# *Editor's Message . . .*

Nineteen sixty-three—the year that marks the golden anniversary of the yearbook, the year that has been golden for this year's graduating class—reflects achievement.

Through the pages of its fifty years of publication, the *Four Corners* has sought to portray the daily life of Scarborough High School's students. Over the years, each graduating class, each faculty, each administration has felt itself to be different from all others whose lives have been enveloped within the walls of Scarborough High. Though each has been unique, there have been golden characteristics which have united this school and this school year 1963 to those high schools and years of the past. Because of these characteristics, the yearbook staff selected as its theme "The Golden Year" and the seniors have felt their last year to be so rewarding.

In each successive year, the faculty have offered their golden inspiration to students who have been under their direction. Through athletic participation, students have learned the value of co-operation. Extra-curricular activities have offered their golden fruits of enrichment to many who have entered the doors of Scarborough High School. By their constant search for knowledge and the understanding of life, underclassmen of the past fifty years have come to know the golden challenge of achievement they have experienced as seniors.

We hope that you share with us the pride we feel in this fiftieth edition of the *Four Corners* yearbook.

LONGFELLOW

With sincerity and respect, we the Class of 1963, dedicate this edition of the *Four Corners* to Harry B. Libby, who has impressed upon us the truth that every task worth doing is worth doing well.

The most loyal supporter that we, the class of '63, have had during our four years of high school is Harry B. Libby. Harry was the first to greet us at our Freshman Reception and, from that moment on, he took an active interest in our class doings. He has been present at each dance we have sponsored and at each basketball game; he has been the last person to leave after our late play rehearsals and yearbook meetings. Yet, he never made us feel these activities were an inconvenience to him; instead, we were greeted by a wave of the hand and a smiling "Hi, there."

Harry has been someone special to each member of the class of '63. To some, he has been a good sounding board for our gripes. To athletes, he has been a faithful fan. To all, he has been a teacher. He has taught us the values of sincerity, loyalty, and humility. He has taught us that though the task is humble or high, there is dignity in giving one's all.

Harry takes special pride in his garden; he enjoys watching and helping things grow. He has watched us grow from frightened freshmen to self-confident seniors, and because of his helpfulness, we, the class of '63, affectionately dedicate this edition of the *Four Corners* to Harry B. Libby.

# *Principal's Message*

How fortunate you are to be the class to celebrate the "Golden Year"! Take time to reflect on the many changes the years have brought about. While you are reflecting on these changes, consider and appreciate the many advantages you have that those students listed in the first issues did not have.

We often hear people speak of the "Good Old Days," but it is my honest opinion that days have never been so good to young people as now. Be thankful that you are privileged to be young in these exciting times. Take advantage of each opportunity as it presents itself that you may have a rich and rewarding life.

Milton W. Knowlen
Principal

The Four Corners is to be congratulated on its Golden Anniversary. This event has given the editorial staff an opportunity to look backward over half a century of accomplishment in recording the life and activities of Scarborough High School. Surely they have uncovered the many eventful years in which the students graduated into a dynamic world better prepared for their adult years than they entered.

This year, 1963, marks the end of an era in secondary education in Scarborough. With the opening of the new junior high, next September the high school will open without an entering class. Though few curriculum changes are anticipated at the moment, the opportunity for broadening the offering in various scholastic disciplines within the school is inherent in this re-organization. Our world has become so much more complex today that change has become a way of life for those of us in education.

We salute the classes of Scarborough through the past fifty years, and we offer our best to the class of 1963.

Sincerely,
Thomas S. Vose

MISS TWOMBLEY

MISS FERGUSON

Miss Twombley holds three records at S.H.S.: (1) highest standards; therefore, the most warning notices (2) the most original drawings of a cube, square, and circle, and (3) first to leave for a wedding ceremony in February.

Miss Ferguson is the teacher responsible for all those sophomores who know their English thoroughly. When not teaching English and directing the Reading Lab, she coaches one-act plays and lends her knowledge of yearbook production to your staff.

MR. BEMISS

MR. FRANCO

To those with problems of curricular and higher education, Mr. Bemiss is that friendly gentleman whose counselling continues to set us on the correct path to a complete, fruitful education.

Mr. Franco can often be found after school in Room 10 with his special grammar club. Anyone for a dangling participle?

Besides devoting himself to teaching the fundamentals of algebra to several classes of freshmen, Mr. Howard somehow finds time to do yearbook work, coach the track team, and supervise the projection staff.

Miss Chandler's superiority in the field of math has instilled within all her students an air of confidence upon which they have built a solid understanding of trigonometry and algebra.

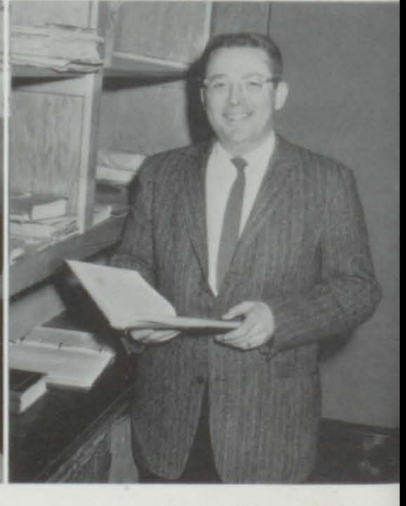
MR. HOWARD

MISS CHANDLER

Mr. Adlard has continued to stimulate our interest in the world about us, not only through study of the science text but through his "thought questions." We know that one day we will put our knowledge to good use.

Mr. Hay, our newest civics teacher, has made the study of government interesting with his fresh and vigorous approach.

MR. ADLARD



MR. HAY

Through her intense desire to help students, Mrs. Walsh has succeeded in enlightening us in the tongues of other nations and also taught us some important aspects of life.

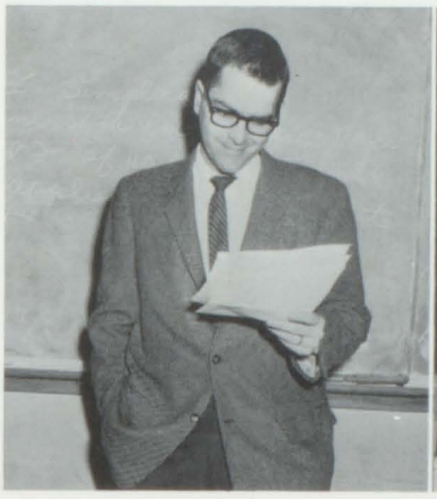
Submaster Hallett is one of the most important cogs in producing the *Four Corners*. From his developing room in the shop come a vast number of photos used in this yearbook. Not to go unsaid, he is a very proficient industrial arts instructor.

MRS. WALSH

MR. HALLETT

When not teaching, coaching a play, and "such like that," Mr. Dyer is a friend to his students. As freshmen we knew him as the sometimes stern but always helpful civics teacher. Does anyone remember how a bill becomes a law?

Mr. Graves is our director of the business education department and has become known as an after-school workhorse because he can't say no when asked to help with a dance. Thanks, Mr. Graves.



MR. DYER

MR. GRAVES

MRS. LEE

MR. DAY

Although it's no small task to calm lively biology students, Mrs. Lee seems to have the situation well in hand. When biology seems dull, Mrs. Lee enlivens the course with spicy lectures on DNA. All this and earth science, too!

A perpetual smile and pleasant attitude marks Mr. Day, one of our newest additions to the English Department.

MR. PANAGAKOS

MR. FILLMORE

"The splendor of the Greeks is unsurpassed in history," is a quote familiar to all who study under the knowledgeable hand of Mr. Panagakos. Through his "thousands" of pictures and first-hand experience, Mr. Panagakos has widened our scope and interest in other peoples and lands.

A slight smile and a tune on his lips are characteristic of our new music director, Mr. Fillmore. Under his competent supervision we have come to appreciate more fully the mechanics and foundation of music. Anyone for "Bill Bailey?"

MR. GUSHEE

MISS THORNDIKE

One of the most well-known members of the faculty after only two years at S.H.S., Mr. Gushee is an inspiration to his students. He is constantly advising or aiding one of the many activities in which he takes part. Oh, and "Remember the Confetti Ball!"

"Don't say you can't do it!" echoes through the gym endlessly, while Miss Thorndike conducts phys. ed classes. When not teaching, Miss Thorndike also coaches girls basketball.

MRS. McMACKIN

MR. JUNIEWICZ

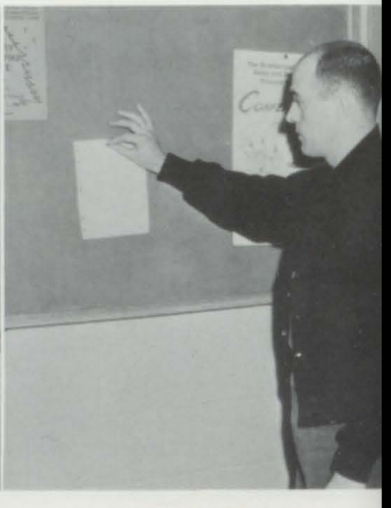
Mrs. McMackin has continued to enliven home ec classes with her many interesting lectures on home management and etiquette.

Mr. Juniewicz spends more than his share of time at S.H.S. with both industrial arts classes and driver ed., the latter requiring summer sessions. Under his directions, S.H.S. students have improved in their driving skills.

"Hang around, until you catch on," is one of Mrs. Lary's favorite quotes, heard in English as well as algebra. Mastery of curricula, excellence of scholarship, honesty, and responsibility are but a few of the phases of education that Mrs. Lary has impressed upon us.

Mr. Plummer is noted for his fair and equal treatment of all students and his willingness to share our sympathies. Anyone for fifty push-ups?

MRS. LARY



MR. PLUMMER

A combination of wit and seriousness makes Mrs. Jones' classes of Freshman English rewarding and invaluable in preparing for the remaining three years at high school. Make-up at 2:15.

Mrs. Mitchell's addition to the home ec department has added greatly to the students' understanding of cooking and sewing.

MRS. JONES

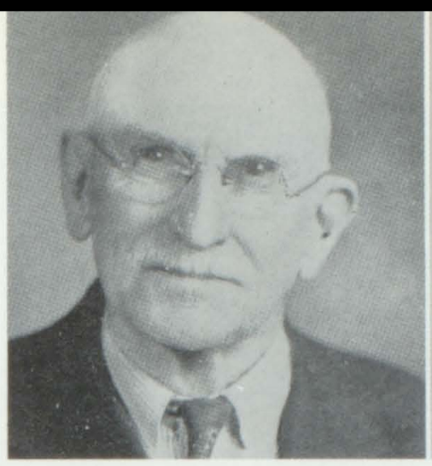
MRS. MITCHELL

Fifty years of yearbook would be barren indeed without the guidance, support, and inspiration of loyal Scarborough educators who have left an indelible impression upon the hearts and minds of Scarborough High School students. Progress was the theme of Supt. F. H. B. Heald from 1913 to 1946. "Without vision the people perish." Through his zeal, Scarborough High moved from three rooms in an inadequate wooden building to a building considered modern for its time, the present Bessey Junior High. Now we are housed in a building dedicated to his memory.

From 1913 to 1948 spirit was our key word. Under our beloved principal, Elwood G. Bessey, never had this school known such loyal devotion, such unity of purpose, never had a principal received such profound love and respect.

Rewarding achievement marked the years 1913-1960 under Mrs. Frances B. Libby. Students found the joy of accomplishment under her inspirational guidance. Standards were held high.

From 1941-1961, Mr. Dwight Libby enriched our school life through his unstinting gift of time and energy to such school activities as supervision of the advertising section of the *Four Corners*. Mr. Libby, a loyal alumnus of 1913, served as a student editor then, as his grandson Robert Cott is serving now in 1963.



SUPT. F. H. B. HEALD

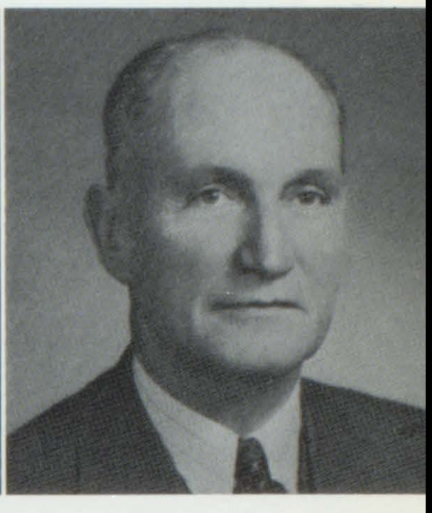
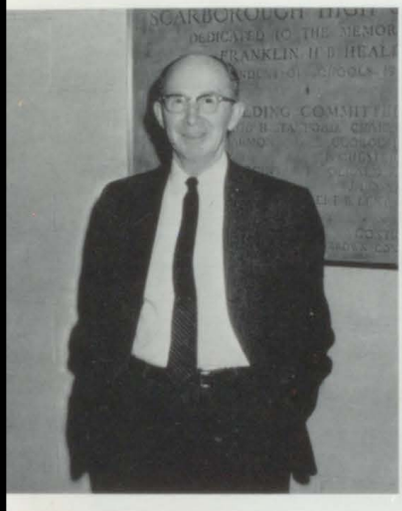
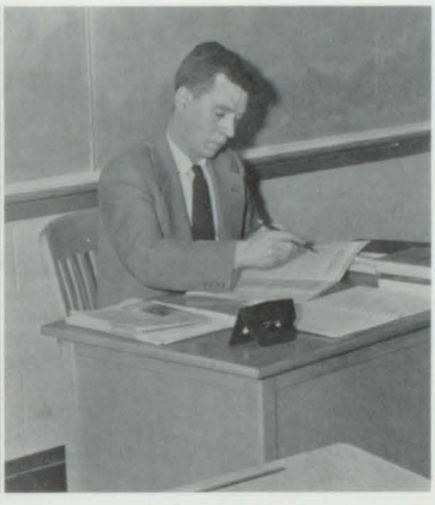
MRS. FRANCES LIBBEY



MR. DWIGHT LIBBY



MR. KNOWLEN



MR. McFARLAND

MISS RANDALL

MRS. HEYWOOD

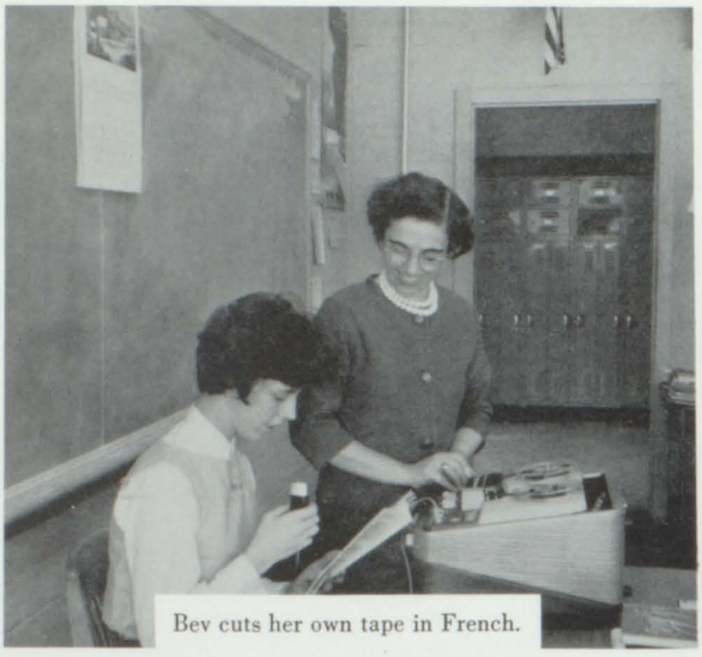
A span of fifty glowing years is reflected through these dedicated Scarborough educators.

Mr. Knowlen has been our chief administrator here at S.H.S. since 1953. Under his responsible authority, we have grown to respect and admire the proficiency with which he has carried out his duty.

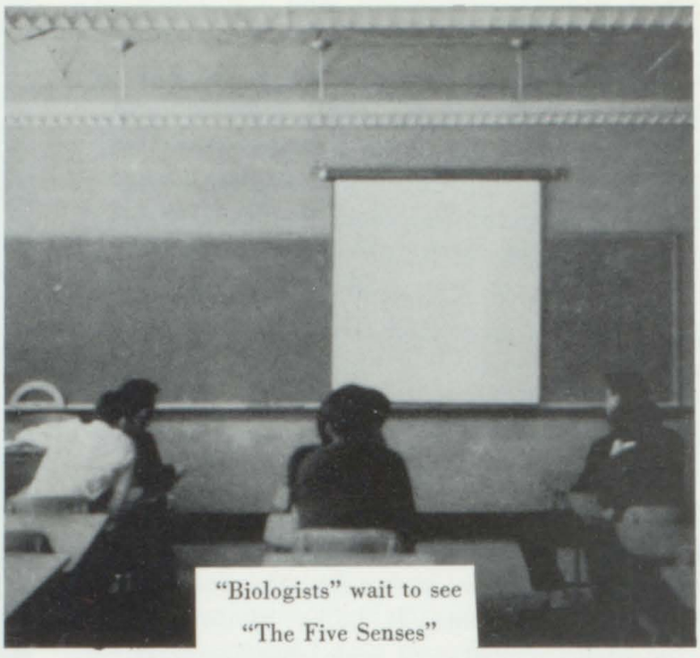
"Always do your best," is one of Mr. McFarland's mottos. Through his efforts we have come to realize the responsibilities facing today's youth. Because you have helped us grow up, to you, Mr. McFarland, we say, "thank you."

"Tough!" is part of Miss Randall's philosophy. Her freshness is an inspiration to all those who study under her expert guidance in the Commercial Department.

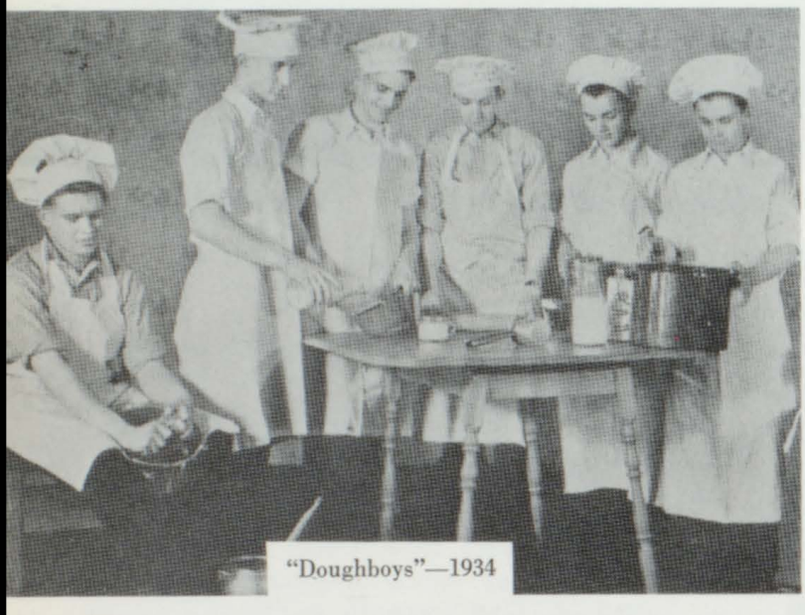
When not delivering yellow library notices, Mr. Heywood is a friend to anyone hunting for a book. She brightens the library with her many innovations, such as the book store and "jungle tree."



Bev cuts her own tape in French.



"Biologists" wait to see "The Five Senses"

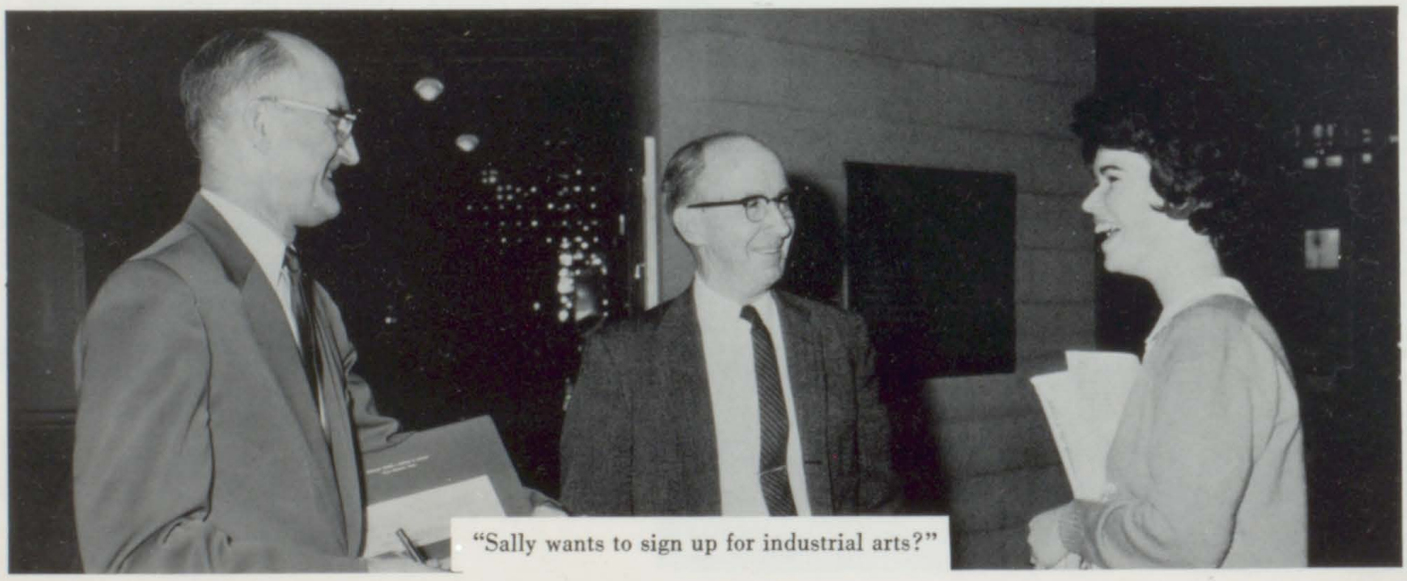


"Doughboys"—1934

# *The Golden Year Sees . . .*

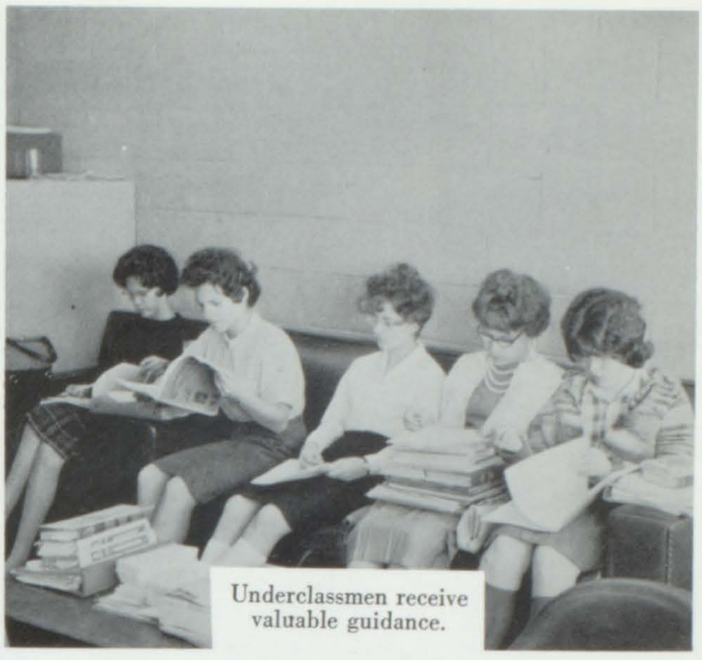
In keeping with the highest standards of education, many innovations were introduced into our curriculum this year. Use of electronic teaching aids, as their merits became more fully realized, played an increasingly important role in the everyday life of students. Repeated use of the language lab and tape recorders helped many students improve their French diction. Likewise, visual aids helped instill permanently within our minds important facts of science, physics, and languages.

Under the careful guidance of Mr. Bemiss,



"Sally wants to sign up for industrial arts?"

"She sells sea shells . . ."



Underclassmen receive valuable guidance.

# . . . *Changes in Curriculum*

underclassmen are advised on the requirements demanded of them if they intend to further their education through either college or vocational institutions. In line with these many modern concepts is the team teaching newly instituted under the direction of Mrs. MacMackin and Mrs. Mitchell.

Designed as teaching aids, these relatively new ideas have helped further the cause of education, given it freshness, vigor and challenge, all of which are synonymous with the 20th century and this, the golden year, 1963.

Freshman Initiation

Mr. Bragdon

# *Class History*

Each high school year leaves behind it golden memories. Our freshman year was a year of firsts—first basketball games, first mid-year exams, first class-sponsored activities. Among these firsts came a period of sadness, not only for our class, but for the entire school. The death of Joseph Bragdon, algebra and driver training instructor, is a memory that renews grief.

Time passed and soon we had launched our sophomore year. This was primarily a transition year with very definite changes discernible in many classmates. Not only did we have added academic responsibilities, but our horizons were broadened socially, too. Having been the last class taught by Mrs. Frances Libbey, we all took special pride in seeing her honored by the townspeople for forty years of teaching.

Our junior year was signified by a stronger class unity. It was a year of decisions, both individual and corporate. Our paths began to take shape this year as more tangible plans for the future were made.

Our senior year has, of course, offered the most golden memories, but to recapture the magic of this year, you need only to turn the pages of this yearbook.

# *The Class of 1966*

The date was September 5, 1962. An air of suspense filled the halls of Scarborough High School. This was the day when one of the largest freshman classes would enter Scarborough High. Everyone wondered if this would be a dull class or a class full of ambitious leaders. It turned out to be the latter. As everyone knew, soon after the beginning of the school year, this was no ordinary freshman class.

We started out by representing ourselves very well at the Freshman Reception Dance. A large percentage of our class attended and had a wonderful time. Linwood Higgins, class president, was present in the receiving line.

The "62" freshmen also proved themselves to be enthusiastic and capable in sports. Many of our boys were in such sports as soccer, basketball, track, baseball, swimming, and cross-country. The girls also showed their interest by joining field hockey, basketball, swimming, and softball.

# *Leadership*

Both boys and girls proved themselves in both ability and sportsmanship.

Other freshmen participated in several other extra-curricular activities. Along with being members of many clubs, we had several students who were in the band, girls' glee club, and mixed chorus. We also had one cheerleader, Gail Snow, co-captain of the J.V.; and one majorette, Holly Douglass.

Our next step was to conquer the honor roll. This we did by having more honor students than any other class. Also, two names of freshmen girls landed on the high honor roll at the end of the first quarter. They were Beverly Babkirk and Cheryl Moulton.

Before the New Year, freshman class officers were selected. Linwood Higgins was elected president; Wayne Googins, vice-president; Holly Douglass, secretary; and Martha McFarland, treasurer.

# *Dependability*

During Christmas vacation many freshmen attended the Confetti Ball, which was one of the high-lights of our year.

In 1963, after we had waded through puddles, snow drifts, and midyears, we began to think of the new year and what it would bring.

Early in the spring we began planning the freshman May Dance. With much help from advisors and the efforts of several committees, it proved worthwhile.

Of course, even though we would like to think otherwise, we all realize that we could have done nothing without the help of our principal, Mr. Knowlen, our guidance counselor, Mr. Bemiss, our class advisors, Mrs. Lee, Mr. Day, Mr. Howard, Miss Chandler, Mr. Plummer, Mrs. McMackin, and Mrs. Mitchell; our teachers, and "now and then" our parents.

# *Enthusiasm*

We hope to go through all our years at Scarborough High with this same ambitious spirit and to make Scarborough High proud that they didn't lose us to the new Scarborough Junior High.

We all realized that the new Scarborough Junior High is to be a beautiful building and a fine school, but we feel that no school life can compare with high school life. Now that we are a part of this life we'd never willingly leave it.

We look back on our freshman year with a twinkle in our eyes remembering Miss Twombley's surprise quizzes; Mr. Gushee's explanation of Latin declensions which more often sounded like Greek to us; and Mrs. Jones trying to make us talk right instead of the way we wanted to talk. Of course, there were always Mr. Hay's little jokes while he was teaching us to be good citizens.

In this, the golden year, classes are prone to look back to what was, but freshmen look ahead to what is to come.

Look you guys I'm the boss here, see!

# *The Class of 1965*

The beginning of our sophomore year was saddened by the loss of a dear friend and classmate. As time went on, we became involved in various activities, but the memory of David Fancy always remained with us. We wish to dedicate these sophomore pages of the yearbook in memory of David.

The election of class officers began the business year for the sophomore class. A new president, Russ Haigis, as well as a new secretary, Jill Turner, was elected. Vice-president, Gerry Balzano, and Treasurer, DeeDee Briggs began their second consecutive term of office. With these brilliant minds to lead us on during this important "building year," we come closer and closer to our ultimate goal in school life—graduating.

The average sophomore begins his day when that much-dreaded-by-all 8:35 bell rings. The first class finds half of the sophomores in health. A few enter Room 5 to make like drummers on their typewriters. Others find their way to study halls only to be rudely awakened a short time later by the second period bell. The next period finds two classes of boys in the shop, while two other classes of geometry students upstairs are searching for a fellow classmate with a symmetrical head.

"Welcome back, Charlie!"

With these brilliant minds to lead us on . . .

# *Searches . . .*

Period 3 finds English classes deliberating the theme of a novel while their fellow classmates are shedding a few bitter tears over 'that poor lil' frog' they have just made into mincemeat in biology. During period 4 the hunger pains really make themselves felt. It is hard to keep one's mind on lecon francais when it keeps wandering back to the subject of gourmet. After lunch, many spend period 5 in the library preparing that difficult Latin translation for the next period. Meanwhile others are becoming physically fit under the supervision of Mr. Plummer and Miss Thorndike. Period 6 has finally arrived! The question of the day in Latin class—"Who will be Mr. Gushee's first victim today? McFarland? McKenzie? Milliken? or Moulton?"—enters everyone's mind. After the period 7 bell rings, the sophomore returns to his homeroom. He has accumulated a large stack of books and an even larger stack of assignments, but he also has a look of satisfaction on his face. Why? His search has been rewarded.

"McKenzie, did you prepare this?"

Not a bull session, boys?

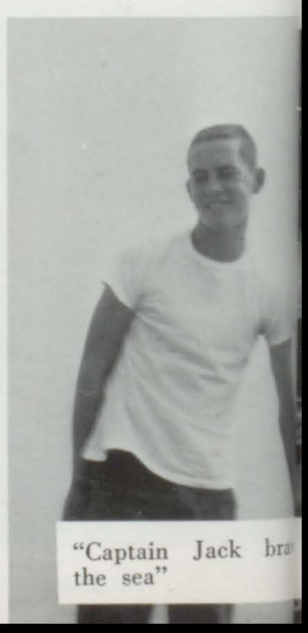
# . . . *Indoors and Out*

As far as activities were concerned, the sophomore class was well represented. Louise Snow and Shawn Bellavance gained their first year's experience as members of Scarborough High's high-steppin' majorettes. Many began their second year in the band while others joined Mr. Fillmore's new group, Girls' Glee Club and Mixed Chorus. Who knows, some of these people may be the famous musicians or singers of tomorrow! There were many sophomore readers in the Great Books Club, and, oh yes, we mustn't forget the searching class editors on the yearbook staff. After enduring their initiation into the Latin Club last year, some students now feel secure in their title of "two year member." It is a great privilege to be in this organization, for, according to Mr. Gushee, Latin is more important than any other subject (or activity) at S.H.S. There were also many future teachers and future homemakers and, of course, future leaders on the Student Council.

Then we come to the sports. Ah, those sports! Our class was equally active in this category. To see some sophomore track boys come puffin' around the corner was

"Does she or doesn't she?" (only her hairdresser knows)

"Four below zero—Bermuda anyone?"



"Captain Jack bra the sea"

# . . . *Summer and Winter*

a familiar sight. Members of the soccer team were also frequently seen and the basketball boys, both Varsity and J.V., have proved to be valuable assets to the Scarborough club.

The boys on the swimming team also had a rewarding year. Oh! We mustn't forget about the girls. We have many athletic females in our class, too. Whether they be basketball players, field hockey girls, softball players, swimmers, tumblers, or peppy cheerleaders, you name the sport, and there's bound to be some sophomore girl in it. Of course, the boys and girls did join forces in a few instances such as the ski club and that favorite indoor sport—bowling.

In all these sports and activities, indoors and out, summer and winter, the sophomores have shown a deeper sense of responsibility and leadership. We have also lost the "green" look of our freshman year, and now have the definite look of self-confidence.

"The silly searchin' Sophomores"

# *The Class of 196*

The Junior year has been a year of growth and decision for us. At firs we could not believe that we had only two more years at S. H. S. We de cided from the beginning to work hard and accomplish great things. I took a while to get used to classes in the cafeteria (and the lab) and stud halls on the stage, but we overcame the problem with our vehement wil powers.

The Junior class has been well represented in school activities this year After seeing previews of college board tests, we decided to work even harder. At the Thanksgiving Assembly we proudly listened to the "eloquent" words of Juniors on Thanksgiving. In December hardworking Juniors aide

the Seniors in sponsoring the Confetti Ball. In March we began thinking about our trip to Washington. Candidates for Dirigo Girls' and Boys' States were chosen in May. Then in June we bade farewell to the Seniors at the Junior Prom, and we looked forward to summer and our Senior year.

Our search this year was a serious one. We sought knowledge, improvement, and achievement. This year we began to understand what a "scholarly attitude" is. The knowledge we sought was not always found in our classroom texts; we learned that research is an important tool for improvement.

# *and Upward.*

The path we follow is not always straight and smooth. We have had our troubles and have made more than one mistake, but we keep moving on. We have four very capable boys for class officers this year and four competent girls to represent us in student council. Under their leadership, we Juniors are rapidly progressing.

This year we began to look beyond high school. We considered what the world has to offer us, but more than that, what we shall be able to offer the world. We earnestly desire to be better students and good citizens of tomorrow.

# *Baseball*

Scarborough High School can be very proud of the baseball team of 1962. The team has a record which can never be surpassed. With a seven wins and one loss record, our diamondeers have brought to the reservation its first Triple-C Shore Division Baseball Championship.

Ted Libby threw a brilliant two-hitter against Scarborough High's old rival Cape to start the ball rolling for the Redskins. Ken (Burly) Lilley then came back with his second straight no-hitter in Tri-C action to whitewash Falmouth 12-0. Another highlight of Scarborough's successful campaign was sophomore Ted Pemberton's stratospheric batting average of .536. We are expecting great things from our crop of fast developing underclassmen.

With the outlook for the future a bright one we may move with confidence into our next season. Congratulations, boys!

It is not the winning or the losing that is important but rather how the game was played. A record very seldom gives a true picture of the team's ability as a unit. Although the soccer squad did not have any victories this fall, much experience was gained, and a great deal was learned through the efforts of Coach Plummer. Many of our losses were by small margins, and many games were decided in the last few minutes of play, showing the keenness of the competition.

Tom (Whitey) Gorman served ably as goalie for the greater part of the season. Another standout for us was penalty kicker Edward (Bobo) McFarland.

# Track

The track squad, working together as a closely knit team, and ably coached by Mr. Howard and Mr. Holahan has concluded another of its fine seasons. Compiling an overall record of four wins and three losses, Scarborough has proved that it has a team to be reckoned with.

A special note of congratulations should go to the fine 440 relay team: Reggie Osborn, Mike Flaherty, Gary Balzano, and Jeff Bannister. These boys set a new record of 58.5 seconds for the 440 relay—truly a fine job.

Although the victories in Cross Country this fall were few, the experience gained as a result will be invaluable in the coming campaigns. An encouraging amount of improvement could be seen in our runners as the season drew to a close.

A special note of tribute should also be paid to one of the finest runners Scarborough High has produced. Ron Doody has been consistently one of the top runners in this area.

# *Swimming*

For a thrilling experience which promotes school spirit, each student is invited to attend the Girls' Swim Meets and also the Boys' Swim Meets held each fall and spring. This year our swimming teams exerted all their energy to do their best in the Southwestern Maine Swim Meets held at the Boys' Club Pool. The girls were urged forward by team co-operation. Placing fourth in the 100 yard relay team were Janet Capron, Susan Snelling, Pat Warren, and Carol Washburn. Donna Timmons placed fourth in the diving event. The Boys' Swim Team swam a fast race. Helping them to place fifth in the fall meet were Everett Moulton, who placed fourth in the 50 yard free style, and Wayne Morse, who raced to second position in the 25 yard free style. Though this year was a good one for Scarborough's swim teams, next year promises to be a better one. Plan to see the next meet!

Placing in the meet will win you letters, boys.

# *Basketball*

We here at Scarborough High School have an indefinable pride in the basketball team of 1962-63. After dropping four of the first seven games, Coach Packy knew that if his Redskins were to get a tourney berth they would have to win practically all nine remaining games. All of the "bakers dozen" worked for this goal.

Starting the post Christmas schedule, the boys avenged their season-opening loss to Cape, next the Redskins buried top-seated Yarmouth by fourteen points, and so it went. The boys won eight of their last nine games. This group of boys had scrap, hustle, courage, poise, and that indefinable something—desire. No, we did not make the tournament: we were edged out by a slim four-hundredths of one point. It will be a long time, however, before this team is forgotten.

Scarborough will lose the services of eight men through graduation, but the crop of fast-developing underclassmen will step into their vacant sneakers next year.

Ace for two!

# *Cheerleaders*

Much practice is needed to form the close knit co-operation of the cheerleaders. Time and patience are required by all cheerleaders. From their practices came many new cheers which were energetically presented before the student body in the pep rallies for everyone's approval. The varsity cheerleaders, led by Nancy Hicks and Kathy Durgin, shouted the varsity basketball players on to victory and led the crowd in cheers to support Scarborough's team. The new and different cheers have kept up the public's interest in Scarborough's basketball games. We thank Miss Randall for her supervision of the cheerleaders and her suggestions for improving the presentation of the cheers.

Under the able coaching eye of Mr. Plummer, the Scarborough Jayvees have concluded another fine season. They finished the 1962-63 campaign with a fourteen wins and two loss record.

The many long hours of tiring practice have produced a team with shooting accuracy and hustle. There has been a marked improvement in team play as the season progressed. Freshmen Mike (Satch) Flannery, Linny Higgins, and Randy Knight have adapted their style of play to that of high school caliber and were valuable assets for Coach Plummer this season. Mike Milliken and Gary Balzano have added scrap and hustle which has been a characteristic of this year's jayvee basketeers. With the development of these fine jayvee ballplayers, we are looking forward to another highly successful campaign next year.

The J.V. Cheerleaders also spend much time practicing to get perfect co-ordination in cheers. The J.V. basketball players really appreciate their support and are inspired to do better in their games. The J.V. cheerleaders, led by Margaret Higgins, warm up the crowd with cheers for the J.V. games. The cheerleaders also shouted new cheers in the school rallies which were enjoyed by those who heard them. Through active and intensive cheers the J.V. cheerleaders have added much to the boys' basketball games and to supporting the varsity cheerleaders' activities. The J.V. cheerleaders are certainly a good example of Miss Randall's excellent coaching. Be sure to cheer with your cheerleaders and support all Scarboro's basketball teams.

In 1963 the girls basketball game differed greatly from that of 1962—the major change being a starting six. All changes require faster and keener thinking. The varsity team, led by Captain Bev Letarte, worked hard to win the active games. Under the direction of Miss Thorndike new plays have been tried and used in games. With three seniors graduating, the team will miss their support, but there are many underclassmen who are ready and able to take their place. All the girls work for team co-operation and to help Scarborough's girls basketball team move forward.

## *Basketball*

This year most of the J.V. girls were freshmen who had never seen a girls basketball game, therefore, they got off to a bad beginning. Rallying back, they quickly learned about the game and its rules. Led by captains Gloria Knox and Sally Vose, the team did its best to improve its scores. With only one senior graduating from the J.V.'s, the J.V. team will be stronger and more expert in the games. Next year will have a much faster and more vigorous game, but with the co-operation received this year Scarborough's girls J.V. should be winning.

A spring attraction for energetic girls is softball. In spite of the muddy infield and the cold, biting wind the softball players strive to achieve their best. Usually it takes the team three or four years to become a working unit of co-operation between the coach and players. This year the team will be comprised mostly of juniors and seniors who have been on the softball team since their freshman year. Since last year was a building year, 1963 promises to be a winning season with the active and enthusiastic freshmen adding to the strength of the team. Be sure to go to Scarboro's softball games and support your team!

Through the co-operation of each member of the girls field hockey team, they have finally met a victorious year. Despite the unfavorable weather and by vigorous training, the team worked together to fight for victory, and thus they have gained prestige for Scarborough High School as well as personal triumph. The field hockey team has won four games, lost four games, and tied one game with Bonny Eagle. Leading her teammates in aggressiveness is Phylis Perry. With only one senior, Darlene Baizley, graduating this year, in 1964 we expect to have even higher scores.

## *Pride and Prejudice*

The beginning of our last year at S.H.S. brought us the long anticipated Senior Play. Because of Mrs. Lary's careful planning, the play was cast and rehearsals were underway for "Pride and Prejudice" by late September. The play, set in rural England, was a sentimental comedy of family life—a story of Darcy (Bob Cott) and his pride and Elizabeth (Ellen Stevens) and her prejudice. Love succeeds in bringing the two together in the end, as Elizabeth's sisters (Sally Emmons and Nancy Hicks) do a little matchmaking of their own.

Two or three nights a week, until November 19, Harry opened the doors to our industrious and hilarious rehearsals. With some prodding from Mrs. Lary, we *all* arranged chairs into a room setting and then settled down to work. Of course, there were brief interruptions for the ice-cream cones supplied by our kind director, and perhaps a gay "Continental" or two led by Pete, Nancy, Ken, and Bev. As the days passed, the play started to take shape. By the last week the girls began to appear in the self-designed costumes of the Empire styled early 19th century.

Finally, the big night, November 19, arrived. The cast gathered backstage at 7:00 p.m., butterflies in stomachs. Many were nervous about their stage debut, but ready to do their best for the waiting audience. Quickly they changed into costume and had some of the greasy make-up spread on their faces by the ever present, Mr. Gushee, Mr. and Mrs. Dyer, Miss Ferguson, and Mrs. Lary. By curtain time, the seniors of S.H.S. had joined the social circle of 19th century England. Countless memories came out of that evening for all of us—Bill and his wig problems, Albert's more than authentic dialect. Fifty years from now, these will be among our own golden memories.

"Shall we go to the ballroom?"

"Late again, Fitzwilliam!"

"Marriages aren't made in Heaven."

"I think we'd better leave, Mr. B."

# *Dramatic Club*

Looking back at last spring's schedule, we see that the Dramatic Club set a pace that even now they are meeting with their usual enthusiasm. Shortly after mid-years, Mr. Dyer and the "Fisherman" cast got underway to prepare for the 1962 State Play Contest. Hard work on everyone's part brought us the title of local division winner and a best actress award for Ellen Stevens. In the spring of 1962, the three plays were presented. Mr. Gushee's "Only an Orphan Girl," Mrs. Lary's "Pink for Proposals," and Miss Ferguson's "The Perfect Gentleman" provided an evening of interesting but varied entertainment.

This year we have all witnessed a very successful Senior Class Play under the able direction of Mrs. Lary. Following that production, Mr. Dyer began immediate work on his State Contest Play for this year "The Brick and the Rose" with Paul Concannon, Ellen Stevens, Beverly Letarte, John Pence, Bill MacKenzie, Bob True, and Jeff Frost heading the cast. The S.H.S. Dramatic Club has been and always will be a source of countless wonders. Who will ever forget the creation of heaven on our stage by the clever and faithful shop boys?

# *Band and Majorettes*

If you walk by the gym, Monday, Wednesday, or Friday, you can see that much rewarding confidence is placed in Mr. Fillmore. Better still, if you attend one of their concerts and hear "Hey, Look Me Over" or "Port au Prince" you will hear how the S.H.S. band lives up to its honors.

Whenever the rousing music of the band is heard, the spirited majorettes come strutting by in time with the pep and gaiety of the music. With Sandy as head majorette leading her girls in intricate formations, their weekly drilling with the band shows rewardable effort. Although this organization is still in its youth, it has followed the band on its endless journeys and has added both color and liveliness to any program.

As in past years, there is no doubt in our minds that the entire music department will return from the Western Maine Music Festival with "superior" ratings. With ability and enthusiasm, nothing stands in their way.

# *Golden Notes From the Mixed Chorus . . .*

Members of the Band, Mixed Chorus, Girls' Glee Club, as well as a concert audience, have witnessed many changes in our Scarborough High School music department this year. Under the direction of the enthusiastic new music supervisor, Mr. Fillmore, each club seems to be reaching for new and ambitious heights. First on the calendar was the creation of a Music Council organized from Glee Club, Mixed Chorus, and Band officers. Members of the Council are Ken Lilley, Marc Anton, Sandra Gillings, Jill Turner, Phyllis Perry, Peter McConnell, Ellen Stevens, and Marie Wills. Working under Mr. Fillmore's guidance, these students drew up a Music Constitution. Next they arranged with the Parents' Club to make new robes for the Girls' Glee Club. With an almost double increase in membership there just weren't enough robes to go around.

# . . . and Girls' Glee Club

Then they began working as one of the most extensive music programs Scarborough High has even seen. The year started with a very successful Parent's Club Supper, a Thanksgiving program, a Christmas concert, a caroling trip, assembly programs, and several basketball rallies. As the weeks passed, other events presented unforgettable moments of musical enjoyment. The music students have worked hard for the honors received, but the added interest and support of classmates and parents has given them the spirit and urge needed for success.

The Golden Year 1963 marks, not only our 50th anniversary, but also the continuation of the challenging and excellent music program previously supervised by Mr. Doane.

Last year, under the able leadership of Miss Chandler, the Math Club was formed. Because of the interest in mathematics, the members decided to build a computer. They entered their project, "The Probabilities of Roulette, Dice, and Cards," in the state competitions, returning home to Scarborough with first prize. (CONGRATULATIONS!)

Every day of the school year, Mrs. Heywood has the welcomed help of several students in the library. These students make up the Library Staff of our high school. Their main task is to tend the check-desk, return books to the shelves, and to be responsible for the inventory of a section of the library. Each librarian spends one to two periods in the library every week.

The Great Books Club is an advanced reading course designed to help students in selecting good reading material. The main goal is to give each student a well-balanced program of reading. Each member is required to select and read twelve books each year from a list that is composed of classics, fiction, non-fiction, folk lore, and drama, choosing at least one from each category. Mrs. Heywood says that the two most popular books of the club members are *Jane Eyre* and *Wuthering Heights*, written by Charlotte and Emily Bronte respectively. The membership of the club is composed of students from every course of study, but the general trend is made up from the college preparatory students. This year the club started a paperback store, and from the proceeds they will buy more books for the library.

Welcome faces in any classroom are those of the Projection Staff because they usually mean that the lesson will be centered around a movie, slides, records, or a tape recorder. Four years ago Mr. Howard organized the Projection Staff. These boys have donated their free periods to the teachers of the school who need them to set up the equipment for audio-visual classes. Mr. Howard has taught the staff the simple mechanics and operation of the audio-visual aids. We thank Mr. Howard and the boys of the staff for giving their time freely to help in the advancement of education.

Eighteen seniors from the college preparatory course have been given outside lecture on the works of Shakespeare, as well as other great classics, by Mrs. Lary. Meetings were held at the bungalow of Carol Capron on Saturday evenings. A roaring fire, sandwiches, and the informal companionship of fellow classmates provided the atmosphere for the enrichment gained from the understanding of literature. These gatherings provided valuable preparation for the work that lies ahead at college.

# *College and Washington Clubs*

Twenty-one enthusiastic seniors gathered on April 12, to start their trip to Washington, D.C., with their chaperones Mr. Gushee and Mrs. Clark. The trip included a stop-over in New York City to see the United Nations Building, climb the Statue of Liberty, and to see the Easter Program at Radio City Music Hall then on to explore Washington, D.C. with its Washington and Jefferson Memorials, Lincoln and Washington Monuments, Capitol Building, Supreme Court and many other places of importance. On the trip between New York and Washington, tours were taken to Independence Hall, Valley Forge, Gettysburg, and Endless Caverns. The seniors returned excited and exhausted after being exposed to the bright lights of city life in New York and Washington to plunge into graduation preparations.

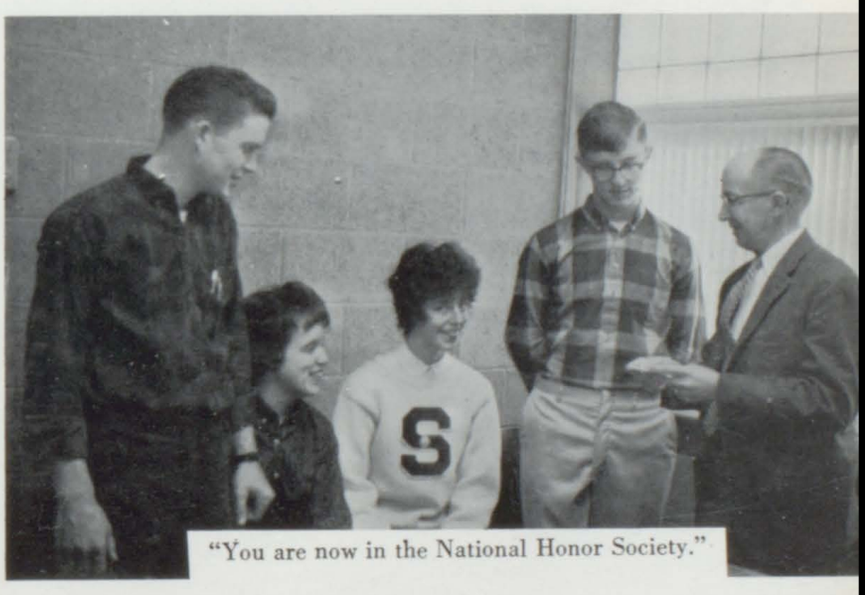
# National Honor Society

Last spring nine juniors joined the ranks of thousands previously honored in character, scholarship, leadership, and service when they became members of the National Honor Society. On April 13, 1962, a special assembly was held to initiate the Juniors who were chosen by the faculty as being in the top ten per cent of their class and best qualified to receive the honor. Even to be qualified for consideration, the student must have a average of eighty-five or above. After the faculty had chosen the new members, Mrs. Lary made telephone calls inviting the parents of the unsuspecting candidates to be present at the initiation ceremonies. Those chosen were Carol Capron, Robert Cott, Dolly Dickinson, Kathleen Durgin, Sally Emmons, Bruce Gray, Kathryn Haskell, Kenneth Lilley, and Ellen Stevens. In May of '62 Ken was elected State Treasurer at the National Honor Society Convention held in Sanford.

In the fall of '62 four more Seniors—William Flannery, Nancy How, Beverly Letarte, and Richard Morse—increased the number of the honored few here at Scarborough High from nine to thirteen and from ten per cent to fifteen per cent of the senior class. As students privileged to be members of the National Honor Society, they have worked doubly hard to remain worthy of the distinction bestowed upon them.



"You are now in the National Honor Society."

# *Latin and French Clubs*

This is the second year that the Latin and French Clubs have been under the supervision of Mr. Gushee, and Mr. Walsh, respectively. These are two of the largest clubs at Scarborough High School.

The Latin Club has met in Room 7 during free activity periods on Mondays and Fridays. Its membership is made up of serious-minded Latin students who are interested in learning more about the language and culture of the Latin classics. Club members sponsor the initiation of new members in the spring.

The French Club has met in the library during activity periods. Its purpose is to teach interested French students more about France, its charming people, and its romantic tongue. Members have gained facility in speaking French through club activities.

# *F. T. A.*

The Scarborough High Chapter of the Future Teachers of America opened a busy season with election of the following officers: President, Kathy Haskell; Vice-President, Carol Capron; Secretary, Donna Stone; Treasurer, Diane Krapovicky; Historian, John Pence; Publicity Chairman, Sharon Prout. On October 17 the club members served a successful harvest supper under the chairmanship of Nancy Laverty with the invaluable help of the cafeteria ladies and Mr. and Mrs. Lary. The proceeds will go toward the one hundred dollar scholarship for a graduate who plans to enter the teaching profession.

On October 30 the Scarborough F.T.A. enjoyed being host to the William D. Soule Chapter of Falmouth and the S. D. Warren Chapter of Westbrook in a joint installation of officers and initiation of new members. Mrs. Lary introduced platform guests and the speaker, Mr. Theodore Johnson, Submaster of Portland High School. Dolly Dickinson played the incoming march.

In March the F.T.A. sponsored a fudge sale which added to the scholarship fund. In May a number of delegates attended the State Convention.

The F.H.B. Heald Chapter, under the leadership of Mrs. Lary, received its charter in 1958 and has received a gold seal for each year as a member in good standing in the national organization.

A photographer caught Nancy, Kathy, Carol, and Sharon picking corn for the harvest supper.

# *Student Council*

After campaign speeches had been aired, posters disposed of, and council members elected, this year's Student Council settled down to work. A trip to Auburn to attend the State Student Council Convention produced new outlooks on the responsibilities facing today's youth and armed us with many worthwhile ideas. A clean-up day, held after classes, saw the entire student Council scouring the school grounds with waste-paper baskets, busily picking up candy and ice cream wrappers. The hall patrol, lacking the enthusiasm of most members because of their distaste for being trampled by eager students, was sporadic in activity.

We learned, also, that a Student Council, when functioning within the boundaries of the administration, can be both helpful and fruitful. Our homeroom representatives are not elected to make the hundreds of important decisions that are necessary for the smooth operation of S. H. S. Rather, the Student Council is a courtesy afforded us by the administration, with whom we work to help ease the burden of organizing dances, assemblies, etc. May all future Student Council members accept their responsibilities to promote service and cooperation.

"Keep 'em in line, Sue."

"Cott led the campaigners."

# *Yearbook Staff*

This is the golden anniversary edition of the *Four Corners*. Our yearbook has grown tremendously during its first fifty years. The 1913 edition was a small pamphlet-type book with a paper cover. There were no pictures, and only eight of the forty-four pages contained ads. The first yearbook to have pictures was the 1915 edition, and then only two pictures adorned its pages: a group picture of the senior class of eight and one individual picture of a senior who was not present when the picture was taken. Our business managers wonder what that first edition cost.

The commemoration of the golden anniversary of the *Four Corners* has been carried out through the efforts of the entire staff and their advisors: Mrs. Lary, Miss Ferguson, Mr. Howard, and Mr. Hallett. Editor-in-chief Sally Emmons and Managing-Editor Robert Cott have labored long over the planning of our yearbook to make it a lasting and cherished record of our school year 1963. The class editors Karen Teravainen, Holly Douglass, Jill Turner, Marjorie Link, Diane Krapovicky, and Mary Conley have strived to compose each class section capturing each special moment of the freshman, sophomore, and junior year. Seniors, don't forget the long hours of hard work put in by the periscope editors and typists: Shirley Bostwick, Charlene Breton, Sandra Burnham, Sue DeColaines, Dolly Dickinson, Kathie Durgin, Kathy Haskell, and Linda Warrick. Nancy Laverty and Ellen Stevens are the editors of clubs, dramatics and music. They have worked to develop a section worthwhile to study and read now and again to keep those cherished memories alive, Bruce Gray, Richard Morse, and William Flannery our business managers supervised the raising of more than $2,800. Thus we have done our best to provide you with a comprehensive record of high school life in 1963.

"A few editors worked to the bitter end."

"This sweaty haste Doth make the night joint labourer with the day."

# *F. H. A.*

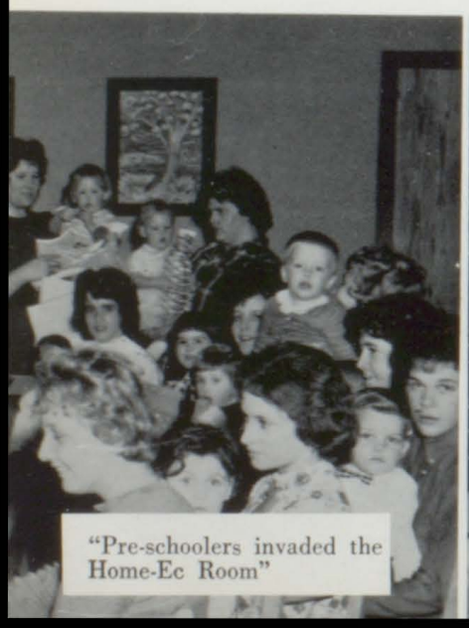
The Future Homemakers of America, under the supervision of Mrs. McMackin, is one of the largest and most active organizations in our high school. The F.H.A. is a national organization made up of students who are taking home economics in high school. The F.H.A. is formed to show girls the importance of family living to promote a growing appreciation of homemaking. Each year the F.H.A. spends about $100 for some useful needed equipment for the school; as the rostrum, the movie projector, and screen. The F.H.A. does many things in this line of service to enrich our school and community.

This year the F.H.A. started their work by putting on the Halloween Dance. The proceeds from the dance went towards a scholarship for a graduating girl. At Christmas the girls gave a party for the pre-school aged children. The admittance fee was for each girl to bring a child to the party. Two days later, on December 19, the F.H.A. gave another party, but this time for the faculty and honored guests, the freshman girls who were taking home economics.

In March they put on a supper for the girls' basketball teams. April was the state convention which many of the girls attended.

The next event of the year was the Mother-Daughter Banquet; and after the banquet, they had installation of officers for the next year. The last event of every year comes in June when a graduating senior receives the $100 F.H.A. Scholarship.

Yes, the F.H.A. girls are busy and will always be busy. Their motto is exemplified in whatever they do. They are constantly looking "Toward New Horizons."



"Pre-schoolers invaded the Home-Ec Room"

"Little fingers hurry to see what Santa has brought"

"Five officers work as one"

# *Bowling Club*

Bowling attracted more students to the Big 20 Alleys this year. The purpose of bowling is to acquire skill and to learn fair competition. Every Wednesday afternoon the girls bowling club was in full practice under the watchful eye of its advisor, Miss Chandler. This year their only competition was with Gorham High. The boys bowling club, though smaller in number, made up for what was lost in size with a little more determination to gain recognition. The boys met with their advisor, Mr. Day, on Thursday afternoons to practice. Their competition was with Cape and Old Orchard Beach, and they won their recognition by taking first place in the league. Congratulations!

# *Ski Club*

Four years ago, under the direction of Mr. Panagakos, the ski club got its start as a small group with fifteen members. Through the past three years, it has grown from that small group to seventy members, and it has become a popular winter sport for many Scarborough High students who want to become better acquainted with winter sports. The beginners start on the hill behind the high school, and then graduate to a more challenging situation on the slopes of Pleasant Mountain, Mount Cranmore, and Mount Hurricane. The skiers made special trips to these major resorts on Saturdays.

# *Calendar . . .*

On September 5 Scarborough High School opened its doors wide for 141 freshmen, the largest class ever. Several weeks later the freshmen were formally welcomed during the Freshman Reception Dance held under the sponsorship of the sophomore class.

Meanwhile preparations for the Senior Play were under way, the curtain rising on "Pride and Prejudice" on November 19. In keeping with tradition, the next day eight juniors read their original Thanksgiving theme during the last assembly before the Thanksgiving recess.

Picture day, held on December 14, saw the corridors of S.H.S. draped with band and majorette uniforms and choir robes. Completely disrupting classes, much to the delight of all students, picture day hinted of the excitement that was to come during the month of December. On December 20, during the much looked forward to Christmas assembly, Santa Claus arrived to present gifts to all the new teachers and wish us all a Merry Christmas. Two days later we returned to S.H.S. and worked from 8 a.m. until 5 p.m. to transform the gym into a dazzling ballroom for the most celebrated occasion of the school year, the Confetti Ball, to be held the next evening.

Our spirits dampened from learning that S.H.S. had missed the tour-

nament by a mere .04 of a point, after a vigorous campaign that saw 11 out of 16 opponents defeated, students retired for the February 15 mid-winter vacation. Returning in knee deep snow on February 25, S.H.S. once again came alive with students, many making plans for the junior class dance, the State Play Contest, and a few counting the days until the Washington trip.

The coming of spring saw many boys raking the baseball diamond in anticipation of capturing the Tri-C Shore Division crown, while the gym rang with the strains of Pomp and Circumstance, as seniors practiced the graduation march.

As the school year rapidly drew to a close, the band, majorettes, and choir journeyed to Portland to attend the Western Maine Music Festival, and finally on June 10, seventy-nine seniors, proud with a sense of accomplishment, yet sad with the realization that they would hereafter walk through S.H.S. halls as alumni, passed through its open doors to a new world of challenge.

As memories much like those cherished by the classes before us, this year's calendar of events will serve as a link between our past and our golden future.
