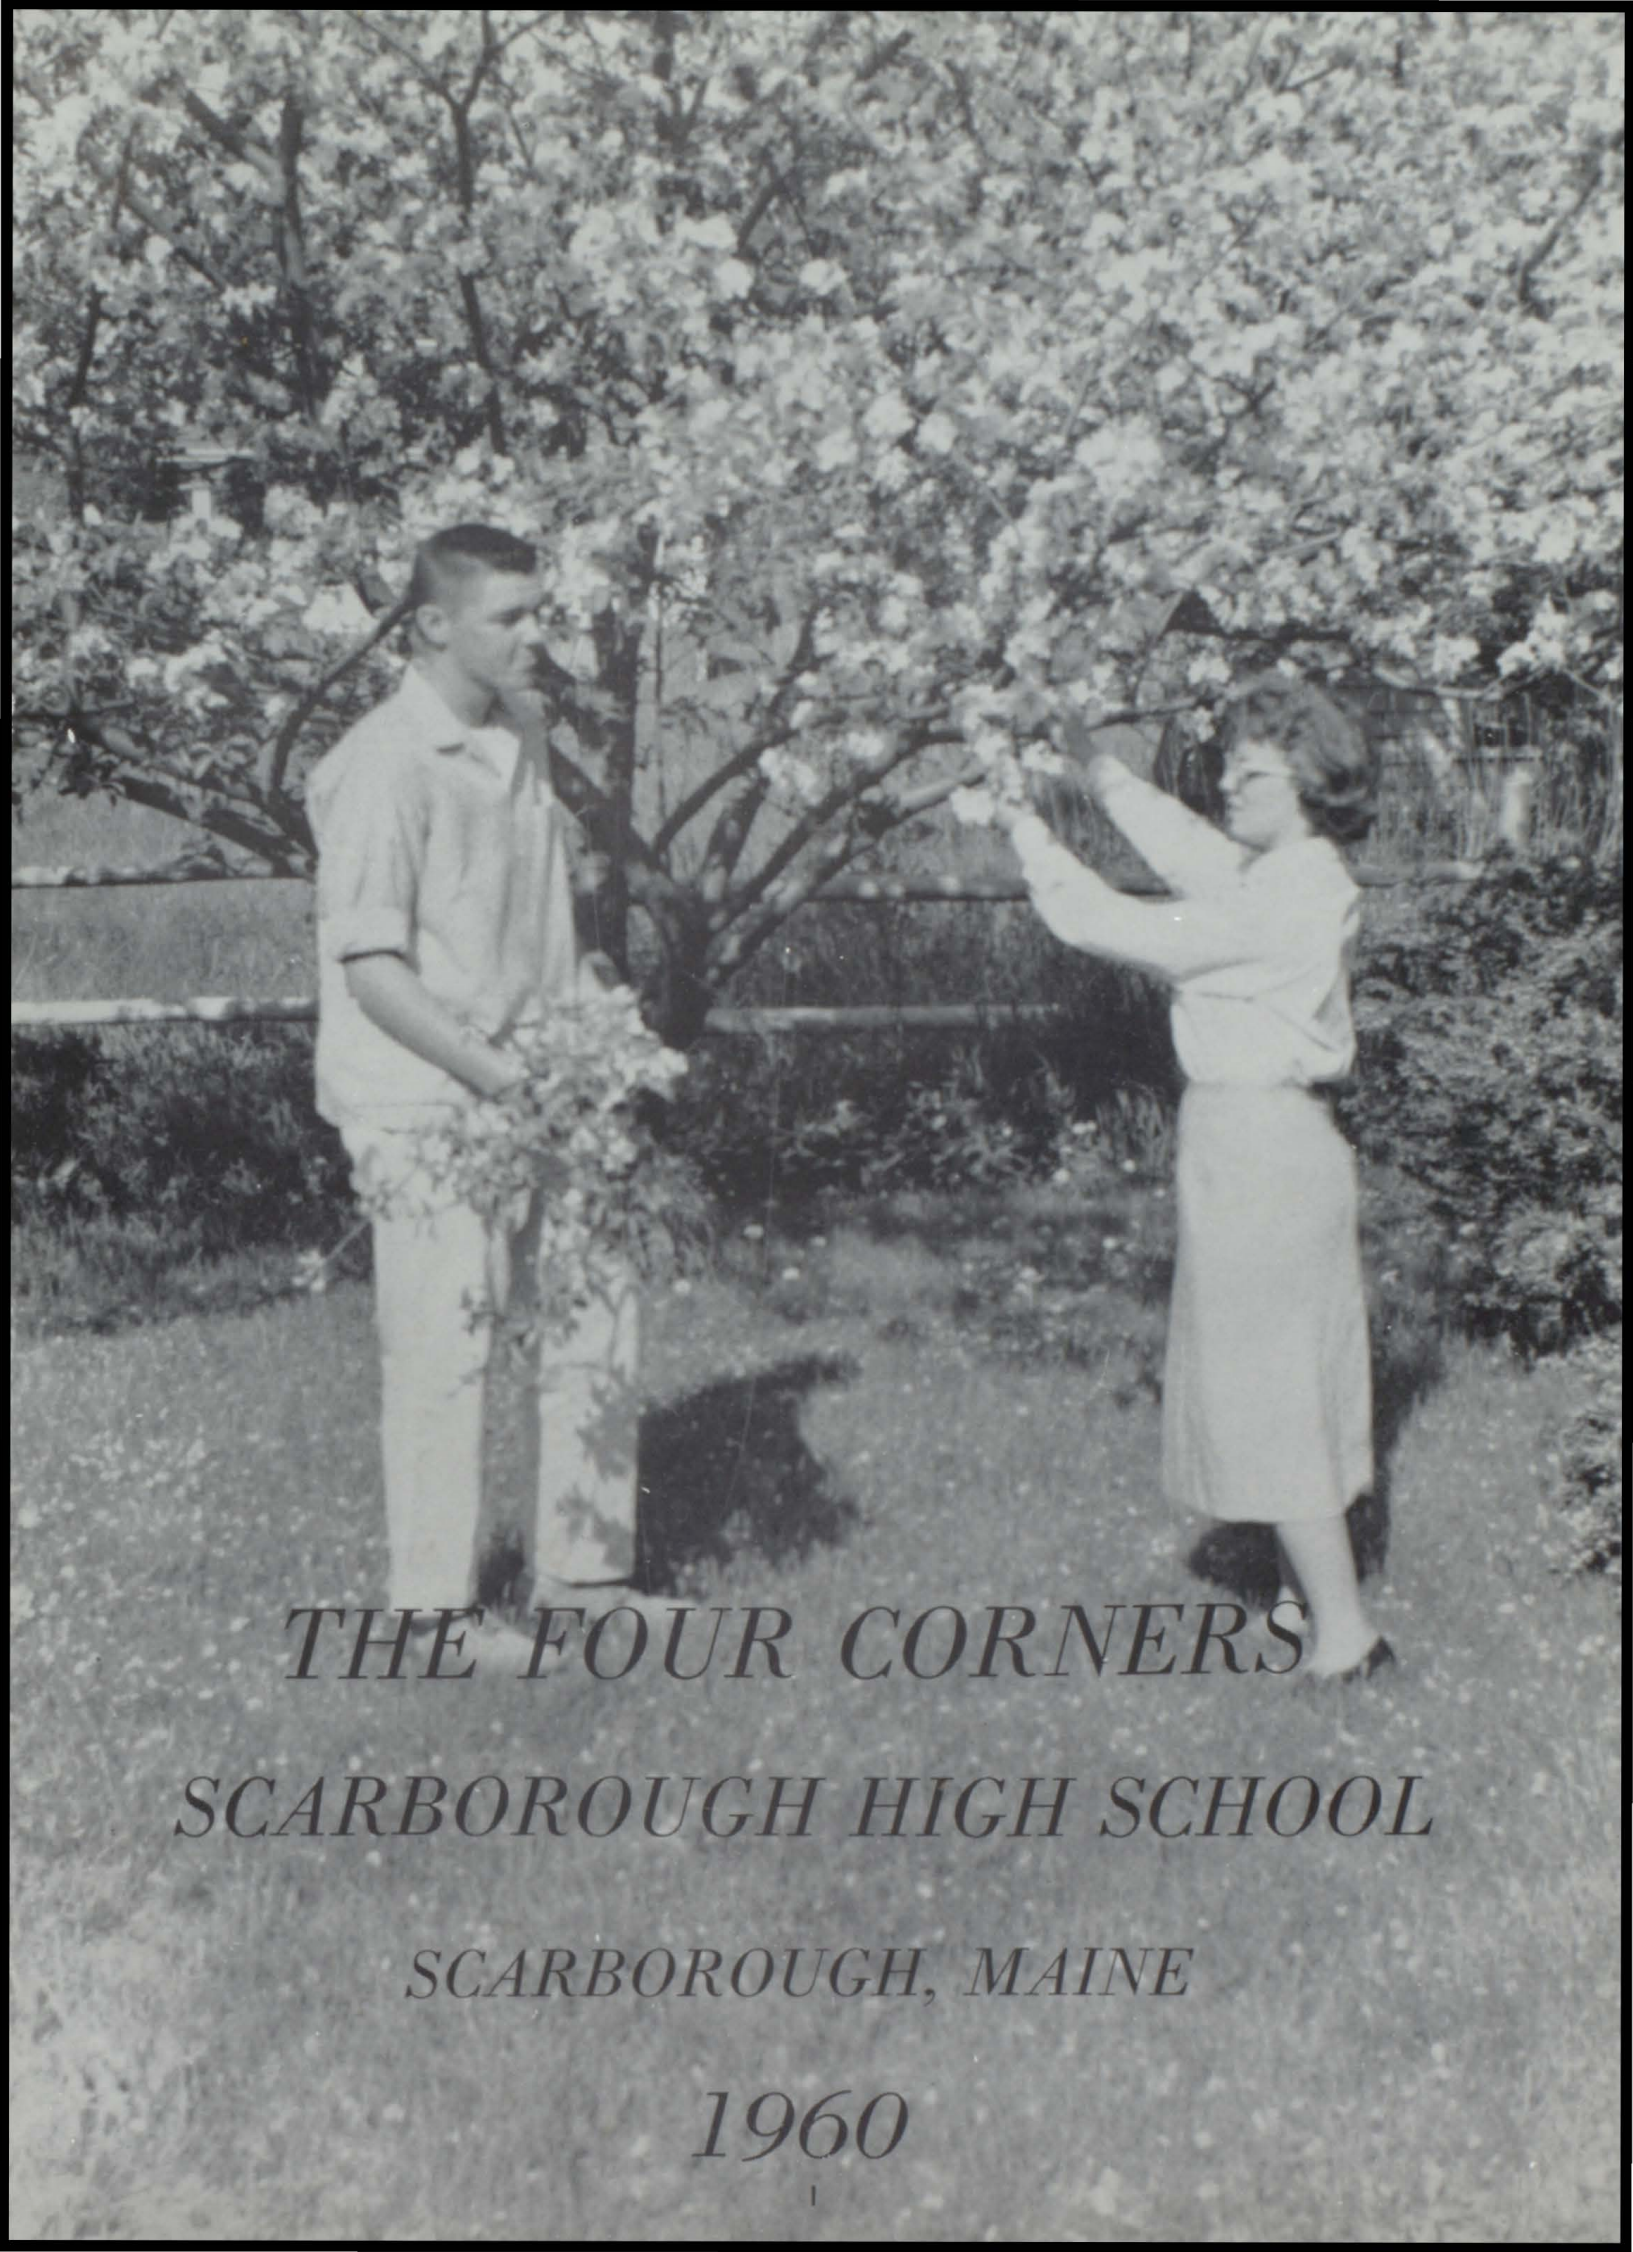
"From the end spring new beginnings."

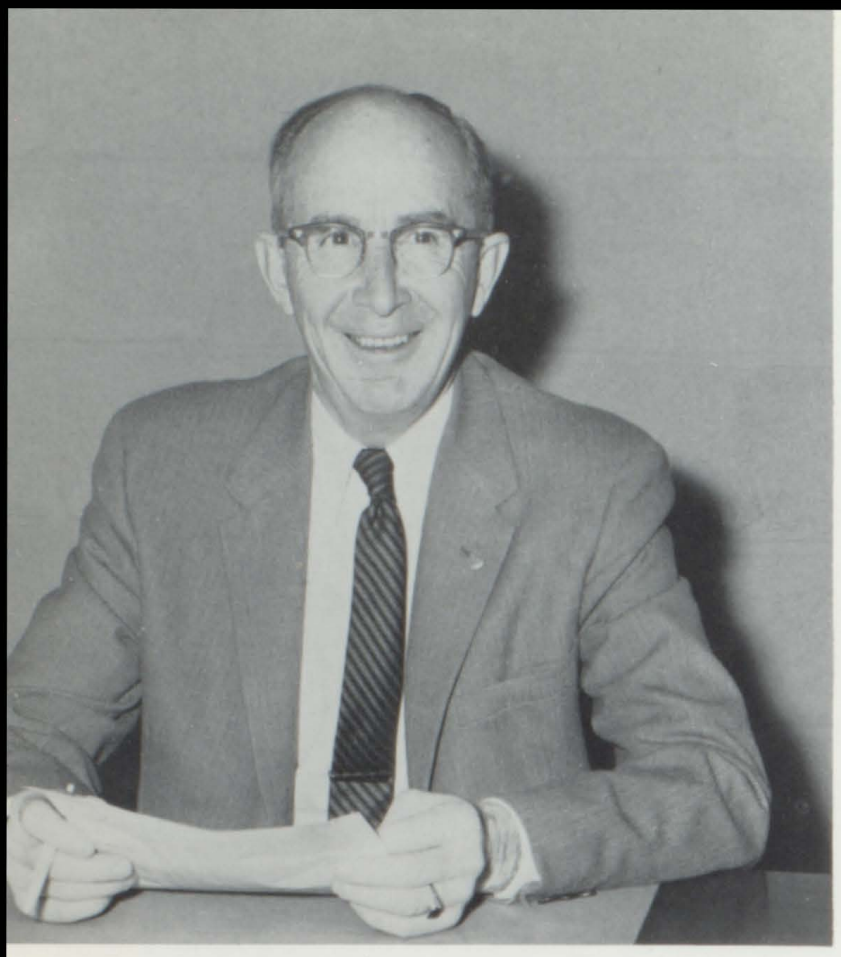


THE FOUR CORNERS

SCARBOROUGH HIGH SCHOOL

SCARBOROUGH, MAINE

1960



Your theme, "From the end spring new beginnings," is a most appropriate one. It is my sincere hope that, for each and everyone of you, graduation will make you aware that you have merely reached a plateau from which you can begin to see life in its true perspective. You must realize the necessity of further training and education that you may contribute to this complex society of ours in a measure commensurate with your talents and abilities.

MILTON W. KNOWLEN

"From the end spring new beginnings" these words express the theme of the 1960 *FOUR CORNERS*. Since time itself was born, each end has marked the beginning of something new: day follows night; season trips after season; freshman math becomes senior trig.; one school activity replaces another. As the apple blossoms on our title page one day will offer succulent fruit so too the tiny sapling nurtured by underclassmen will grow to be a strong tree: the frightened freshman will become a confident senior.

Often the transition from end to beginning has been almost inperceptible to us, but this year, the beginning of a new decade, is different for seniors. The year 1960 provides for us not only the end of high school days but also the beginning of such new experiences as college, jobs, or military service. For underclassmen each year's end brings closer their long-anticipated goal—graduation.

Here, in this panorama of high school life are recorded the successes and defeats, the joys and trials, the ends and their subsequent beginnings of life at Scarborough High School. Enjoy each page! We of the staff hope this edition of *THE FOUR CORNERS* will show how much we appreciate high school life and how each end opens the door to a new and richer beginning.

THOSE WHO HELP US PAGES 1—12

This section stars the people who make our school possible. Here are our Principal, School Board, and Faculty. Without the constant help and attention of these people our days at SHS would not be so happy.

US PAGES 13—34

Here you see who we are and what we are like. Each of the 350 students is a unique person in himself and each has his own contribution to make toward school life. Seniors, who have reached the final milestone, and underclassmen, who look up to seniors, are here.

WHAT WE DO PAGES 36—67

Study, extracurricula, sports—all may be seen here. We work and we play with amazing energy. We are to be found in many places. Among our friends in quiet study halls or in the midst of a wildly cheering basketball audience—these are only a few of the many places you will find us.

WHO SUPPORTS US PAGES 68—118

SHS has much backing from its students and from the townspeople. Alumni, subscribers, and advertisers—all who have made our book possible are here. Alumni have shown us by good example; subscribers have purchased our book; and advertisers have paid the bills. Fudge sales by the Boosters' Club are only one of the many activities carried on for our benefit.

"But God has a few of us whom
He whispers in the ear;
The rest may reason and welcome
'Tis we musicians know."

With deep respect and admiration
the class of "60" dedicates this
issue of *THE FOUR CORNERS* to
DONALD S. DOANE

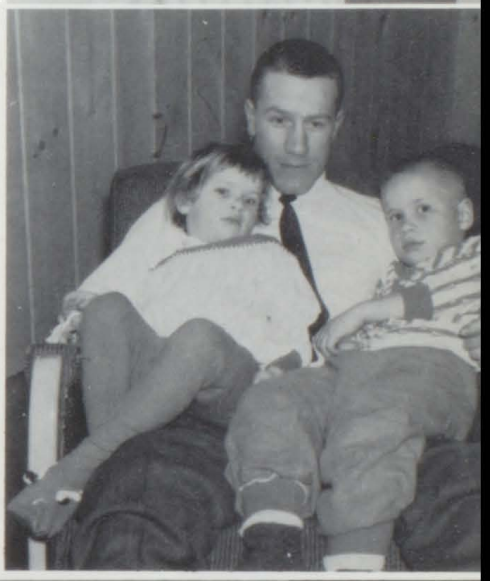
To Donald Doane the senior class dedicates the 1960 yearbook. As a class, the highest honor seniors can bestow is to dedicate their yearbook to some person who is close to their hearts. To us Mr. Doane is just that. When in 1956 we entered Scarborough High, as frightened little freshmen, we found that Mr. Doane was new too, but he seemed not a bit frightened. He went right to work with Scarborough's music department, which is now one of the finest in the State. He began with us, and he will direct our graduation march. Our class may leave him through graduation, but he will never leave our hearts; for all the fine things he has done for us we cannot thank him enough.

As well as being music supervisor for the entire town, Mr. Doane has an impressive schedule of music activities at the high school. In snappy red uniforms our band achieved a rating of "superior" at the Western Maine Music Festival. "Excellent" was the rating of S.H.S.'s all-girl a cappella choir, attired in snowy white robes. Boys' and girls' Glee Clubs improve weekly, and Mr. Doane supervises the music for all school activities.

His ready grin and thoughtful ways have endeared him to us also. Laughter, happiness, and music are all synonymous for anyone who has ever worked under this director.

There is another Mr. Doane, however, the Mr. Doane that we are rarely privileged to see, for he is a family man as well as a fine teacher. Pictured on this page are some of the activities with which he fills his after school hours. Mr. Doane loves music and fills his house with the sound of it from the phonograph as soon as he reaches home. He works with wood too and can be found giving the final touches to his basement playroom. To his three children he sings a bedtime song and then helps them say their prayers. Mr. Doane enjoys sports and likes to practice basketball. Music is always with him; he practices for the day to come.

We seniors can only say "thanks." The beginning we face is made bright with the memory of song, and the sound of your music still rings in our ears.



Left to right: Mr. Vose, Dr. Capron, Mr. Leary, Mr. Stanford, Mrs. Clark, Mr. Lunt, Mrs. Davenport.

A MESSAGE TO THE GRADUATING CLASS OF SCARBOROUGH HIGH SCHOOL

It is most difficult to tell any graduating class just what is ahead, and how successfully whatever it is will be dealt with. One of the reasons for this difficulty is the rapid change taking place in our technology, our geography, our political structure, and because of this, our society.

This graduating class of Scarborough High School has worked and played together for some years, thirteen years for many, and fewer for others who have joined the class subsequent to the fall of 1947. Within broad limits, this class has met common problems, shared common successes and defeats, and has constantly progressed towards a common goal. If this class has gained anything of lasting value in the process, it must be evident as the sum of the qualities of the individual students. Aside from the basic communication skills which make a satisfactory life in modern business and society possible, each individual member must have acquired habits of thinking and judgment, together with a store of facts to use in the process.

These habits must rest in the individuals, more than in the group. This is because the class, as a group, will cease to exist after graduation. Efforts are always made to continue the group through alumni organizations, and these are most constructive and satisfying upon occasion, but lack the day to day association of bygone days which give continuity.

Members of this graduating class must be prepared to take their places in new groupings, often several such groups at the same time. Vocational associations, church, civic, and social organizations are but a few of the avenues which will be open. You will improve or injure these new groups, depending upon the resources and attitudes you take to them. If you retain and develop your sense of individual responsibility instead of just going along with the crowd, if you seek for yourselves and your associates that which you believe to be right instead of that which may at the moment be popular, you will find that you are carrying your share of the responsibilities of adult life. You will be creditable to your families, your town, and to Scarborough High School.

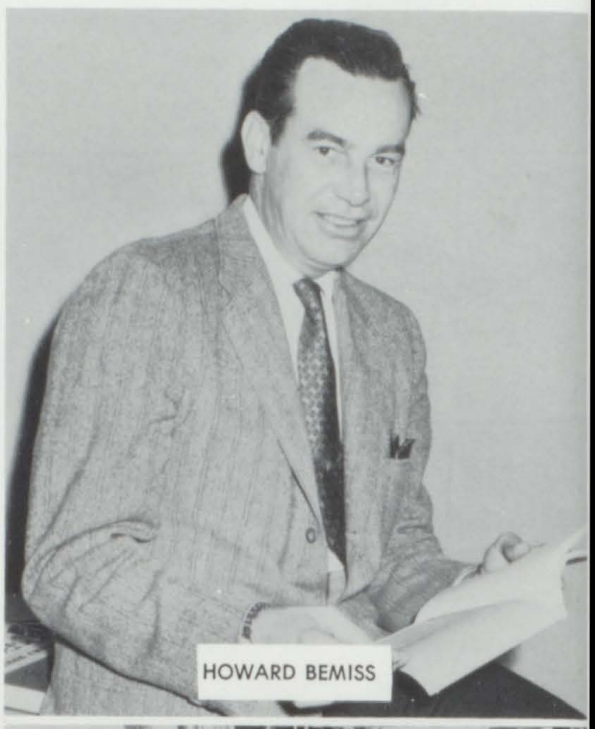
FACULTY

a new way of teaching

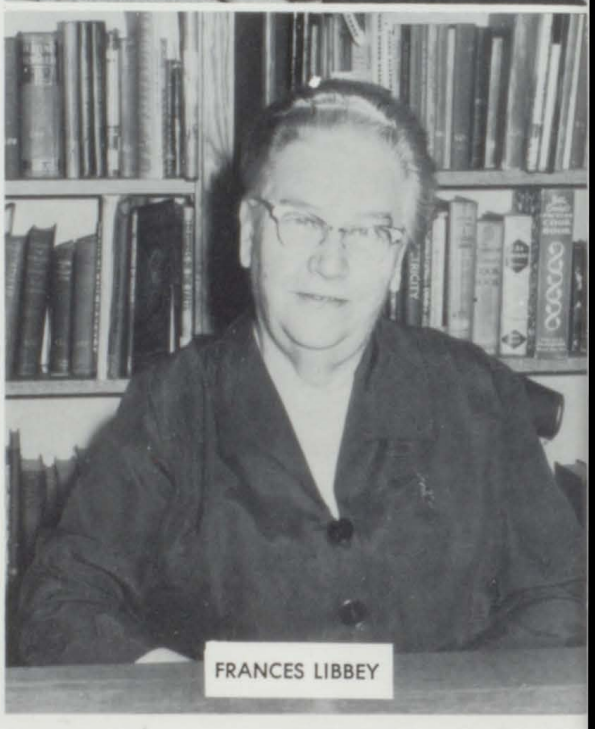
NATHLIE HEYWOOD

Mrs. Heywood is noted for the cheerful hominess of her room. Her windowsills are clustered with brilliant flowers, and her bulletin board always has scenic pictures of the current topic of her World Geography or English class. Mrs. Heywood is a graduate of Bates and the University of Maine. Her interest in sewing is apparent from her original outfits. Everyone will remember Mrs. Heywood's constant help and enthusiasm in the One-Act plays.



HOWARD BEMISS

Mr. Bemiss is one of the new members of our faculty. He has made himself a place in the hearts of all by his warm congeniality. "Dear child," is his fatherly expression as he gives counsel to some undecided student. Mr. Bemiss graduated from Boston University and received his M.A. degree from the University of Maine. He is a busy man around school, but he still finds time to enjoy his hobbies of fishing and woodworking. Having a Guidance Director is a new experience for us, but one we all appreciate.



FRANCES LIBBEY

". . . And incidentally," adds Mrs. Libbey as she tells one of her famous sidelights of history to classes, which vary from Latin I and II to World and American History. This Bates graduate has a multitude of interests, which range from African Violet growing to the studying of battle tactics. Her favorite "haunt" is the library. She is active also in the Latin Club and the National Honor Society, but, above all, her sponsorship of the Confetti Ball has become a school tradition.

ROSSITER MARCOU

Mr. Rossiter Marcou, our teacher of chemistry and physics, has taught us a great deal more than science. Mr. Marcou has made us realize that "You only get what you pay for." A Colby college graduate, his hobbies include singing and hockey. Many of his spare moments are spent in logically organizing the chemical storeroom behind the lab. "Flash" Marcou played in the Faculty-varsity game, and we admired him for being a good sport.

"Label your ideas," says Miss Ferguson. When working as adviser with the harried Yearbook Staff, as our assistant sponsor of the F.T.A., or as a One-Act play coach, there is a constant need for this neatness. After graduating from S.H.S. and Boston University, she came back to Scarborough to teach English and Reading. In her spare moments, she enjoys gardening and reading. Never is she too busy with her personal work to listen to our never-ending problems. Yes, for Miss Ferguson, those spare moments are few.

ANNE FERGUSON

GEORGE RENWICK

Mr. Renwick, our teacher of French and English, brings to Scarborough a lively interest in language study. He attended the U. of M. and graduated from Harvard College. Through the efforts of Mr. Renwick we have gained respect for the importance of thorough language preparation, as he gained a profound respect for his "nearest paternal ancestor." Extra moments find him pursuing a favorite interest—music; we have even heard his clear, ringing tenor voice. Very good, Monsieur Renwick!

DONALD DOANE

Our music supervisor, Mr. Doane, is our unforgettable memory of S.H.S. He needs his fine sense of humor to work so patiently with the many aspiring musicians and songbirds. Those heart-to-heart talks and words of wisdom, which seemed almost unimportant at the time, will not be forgotten. While at Boston University, he was a basketball star and proves now to be quite a threat to the boys in the annual Faculty-Varsity game.

"Don't say you can't; at least try it," Miss Thorndike teacher of girls' phys. ed. and girls' health, often says. Included in her list of activities are girls' basketball, swimming, softball and field hockey; this winter she added trampoline club to her impressive schedule. Understandably, her hobbies are sports. Seniors will never forget the firm good humor of this teacher who offered friendship to those who would take it.

RENA THORNDIKE

Mr. Hallett, industrial arts teacher, does much behind-the-scenes work at SHS. As yearbook advisor he works many extra hours toward making *The Four Corners* a profitable enterprise, and as athletic director he has many and varied duties. Educated at Gorham State Teachers' College and U. of M., Mr. Hallett has taken summer courses at Carnegie Technical Institute and Rutgers. Electronics, stamp collecting and photography are a few of his outside of school activities.

GERALD HALLETT

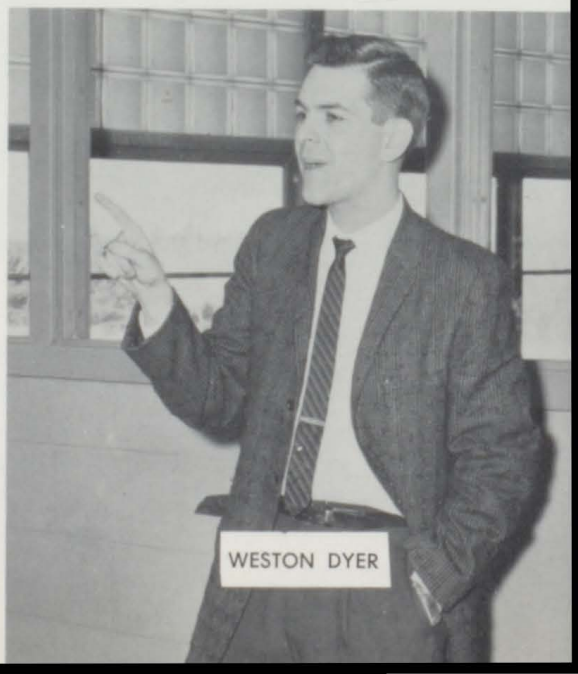
PETER PANAGAKOS

Mr. Panagakos comes to SHS with a varied background. He attended the Universities of Maine, Heidelburg, Athens, and Weisbaden and is now teaching English, World History, and P.D.P.'S. An interest in skiing has also prompted him to start a ski club; he is also advisor for the safety council. We have enjoyed the slides of his years in foreign teaching and his comments such as "How plebian." When we saw him skiing in sunny Switzerland, we were green with envy.

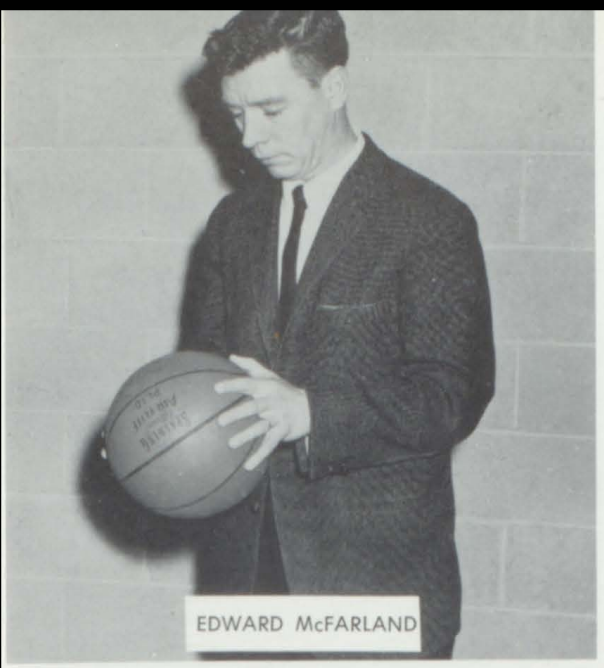
LENORA McMACKIN

Mrs. McMackin sets a shining example as a homemaker for her girls in home economics. She furthered her education at Farmington Teachers College and has done graduate work at the U. of M. The F.H.A., which she sponsors, is one of the largest and most active clubs in the school. She enjoys all phases of homemaking, especially creative work in handcrafts. Home experience projects and home visits by Mrs. McMackin play a valuable part in the preparation for our important jobs as homemakers.

"What's your point?" Weston Dyer, civics and world geography teacher, often asks students. This U. of M. graduate has spent his first year of teaching at Scarborough. The coach of debate and a one act play, his hobbies include music and the theater. He is an expert at starting fires in wood stoves and proved this at senior picnic when he lit the fire and kept it going so that seniors could cook corn. Mr. Dyer (who almost fell off Santa's knee at Christmas Assembly) is well-liked at SHS.



WESTON DYER



EDWARD McFARLAND

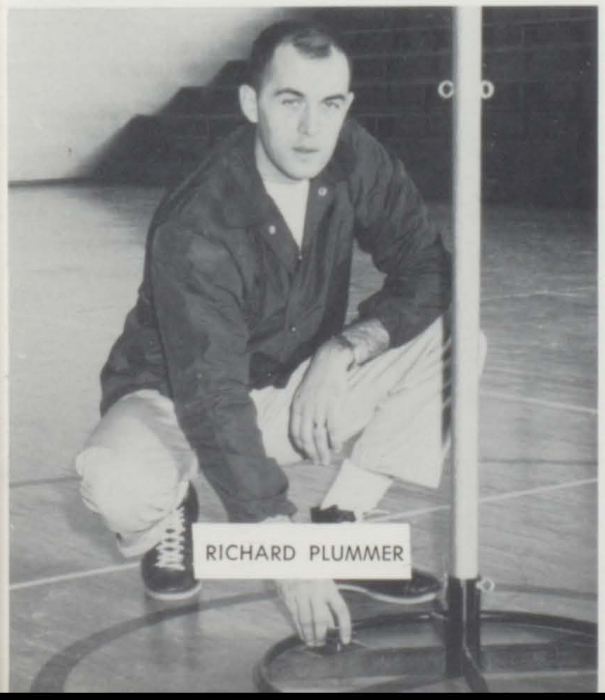
As head coach of basketball, baseball, and soccer, Mr. McFarland finds that promoting and maintaining an above average sports program is not an easy task. It takes every available minute of every day. This Bowdoin graduate also teaches American History and P.D.P.'s: We cannot forget his speeches, or the grin that means a mutual joke or understanding. We realize that our "Packy" has always meant what he has said. We shall always respect this quality.

DWIGHT LIBBY

Mr. Libby is our biology and general science teacher. He furnishes the underclassmen with a good basic scientific knowledge. Mr. Libby attended Bowdoin College, Bates Summer School, and U. of M. Extension Courses. His hobbies include woodworking, gardening, and fishing. He is sponsor of the Bowling Club and Student Council and business advisor for the yearbook. Most of all, we appreciate the enthusiasm he puts into our "We gotta win tonight" cheer, thanks, Mr. Libby.

MARGUERITE LARY

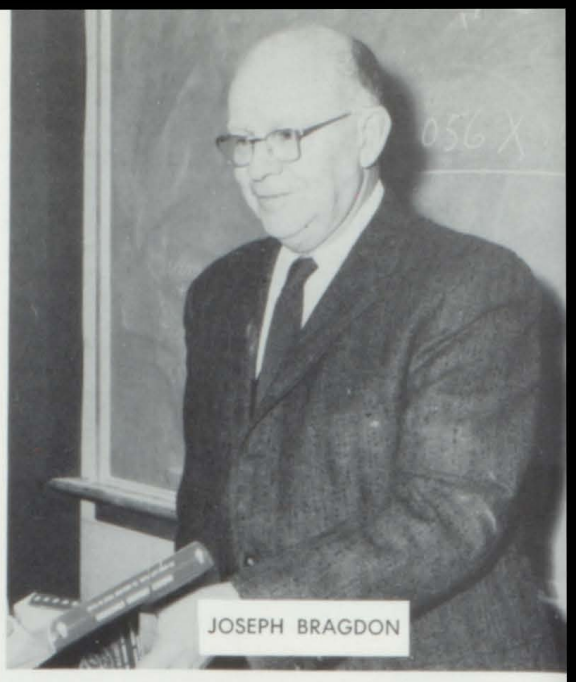
"Previews of coming attractions—" says Mrs. Lary as she distributes another eleven-page assignment sheet. There is never a spare moment for this busy woman. Besides her English and Algebra classes, her activities include dramatics, Future Teachers of America, College Club, periscope, and graduation. Mrs. Lary attended Colby, Barnard, and Columbia Teachers' College, with added courses at Breadloaf English School. Her favorite interest is children, which is evident from her motherly concern for her students.



RICHARD PLUMMER

Mr. Plummer, our assistant coach of basketba. baseball, and soccer, graduated from U. of M. before coming to Scarborough. We find him as the "would be medic" of boys' health and the stern but friendly "master" of boys' physical education. We have begun to realize that his rigid standards of discipline are necessary and that they have helped us to grow up—The man who always reminded us to "take out the gum" has been a friend indeed.

"Have a cracker," offers Mr. Bragdon, who is always feeding his hungry students. Mr. Bragdon teaches algebra, geometry, trigonometry, and driver education. He received his education at Gorham State Teachers' College, Fitchburg Teachers' College, where he received his bachelor's degree, Northeastern, and the U. of M., where he received his master's degree. Though his profession is mathematics, he also enjoys fishing and gardening. "Now, dear," he warns when an over-enthusiastic driver ed student gives the Chevy too much gas. Mr. Bragdon is a friend to all.



JOSEPH BRAGDON

DWIGHT HOWARD

Mr. Howard, a Colby graduate, has a lengthy list of courses: Algebra I, general math, senior math, bookkeeping, junior business, and senior science. He is also the advisor for the projection staff, swimming, and track. His reminder, "You can't add apples and lemons," is a sample of one of his well-known methods of putting a point across. When the tape recorder won't record or when the record player won't play, Mr. Howard becomes our ready "minuteman."

AMY WILLMAN

Miss Willman has added a spark to our Commercial Department. This lively lady has taken over the Commercial Club as well as being school bookkeeper and commercial teacher. In her spare time, she enjoys reading and knitting. A graduate of SHS, Miss Willman attended the Maine School of Commerce and took summer courses at Boston University, Husson and the University of Maine. Speed and accuracy of the business world are typified by Miss Willman.

These are our teachers. For four years seniors have observed them in their many good moments and in their few bad ones. To us they represent successful professional people, who are doing an important job—instructing America's youth. Our teachers have done more than just teach square root or transitive verbs to us; they have shown us the right way to live by example. Even more teachers have been our friends. Anyone who has every played under the guidance of Coaches Thorndike, McFarland, or Plummer has learned good sportsmanship as well as the game. Miss Ferguson, Mr. Hallett, Miss Willman, and Mr. Libby have helped us immensely on our yearbook. Honors for most musical of our faculty go to Mr. Doane, Mr. Renwick, and Mr. Marcou. For those of us who have had the privilege of working under the fine direction of Mrs. Lary, Mrs. Heywood, or Mr. Dyer dramatic presentations were fun. Never too busy to give us a helping hand in any project were Mrs. Libbey, Mrs. McMackin, Mr. Bragdon, Mr. Panagakos, and Mr. Howard. Yes, we have been privileged to have many fine teachers during our years at SHS. They have helped us to grow and have made us more aware of the wonderful world into which we are about to step.

Senior Favorites

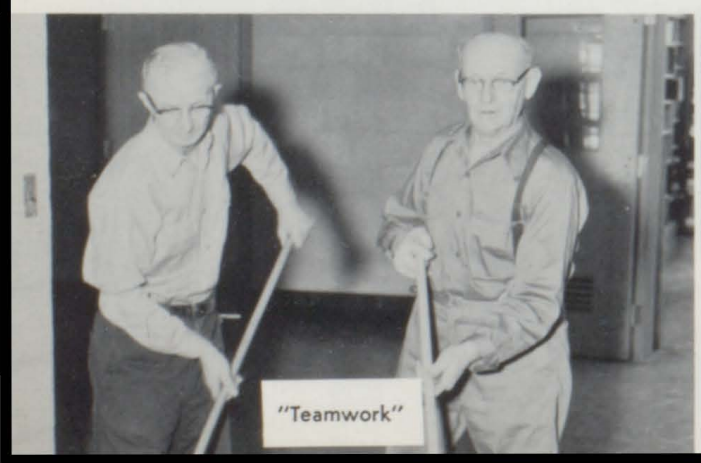
The senior year is a wonderful one filled with both good times and hard work. Being class officers is a big responsibility, and the class of '60 chose theirs wisely. With Ed as president and the three Coulthards: Jean, Jill, and Bob to support him, class business ran smoothly. Class and school activities were well-publicized. Few of us ever missed Debby and Gloria on WLOB Saturday mornings when they gave "all the news from the reservation," and everyone read Teen-Age Express'd too, where Mary represented SHS.

Always favorites with all students were the cheerful cafeteria ladies and helpful janitors. Lunch time is always one of the favorite times of day at SHS, and the ladies who did so much work to make our meals pleasant, were much-appreciated. Thanks for the friendly smiles and good food! Herbie and Harry were always our "true friends." They cheerfully unlocked doors for us and uncomplainingly repaired the destruction caused by 350 sloppy students. We appreciated it, boys!

Seniors liked school, and though "I just can't wait for graduation day to come" may be an almost universal cry, seniors have loved every minute of life at SHS. During the last year of high school, students have acquired their own special set of memories. Senior picnic was fun, and "Meet Me in St. Louis" is number one on our hit parade. The rainy day we went out for ads is memorable; it is yet a mystery how Glenn managed to completely lose two of his group. The yearbook staff will never forget the hours spent by the green file and tapping typewriter keys. Our trip to "For Teen-Agers Only" was fun, and how proud we were of John, our king teenager. That February day when Deb and Jill helped measure us for those long-anticipated caps and gowns was a milestone not easily forgotten.

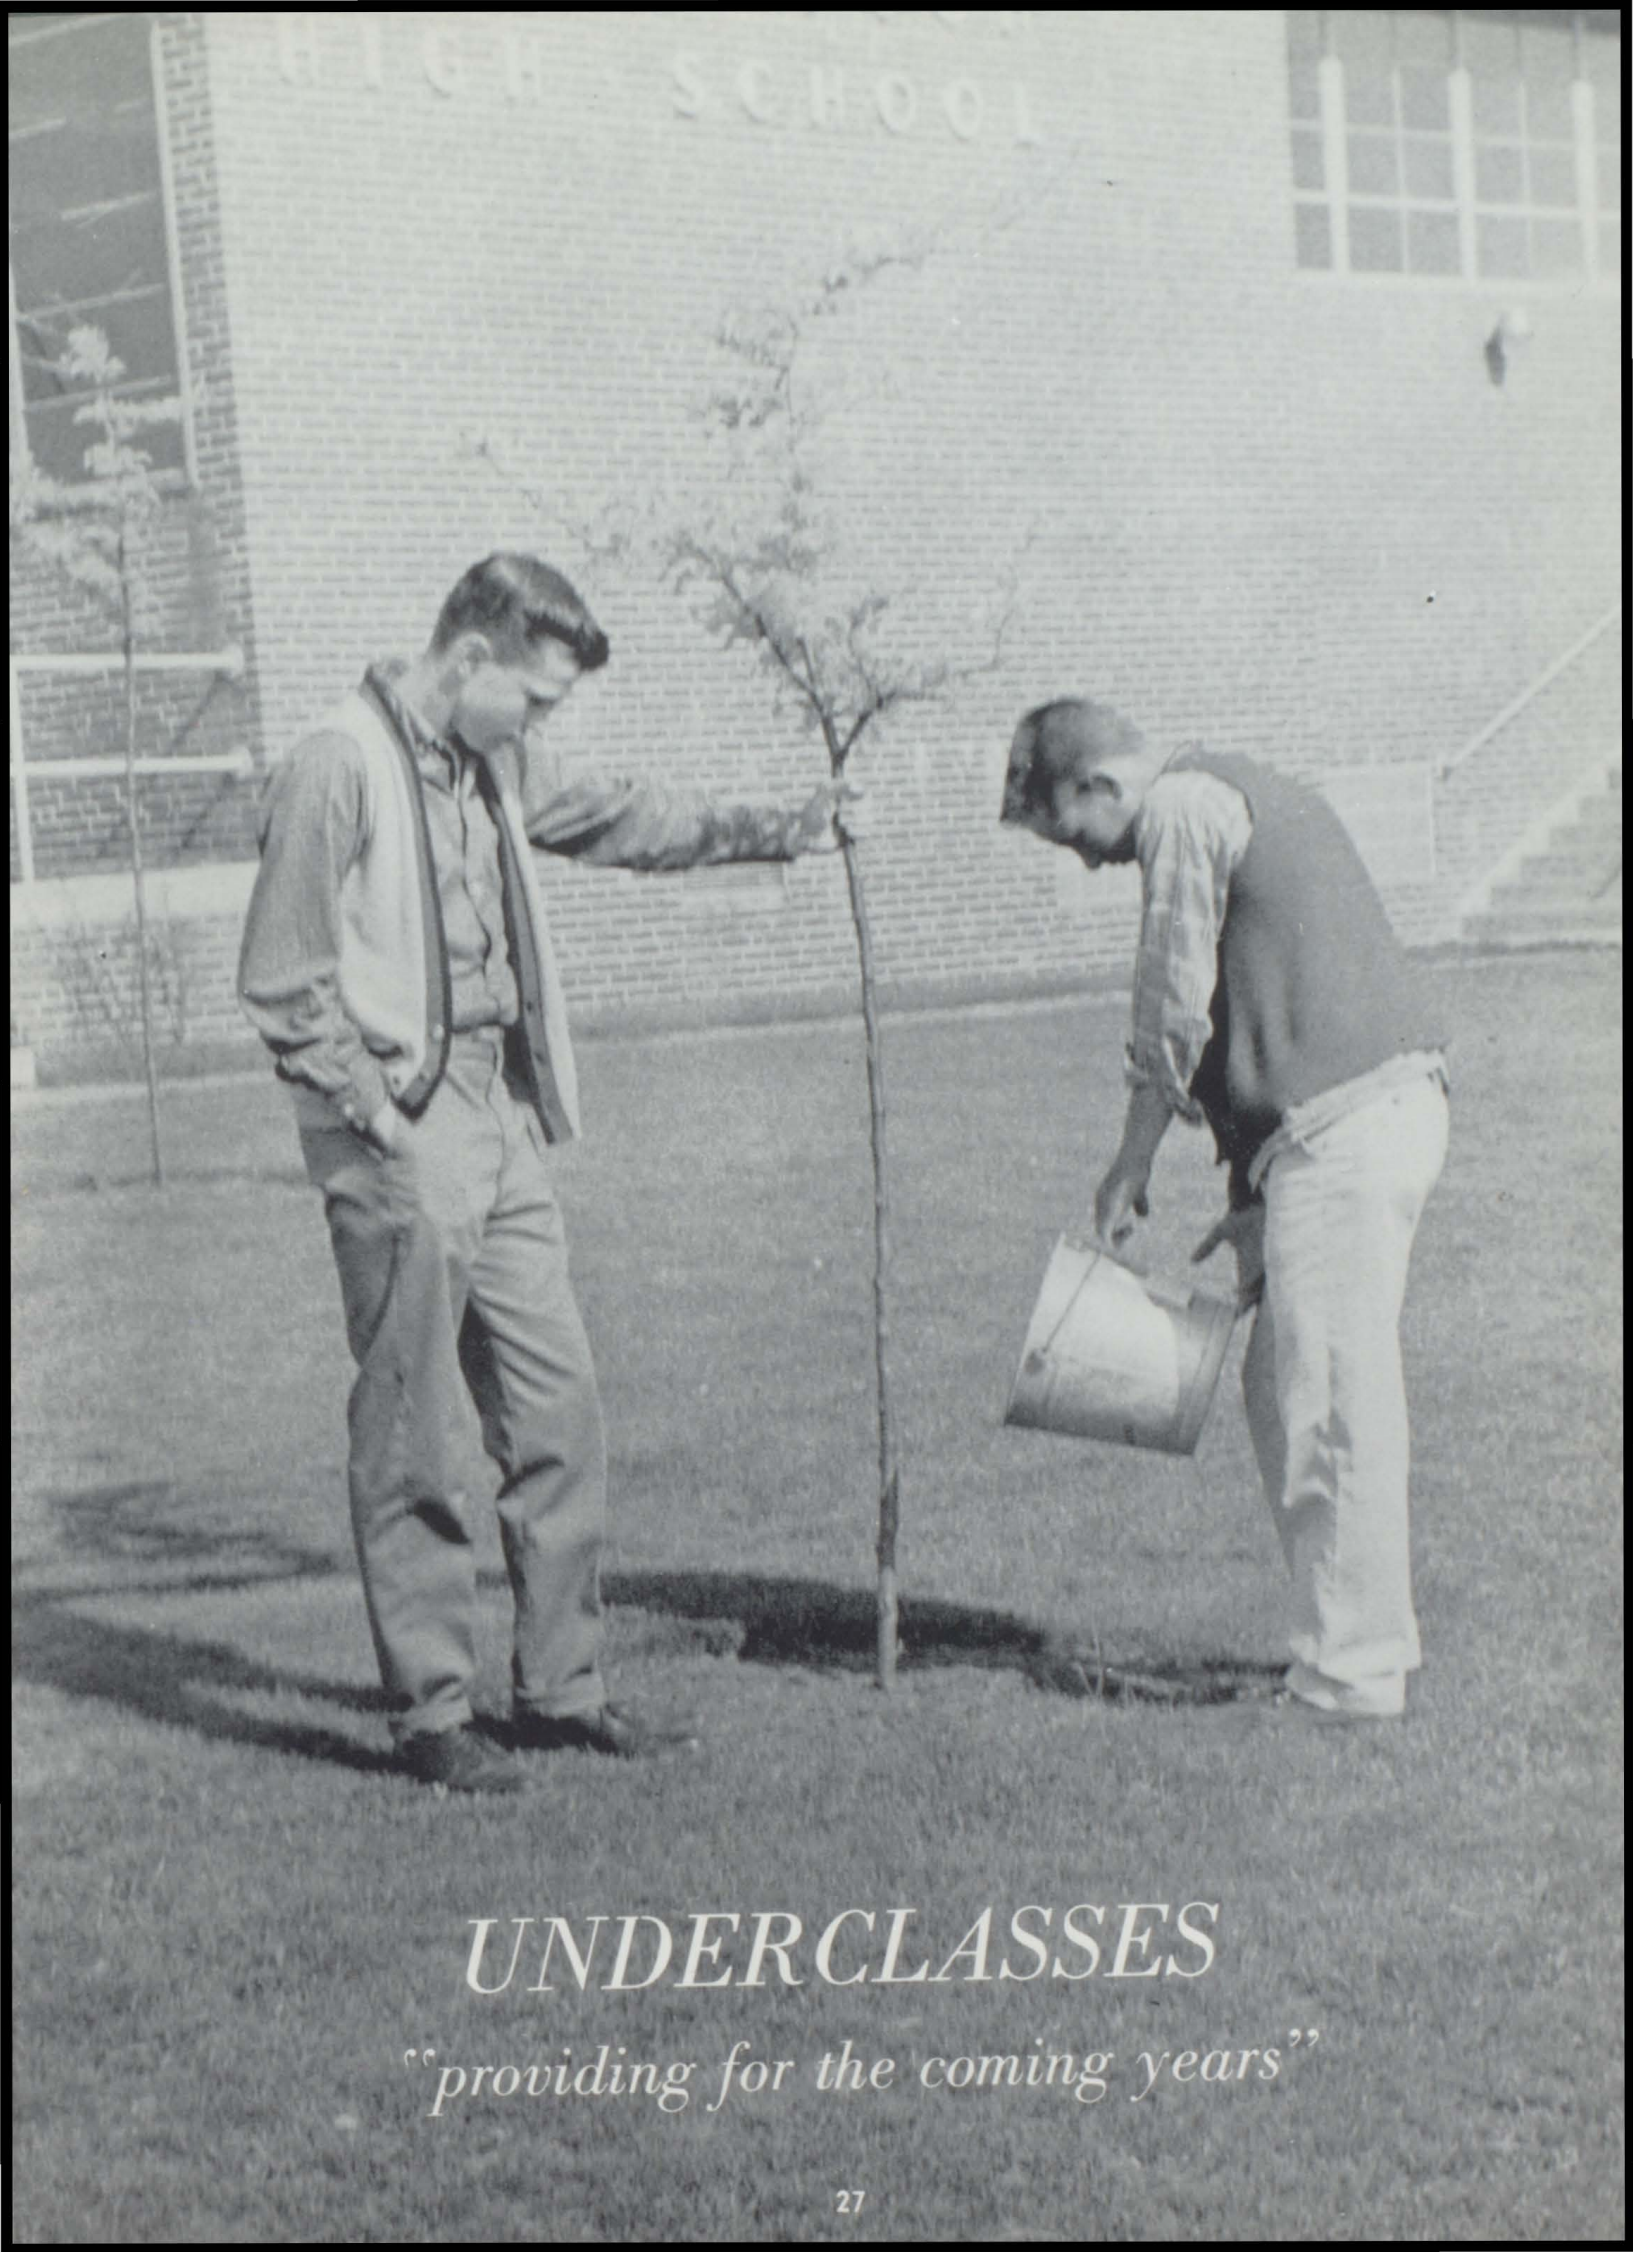
The pungent odors of chemicals in the lab and efforts to eat what you cooked in home ec., were memorable, too. We struggled through the slide rule and made the most complicated gadgets in shop class. Studies, plays, sports, clubs—each received a large share of senior energy and support. SHS is our favorite school and in it reign our favorite teachers. Though we may have sometimes balked at tradition we are all for the Redskins and all that tradition stands for:

"No banner, how 'ere cherished
Gleams forth with clearer light
Than the banner of old Scarborough
With its dear old red and white!"



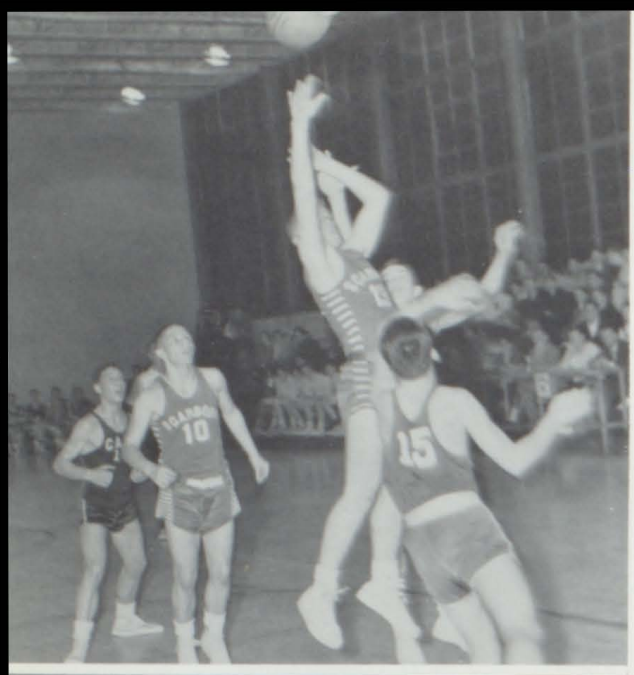
"Teamwork"

"Will the accounts balance?"



UNDERCLASSES

"providing for the coming years"



This year has proved one of the most exciting, successful, and hectic years at our beloved Alma Mater. Among our most successful classmates is Anna Owens, who captured for us the state championship in the national "I Speak for Democracy" contest.

First let's look at athletics from the Junior point of view. Junior athletes react as follows: Forward, Bob Grant: "I think that our coming of age into Class L will be a great thing for SHS because for many years we have been able to just hold our own in the Triple C, and a change will affect us greatly. This change will be for the worse at first, but after our teams gain experience we will be able to rank among the top Class L teams." Leroy Smith: "There are quite a few good prospects coming up from the Junior High. I think we will do all right after we get started in Class L competition." Guard, Bill Connolly: "It will take a few years before we are very strong, but with our new uniforms to boost our morale we are going to be right up there with the other Class L schools." So much for athletics.

A tradition with every Junior class is planning for that trip to Washington with our adventuresome classmates. We corralled the boys into wearing frilly aprons and waiting on tables to raise money for our trip. With sufficient funds this goal will be attained.

One of the new sports introduced to us was the trampoline. We had so much fun on it in our physical educational classes that at our class picnic everyone had to try a few stunts. This picture carries out the theme of this yearbook: "From the end *spring* new beginnings."

We remember well the carefree days our our eighth grade year. What an abundance of free time! Now our classmates are following the example of their class officers, Roger Snow, Charles Frederick, Betty Jean Welch, and Robert Grant, in planning ahead for their futures. These are the busy days of studying college catalogues and arranging for interviews with the different directors of admissions. Juniors eagerly await "the new beginnings."

Sophomores are one of the peppiest and liveliest classes of Scarborough High. We are forever coming up with new plans. We planned Freshman Reception with the utmost care. This was presented by the class of '62 for the good sportsmanship shown by the freshman.

Our officers are the best and they are always thinking of new ideas for the class. Besides being officers, they are active in basketball and band.

Our new members are Eric, Carole and Charlene. They present the sophomores with colorful and original thoughts, which are always welcome.

Then there is studying, which is never laid aside by the industrious sophomore. Good ranks are one of the things in which sophomores are always trying to excel.

The second year of high school for the class of '62 will be remembered as a year full of energy and ideas.

There is always a helping hand.

Boy, these high school exams!

Ol' Yogie Bear stole the show.

Frosh look younger these days.

We as Freshmen found life at SHS full of surprises! The first major surprise was to find that the teachers whom we met on the first day of school were really just PEOPLE! Ordinary human beings with a sense of humor as well as a sense of values, understanding and helpfulness. They were willing to help in any way possible to make our high school experiences happy ones. We also discovered that high school life wasn't only a "dream bubble" filled with dances, basketball games, parties, clubs and proms—we had to buckle down and study for those quarterly exams! Then we remember Freshman Initiation! What a surprise that was ! ! ! ! ! We were doing everything from cartwheels in the corridor to making our acting debut that afternoon. For a select few the greatest thrill and surprise was to discover that our fellow students had enough confidence in us to select us as class officers. We also found it fun to learn! We never knew before that a plus seven could be subtracted from a minus ten, or that Ivanhoe was Cedric's son, or that family, religion, and recreation were in close association with citizenship. But as we continue at SHS our hope is to live up to the standard of those who have gone before us.

Officers work hard.

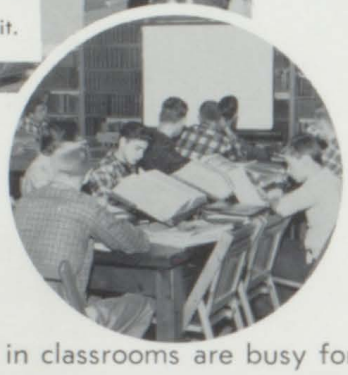
Tomorrow's citizens prepare today.

We love it from the first snowfall of winter.

Inter-Class Life

Years at Scarborough High are ones of co-operation between classes. Since SHS is still comparatively small, friendliness between upper and lower classmen is not only a possibility but a fact. From the fall to the winter and then on to spring, classes at SHS do many things together. The first snowfall (not enough to keep us home, but enough to make the building and grounds a powdered sugar wonderland) is memorable to all the student body. Since the school's primary reason for existence is educating students, we have our share of schoolwork. In the shop juniors and seniors are pictured learning how to use a new tool. Students of all classes share wide library tables. The library is a popular place for all of us. We study, do research papers, and watch films when the library is turned into a projection room by dark curtains.

Here's how you do it.



Concentration

Hours not spent in classrooms are busy for us too. We practice for various activities and plan for others. Every student has, at one time or another, helped to plan a dance. Decorating for the various social affairs takes up time but generally produces rewarding results. Balloons, flowers, paper streamers—all go to making the dances enjoyable for members of other classes. The frosh this year have proved to be peppy additions to the SHS student body, and they aren't so "little" as we thought. Fire drills are something that we all participate in, and the first ones of spring are refreshing breathers from classes. They herald the end of winter, the beginning of spring, and the approach of graduation for the seniors.

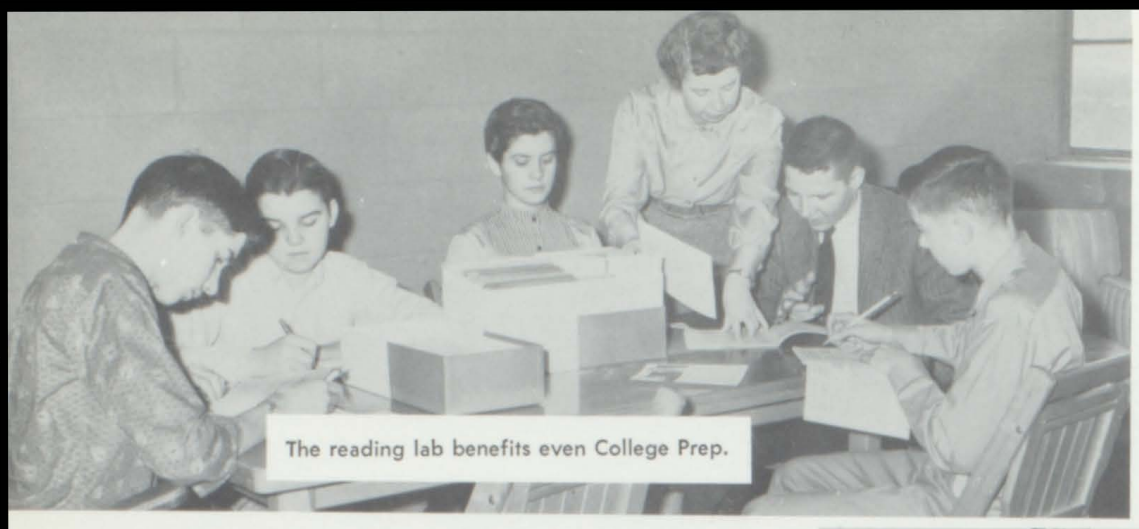
Higher!

"What was that about *little* freshmen, Sharon?"

. . . to the first fire drill of spring.

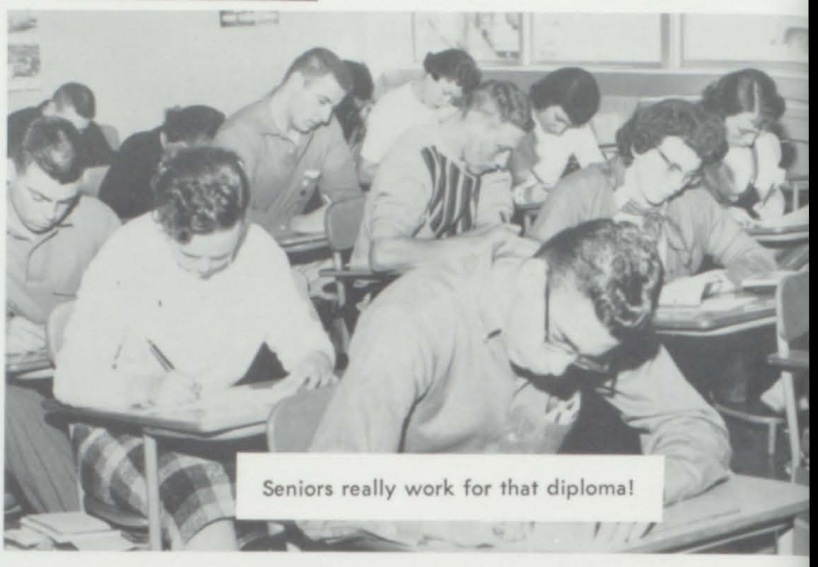
ACTIVITIES

filling our happy hours



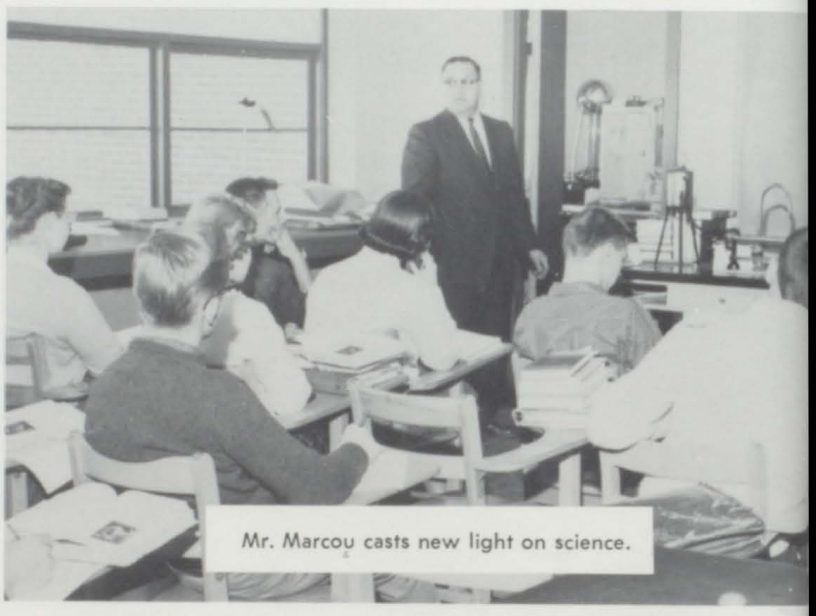
The reading lab benefits even College Prep.

Classes



Seniors really work for that diploma!

Our years at Scarborough High are busy with studies; a wide variety of courses is offered, and departments are brought up-to-date yearly. This year a reading lab was added to the curriculum with Miss Ferguson as director. From the very beginning it has been profitable to all participants. Tests are necessary, though not always enjoyable, in any course, whether it be English or math. Poise and confidence in public speaking are developed through reports and class discussions. General science, biology, physics, and chemistry are the science courses offered to SHS students, and, in these days when scientific subjects are so vital, we participate actively, and perform many scientific experiments in our modern, well-equipped lab. Latin and French not only teach the language of a foreign country, but also help us understand the culture and customs of other peoples, both ancient and modern. Physical education is always important, and boys' and girls' programs have active agendas. From building intricate pyramids to playing volleyball, phys. ed. periods are busy times.



Mr. Marcou casts new light on science.

Phys. Ed. students engage in many activities to promote physical fitness.

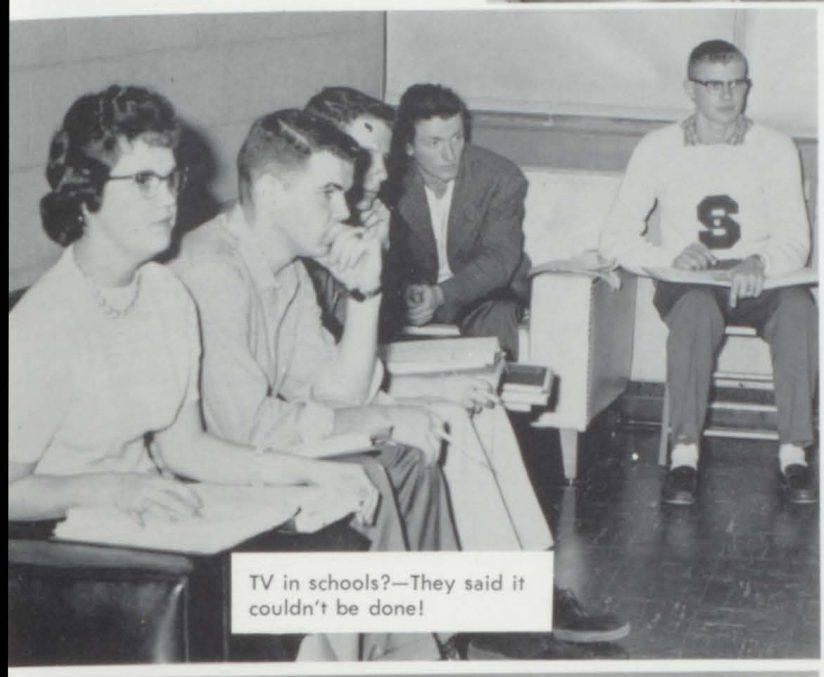
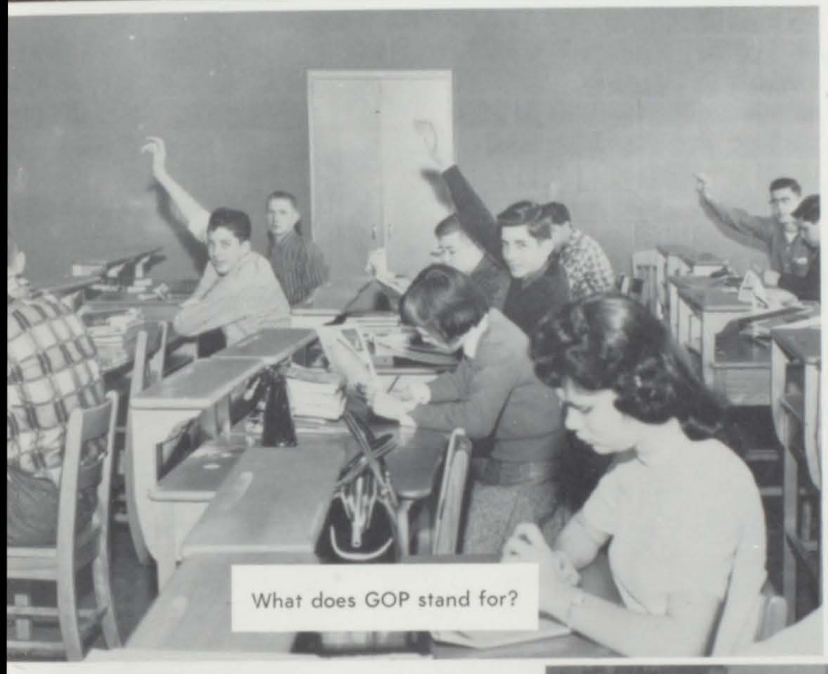
Is the oven at 350 degrees yet?



TV in schools?—They said it couldn't be done!



What does GOP stand for?

Home economics provides girls with a good basic knowledge of homemaking through such activities as cooking, sewing, and home improvement. In these courses girls learn the ways to gracious living. Something new was added to SHS's curricula this fall—two TV courses; one in science and one in math are offered to juniors and seniors who qualify intellectually. Civics, a required course, trains students to think for themselves in lecture classes during which government, home, and school are discussed. In the modern shop Mr. Hallett directs interested boys in woodworking and constructing electrical and mechanical objects. Shop prepares boys adequately for their vocations. School is wonderful, and through the required courses and electives students learn about the world around them and build for the future. This is how we spend the hours from 8:30 to 2:15, but we do not always go home after classes are over. These, the best years of our lives, are filled with extra experiments in the lab, sports' practices, and activity meetings. We don't waste a minute during our busy days; we are always on the go!

How nearly done is your project?

The Junior College Club gives Juniors invaluable knowledge of the fine points of English grammar and usage; also, they improve study techniques that will help them constantly in their future years at college. This club, under the expert guidance of Mrs. Lary, is one that is designed for educational development other than pleasure.

Junior College Club and Latin Club

Under the guidance of Mrs. Libbey, the Latin Club is growing each year. The initiations of new members held in the spring is one of the loveliest ceremonies of the year. Members learn to understand the culture of ancient Rome, as well as its language. They are now one of the eighteen members of the national chapter. In the student body of three hundred and fifty there are sixty-six Latin Club members who have found Latin is not a dead language.

National Honor Society

Members of the National Honor Society have, during their years of high school, excelled in Scholarship, Leadership, Character, and Service. Since only fifteen per cent of a class is selected, it is a great honor to belong. Last spring Mr. Knowlen and the faculty chose ten per cent of the class of 1960 for membership, and in the mid-term of their Senior year the additional five per cent are chosen.

Student Council

Each year the student body elects representatives from each homeroom to serve on the Student Council. Under the guidance of Mr. Libby, this governing body meets weekly to discuss problems that arise and approve of dates for activities. This year members have taken on the new duty of monitoring in the corridors between classes. The aims of the council are to initiate programs beneficial to the school and create better understanding between the teachers and student body.

Members of the council are: Seniors: President C. Skillings, Treasurer G. Dinsmore, J. Coulthard, J. Coulthard, S. Nickerson; Juniors: R. Snow Vice President, P. Grant, R. Grant, Secretary A. Owens; Sophomores; R. Grant, D. Mitchell, D. Rowe; Freshmen: C. Capron, N. Hicks, B. Turner.

Future Homemakers of America

The Future Homemakers of America is a club designed to give the members a better understanding of the home and its arts, as cooking, sewing, and gracious living. The girls develop these skills under the expert guidance of Mrs. McMackin. They gain poise and grace through the many social functions put on by this active club. Very often during the year, the members are seen coming to school dressed in their Sunday best and walking just a little straighter, and everyone knows there must be a tea in the home economics room after school.

The annual Christmas Party, put on by the Future Homemakers of America is always a big thrill for the little pre-school children who receive gifts and of course good things to eat. Sometimes, we wonder whether the older girls enjoy it more than the younger ones do.

The way to a man's heart.

Don't burn it, Marcia.

Future Teachers of America

The FHB Heald chapter of the Future Teachers of America is one of the most active organizations at SHS. A comparatively young club, the group is in its third year. In October, shortly after the club was reorganized, an installation of officers was held, as pictured below. Conferring with Mrs. Lary about the ceremony are Glenn, treasurer; Anna, secretary; Mrs. Lary; Mary, president; Jill, vice-president; and John, historian. At the evening meeting to which parents and teachers were invited a new faculty member, Peter Panagakos, spoke on teaching in foreign countries and showed some slides illustrating his experiences there.

A new project of the group is to sponsor a scholarship for some worthy senior who plans to go into teaching. Toward this goal a lecture was sponsored in December. Theodore Johnson, a teacher at Portland High School, spoke on Robert P. Tristram Coffin and showed slides of Coffin's country. Tickets were managed by Sarah and Cathie, pictured selling them to Diane and Kippy. Since Mr. Johnson donated his time, the entire proceeds, $60, went toward the scholarship. Another money-raising activity is planned to augment the FTA Scholarship Fund.

Under the direction of Mrs. Lary, who sponsors the club with the able assistance of Miss Ferguson, FTA is constantly carrying out its objectives—to explore the learning and teaching careers and increase interest in teaching.

Through the Commercial Club future secretaries gain a better understanding of the business world. The members frequently take field trips to the surrounding business offices. This gives them a look at the actual operations of a well-managed office.

The members also participate in actual secretarial work right here in their own school. Working in the school office the girls answer the phone, make out the absentee list, write out admittance slips and sometimes are even lucky enough to take a letter. The girls gain valuable knowledge and experience through their one day a week as a secretary.

Commercial Club – Projection Staff

The Projection Staff is one of the many new clubs that have been formed this year. Formed by and under the guidance of Mr. Howard, members of this club learn the fundamentals of running a projector, setting up the screen, and using sound equipment. Not only do the members gain knowledge of projection but also of many different and varied bits of learning from watching the films as they run them.

Enthusiastic SHS seniors are all prepared to see their dream of going on the Washington Trip come true. On April 15 the group leaves SHS on a bus for New York and then on to Washington.

As juniors our one money raising activity was a supper: the proceeds of this go to pay the expenses of our chaperon. This year the seniors were lucky enough to convince Mr. Weston Dyer to accompany them to the nation's capitol.

Parental permission slips have been passed out by Jo Bostwick, hard-working treasurer of the club; suitcases are packed; and all is in readiness. Washington here we come!

Washington Club and Literary Club

This new club at Scarborough High has added a spark to creative endeavors in the literary field. The first set of officers included: Susan Stevens, President; Clayton Skillings, Vice-President; Jill Coulthard, Secretary; and Melvin Morrison, Treasurer. The members plan to put out a literary magazine and otherwise exhibit the talents of the group. Each hopes seriously to improve his own writing technique and to gain a more thorough understanding of modern fiction. They find studying authors interesting and important; for this background is a key to literature.

Debating Club

Left to Right: S. Emmons, D. Crowell, J. Fancy, Mr. Dyer, G. Grant, M. Pence.

The Debating Club, a new group this year, is made up of five enthusiastic members who actively participate in lively debates among themselves. Coached by Mr. Dyer, they are learning the basic fundamentals of debating. The group traveled to the University of Maine to attend a Debate Clinic, which provided the members with their first glimpse of debaters in action. From a successful beginning this year Scarborough looks forward to contacting teams from other schools and plans to take part in inter-scholastic debating later.

Library Staff

Our efficient library staff is always available to aid us in the selection of books and the use of materials in one of the finest school libraries in the state. The duties staff members perform are many, some of which are collecting fines, lending books, and keeping the library in order.

A goal of the school for quite some time has been to attain dark curtains for the library so that it could be used as a projection room. In September, this goal was realized.

Under the excellent supervision of Mrs. Libbey, with help from Mrs. Heywood, our library is much to be proud of.

Drama 1959

"Who, me?"

"The Sick Smith Sisters."

Back in the spring of 1959, a committee was elected by the class of 1960 to select a play to present as a senior drama. During the summer the play committee made their selection and upon returning to school in the fall, the play was cast. Rehearsals began. We worked hard but had a great deal of fun. Mrs. Lary, our energetic coach, devoted long hours to perfect this, the most important play of our high school lives. The roses expressed our feelings, Mrs. Lary. We devoured chicken hearts, dropped "water bombs," derailed trolleys, bit the bosses leg, and in general proved that teenagers haven't changed in almost 50 years!

On November 23, 1959 the Senior Drama was presented to a packed house. "Meet Me in St. Louis" was thoroughly enjoyed by cast and audience alike.

Thanks to Mrs. Heywood we all had lovely, authentic costumes that came from local attics. Credits for the tickets and beautiful programs go to Miss Willman and several commercial girls. Mr. Hallett supervised the hard-working stage crew, and Mr. Doane's band provided music between acts. From the end to the beginning, it was a night to remember.

"You're fibbing me, Grandpa."

"Look out for that thing behind the sofa."

"Now hand it over!"

Dramatics

Throughout the year five plays are presented to the public by the members of the Dramatics Club. The club works hard, and its plays are always complete successes.

Everyone who saw our 1959 State Contest Play, "The Ugly Duckling," enjoyed it. Both the cast and our brilliant coach, Mrs. Lary, put much time and work into the play. On March 25, 1959, the cast traveled to the play contest at Sanford High School. For an excellent performance, they received second place. (Sanford and Thornton tying for first.)

Following the play contest was the Spring Drama Festival, on April 16, 1959. Three plays were presented to a packed Scarborough High Gym: "Bird On The Wing," "The Bracelet of Doom," and "Aunt Miranda's Will." Our congratulations to the casts and their coaches: Mrs. Heywood, Mrs. Jackson, and Miss Ferguson. Everyone is looking forward to the 1960 contest play and spring drama festival, which will be the best yet.

Band and Majorettes

LEFT TO RIGHT: J. Ahlquist, J. Nye, Co-Captain C. Glover, Captain B. Graves, D. Carter, M. Twomey, C. Lysaght.

The Music Mothers, Mr. Doane, the majorettes and band all contribute to SHS's fine music department. We are proud of our active band. Their bright uniforms and shiny instruments are seen at basketball games and the annual Spring Concert, and Memorial Day Parades. They won top honors at the Western Maine Music Festival this year, as in previous years. Mr. Doane's lively interest in music has sparked enthusiasm and active participation throughout the student body. In the four years that Mr. Doane has been here, our band has grown steadily along with the increasing school enrollment. About a dozen freshmen have joined this year. The band members enjoy working under Mr. Doane's able direction. The majorettes add a gay note as they perform with the band at games and parades. The student body fully appreciates the long hours of practice put in by the majorettes when they see their sparkling precision drill performances. The Music Mothers Club has sponsored food sales, rummages, auctions and two jazz concerts to raise money for our music department. Thanks to their efforts Mr. Doane and the band proudly wear the red and white of SHS. Every Tuesday and Friday we can hear the musical scores of "Oklahoma," "My Fair Lady," or "The Thunderer," floating up from the gym, and Seniors soon will be listening to the nostalgic strains of our graduation march.

. . . *and Choir*

Words cannot express our music; it is expressed by its own wonderful sound. We hear the beautiful music of our choir at various events throughout the year, and if we listen hard, at the Wednesday rehearsals. The choir's selections: "The Lord's Prayer," "Steal Away to Jesus," and many others are always inspirational and receive the highest ratings at the annual Music Festival.

On Mondays the deep bass voices of the Boys' Glee Club can be heard rehearsing both their spiritual and popular tunes. On Thursdays, it's the sweet voices of the Girls' Glee Club that can be heard singing many old favorites, as well as the top tunes of the day.

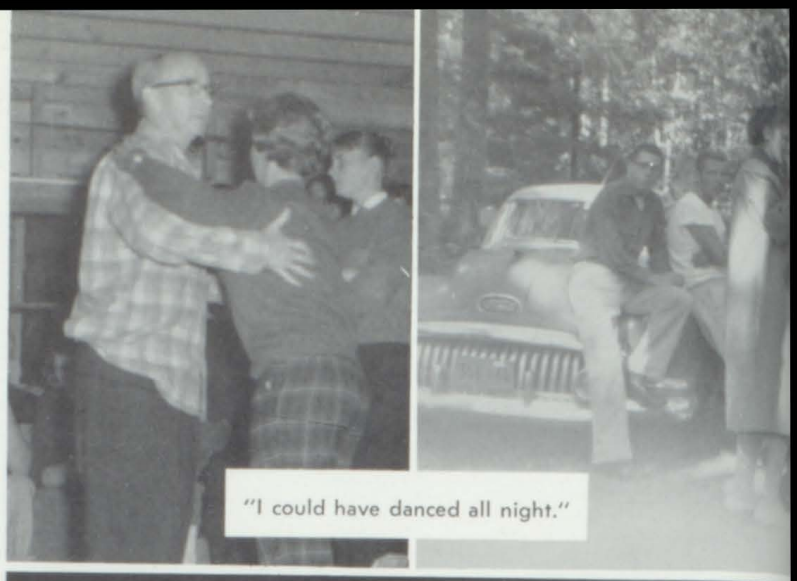
Everyone looks forward to an annual Spring Concert. Last year it was held on April 10. Everyone enjoyed listening to the music of the choir, band, Boys' Glee Club, and Girls' Glee Clubs. Our sincere congratulations to Mr. Doane for a superlative job.

Calendar of Events

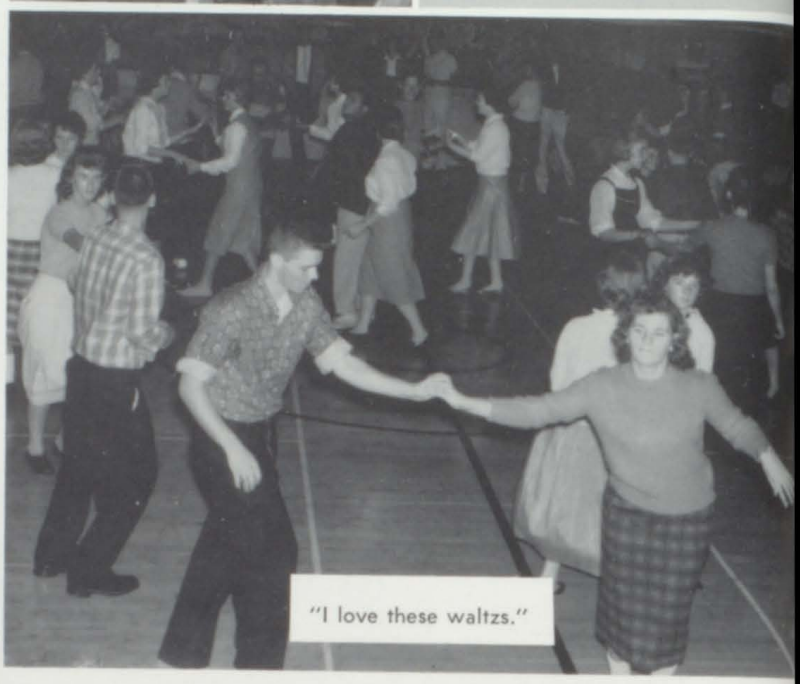
In September it is customary for the present senior class to hold an annual picnic, and the class of '60 was no exception. Teachers and students alike all joined in the merrymaking. Swimming, dancing, eating—all played an important part, but the big hit was the fresh garden corn furnished by the Coulthard twins. Mr. Dyer became the head-chef of the affair. Who would ever guess he could cook?

The first dance of the season was sponsored by the Senior Class as is their privilege. Local D.J., Dick Johnson, provided the entertainment for the sock hop. Frosh, as well as the already-acquainted group, enjoyed themselves immensively.

Though it was a great deal of work for the committee, they agreed with everyone else that the hop was a big success. Many went home with added treasure when free records were cast to the waiting crowd.



"I could have danced all night."



"I love these waltzs."

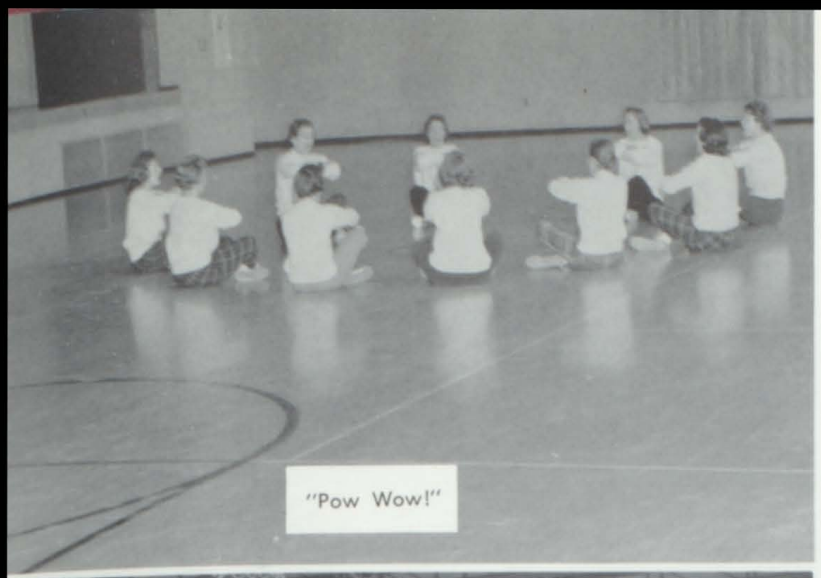
"What do you mean, no coaching from the audience?"

"It says here in government manual 734729."

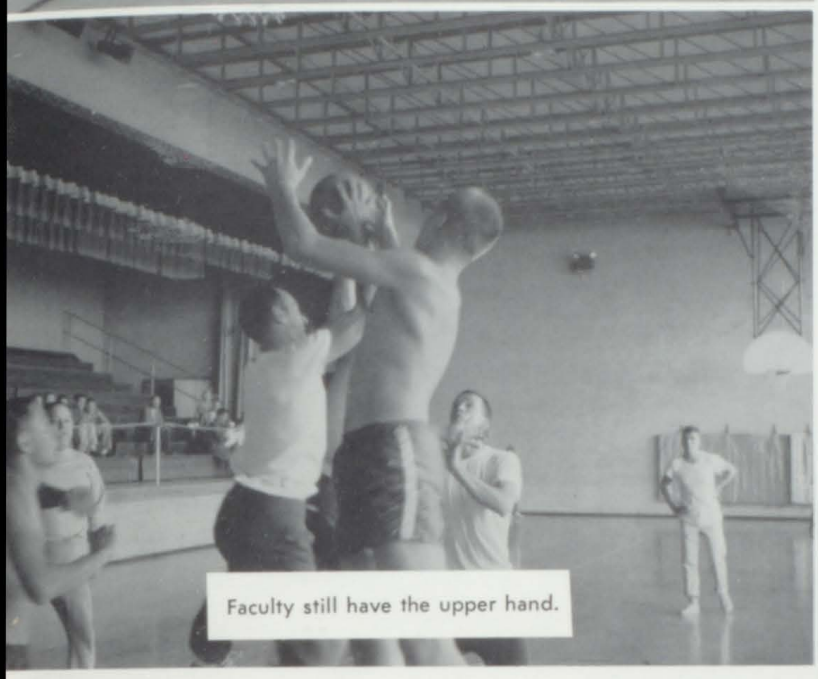
The newest members of the tribe on the SHS reservation were given quite a welcome the last of October on the fateful day, known to most as Initiation Day. Frosh were given some pretty rash treatment during all spare moments of the upperclassmen. In the afternoon they were given a chance to display their fine talents as actors and actresses down in the gym. A little tired of being pushed around, they all agreed it had been fun. The atonement was made when a fine dance for Frosh and parents was held.

In November we heard from our representatives who attended Dirigo Boys' and Girls' State. They gave talks on social life in general and also on the long hours of lecturing which they attended while learning how our governments are run and how to be a good citizen. All came back good examples of what they had learned.

Who says alternates never get to be heroes? When Marilyn Betts was unable to attend, Jean Coulthard went in her place. Other alternates not pictured, but worthy of recognition: Jill Coulthard, John Hill, and Rodney Douglass.



"Pow Wow!"



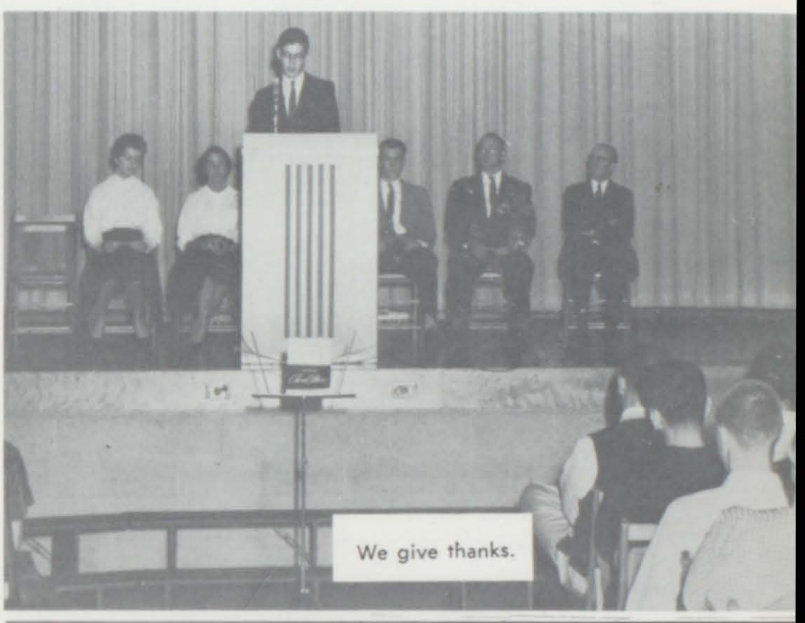
Faculty still have the upper hand.

Who among the graduates will ever forget the stirring invigorating pep rallies, held so often before a game? The yells are brought forth from lusty cheering students by the ever-faithful cheerleaders. The girls never fail to call on Mr. Libby for his "we're gonna' win tonight!" cheer. Nor would a rally be complete without a speech from our coaches, Mr. McFarland and Mr. Plummer, or an occasional word from Captain Peterson.

A faculty-varsity basketball game highlighted one afternoon assembly, with seniors and juniors cheering on the teachers, and underclassmen gave a great deal of assistance to the regulars.

The game ended, of course, with a victory for the faculty, though it was suggested that there may have been tampering with the scoreboard. This is impossible since the loyal faculty member, Miss Thorndike, handled the scoring. (Another cheer for the faculty, Gang!)

"Flash" Marcou and Don Doane, two other worthy members of the faculty, were oustanding performers, personality-wise.



We give thanks.

Heartfelt thanks and recognition of Mr. Gobbler were a result of the varied themes of Thanksgiving composed and read by several juniors at the annual holiday assembly. For a more serious touch, the choir sang Thanksgiving songs, and Rev. Keehlwetter gave an inspiring talk. Participants in the readings were Anna Owens, Pauline Richards, Betty-Jean Welch, and John Fancy. The themes were the result of an English assignment from Mrs. Lary.

In November, the FTA was very fortunate in having as their guest the very distinguished Mr. Theodore Johnson. Mr. Johnson, who is submaster and head of the English department at Portland High School, gave a lecture on the life of Robert P. Tristram Coffin, and showed some slides on Coffin's country, in the school library.

The tickets for the lecture brought in proceeds of $60, which will be used by the FTA for a special scholarship to some worthy senior interested in teaching.

Mr. Johnson also has been interested and active in the Portland Players for many years.

"Coffin writes of sweet fern, pine, sea and Maine people."

This group packing confetti is symbolic of the holiday season and spirit at SHS. On the last day before Christmas Vacation an assembly was held in the gym. The annual color day celebration fell on the same day. The team presented the cheerleaders with their traditional roses and the boys received large lollypops. Selections were sung by the choir, and Santa Claus (Glenn Grant) gave all the new teachers their gifts—red and white candy canes. Our small guests also greatly appreciated their gifts and the homeroom parties.

The annual Confetti Ball was a complete success as it usually is under the capable direction of Mrs. Libbey and sponsored by the seniors. Debby Dunn was general chairman, and she had a hard-working committee to help her. The gym became a winter wonderland. The stage was filled with brightly lighted snowy trees, and a large tree filled the further end of the gym with colored lights. Students had stars in their eyes and confetti in their hair as Christmas carols filled the air.

Mix the whtie with the colored.

"Silent night, holy night . . . "

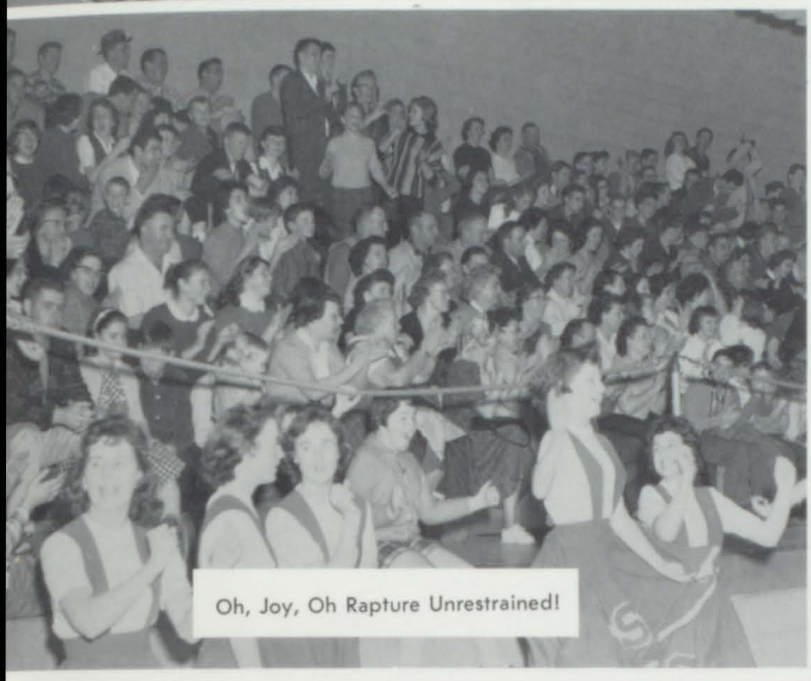
Will they all fit in?

"In appreciation, Anna . . . "

Off for the University of Maine in Mr. Dyer's Renault, the debating club makes big plans. The club is new this year, and though they have not competed in any major debates, members have established a firm base for successful debating next year. The January field trip under the guidance of Mr. Dyer was a great success. The members saw a real college debate in action and were taken on a tour of the campus. Next year they hope to participate in debates of their own.

If Anna Owens was surprised when she won the state "I Speak for Democracy" Contest, no one else at SHS was because we realize how fine her entry was. Anna won a trip to Washington to compete in the national finals. To show her how proud they were the students collected a gift of money for her, and this was presented by Clint Libby to her in a special assembly. We're proud of you, Anna!

"Who put Saccharin in my coffee?"



Oh, Joy, Oh Rapture Unrestrained!

A surprise birthday tea was given in honor of Miss Ferguson. Refreshments were furnished by the home economics girls. All teachers made an appearance despite other commitments that afternoon. The "Happy Birthday" refrain echoed several times in the attempts of all teachers who wanted their congratulations heard. The tea was held in the home economics room with Mrs. McMackin serving as hostess.

Typical of the feelings of Scarboroughites are the looks of ecstatic pleasure on the faces of these fans when SHS defeated CEHS in a truly trying game. This was the first time Scarborough had beaten Cape Elizabeth High in ten years. The date to remember is Friday, February 5, 1960—the place, Cape Elizabeth High School.

The boys had a successful season despite the fact that they did not win all or a majority of their games. Playing the large schools gave Scarborough a fine reputation as a school with good sportsmanship and good school spirit.

Congratulations, Boys! You've earned them.

The King, The Queen and their Court.

A campaign to raise money for a worthy cause, the March of Dimes, is held also in February. One vote for king and one for queen are obtained by contributing ten cents for the drive. The vote may go for anyone of your choice. The whole affair is handled by the student council.

The coronation was the high point of the entire affair when Mr. Knowlen crowned Anna queen and Pete King, at a sock hop in the gym.

A March activity was the putting on of the State Contest Play at Sanford High School. The production, directed by Mrs. Lary, was a cutting from Molner's "The Swan." Earlier in the year the cast produced it for the Cumberland County Teachers' Convention and met with enthusiastic response. Cathie and John were prompters and stage managers; while Anna played Princess Alexandra; John, Albert; Mike, Professor Agi; Glenn, Hycinth; and Mary, Dominica. "The Swan" offered keen competition to rival schools.

"Next rehearsal on Monday at 2:15."

Togas were high style in April at SHS when the annual Latin Club Installation of new members took place. Seniors and juniors acted as the installing team while freshmen stared in open-mouthed wonder at the beautiful and traditional ceremony. Clad in white robes, the new members sang "Te Cano Patria" ("My Country Tis of Thee" for you non-Latin students). The affair is sponsored yearly by Mrs. A. Ralph Libbey, teacher of Latin. It was a night not soon to be forgotten.

Underclassmen with worried expressions on their faces spent the greater part of May preparing for those final exams. With their material from a whole year's course spread out before them they spent many hours in the library. A familiar place for research and a quiet place for study, our library does a fine business. Here can be found the treasures of the world's greatest literature. Almost any answers to final exam questions can be located here.

E Pluribus—Unum—I guess.

The future seems dim.

Music hath charms—

Seniors are made the honored guests at the combined Junior Prom-Senior Farewell dance, sponsored by the junior class. This is the last dance Seniors will attend that is school sponsored while they are still members of the student body at SHS.

Girls with pretty gowns and corsages escorted by boys in "Sunday best" enjoy the music and eats. A fine orchestra is always at hand to provide the music. Whether it is an accomplished one, or just a group of enthusiastic high school students.

I see a new horizon.

The high spot of June for everyone at SHS is graduation. Those caps and gowns for which we were measured in February have come and are proudly worn. Seniors have practiced for weeks and spent at least some time secretly gazing into the mirror as they admire those all-important garments.

Among the highlights of graduation week are Class Night, Baccalaureate Services, and last of all graduation—the big night for which we have long been waiting. The final step of high school life is here; this end paves the way for the new beginning we shall gladly greet tomorrow.

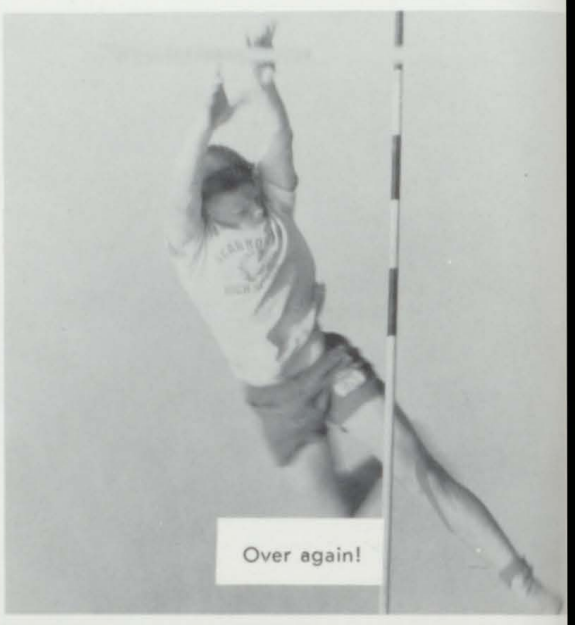
Last spring Coach Burton faced a building season. He had lost many of his past season's stars through graduation. Coach Burton approached the season undismayed, however, as he faithfully put his returners and newcomers through their training paces.

When the season opened, performance showed Coach Burton had worked with his boys successfully. They were in good shape and ready to make Scarboro a feared name in opposing track circles. Throughout the season our boys showed a determination to win along with a fighting spirit and a fine show of sportsmanship.

Scarboro showed the skill to make it a winning team in years to come. True, stars like John Connolly, Corydon Mills, and Dave Turner will be missed, along with Coach Burton, but many promising underclassmen will make Scarboro a contender for many years to come.



Over again!

The girls' and boys' swimming teams have been practicing every week all year long. Both teams participate in the Triple C Fall and Spring Swim meets. Last spring we had two winners in the diving event—Gail Crocker placed third in the girls' and Clifford Moulton placed fourth in the boys'. This fall Judy Duchaine placed fifth in the butterfly stroke and came two-tenths seconds from winning a swimming letter. Several other swimmers came close to placing in the meet.

As the records show, with increased experience and mere seconds increase in speed, the teams should do well in coming meets.

Swimming and Soccer

After abandoning the soccer field for two years, Scarboro Redskins again took to the warpath this fall. The soccer program was informal with only four games scheduled, but the boys and Coach Packy along with Mr. Plummer, did such an effective job, that we expect tohave a capable team next season.

Baseball

Scarborough faced a building season in '57 and '58 when the loss of many star players was felt. Coach McFarland did a great job of juggling his new talent into an array that proved rugged competition for its opponents.

The young Redskins gained needed experience against tough opponents. In '59 we lost only one senior, Elmo Greene. This leaves a seasoned team to provide our punch.

Graduating from the Junior High ranks are many fine young ballplayers to go with our present talent. Pete Haigis and Kenny Lilley are expected to move in beside such seasoned players as Ed Varney, Clint Libby, Ed Kinsman, Leroy Smith, and others. We expect big things to come from our team in the next year or two. Our expectations will no doubt be filled under the expert guidance of coach "Packy" McFarland.

Girls' Basketball

The Scarboro Squaws showed a great deal of spirit and good sportsmanship this year as they took on neighboring teams. Among those who have lost their scalps to the Squaws are Falmouth, Gorham, Westbrook, Waynflete, Cape, and Buxton. The two teams that gave the girls trouble were Buxton and Deering.

Although Miss Thorndike is losing many of her players this year, the stepping up of the experienced J.V.'s forecasts a bright future for the Squaws.

Varsity Basketball and Cheering

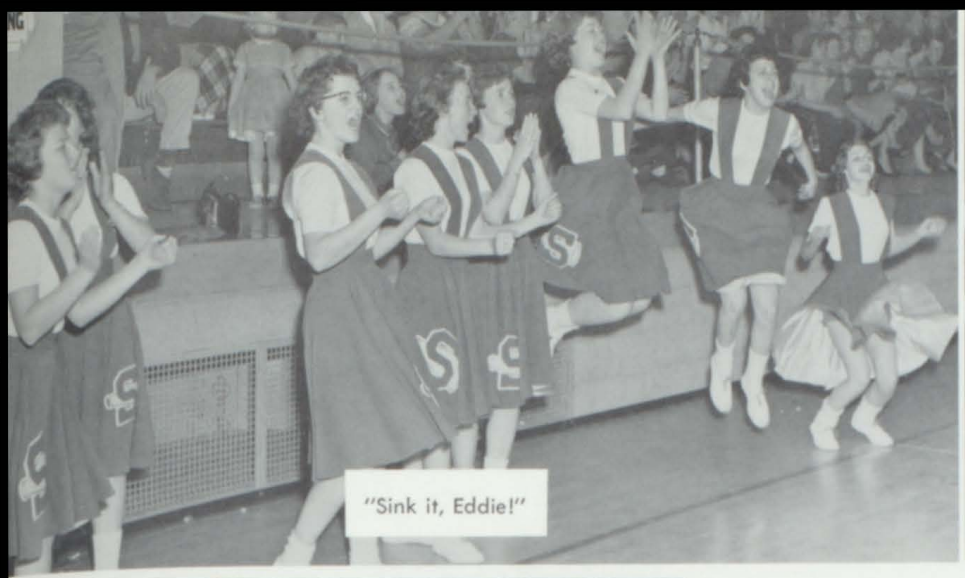
In the "59-60" season Scarboro was faced with the news that she would have to compete in the class "L" ranks. It looked hopeless for such a small school to compete against the bigger class "L" teams. One man seemed not to be moved by this, it was "Packy" McFarland, our fighting coach. He thought we could hold our own in "L" battlings and he was right.

Scarboro really demonstrated the form that comes from hard practice in the thrilling overtime win at Cape Elizabeth. It was the first time in ten years we had downed the Capers. At the end of regulation play, the score was tied at 49 all. In the overtime period, Scarboro showed its desire to win by outscoring the Capers 7 to 3 to make the final score 56-52.

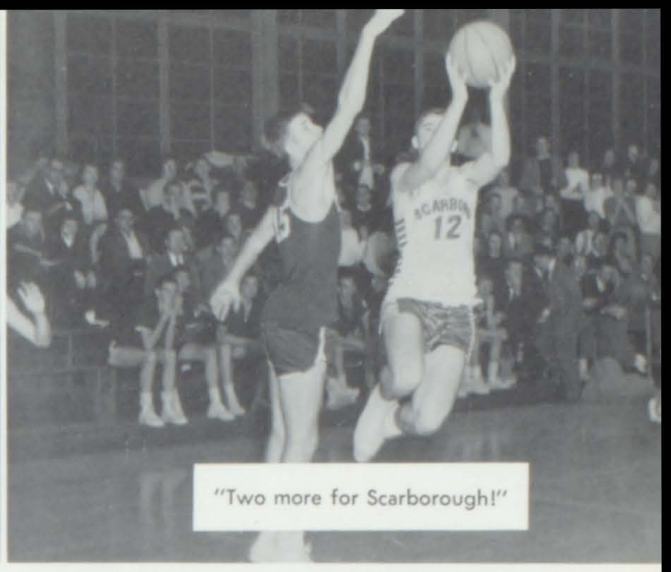
In our first year in the "L" bracket we have made a very satisfactory showing including a win over Kennebunk, who rated well in the "L" standings.

The never-ending enthusiasm and rousing cheers of the cheerleaders added spirit and fun to the many basketball games of the season. Their constant support added zest to the games and gave the boys' will-to-win a boost in the last minutes of the final quarters.

BACK ROW: Coach McFarland, Mgr. J. Hill, R. Grant, L. Smith, R. Grant, D. Kanuh, J. Doody, W. Connolly, E. Kinsman, Asst. Coach Plummer.
FRONT ROW: E. Varney, J. Harmon, Captain P. Peterson, P. Haigis, C. Libby.



"Sink it, Eddie!"



"Two more for Scarborough!"

"Indians tame Tigers!"

J.V. Basketball and Cheering

In the 59-60 season, our J.V. boys showed promise for future years. Under the guidance of Coach Plummer, our boys made a very good showing for themselves. The boys worked long hours and practiced hard under Coach Plummer's eyes, and many showed vast improvement.

The J.V. won-lost record may have looked poor, but the experience gained by the boys will be invaluable to them in future years. Throughout the season they showed skill and determination along with good sportsmanship. They played excellent ball in many games, only to lose by heartbreaking scores, such as a 35 to 31 loss to Cape. They also showed they could come out on top in the close ones as shown in the overtime win over Gorham. Players such as Steve Harmon, Dave Gutter, Randy Grant, and Doug Kanuh are sure to spark the varsity in future years.

This year Girls' Softball is newly recognized as a letter sport. As last spring wasn't an award season, the scores were not officially kept. Even so, the girls got into the swing of things and hit many a homerun for Scarboro. Next year the girls are hoping for many wins.

Softball and Bowling

The girls' and boys' six bowling teams have really come to the top this year. The boys' team No. One and girls' team No. One placed second in the league. They compete against other teams from Old Orchard, Cape Elizabeth, Buxton, Deering, and South Portland under the supervision of Mr. Libby.

Last year the girls reached the desired end, the championship of their league. And from this end spring new beginnings.

With the bowlers' practice and perfection, bowling promises to be a leading activity at SHS.

This is the end! Deadlines that we never thought we'd meet have been met, copy sheets are done, and the dummy is complete. Without the help of *The Four Corners'* efficient staff and even more efficient faculty advisers this '60 edition would not have gone to press. Miss Ferguson, Mrs. Lary, Mr. Hallet, and Mr. Libby gave their all to make this book the best ever. Thanks to all—typists, advisers, and advertisers. Here, the end meets the beginning and we look to the future.

Enthusiastic supporters, you of the student body, have made possible this record of our year's activities.

When you graduate it's wonderful to have a telephone job waiting for you. You'll love the friendly new people you meet. And you'll like the excellent salary the regular increases, the opportunities for advancement and the many additional benefits that make working for the Telephone Company so attractive to so many young people.

Telephone jobs are important ones. We have our own training program which you can enter without any previous job experience.

Why not come and see our employment interviewer soon . . . before you graduate. Ask the Guidance Counselor at your school to tell you when and where to apply.
