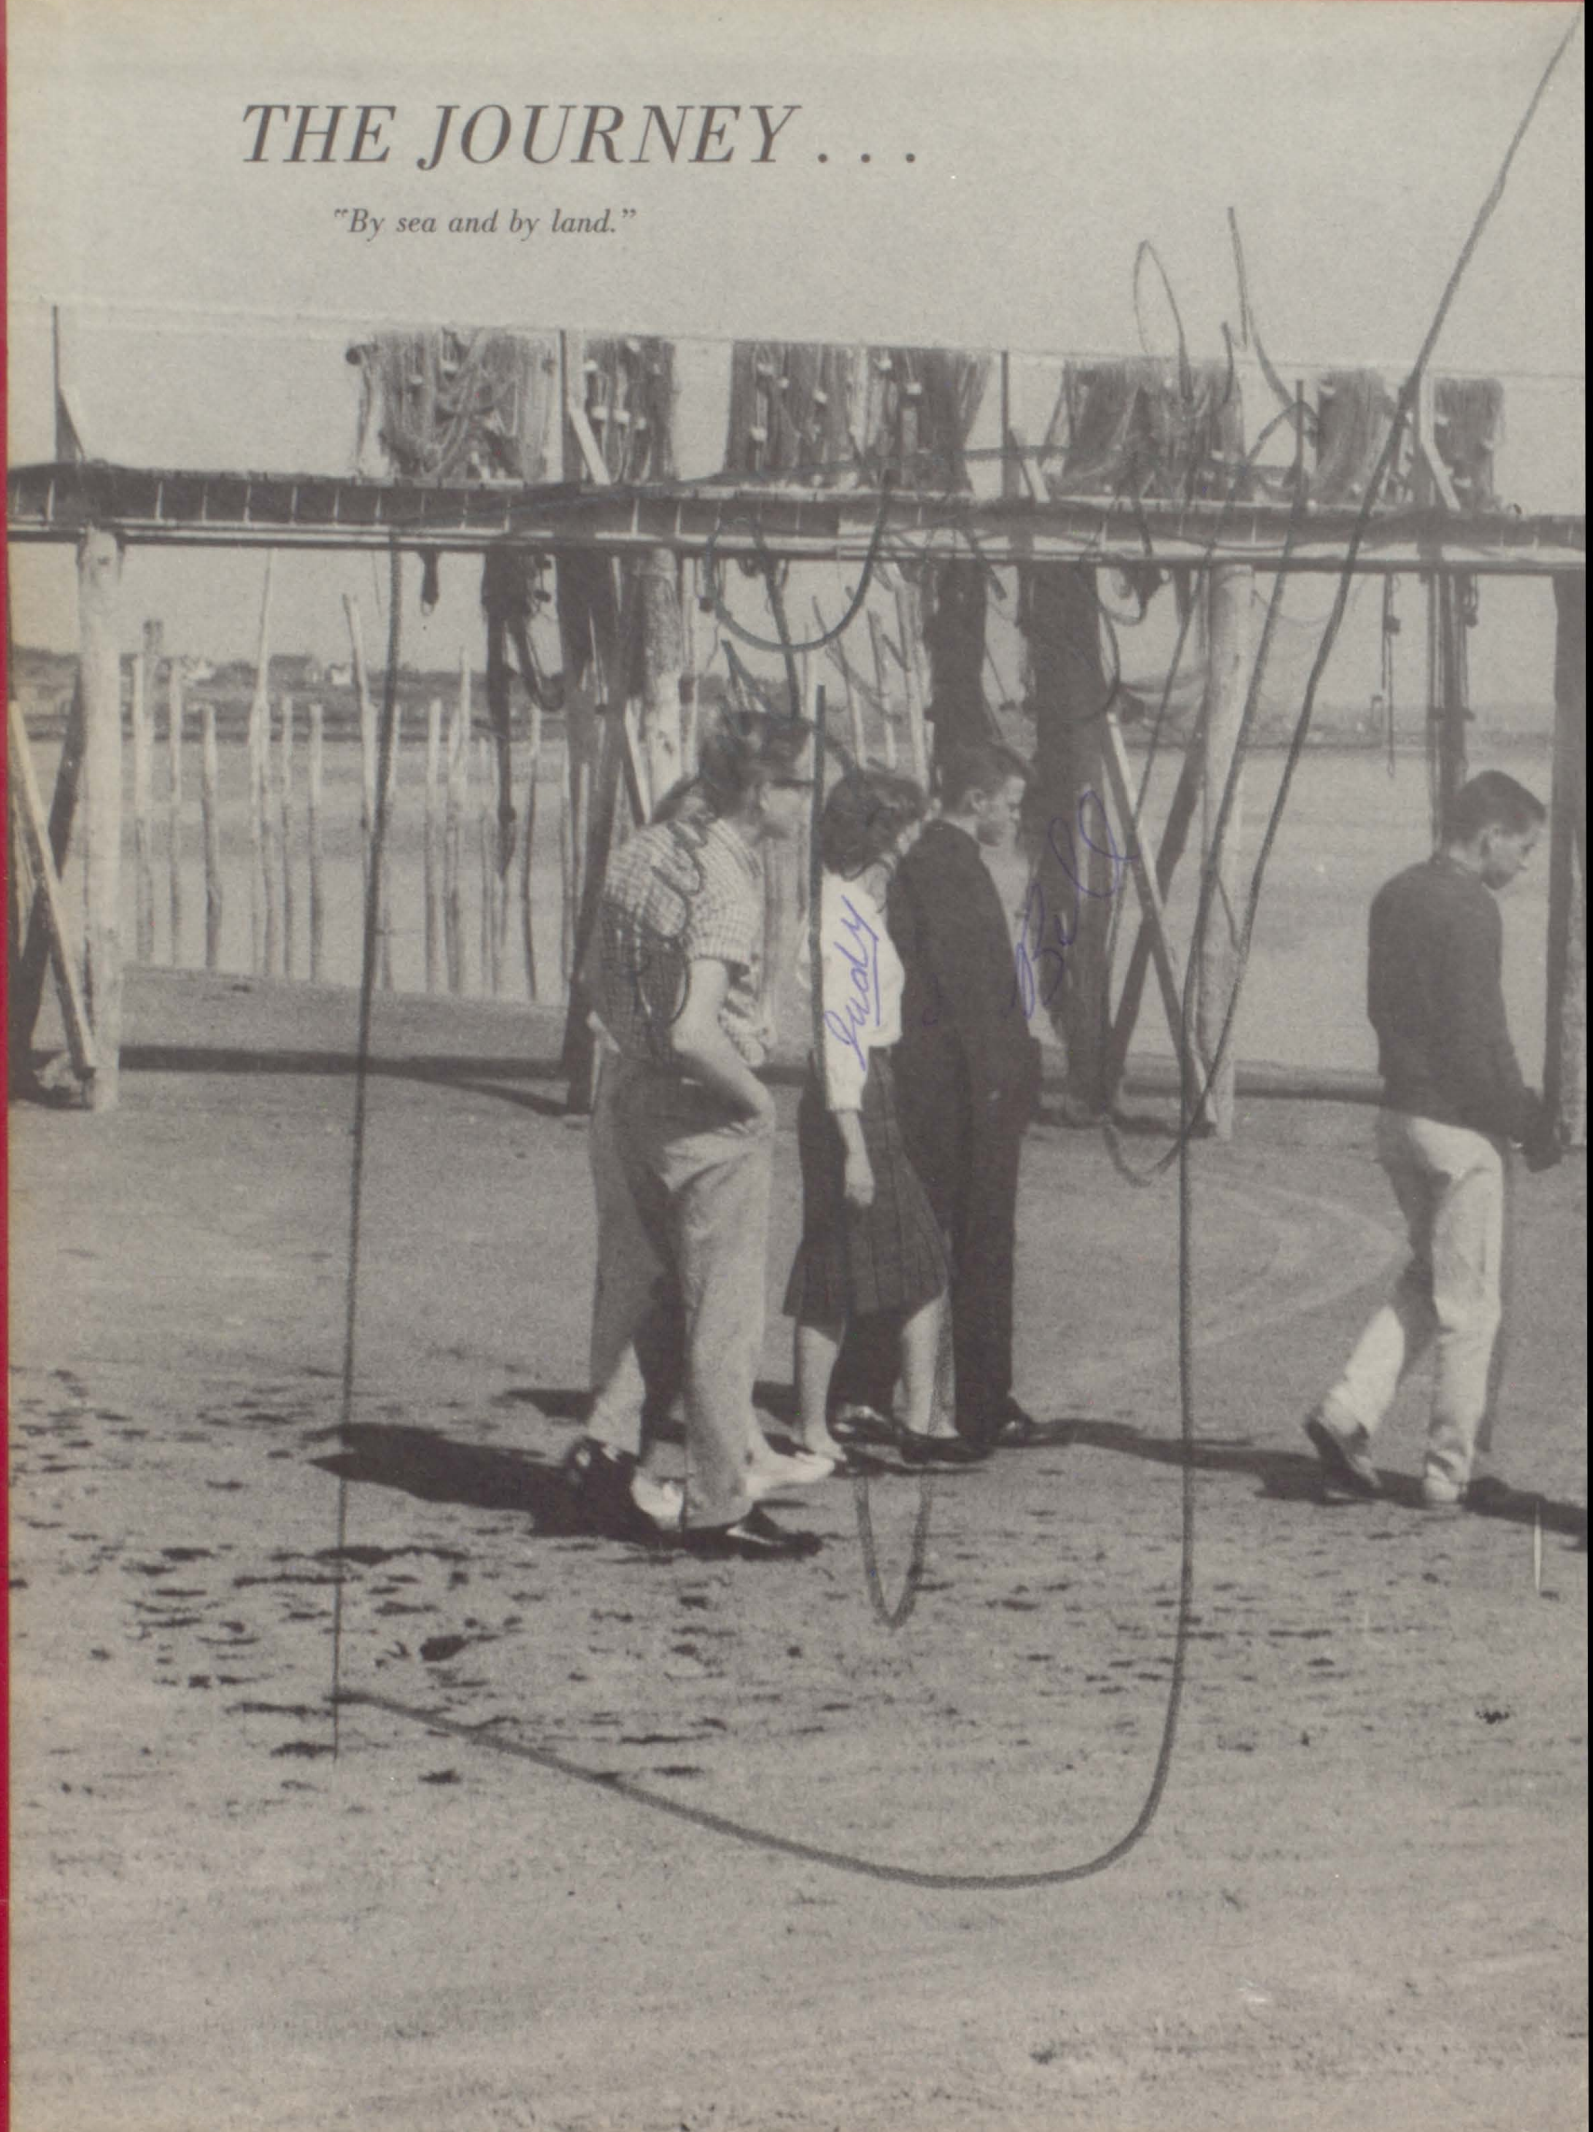
FOUR CORNERS '61

THE JOURNEY . . .

"By sea and by land."



"The journey of a thousand miles
Begins with one step."

The Four Corners

Scarborough High School

Scarborough, Maine

1961

Editor's Message . . .

This edition of THE FOUR CORNERS has as its theme "The Journey."

We have started the journey into a new decade and have begun to travel to previously unimagined heights. We are nearing the end of one phase of our lives to begin another. We can see now the challenging road ahead. The opportunities do not end as we leave Scarborough High School; they have only begun. Every phase of school and adult life is a series of little journeys. We see ourselves going for a voyage outside of our coastal town. We notice ivy reaching for height on our brick walls. We remember the times we packed ourselves into buses to go out of town. We catch the spirit of our underclassmen as they leave for a basketball game. As seniors we are waiting for that which is ahead of us. We are silhouetted against the light of the journey of our life. These high school years have brought many memorable moments which can never be recaptured.

We of the staff hope that here you will see our laughter, our ambitions, our hopes. Perhaps as you turn these pages again and again, you too will catch the spirit of our journeying.

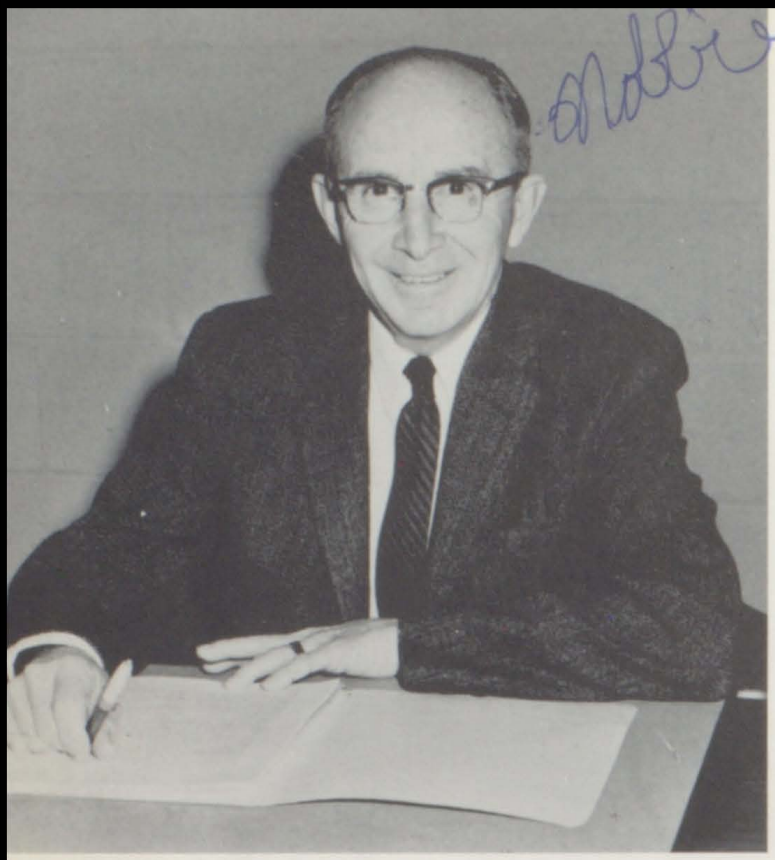
JOSEPH BRAGDON

"The world stands out on either side
No wider than the heart is wide;
Above the world is stretched the sky,—
No higher than the soul is high.
The heart can push the sea and land
Farther away on either hand;
The soul can split the sky in two,
And let the face of God shine through."

In Memoriam

The times when he passed out candy during class, when he handed us his "magic chalk" to do a problem; when he offered the use of his special-vision glasses during tests, when he suddenly used the brakes as we were driving; when he patiently explained once more—these are our memories of Mr. Bragdon. They are not sad ones, for they carry with them the warmth of the person who has locked them in our hearts. They are not memories of the past but of today. He was a philosopher, a friend, but, most of all, a teacher. His many stories could not all have been true; yet they were parables. Here, we offer ourselves to the understanding of the generosity, the humor, the patience of one who was all of these. What greater memorial than the fulfillment of his deeds!



Principal's Message

Your theme "The Journey" calls for reflection. The going hasn't always been smooth, and this is good, because yours has been and will continue to be a journey of learning, and learning is fraught with obstacles necessary to surmount for successful continuation of the process.

As you part at the junction and go your separate ways, may the remainder of the trip be extremely enlightening and most rewarding for each and every one of you.

Milton W. Knowlen

Superintendent's Message

During the thirteen years of your public school career, you members of the class of 1961 have traveled a long way over unfamiliar paths. At each stage of the journey your progress has depended largely upon your own hard work and determination, encouraged and guided by your parents and your teachers. At each stage, also, you have gained in maturity and self-reliance, in preparation for what is to come.

Now that you are reaching the end of your journey through our schools, all of those who have been privileged to share in your progress in the past, extend the warmest hopes for your successful future. In whatever line of endeavor you may choose, you will find that the same basic personal qualities which helped you achieve success in school will also help you to succeed in a useful life.

Robert B. Lunt

Superintendent of Schools

Mr. Vose, Dr. Capron, Mr. Leary, Mr. Stanford, Mrs. Clark, Mr. Lunt, Mrs. Davenport.

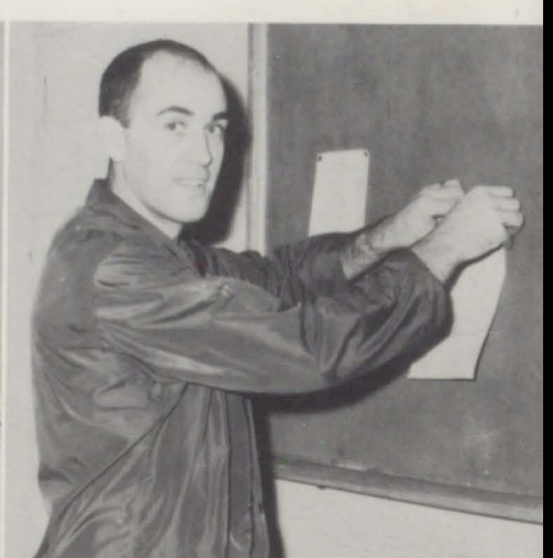
DEANE ADLARD
Chemistry

Mr. Adlard explains facility in cooking —with chemistry. There seems to be a high death rate among test tubes on lab day. Still, we find ourselves wanting to know more.

PAULINE JONES
English

Through her own pleasant demeanor, Mrs. Jones has made the English language clearer and more meaningful to all her classes.



RICHARD PLUMMER
Physical Education
Boys' Health
Assistant Coach

Sportsmanship, exactness, obedience, practice—these are the standards set for us by Mr. Plummer. His firm but friendly attitude makes him a respected counselor in all matters!

CAROLINE CONLEY
Algebra I

our journey.

Modern methods, new equipment, an eye on the future—these are all very much a part of our educational progress here at SHS. Nuclear science and technical engineering added to our old classes have sparked a new interest in the keen minds of our future physicists and astronauts. Through these media, otherwise normal classes have been made very special in our curriculum. These are but a few of our "turnpikes" along the journey to greater knowledge.

Will you ever understand?

As seniors, we have reached one plateau to begin the steps upward to another. We have spent four unforgettable years here as a class. For some this is the end of formal education; for others it is preparation for college. For all it is the beginning of many new opportunities and responsibilities. We cannot expect the years before us to be easy ones. Still, they will be filled with much the same enjoyment and laughter as the past years have been. We silently thank those who have helped us and hope we will go on, more able to meet, cope with, and improve the situations found in the journey ahead.

"Two Roads Diverged . . .

There are qualities which make our journey worthwhile, ones which may be found in fellow seniors. Individually, we are striving to possess all of these qualities in the future; as a class, we find them today. LEADERSHIP is displayed by our senior class officers. President Roger Snow is always attempting an explanation: "Do you know what I mean?" is what we often hear. Charley Fredrick hopes that he will not have to preside over a meeting as vice president; we know that he would do an excellent job. Bob Grant watches our financial affairs with a keen eye. As secretary, Nancy Coulthard performs all odd-jobs, from measuring us for caps and gowns to planning the number of casseroles for a supper.

LOYALTY is found in many aspects of school and adult life. We could not have successful schools without the dedication of our teachers. Extracurricular events would not offer as much enjoyment and benefit if tiresome work did not go into them. What would we do without Danny and Donald as lads of all work? We find that loyalty to important basic ideals is necessary for all success.

ENTHUSIASM has meant trudging out in the rain for year book ads and waiting and waiting, or burning the midnight oi the night before a test—then hoping and praying! Enthusiasm is doing our tasks cheerfully, turning the impossible into achievement. Our journey would not be possible without enthusiasm—enthusiasm which has enabled us these four years to fulfill our purpose to seek new goals.

SCHOLARSHIP, as the primary requisite of education, has played an important part in our high school career. Shining examples of the "scholarly attitude" are Mike Concannon, Steve Leavitt, Elwin Lilley, John Fancy, and Robyn Frost, who have explored the fields of advanced science and math through educational T.V. We have all had our share in "cracking the books," and through these four years we have come to value the true meaning of scholarship.

Support

"I Took the One Less Traveled by,"

Both boys and girls demonstrate good SPORTSMANSHIP in interscholastic and intramural competition. Mr. MacFarland and Mr. Plummer are constantly thinking of new approaches to an effective sports program. Miss Thorndike stresses satisfaction in perfecting the skills of the game. For four years we have been learning true sportsmanship; we shall go on, trying to be "better sports" in the years ahead.

Though we may fall from the ladder, the Scarborough banner goes up to show our unfailing SUPPORT! Good attendance at athletic events helps to promote better teams. How can we forget the times we shouted the "roll 'em out, roll 'em out, roll 'em out smooth." We give our support to those things which make for a better school, community, and nation.

During our four years at SHS we have learned true APPRECIATION of teachers, parents, and friends. With the Christmas spirit in their hearts, the choir went to sing carols to one of their favorite teachers, Mrs. Frances Libbey, a faculty member for forty-one years. They wanted Mrs. Libbey to know that her retirement will never take her from her place as a teacher and friend to Scarborough High School students. The girls were rewarded for their kindness by some of Mrs. Libbey's home-baked Christmas cookies.

As a class we look now upon the conclusion of our high school education. Our journey, however, has not ended; one ACCOMPLISHMENT is but the stepping stone to another. With the unfailing ambition of seniors we are determined to receive our diplomas, even if this means being carried up on a stretcher! Our memories are all of these—working, studying, striving—but laughter along the way has made our journey an unforgettable experience.

Our Executives

Coach gives pointers to sub-cheerleaders.

"You tell them, Pat!"

Popularity proved to be the deciding margin as John Doody became President of the Junior Class for his second term. The boys also swamped the girls in electing Randy Grant as Vice President and Bob Gardner as Treasurer. The girls had some consolation, though, in the election of Nancy Hayden as Secretary. Better luck next year, girls!

Looking to the sportsline, Pam Laming and Lois Rowe did an outstanding job in bolstering Miss Conley's cheering staff. They are just two of the Junior cheerleaders who represented the sportsmanship of the Junior class as a whole. Swell job, girls! Keep it up!

Pat Moulton, along with Don Rowe, Donna Carter, Sheila Curry, Randy Grant, and Cathy Lysaght, wowed them at the annual Thanksgiving Day Assembly. After their wonderful example of eloquence, the thoughts of everyone in the auditorium turned to giving thanks and to visions of delicious turkey.

The annual Junior Washington Club Supper was a huge success as the Juniors broke tradition by presenting a fried clam dinner. Adults and children came in droves.

Tears fell and best wishes were bestowed as the Juniors bid their final fond farewell to the Class of 1961. It was a ment of sadness in the hearts of the Seniors and a momoment of awareness to the Juniors who realize that it is now up to them to set the example and lead the way.

It is a great responsibility to fill the shoes of the outgoing Senior class, but the Class of 1962 has the ability and the confidence to do it in the best manner.

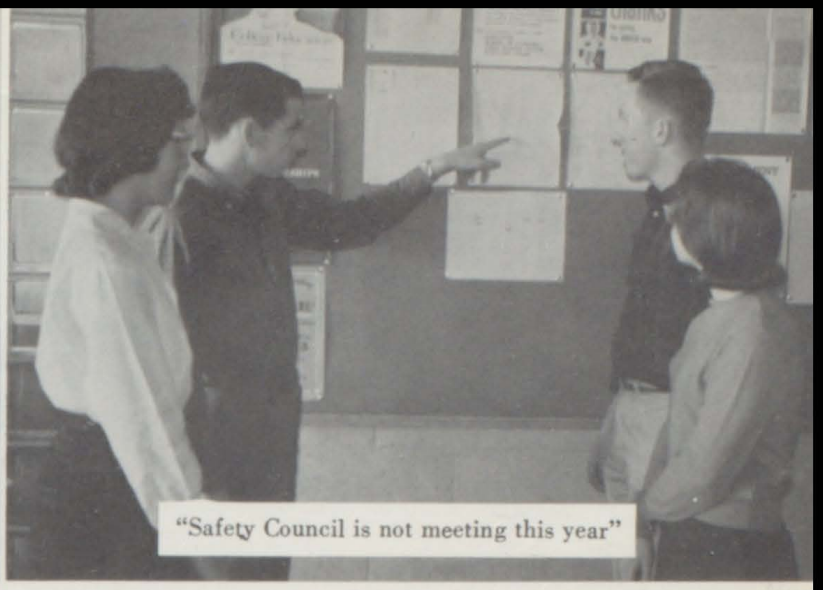
"Now this college offers . . ."



"Safety Council is not meeting this year"

Sophomore girls faced scores of decisions in a year of seriousness and fun. The first decision came at the beginning of our second year of high school. "Shall I stick with the college course with the intention of furthering my education, or will I need to work after graduation, and, therefore, change to the commercial course?" With the intention and anticipation of enjoying our sophomore year, we faced another problem. "Shall I try out for cheerleading and choir, or just choir?" Possessing feminine appreciation of pretty things, we selected our class ring with the utmost care and another decision, "Shall I buy the red or white stone?" At the first class meeting it was difficult to decide how to cast our vote. But having a woman's intuition, we're sure we elected wise officers. As we continue the journey through our lives, we will encounter many important decisions. With the experience of this past year, we hope we will choose wisely.

Class of 1963

Sophomore boys, too, greeted this year as one of a combination of fun and seriousness, a year in which choosing and mastering the correct subject matter could very well decide whether or not we would be able to go on to college; a year in which major problems, such as: "Should I continue Latin or should I take French" had to be given serious and careful thought. But life at S.H.S. also had its humorous side, and surprisingly enough, problems are confronted and decisions must be made even when they are made in fun. We all know that Jim must have wondered how Mr. Renwick was going to accept that "nice white ash," and we all were amazed at the way "the clan" managed to make "Wilber's" books mysteriously disappear from his book box. Mixing merrymaking intelligently with our study curricular, we have passed another milestone in the journey to success, the journey whose end lies on the not-so-far horizon. We feel confident that with the aid of our capable teachers we shall enjoy each mile on our journey.

Back to the old grind, but now in HIGH SCHOOL

The Freshman class would like to thank the teachers and the upperclassmen for making our year in high school so enjoyable.

We were so excited and bewildered on that first day! Since then, we have found high school so different from grammar school. This was the first time we have had the chance to choose our own subjects. By looking at some of our classes, you can see how different high school is. Do some of you girls in the Home Ec. class remember what happened when you tried to sew a straight line on the sewing machine? Who ever thought there were so many ways to decline an adjective in Latin? And we must not forget to mention that one person in every class who can come up with a "real good one" just at the right moment. But it has all been fun.

Now we know how the girls feel.

Honor Roll Students never have brain fag.

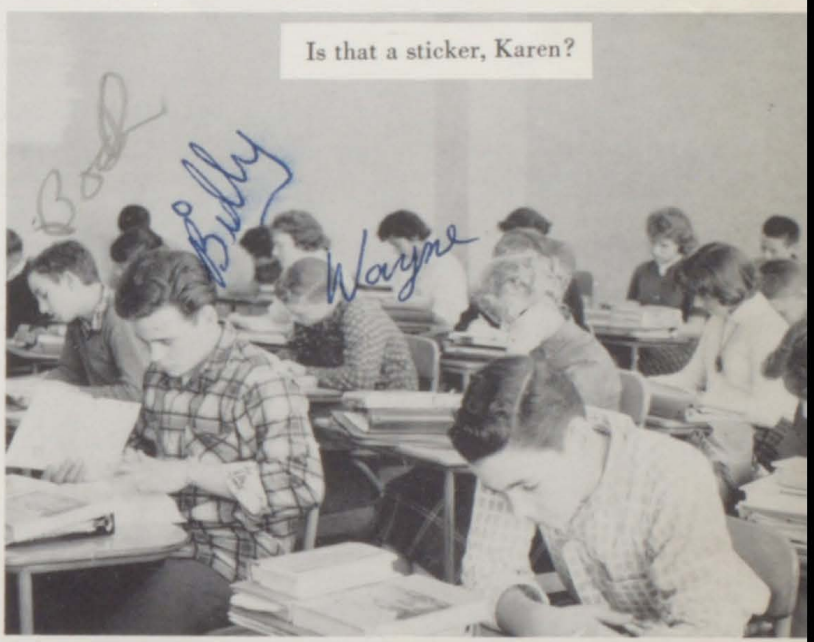
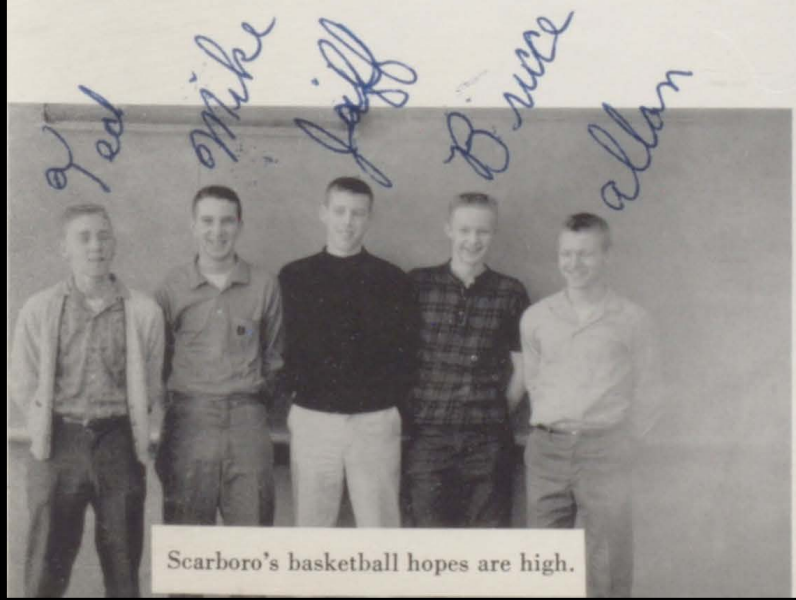
1964

I'm sure everyone remembers Freshman Initiation Day. We did everything from polishing shoes to measuring the length of the school with a toothpick; but the Freshman Reception Dance made up for "Hail, O Mighty Upperclassmen" that we endured.

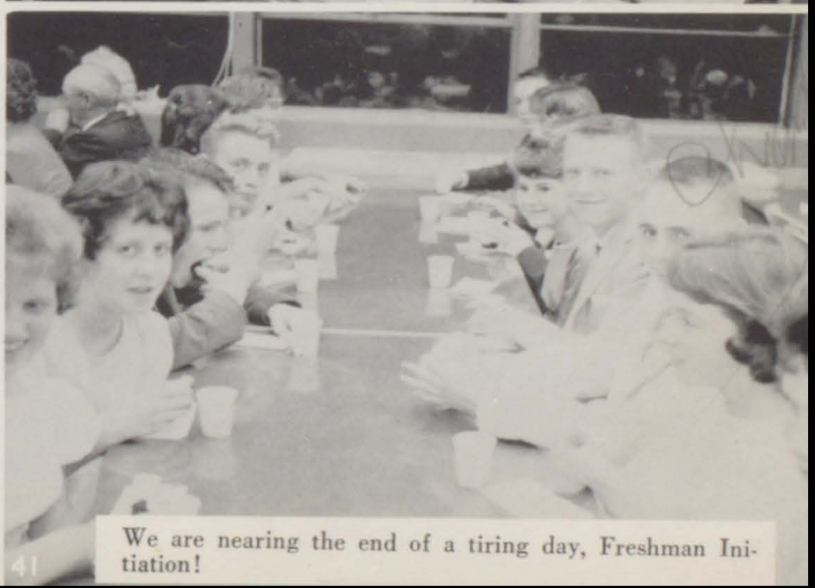
We must not forget to mention our five starting J.V. Basketball players and our honor roll group. We're really proud of our hoopsters: Ted, Mike, Jeff, Bruce, and Alan; and we know that they will do even better next year. Our honor roll group should get special mention, too: Paul, Ted, Robbie, Charles, Donna K., Valarie, Diane, and Donna T.—all worked hard to keep up their ranks.



Is that a sticker, Karen?



Scarboro's basketball hopes are high.



We are nearing the end of a tiring day, Freshman Initiation!

Freshmen

From our honor roll group, you can see how helpful our teachers are. We appreciate this, too. All of us know that when we need any help, there is always a teacher there to guide us. All in all every single one of us enjoys high school very much; and we are sure the future years will be even more fun than the last.

Last spring Scarborough placed first in two out of three competitions and finished fourth in the annual Triple-C meet.

The track men held their own in relays and field events which made them powerful opponents of our league rivals.

Coach Howard assures us of a very successful season this year.

BACK ROW: G. Lorfano, R. Googins, L. Timmons, E. Edmonds, A. Nelson, W. MacDonald, C. Hill, D. Hillock, R. Fogg, Mr. Howard, V. Myer, F. Richardson, W. Commings, J. DeWever, M. Mater, M. Giancola. Swimming

The girls' team placed in the fall meet to the delight of everyone. With only three seniors leaving, both teams look forward to improved chances of winning points next year.

Over thirty boys reported for the swimming team, and practiced at the "Y" pool from September to December. Fifteen were enterd in th Tri-C Meet. Since our Freshman Relay team won first place and several underclassmen narrowly missed qualifying in other events our prospects look somewhat brighter for the future.

Although Scarborough tallies a modest five wins out of eleven games last Spring, we hope to have an excellent season this year. With such Western Maine Babe Ruth League All-Stars as Randy Grant, Pete Haigis, Buddy Clark, and Bill Fielding taking to the field, Scarborough's diamond rivals are set for a tough struggle in this spring's Tri-C contests.

Soccer

Scarborough's soccer team played only two informal games last fall, but there are plans to form a soccer league within the Tri-C loop by next season. Manned by a large number of underclassmen who now have gained some useful experience the soccer team holds promise of success in the future.

Girls' Softball

The second year of the girls' softball team as a letter sport proved to be a successful one. With much hard playing and sincere effort Scarborough went ahead to secure four out of six wins to add to the school record. And with softball becoming a favorite sport among the girls at Scarborough the future of the team will be promising.

This year hockey was a newly formed sport which had great support from the girls at Scarboro. We all hope that it will become a letter sport in the years to come.

Hockey and Bowling

One sport that the students of S.H.S. have taken to is bowling. Every Monday after school the girls may be found at the "Big 20," and the boys may be found there on Thursday. The girls' first team is led by President Vivian Robichaud, Peggy Turner, Gail Waters, and Sally Prout. The girls bowl in a league with C.E.H.S., O.O.B.H.S., and B.H.S. The girls are currently fourth in the league, but will be bowling for that sunspot. The boys are in a league with O.O.B.H.S. and B.H.S. The first team has led the league for the entire season. This team consists of President Herbert Hughes, Vice president Marc Anton, Michael Anton, and Gary Lorfano.

Girls' Basketball

This year's basketball team had a good year with a 9-7 record. Many of the games were very close though they were not won. Good sportsmanship and fine playing made this record possible. The team appreciates Miss Thorndike's expect coaching.

Varsity Basketball and

The 1960-61 season was the finest the Redskins have had for several years, finishing with an 8-8 record. We also lost several close games with Cape, N.Y.A., and Freeport.

We were very proud of our two senior members Bob Grant and Bill Connolly, who both showed impressing improvement this year. With only these two players leaving the S.H.S. court this year, Scarborough poses a great threat to next season's competitors.

J.V. Basketball

This season's J.V. team was probably one of the most outstanding that Scarborough residents can remember for a long time. Losing a mere three games out of a total of seventeen, the players showed tremendous spirit and ability. With many of these players moving up to the varsity squad in the near future, Scarborough's hoopsters have a bright outlook on life.

The Student Council has spent an active year. Elections were held early in September for all but the freshman representatives; these were held after the freshmen had had a chance to get settled and acquainted with the school. The Jaycees of Scarborough sponsored a dance to raise money for the Student Council fund, which is used for a worth-while project every year. In December the Council had charge of the Christmas assembly and the student body dance which followed. It was at this assembly that gifts were contributed for needy children in the town. January was March-of-Dimes month with Council members holding a dance to raise money for the drive. Members this year, for the first time, will receive a Student Council pin.

Future Homemakers of America

The goal of the Future Homemakers of America is service. They have taken definite steps to make their journey worthwhile. Throughout the year they have sponsored school activities. First was the Halloween Dance. In October the girls attended the area Home Economics meeting. Then came the November activities: The preparation and the giving of Thanksgiving baskets for needy families were rewarding experiences for the girls. The Freshman tea came next as the second event for November. In December Santa Claus knocked at the door of the children's Christmas party. The girls' basketball supper was a success, even though someone did spill the spaghetti. The State Convention in April proved helpful to all who attended. In May the mothers came as guests to the mother-daughter banquet. June brings picnics; so it did to the Future Homemakers. Not only do they give service to their own club, but also to others. Money from the daily candy sales bought fifty dollars worth of library books. This year for the first time a one hundred dollar scholarship will be given to a graduating senior by the F.H.A.

The Commercial Club really came alive this year and settled down to get some practical experience in preparation for office work. They began by putting the school letterhead on stationery and selling it, and then during the basketball season they printed and sold programs. They also printed the Rotary Club Bulletin throughout the year.

Yearbook Staff

The yearbook's journey to the press began with the organizational meeting in the spring. The junior assistants, Cathie Lysaght and Diane Mitchell, were elected secretaries for our meeting. Early in the fall, under the "gentle prodding" of Roger Snow, Steve Leavett, and Betty Jean Welch, our advertising managers, all the seniors solicited ads from willing business people. Underclass editors, Arno Marquis, Eric Edmonds, Sally Emmons, Bob Cott, Valarie Lamont, and Paul Concannon, began the first steps in page planning. Judy Roy and Michael Concannon found the material on boys' and girls' sports activities endless. As 1961 came upon us the periscope editors, Marilyn Mehlman, Eileen White, Marion Quimby, and Patti Peterson, added the most appropriate quotation to each senior's picture. Norman Collins and Tommy Wood, our photographer and art editor, helped us through picture days with expert advice. Prudence Grant and John Fancy worked like old pros at assembling the dramatics, music, and club pages. Our typists, Cinnie Glover, Marilyn Woodward, Joanne Fuller, and Diane Menard, completed the copy. Then came proofreading by Anna Owens and Pauline Richard, our co-editors. Our work complete, we realized we could not have succeeded without the interest of Miss Ferguson, Mr. Hallett, Mr. Libby, Mrs. Lary, and Miss Willman.

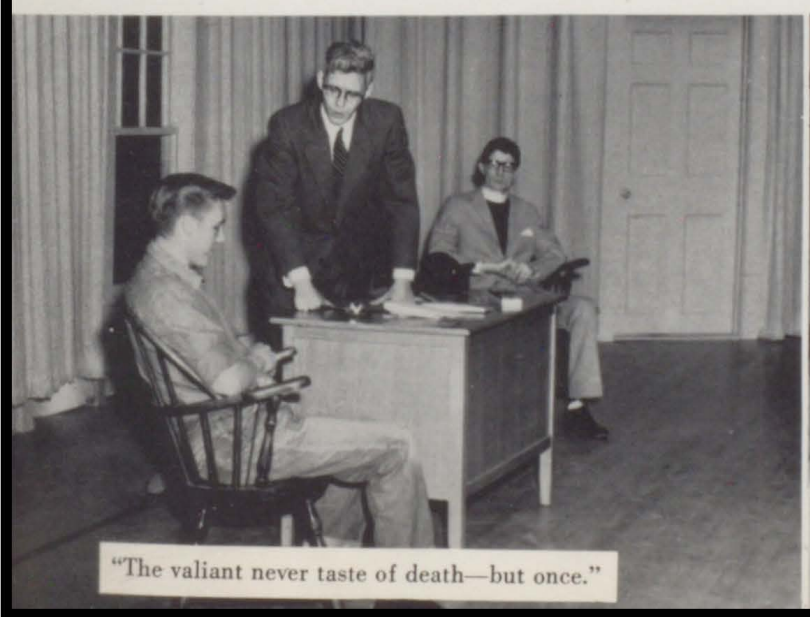
Dramatics

Dramatics play a major role in the extracurricular activities of each year. Almost continually a cast is rehearsing a play—be it Senior Class Play, one-act plays, or the State Contest play. Last year the one-act plays, "Not On The Program," "The Ghost Hunters," and "The Valiant," were presented on April 14 under the fine direction of Mrs. Heywood, Miss Ferguson, and Mr. Dyer. Many hours were spent and many miles travelled to make these plays a success and an enjoyable evening for the appreciative audience. The State One-Act Play Contest was held at North Yarmouth Academy on March 19 with actors and actresses from Scarborough presenting Molner's "The Swan."

Dramatics give each budding actor a chance to be another person. Occasionally he finds it quite difficult to disown, after presentation night, the walk or accent required for his part. Despite long walks home after rehearsals, the hours spent in learning lines and acquiring the habits of the stage are rewarded with a play of great success.



"The valiant never taste of death—but once."

One highlight of four years in high school is the presentation of the Senior Play. This year production actually began in May of 1960. A committee of students was chosen to select a play; the choice was fairly easy with Mrs. Lary's saying she could picture the play *Our Hearts Were Young and Gay* perfectly cast from the seventy-five members of our class. Because of the size of the class, Mrs. Lary suggested, and Mr. Knowlen agreed, that we should have a double cast—with the condition that we have our lines learned by the time school opened again in September. This stipulation meant, of course, that rehearsals would have to be held during the summer vacation. We were allowed to use the Beech Ridge Community House for these sessions with Elwin Lilley agreeing to be janitor—he had to sweep the floor, open the windows, and shoo out the mosquitoes.

Two weeks after school closed we had our first rehearsal. Mrs. Lary ruled that we must be present at every rehearsal, but, because of jobs or other excuses we did not always attend faithfully. The last of July Mrs. Lary took a trip to the Far West giving us a much welcomed rest from practice sessions.

When school opened, needless to say, our lines were not learned, but we progressed rapidly and by November 8, everyone had learned his lines. The play was presented on November 9 and 10. On those nights we journeyed back to our parents' days of the past, in authentic costumes kindly loaned to us by Mrs. Furbush through Pauline Richard's mother.

The time spent in studying lines and slapping mosquitoes was rewarded by two outstanding nights of entertainment for our parents, friends and relatives. We, Seniors, too, had fun in presenting *Our Hearts Were Young and Gay*. The boys of the cast especially enjoyed being made-up by Miss Conley. Although she had never done any theatrical make-up work, she did an excellent job for us.

This play gave us more than just good times; it gave us a better understanding of the exciting years of the past, a greater knowledge of the present, and a higher hope for the years to come.

One of the most admired groups of S.H.S. is the band—the ones who provide the concertos for our exchange concerts and the Spring Concert, as well as victory music for the basketball team at home games.

It is not one particular class that adds most to the band—everyone gives his own talents to help us attain the goals we have set and the victories we have reached. We of the senior class have seen the band grow from approximately ten members. We have grown with the band, and somehow this fact makes us closer to Mr. Doane under whose talented baton we have played so confidently.

During these past four years in high school the band has journeyed to near-by Portland, Lewiston, Rumford, and Sanford to participate in the annual Western Maine Music Festival, where we earned ratings not even attained by some of the larger schools in the area. These annual trips always hold promise of fun, lost buses, candy at 8:00 A.M., and a rash of stomach aches. Despite these factors we managed to wear out our chaperones!

Our study of music has given us a knowledge which we will retain as we grow older, but we have also gained a greater appreciation for all types of music and a tolerance of the types we don't agree with. Our search for beauty has just begun, but these four years have helped us to find what true beauty really is.

The majorettes are constant companions of our band—everywhere the band plays the majorettes can be seen doing a routine of V's, pinwheels, and S's. These past four years have been an exciting journey for all of us; for, when we were freshmen our marching unit was just a band, but our sophomore year saw a change in that fact.

During the first half of our sophomore year Mr. Doane and Mr. Knowlen chose our first majorettes. Since that year they have taken great strides forward. Our majorettes have eye-catching uniforms and hats bedecked with great red and gold plumes; they have learned to twirl batons and march at the same time—something we bandsmen would find hard to do!

Our journeys have been near and far in many different types of weather. The majorettes have expertly guided us through the hot streets of Lewiston, over the hilly streets of Rumford in music festivals and down Congress Street in front of the cheering crowd at the Junior Chamber of Commerce parade.

In our four years of high school we have travelled to many different places. With the final selection of each concert or the last march of any parade we are aware of the knowledge we have gained and the friends we have made. As we grow older and become more successful we shall realize the value of our experiences in high school; for, we realize that growing up and becoming mature involves more than just studying from books. We are sure that to become fully learned we must have practical experience in the ways of life. The majorettes have gained this and much more, too. For the rest of their lives they will remember and enjoy four of the happiest years of their lives.

. . . *Choir*

The music activities would not be complete without the Choir, Girls' Glee Club, and Boys' Glee Club. Once each week each glee club rehearses arrangements to be presented at joint concerts, assembly programs, benefits, and the Music Festival. Our successes have been rewarding—an "Excellent Plus" for the Choir in the Maine Music Festival. With each performance we have become a little more confident of ourselves and much more learned in the study of music.

All too soon we find ourselves giving the Spring Concert; then it's June, and underclassmen may look forward to another year in a musical activity. To Seniors, however, graduation means the end of four gratifying years in music; still, we may look back with pleasure to the wonderful times we have had and with satisfaction to the goals we have reached, knowing that music will be our companion throughout the journey of life.

Color Day

The Color Day pep rally has become one of the most enthusiastically supported traditions of Scarborough High. The student body, attired in school colors of red and white, turned out in force to "whoop and holler" along with the cheerleaders. Led by head cheerleader Betty Jean Welch, the tribe of basketball players, cheerleaders, and majorettes leaped through the decorated hoop into the gym to rouse the fighting spirit of all Scarborough Redskins. With the help of a tom-tom serenade by the band, the majorettes marched out to start the rally. Then the J.V. cheerleaders, dressed like Indian squaws, cheered for Coach Plummer and his braves and handed out candied apples as rewards for achievement. In their most colorful war paint, Varsity cheerleaders shouted the praises of the Varsity boys and Coach Packy. After giving "one of those speeches" Mr. McFarland was presented with a gift by the boys.

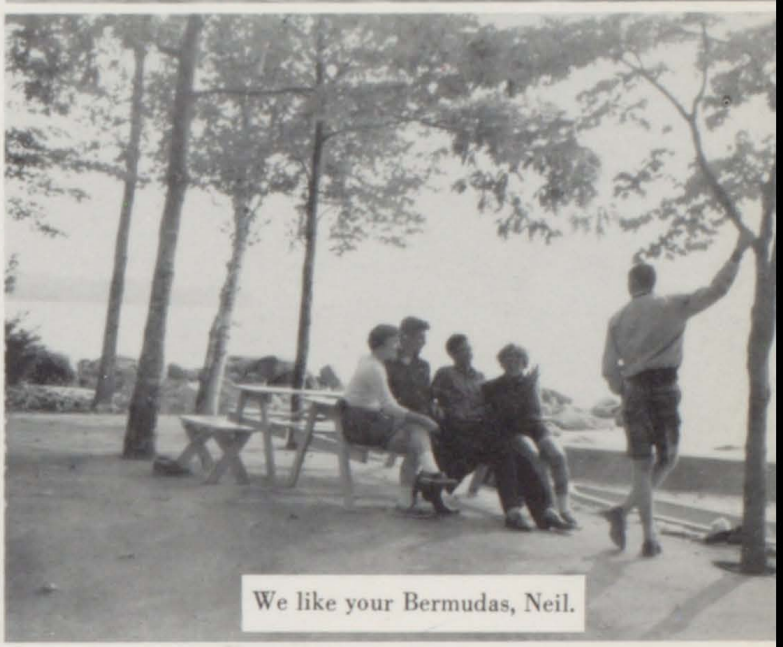
Then, discovering that the maroon marauder of Cape had been lying-in-wait in the Redskin camp, our basketball warriors began the chase. A successful scalping was performed in the physical education office. We heard strains of the death march as the boys pulled the erstwhile opponent onto the open stamping grounds. With delight and glee mighty Cape was hanged. Cheers went up as the cheerleaders did Scarborough locomotive. With the added spirit of medicine man, Mr. Libby, everyone joined in with "We're gonna win tonight."

Once more the annual Color Day drew to a close, and once more Scarborough Indians gave all their spirit to the biggest powwow ever. We were cheering, not only for a win over Cape, but for the glory of Scarborough High. Enthusiasm, support, and sportsmanship were at the top of the list as Redskins realized that how the game is played is what matters most.

Calendar . . .

The class of '61 started the school journey with a trip to Sebago Lake for the senior class picnic. Miss Ferguson and Mr. Dyer gave an adventurous example to the seniors when they went canoeing on the lake without really knowing how to paddle. Despite a few spills into the water everyone was in a gay mood. Laughter prevailed through the day, especially when Robert Grant and Neil Iverson made a hit in their wild plaid Bermudas! Miss Willman with her usual enthusiasm even joined in the antics on the trampoline, and Mr. Adlard's children, who did not understand that they were not supposed to swim in their good clothes, earned themselves a warm spot in everyone's heart. Beginning with a lobster and fresh corn-on-the-cob supper and ending with an indoor dance, it was an unforgettable afternoon.

Don't anybody tell!



We like your Bermudas, Neil.

They don't look like Indians.

We always enjoy refreshments.

The first dance on the S.H.S. reservation was the Indian War Dance, sponsored by the senior class. The gym was decorated in true Indian style with tom-toms, feathers, and even a teepee which Judy Roy, Robert Grant, and Betty Jean Welch are seen building. Mike Norton, who was supplied a feather headdress, was D.J. Scarborough Indians from all classes attended this first school powwow to start the year with real Redskin spirit.

A fateful day for the newest members of the high school was Freshman Initiation, when upperclassmen harassed the poor freshmen with many servile tasks. In the afternoon there was a colorful assembly where all of the initiates had a chance to perform. In the evening faculty and students alike were in a merry mood for the Freshman Reception. Sophomores sponsored the dance in honor of the newly initiated freshmen, who were thus made official members of the student body.

the daily record

Now, the reason I wasn't elected governor.

This fall Elwin, Robert, Neil, Leroy, Anna, and Marilyn reported to the student body about their trips to Boys' and Girls' State last June. We listened to the stories of our delegates hitting the campaign trail, playing basketball and singing in the chorus, and dressing up as "cats" for party rallies. There were also serious times: hearing speakers on state government, electing a governor, and saying good-bye to friends that had been made. John Fancy, Steve Leavitt, Prudy Grant, and Pauline Richard were the alternates to the week-long study of government.

Each November the student body gathers to hear Thanksgiving messages by members of the Junior Class. Donald Rowe, Donna Carter, Sheila Curry, Patty Moulton, Randall Grant, and Cathie Lysaght told us of their personal interpretations of Thanksgiving. As we listened to both imaginative and true stories, the genuine idea of Thanksgiving came home to us.

Yes, we are thankful.

We danced every dance.

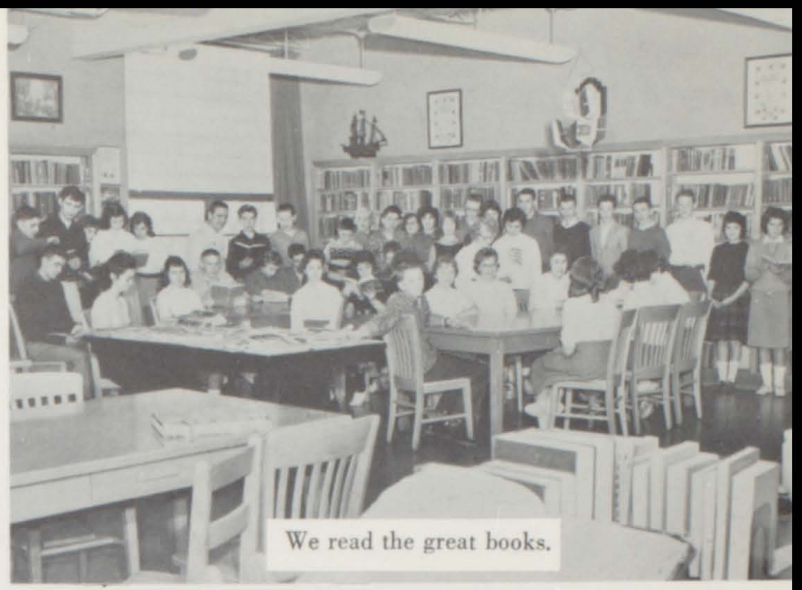
The annual Confetti Ball was held in December. Mrs. Heywood, along with members of the senior class, planned and decorated for the event. Lighted Christmas trees and individual centerpieces on the tables created the festive air which turned our gym into a glamorous ballroom. Everyone was dressed in his best for the largest semi-formal dance of the year. We all felt the holiday spirit as we danced while the band played on. Mrs. Libbey, the first sponsor of a Confetti Ball, and her husband were invited guests. She led the carol singing which lends the meaningful serious note each year. In the midst of all our dancing we stopped and sang of the true spirit of Christmas. Just before the ball was about to end everyone found himself showered with confetti. Teachers, students and alumni enjoyed a truly gala celebration.

We pause to sing.

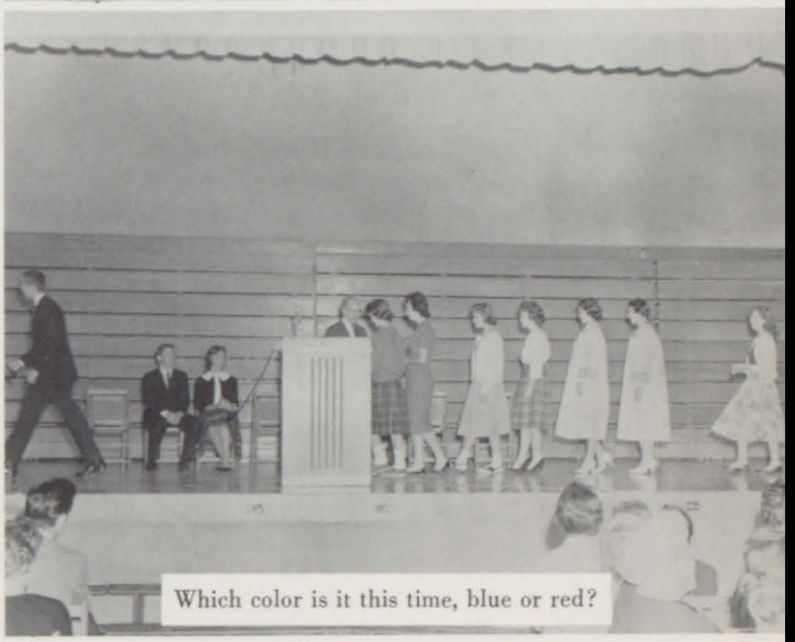
of our journey

The great books club was a new literary project organized under the auspices of Mrs. Heywood, our school librarian. The goal of the club is to provide the high school students with a sufficient reading background, and the project has found enthusiastic response from many pupils. The members of the group are supplied with reading lists divided into sections according to grade level. Those who have joined the club will remain members throughout high school.

As recognition of those who have received high rank, honor roll ribbons have been awarded in special assemblies. As names were announced, the students filed up to the stage to receive their ribbons for each quarter of the school year. The purpose of this type of recognition is to encourage students to strive for scholarship.



We read the great books.



Which color is it this time, blue or red?

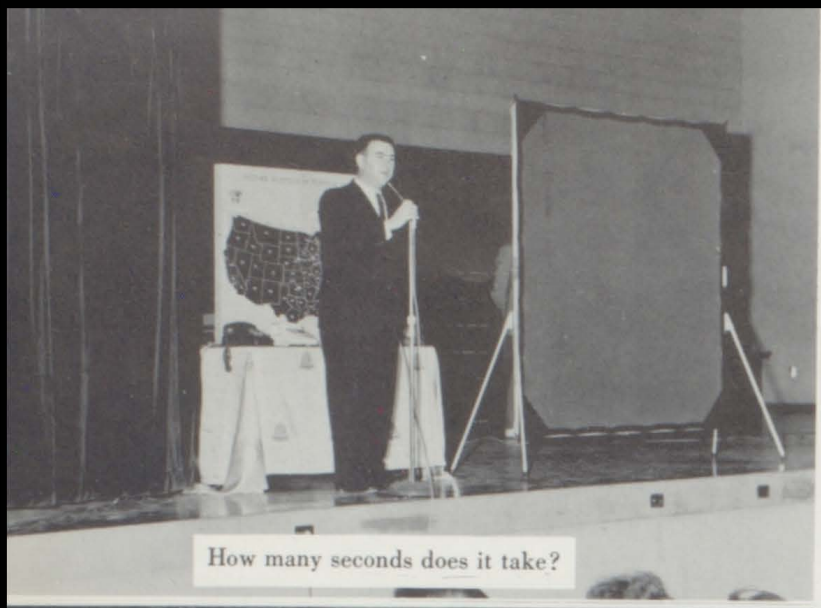
Oh, it's going to look so nice!

Mrs. Libbey, we thank you.

This year the Commercial Club started a new experiment: the printing of Scarborough High School stationery with a red Indian head embossed at the head. The undertaking was directed by Miss Willman, faculty sponsor of the club. The stationery was sold for sixty cents a packet, and the proceeds from the sales went to the club fund which will be used to buy new commercial equipment for the school.

The alumni of Scarborough High held an open house in honor of Mrs. Frances B. Libbey for her forty-one years of service to the school. A silver bowl and a wishing well of money were presented to her by the two hundred and fifty alumni and student guests and friends present. Earlier, at a faculty dinner in her honor, Mrs. Libbey was given a gift certificate by Mr. Knowlen, acting in behalf of the high school teachers. Mrs. Libbey, who retired last spring, has been a respected and beloved member of the Scarborough High faculty.

through the year



How many seconds does it take?

One of the most unusual assemblies presented in the school was the time a representative of the New England Telephone Company dialed Colorado Springs, Colorado. The purpose of this assembly was to demonstrate new developments in the principle of long distance dialing, as well as in other fields of telephone research. Slides of such conveniences of the future as a Space Age phone booth and a telephone with a television screen were of special interest to the students.

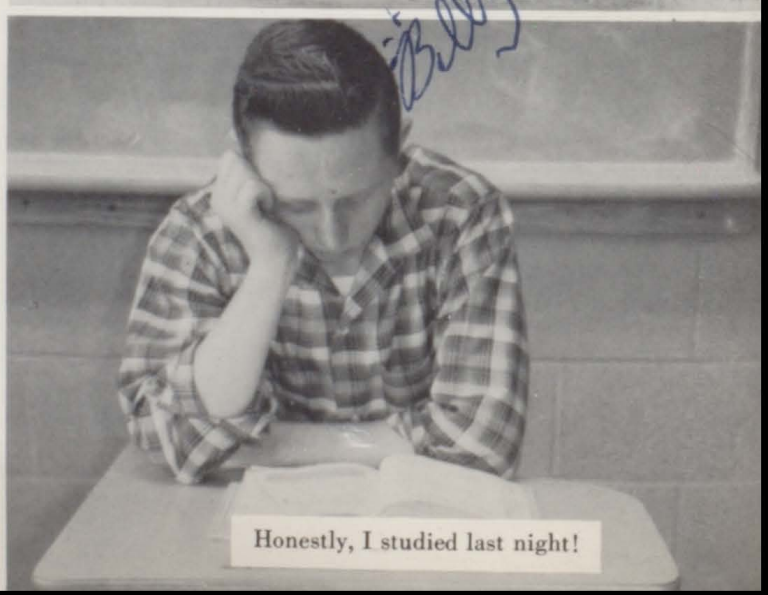
In co-operation with the March of Dimes drive the student council sponsored an activity period record hop. Each student paid a dime for admission, and the proceeds went to the March of Dimes. During the dance the king and queen were announced. The school royalty had been previously elected by ballot; with each vote cast for the king and queen a dime had been contributed. King Bobby Dolloff and Queen Donna Foster reigned during the dance.

Our King and Queen . . .

During a mid-winter snowstorm that made all of Scarborough a fairy land of glassy trees and brilliant snow some of the seniors took time out for a little snow fight. Marcia Milliken and Norman Collins looked on as Charlie Frederick was eagerly attempting to put cold snow down unsuspecting Arlene Stevenson's collar. The students and faculty also remember the winter storms for red faces from walking to school in the cold, stalled cars, and frozen waterpipes.

Throughout the year the one power which has shaped our calendar is education; there has been study and work as well as gaiety and laughter. The ending of the school year means graduation for seniors, but for underclassmen it means final exams. Neither graduation nor finals mean the conclusion of our journey: the seniors will leave for further pathways, and the underclassmen will resume their progress through the passages of high school learning.

Arlene, fight back!



Honestly, I studied last night!

"Oh, not more!"

When you graduate it's wonderful to have a telephone job waiting for you. You'll love the friendly new people you meet. And you'll like the excellent salary, the regular increases, the opportunities for advancement and the many additional benefits that make working for the Telephone Company so attractive to so many young people.

Telephone jobs are important ones. We have our own training program which you can enter without any previous job experience.

Why not come and see our employment interviewer soon . . . before you graduate. Ask the Guidance Counselor at your school to tell you when and where to apply.
