## Clean water and Lenox Soap—

That is the combination that suits  
the majority of women.

One is as important as the other.  
You cannot expect to have clean  
clothes if you do not use clean water.  
Nor will you get rid of the dirt, with-  
out injuring the clothes, if you do not  
use good soap.

Lenox Soap is good soap.

Portland Board of Trade Now Talks of  
a Trip Along the Coast.

The Portland Board of Trade will  
probably have another advertising trip  
through Maine. They are considering  
a boat tour, starting at the New Hamp-  
shire line and taking in all of the prin-  
cipal cities and towns along the coast  
to Eastport.

Starting at Kittery there are the  
smaller coast resorts and towns but  
these would be hard to reach by boat.

The ideal boat tour, it was declared,  
would be from Portland to the east-  
ward. This would take in Bath, Booth-  
bay, Rockland, Camden, Belfast, Thom-  
aston, Bucksport, Eastport, Lubec, Cal-  
ais and if desired the trip could be ex-  
tended up the Kennebec and Penobscot  
Rivers, to Gardiner, Hallowell, Bangor  
and the other towns on the St. Croix  
River besides Calais. With a large  
special boat and making easy stages it  
was declared that this trip would be  
one of the most delightful imaginable  
and could easily be made to cover two  
or three days with stops of several  
hours in each place and lay overs at  
some of the points at night so as to  
make the cruise along the world fam-  
ous coastline entirely by daylight.

Another big attraction for such a  
trip would be a stop at Bar Harbor  
and the noted resorts of Mt. Desert  
Island and the other islands off the  
Maine coast.

Edwin Libby turned out 127  
strong on Memorial Day. At Achorn  
cemetery the address was delivered  
by E. Littlefield. Evening exercises  
were held at Farwell hall, which was  
filled to its capacity. Rev. Mr. Hans-  
com was the orator.

The skating rink on Spring street  
was being transformed by L. Q. Tylet  
into a bowling alley.

Farrand, Spear & Co., were build-  
ing a new kiln.

Caterer Myrick H. Nash cut one of  
his fingers in the cogs of an ice cream  
freezer.

Hon. D. N. Mortland was reappoint-  
ed railroad commissioner.

Miss Bertha Glover entertained at  
progressive euchre and keno. First  
euchre prizes were won by W. W. Case  
and Mrs. S. H. Webb, the "boobies"  
being carried off by C. M. Walker  
and Miss Rosa Keene. The keno prize  
was awarded to George E. Torrey and  
Miss Lillian E. Sprague.

The Limerock Transit Co. was or-  
ganized with William T. Cobb as presi-  
dent and Henry N. Pierce secretary  
and treasurer. The purpose was to  
introduce a tramway system for trans-  
porting rock from the quarries to the  
kilns.

court on his grounds on Limerock  
street.

Civil Engineer Tripp was surveying  
in Rockport for a limerock tramway.

dent and E. Anson W. Gie as secretary  
and treasurer. Courts were laid out  
on Maple street, west of the Stackpole  
house.

premature explosion in the E. W. Mes-  
sar quarry. One of his hands and one  
of his arms were severely cut.

John T. Berry, John S. Case, A. J.  
Bird and Francis Cobb were added to  
the directorate of the Rockland Sav-  
ings Bank.

The directors of the Knox & Lincoln  
Railroad voted to extend its tracks in  
this city and build a depot on Union  
street, between Park and Portland  
streets.

Memorial Day exercises were held  
in Union church at 2 p. m., May 30.

The speaker, Rev. Mr. Pentecost of  
Montville, gave a very interesting and  
instructive address. Music was fur-  
nished by a mixed quartet which ren-  
dered selections appropriate to the  
day and occasion. There was a good  
attendance of citizens, including many  
ladies of the Relief Corps. But nine  
veterans were present, that number  
constituting the present membership  
of David Esney Post. The graves of  
the soldiers in Pine Grove cemetery  
were decorated with flags and wreaths  
by members of the Post. On this  
occasion, we, citizens of Appleton, have  
reason to remember with gratitude the  
kindness of the late William H. Sum-  
ner, who gave the beautiful soldiers'  
monument and lot in the cemetery. It  
is a work of art, of which our patri-  
otic citizens are very proud.

Mr. and Mrs. Albert H. Newbert of

### WHEN THE WAR RAGED

"Only a boy, and his father had said he never would let his youngest go, two already were lying dead under the feet of the ramping foe."

The building opposite the Y. M. C. A., occupied by G. T. Holt, has been painted.

The residence of A. S. Baker on Franklin street now has telephone connection. Ring 501-6.

The Rubinstein Club has its annual picnic at Mrs. A. T. Blackington's cottage, Dynamite Beach, Wed., June 21.

The Samson Hotel does not open until June 22. Previous announcements credited the season at Rockland Breakwater with beginning a week earlier.

The lawn surrounding N. B. Allen's handsome new residence on Limerock and Lincoln streets, is being graded. Fred A. Blackington, an expert at that work, has charge of the job.

The old truck horse which has been a faithful servant of William Trainer, the past 10 years, was put out of his suffering a few days ago, and the jigger is now being drawn by an animal of more youthful years.

After an exciting debate at Bangor Wednesday the Maine State Federation of Labor went on record as favoring the repeal of the prohibitory amendment. The vote stood 32 to 12.

The proposition to repeal was supported principally by cigar makers, who maintain that the prohibitory law worked havoc with their business. One of the signers of the resolve was W. J. Healey, a Rockland cigar maker.

Arthur Farrand liberated 5000 salmon fry in Alford's Lake this week. The little fellows came from the Camden hatchery.

Rockland Lodge conferred the Master degree upon Capt. Martin Miller Wednesday night, and had three candidates on the Entered Apprentice the night before.

Thirty-four salmon were caught by the quintet of Rockland business men, who recently visited Grand Lake Stream in Washington county, and that in spite of blowy weather which prevented frequent fishing. The trip was made in E. K. Leighton's motor car.

The asphalt road on Spring street, although comparatively new, has worn through in several places, and will doubtless have to be repaired this summer. The contractors presumably filed the usual forfeit, so that the expense of repair will not come upon the city.

The Boy Scouts are organized to do every good thing that lies at hand. They now join in a friendly rivalry to see which one of them can sell the most tickets for "Marching Through Georgia," the play presented for the benefit of the soldiers' monument fund.

The petition to have the Broadway baseball ground abated as a menace and a nuisance did not reach the hand of the city solicitor. It was so referred by the board of aldermen, but the common council after listening to the able speech of Howard Waltz, declined to accept the petition. The lower board is evidently not in sympathy with anything that would tend to injure the national game.

The construction of the new box-house and repair shop, which is to be built on the shore privilege recently purchased by Messrs. Cookley and Bird from the Nathaniel Crockett estate, will commence next Monday. The building, as announced in this paper a week ago, will be leased by Capt. Geo. E. Horton for use in connection with the marine railway which will be established for him on the same privilege.

The first party of convalescent patients from the Eastern Maine and Maine General Insane hospitals to come to the Bangor Island summer hospital, will leave Bangor next Monday morning on the steamer W. G. Butman.

Forty patients from the Augusta hospital and 25 from the Bangor hospital will stay there six weeks. Dr. Tyson of the Bangor Island summer hospital, will leave Bangor next Monday morning on the steamer W. G. Butman.

Rockland needs a new police court. The present one is too small to accommodate more than a handful of spectators, to say nothing of those who have actual business there. It is ill ventilated at best, but the situation becomes intolerable when in the heat of a summer day it is impossible to raise the windows because of the stench arising from the mature heap accumulating from the city stable, which is practically underneath. What are you going to do about it?

Remember the "Magistrate" Monday, June 12th, and get your tickets early.

In accordance with the law passed by the last Legislature the liquor agency in this and other Maine cities would pass out of existence at the end of the present month. The referendum has been invoked, however, Rockland contributing 200 signatures to the 10,000 needed for this purpose. It is now up to the people to pass judgment in September.

The date of "Marching Through Georgia," which is to be produced at Rockland Theatre for the benefit of the soldiers' and sailors' monument, has been set ahead to June 27 and 28, because of difficulty in getting rehearsals through a week sooner. Few persons care to see a moving picture twice, but this play will please after being witnessed twice or three times.

The department of Maine, United Spanish War Veterans, will hold its annual encampment in Waterville, Saturday, June 24. Kennebec Camp, No. 11, will be the host camp and its members, as well as Department Commander Joseph P. McCarthy, are making preparations to entertain delegates from all the camps in Maine. Ralph R. Ulmer Camp of this city will be represented.

The Commencement exercises of Castine Normal school were held Tuesday. The graduating class numbered 39 students, among whom were Anna C. Coombs of Vinalhaven, Edna McGraw of Waldoboro, Edna M. Payson of Hope and Helen J. Spear of Rockport. Miss Coombs and Miss Spear had part in the commencement exercises, the subjects of their essays being "Flowers and their uses" and "Lifting Better up to the Best."

Miss Cora B. Hills writes from Antioch, Calif., to express her deep appreciation for the shower of beautiful birthday cards which she recently received from the East. These pleasing mementoes came from two counties in Maine and five other states. "We think we could not get along without The Courier-Gazette," writes Miss Hills. "When it comes there is nothing doing until it is read through."

We are glad to read of such great improvements in Rockland.

Henry Ripley, "printer's devil" in the old Free Press office, left type sticking and volunteered in the Civil War. One day while at the house of his employer, he hurt a finger slightly, and fell into a chair white and limp, at the sight of blood. One who knew him well said of him that although he was a quiet boy, he was one who, upon occasion, would "clasp his weight in wildcats."

He fought bravely in the war till he was shot on the field of battle and died of his wounds.

A correspondent writes from Portland: "Mr. Chapman conducted the last rehearsal of the season at the Lafayette Hotel Friday. Many delegates from the choruses of western Maine were present and a more enthusiastic rehearsal can scarcely be imagined. In fact it was a miniature Festival. No more rehearsals will be held until the first Monday in September. The chorus members were more than delighted with the announcement of artists made by Director Chapman last week."

The Rebekahs held a largely attended district meeting with Miriam Lodge in this city Tuesday night. District Deputy President Eva Flint, of Rockland, presided and State President Mae Cash of Portland, of the Maine Rebekah Assembly was the guest of honor. A cordial address of welcome was made by Mrs. Lottie (Harding) Hall of Miriam lodge, to which a feeling response was given by Mrs. Dickens of Malden Cliff Lodge of Camden. The Noble Grand of each lodge read a report of the financial and social conditions that prevail, and all three reports were exceedingly satisfactory and encouraging. The lodges have done all possible toward raising funds for the proposed Odd Fellows home to be established at or near Portland, in behalf of which enterprise the members of the order, and especially those of the Rockland branch, are making great efforts at this time. The Rebekah degree was conferred by the staff of Miriam lodge upon two candidates. At six o'clock supper was served to the visiting delegates.

I wish to announce that I have bought out the Oil Business formerly conducted by Frank F. Harding and will be glad to continue to serve old customers as well as new. Telephone 386-32—Henry Closson. 46747

An instrumental and song service will be held at the Y. M. C. A. Sunday afternoon at from 3.30 to 4 o'clock. The service will consist of instrumental music by the "Harmonic Trio," consisting of Dr. Luce and Messrs. Stevens and Sanborn, and singing led by Raymond Greene. There will be a short talk by Frank H. Ingraham, upon a timely topic. Everybody is invited.

The second annual union picnic of the Rockland Sunday schools will take place at Oakland Wed., June 21, and in view of the immense success of the affair last summer it is expected that there will be a very large attendance of young folks. There will be baseball and other sports and there will be lively competition for the banner now held by the Congregational Sunday school. A band will be in attendance.

The last home game of the Knox and Lincoln League will be played on the Broadway ground Saturday afternoon at 2.30 by Rockland High and Lincoln Academy. In their first game at New-castle, the Rockland boys were defeated 4 to 3, under circumstances which resulted in a protest, and they are fairly thirsting for satisfaction. Rockland cannot get very high honors in the league this season for that opportunity has gone by, but they mean to win from Lincoln Academy if it takes every ounce of their energy.

Prof. Baker, the negro vaudeville artist, who has entertained crowds in nearly every state in the Union during the past 40 years, drifted into town Wednesday, and is getting "limbered up" for the coming season. Everybody knows Prof. Baker and everybody has laughed at his comic antics. His home is in Brunswick, and while content to fill the role of jester, he is doubtless able to dig down into his leans and produce a play of the highest quality. He knows that would command respect in any locality. May his shadow never grow shorter—or darker.

Col. John E. Margets of New York City will deliver a lecture entitled, "Heroes," at the Army hall, Friday, June 16, which will be illustrated by nearly 150 dissolving views and illustrated songs. "Heroes" is a new and original lecture, bristling with thrilling and appealing description of the discipline of war, the heroism, the valor and deeds of daring. Our Hero Fathers are vividly seen in striking sketches of their struggles, risks and chivalry to gain America and obtain American freedom. Hero-Saints in picture and words are shown bravely suffering, valiantly, treachery, persecution and death by fire, by pistol, etc., to serve Christ and secure religious liberty. Present-day Heroes are graphically portrayed in noble service and gallant action to save the bodies and souls of their fellowmen and honor God.

When Max Fingold undertook to rub rubbers from Mrs. Blackington of Waldo avenue last Monday he did not know that the time was being wasted. Mrs. Blackington's son, Fred M. Blackington, who is dealer of weights and measures. When the proper moment arrived Mr. Blackington took possession of Fingold's scales.

Next Sunday morning at the Methodist church the subject will be "Unseen Visions." The music will be of the usual helpful and inspiring character. Don't try to excuse yourself from the obligations of divine worship. In the evening Mr. Garland will continue his series for men, the subject for the next sermon being "The Religion of a Man. A good many men have more religion than is of value to themselves, or of the comfort to their friends, while many a man has more religion than he gets credit for. Religion is not so much a matter of belief, as of action. It seems apparent that these sermons are reaching folks, judging by the crowded audience that greet the speaker each evening. The solo by Miss Ethel Clinton was much enjoyed. Next Sunday there will be an instrumental trio by Misses Payson, Covell and Carlini on the piano, cornet and violin. They played together at the reception given by Dr. Sweet's class Monday evening for the great delight to all. Strangers and men are especially welcome at this church of the glad hand.

The store occupied for 36 years by J. R. Stewart, who recently retired from business on account of ill health, has been leased by Harry B. Bradbury, who will conduct a shoe business there under the name of Bradbury's Cut Price Shoe Store. Mr. Bradbury will abandon the bartering business altogether, and goes to Boston next Monday to select his stock.

The Pythian Sisters will have supper at their hall Wednesday evening, June 14. Members are requested to furnish. There will be work in the evening by Knox Temple of Camden.

"The Magistrate" is the strongest play ever given by a local cast. Clarence Pendleton plays the part of the "Magistrate" and those who remember the "Chancellor" in Iolanthe, will not miss seeing him.

### WHEN THE WAR RAGED

"Only a boy, and his father had said He never could let his youngest go, Two already were lying dead Under the feet of the tramping foe."

The building opposite the Y. M. C. A., occupied by G. T. Holt, has been painted.

The residence of A. S. Baker on Franklin street now has telephone connection. Ring 501-6.

The Robinson Club has its annual picnic at Mrs. A. T. Blackington's cottage, Dynamite Beach, Wed., June 24. The Samson hotel does not open until June 22. Previous announcements credited the season at Rockland Breakwater with beginning a week earlier.

The lawn surrounding N. B. Allen's handsome new residence on Limerock and Lincoln streets, is being graded. Fred A. Blackington, an expert at that work, has charge of the job.

The old truck horse which has been a faithful servant of William Trainer, the past 10 years, was put out of his suffering a few days ago, and the jigger is now being driven by an animal of more youthful years.

After an exciting debate at Bangor Wednesday the Maine State Federation of Labor went on record as favoring the repeal of the prohibition amendment. The vote stood 32 to 12. The proposition to repeal was supported principally by cigar makers, who maintain that the prohibition law worked havoc with their business. One of the signers of the resolve was W. J. Healey, a Rockland cigar maker.

Arthur Farrand liberated 5000 salmon fry in Alford's Lake this week. The little fellows came from the Camden hatchery.

Rockland Lodge conferred the Master degree upon Capt. Martin Miller Wednesday night, and had three candidates on the Entered Apprentice the night before.

Thirty-four salmon were caught by the quintet of Rockland business men, who recently visited Grand Lake Stream in Washington county, and that in spite of blowy weather which prevented frequent fishing. The trip was made in E. K. Leighton's motor car.

The asphalt road on Spring street, although comparatively new, has worn through in several places, and will doubtless have to be repaired this summer. The contractors presumably filed the usual forfeit, so that the expense of repair will not come upon the city.

The Boy Scouts are organized to do every good thing that lies at hand. Will they now join in a friendly rivalry to see which one of them can sell the most tickets for "Marching Through Georgia," the play presented for the benefit of the soldiers' monument fund? Hike to the contest boys!

The petition to have the Broadway baseball ground abated as a menace and a nuisance did not reach the hand of the city solicitor. It was so referred by the board of aldermen, but the common council after listening to the able speech of Howard Waltz, declined to accept the petition. The lower board is evidently not in sympathy with anything that would tend to injure the national game.

The construction of the new boat house and repair shop, which is to be built on the shore privilege recently purchased by Messrs. Coakley and Bird from the Nathaniel Crockett estate, will commence next Monday. The building, as announced in this paper a week ago, will be leased by Capt. Geo. E. Horton for use in connection with the marine railway which will be established for him on the same privilege.

The first party of convalescent patients from the Eastern Maine and Maine General Insane hospitals to come to the Chase Island summer hospital, will leave Bangor next Monday morning on the steamer W. G. Butman.

Forty patients from the Augusta hospital and 25 from the Bangor hospital will stay there six weeks. Dr. Tyson of the Bangor hospital will be in charge of the institution for a time. He will be accompanied by his family.

Rockland needs a new police court. The present one is too small to accommodate more than a handful of spectators, to say nothing of those who have actual business there. It is ill ventilated at best, but the situation becomes intolerable when in the heat of a summer day it is impossible to raise the windows because of the stench arising from the manure heap accumulated from the city stable, which is practically underneath. What are you going to do about it?

Remember the "Magistrate" Monday, June 12th, and get your tickets early.

In accordance with the law passed by the last Legislature, the liquor agency in this and other Maine cities would pass out of existence at the end of the present month. The referendum has been invoked, however, Rockland contributing 200 signatures to the 10,000 needed for this purpose. It is now up to the people to pass judgment in September.

The date of "Marching Through Georgia," which is to be produced at Rockland Theatre for the benefit of the soldiers' and sailors' monument, has been set ahead to June 27 and 28, because of difficulty in getting rehearsals through a week sooner. Few persons care to see a moving picture twice, but this play will please after being witnessed twice or three times.

The department of Maine, United States War Veterans, will hold its annual encampment in Waterville, Saturday, June 24. Kennebec Camp, No. 11, will be the host camp and its members, as well as Department Commander Joseph P. McCarthy, are making preparations to entertain delegates from all the camps in Maine. Ralph R. Ulmer Camp of this city will be represented.

The Commencement exercises of Castine Normal school were held Tuesday. The graduating class numbered 39 students, among whom were Anna C. Coombs of Vinalhaven, Edna May of Gray, Waldoboro, Edna M. Payson of Hope and Helen J. Spear of Rockport. Miss Coombs and Miss Payson were in the commencement exercises, the subjects of their essays being: "Flowers and their Mission," and "Lifting Better up to the Best."

Miss Cora B. Hills writes from Ancho, Calif., to express her deep appreciation for the shower of beautiful birthday cards which she recently received from the East. These pleasing mementoes came from two counties in Maine and five other states. "We think we could not get along without The Courier-Gazette," writes Miss Hills. "When it comes there is nothing doing until it is all read through. We are glad to read of such great improvements in Rockland."

Henry Ripley, "printer's devil" in the old Free Press, is a type sticking and volunteered in the Civil War. One day while at the house of his employer, he hurt a finger slightly, and fell into a chair white and limp, at the sight of blood. One who knew him well said of him that although he was a quiet boy, he was one who, upon occasion, would "whip his weight in wildcats." He fought bravely in the war till he was shot on the field of battle and died of his wounds.

A correspondent writes from Portland: "Mr. Chapman conducted the last rehearsal of the season at the Lafayette hotel, Friday. Many delegates from the choruses of western Maine were present and a more enthusiastic rehearsal can scarcely be imagined. The fact is that a miniature Festival. No more rehearsals will be held until the first Monday in September. The choruses were more than delighted with the announcement of artists made by Director Chapman."

The Rebekahs held a largely attended district meeting with Miriam Lodge in this city Tuesday night. District Deputy President Eva Flint, of Rockland, presided and State President Mae Cash of Portland, of the Maine Rebekah Assembly was the guest of honor. A cordial address of welcome was made by Mrs. Lottie (Harding) Hall of Miriam lodge, to which a feeling response was given by Mrs. Dickens of Maiden Cliff Lodge of Camden. The Noble Grand of each lodge read a report of the financial and social conditions that prevail, and all these reports were exceedingly satisfactory and encouraging. The lodges have done all possible toward raising funds for the proposed Old Fellows home to be established at or near Portland, in behalf of which enterprise the members of the order, and especially those of the Rockland branch, are making great efforts at this time. The Rebekah degree was conferred by the staff of Miriam lodge upon two candidates. At six o'clock supper was served to the visiting delegates.

An instrumental and song service will be held at the Y. M. C. A. Sunday afternoon at from 3.30 to 4 o'clock. The service will consist of instrumental music by the "Harmonic Trio," consisting of Dr. Luce and Messrs. Stevens and Sanborn, and singing led by Raymond Graham. There will be a short talk by Frank H. Ingraham, upon a timely topic. Everybody is invited.

The second annual union picnic of the Rockland Sunday schools will take place at Oakland Wed., June 21, and in view of the immense success of the affair last summer it is expected that there will be a very large attendance of young folks. There will be baseball and other sports and there will be lively competition for the banner won by the Congregationist Sunday school. A band will be in attendance.

The last home game of the Knox and Lincoln League will be played on the Broadway ground Saturday afternoon at 2.30 by Rockland High and Lincoln Academy. In their first game at New-Haven the Rockland boys were defeated 4 to 3, under circumstances which resulted in a protest, and they are fairly thirsting for satisfaction. Rockland cannot get very high honors in the league this season for that opportunity has gone by, but they mean to win from Lincoln Academy if it takes every ounce of their energy.

Prof. Baker, the negro vaudeville artist, who has entertained crowds in nearly every state in the Union during the past three years, will be in town Wednesday, and is getting "limbered up" for the fair and races. Everybody knows Prof. Baker and everybody has laughed at his comicisms. His home is in Brunswick, and while content to fill the role of tester, he is doubtless able to dig down into his jeans and produce a roll of greenbacks or a bank book that would command respect in any locality. May his shadow never grow shorter or darker.

Col. John E. Margetts of New York city will deliver a lecture entitled, "Heroes," at Armory hall, Friday, June 16, which will be illustrated by nearly 150 dissolving views and illustrated songs. "Heroes" is a new and original lecture, bristling with thrilling and appealing description of the display of rare courage, distinguished valor and deeds of daring. Our Hero Fathers are vividly seen in striking pictures, and the speaker, with his chivalry to gain America and obtain American freedom. Hero-Saints in picture and words are shown bravely suffering villainy, treachery, persecution and death by fire, by pistol, etc., to the original lecture, bristling with thrilling and appealing description of the display of rare courage, distinguished valor and deeds of daring. ## DOCTORS FAILED TO HELP HER

Cured by Lydia E. Pinkham's  
Vegetable Compound

Pound, Wis. — "I am glad to an-  
nounce that I have been cured of dys-  
pepsia and female troubles by your  
medicine. I had been troubled with  
both for fourteen years and consulted  
different doctors, but failed to get any  
relief. After using Lydia E. Pinkham's  
Vegetable Compound and Blood  
Purifier I can say I am a well woman.  
I can't find words to express my thanks  
for the good your medicine has done  
me. You may publish this if you wish."  
— Mrs. HERMAN SIEFF, Pound, Wis.

The success of Lydia E. Pinkham's  
Vegetable Compound, made from roots  
and herbs, is unparalleled. It may be  
used with perfect confidence by women  
who suffer from displacements, inflam-  
mation, ulceration, fibroid tumors, ir-  
regularities, periodic pains, backache,  
bearing-down feeling, flatulency, indig-  
estion, dizziness, or nervous prostra-  
tion.

For thirty years Lydia E. Pinkham's  
Vegetable Compound has been the stan-  
dard remedy for female ills, and  
suffering women owe it to themselves  
to at least give this medicine a trial.  
Proof is abundant that it has cured  
thousands of others, and why should  
it not cure you?

If you want special advice write  
Mrs. Pinkham, Lynn, Mass., for it.  
It is free and always helpful.

## IN BRISK DEMAND

Medium-Sized Vessels Find Good Busi-  
ness in the Granite Trade.

In marked contrast to the dullness  
prevailing in freights at the present  
time for the large coal carrying ves-  
sels a brisk movement is noted in the  
demand for medium sized schooners,  
to load stone at Vinalhaven, Frankfort,  
Stonington and other Maine ports on  
large contracts lately given out for  
building new piers and breakwaters at  
different New England ports, in addi-  
tion to an immense order for a pier  
for building purposes at New York.

John L. Goss of Stonington has con-  
tracted to furnish about 50,000 tons of  
granite for a new government pier at  
Portsmouth, and the Chase Granite Co.,  
also of Stonington, will ship a still larger  
amount to be used in the construction  
of the Sandy Bay breakwater at  
Rockport, Mass. These and other con-  
tracts for granite and paving lately  
made will furnish freights this season  
for a large number of three and four  
masted schooners which otherwise  
might have been obliged to haul up  
this summer, as the lumber carrying  
business is unusually dull, very few  
vessels loading at the present time at  
Calais, Bangor and other eastern ports.

Marvelous Discoveries  
mark the wonderful progress of the age.  
Air flights on heavy machines, tor-  
grams without wires, terrible war in-  
ventions to kill men, and that wonder  
of wonders—Dr. King's New Dis-  
covery—to save life when threatened  
by coughs, colds, influenza, asthma,  
croup, bronchitis, hemorrhages, hay  
fever, and whooping cough or lung  
trouble. For all bronchial affections it  
has no equal. It relieves instantly.  
Its sure cure. James N. Black of  
Asheville, N. C., R. R. No. 4, writes it

all other remedies failed. 50 cents and

There is more Catarrh in this section of the  
country than all other diseases put together,  
and until the last few years was supposed to be  
incurable. For a great many years doctors  
pronounced it a local disease and prescribed  
local remedies, and by constantly failing to  
cure with local treatment, pronounced it in-  
curable. Science has proven catarrh to be a  
constitutional disease and therefore requires  
constitutional treatment. Hall's Catarrh Cure,  
manufactured by E. J. Cheney & Co., Toledo,  
Ohio, is the only constitutional cure on the  
market. It is a taken internally in doses from 10  
drops to a teaspoonful. It acts directly on the  
blood and mucous surfaces of the system. They  
offer one hundred dollars for any case that  
fails to cure. Send for circulars and testi-  
monials. Address: E. J. CHENEY & CO., Toledo, Ohio.  
Sold by Druggists, 75c.

Take Hall's Family Pills for constipation.

## Fifty Years Ago --- Defenses of Washington

THIS wartime photograph, taken in 1861, shows vividly the nation's preparation for defense. The scene is  
a portion of Fort Corcoran, near Washington, one of those hastily constructed defenses which served to  
check the advance of the encroaching Confederates whose objective point was the national capital. The  
men in the picture are Colonel Michael Corcoran and his officers. Observe the man immediately back of the  
stack of ammunition near the left end of the picture. His right arm is missing. Already he had suffered for  
his country.

## Women's Beauty

Imperfect Digestion Causes Bad  
Complexion and Dull Eyes.

The color in your cheeks won't  
fade; the brightness in your eye won't  
vanish, if you keep your stomach in  
good condition.

Belching of gas; heaviness, sour  
taste in mouth, dizziness, biliousness  
and nausea occur simply because the  
stomach is not properly digesting the  
food.

The blood needs nourishment to carry  
vigor, vim and vitality to every part of  
the body and when food ferments in  
the stomach enough nourishment is  
not supplied.

MI-O-NA stomach tablets give instant  
relief to upset stomachs, but they do  
more; they put strength into the  
stomach and build it up so that it can  
easily digest a hearty meal without giv-  
ing its owner hours of misery.

"I had stomach trouble for six  
years—four days at a time could eat  
nothing at all. After taking MI-O-NA  
treatment I am in perfect health and  
can eat anything."—E. M. Campbell,  
1200 S. Prospect St., Sedalia, Mo.

MI-O-NA is sold by druggists  
everywhere and by C. H. Pendleton  
and W. H. Kittredge at 50 cents a  
large box. It is guaranteed to cure  
indigestion or any stomach distress,  
or money back.

## WALDOBORO

The following from this place were  
in Rockland on business Saturday:  
Jacob G. and Miss Wava E. Winchen-  
baugh, Mr. and Mrs. Frank N. Creamer,  
Mrs. Belle M. and Loretta S. Poland  
and Mr. and Mrs. Fred L. Burnes.  
Edgar E. Wallace has purchased a  
new riding wagon of Mr. Linneken of  
Jefferson.

Herman R. Winchenbaugh is break-  
ing his soil.

Clinton Gross is on a trip to New  
York and the South, in the capacity of  
mate.

Work is now progressing rapidly on  
Austin Wallace's new house, with Ray  
N. Winchenbaugh as boss carpenter.

Charles D. Winchenbaugh had peas  
in blossom June 4. We have seen but  
one man hoeing potatoes thus far and  
that was Silas Nash.

About fifty persons were out to  
listen to a temperance talk by the pas-  
tor Sunday evening.

Misses Sadie M. Burnes, Amy and  
Fannie Winchenbaugh have returned  
from E. H. Lawry's factory for the  
season.

rived from New York last Sunday with  
coal for E. O. Burgess of Thomaston.

back at work for J. E. Kinney.

J. E. Kinney, one of the surfmen of  
the White Head Life Saving Station, is  
now off duty for a two months' vaca-  
tion.

The motor boats, together with the  
steamers Jule and May Archer, are  
daily plying up and down the Georges  
river.

Owing to the ground being so dry  
this spring the garden seed is not com-  
ing up very fast. Unless we have rain  
soon there will be a poor crop of  
vegetables this year.

Mr. and Mrs. Palmer and daughter  
Helen, of Hurricane, are visiting relatives  
here.

The men who are working at Rock-  
land were home last Sunday and re-  
turned Monday.

## Life

The poet's exclamation: "O Life I  
feel thee bounding in my veins," is a  
lyric one. Persons that can rarely  
or never make it, in honesty to them-  
selves, are among the most unfortu-  
nate. They do not live, but exist; for  
to live implies more than to be. To  
live is to be well and strong—to arise  
feeling equal to the ordinary duties of  
the day, and to retire not overcome  
by them—to feel life bounding in the  
veins. A medicine that has made thou-  
sands of people, men and women, well  
and strong, has accomplished a great  
work, bestowing the richest blessings,  
and that medicine is Hood's Sarsapar-  
illa. The weak, run-down, or debili-  
tated, from any cause, should not fail  
to take it. It builds up the whole sys-  
tem, changes existence into life, and  
makes life more abounding. We are  
glad to say these words in its favor to  
the readers of our columns.

## Women and Tea in Japan.

No Japanese society woman has completed

her education unless she can tell

just what grade of tea is being served to

her—Uji, Mikado or a hundred others—and

at least be able to distinguish by taste at

least a dozen "blends" in a brand that has

been raised and used for centuries. With tea

plantations five centuries old and tea plants

200 years of age there is no need for tea

commissions to fix customs standards. As for

the house-hold standards, the Japanese house-

wife decides them herself.

The Cook Lane Ghost.

St. John's, Clerkenwell, is a mean

structure architecturally, but possesses two

interesting historical associations, one romantic

and the other ludicrous. It is the headquarters

of the Order of the Order of St. John of Jeru-

salem, part of the choir of whose ancient priory

can be seen in the early English crypt. This

crypt was the haunt of the "Cook lane ghost,"

which excited all London in February, 1702, and attracted

Johnson, Goldsmith and Horace Walpole. The

"ghost" proved, as Dr. Johnson surmised, to be the mischievous

little daughter of a parish clerk—Westminster

Gazette.

A Regular Attendant.

As the new minister of the village

was on his way to evening service he met a

rising young man of the place whom he was

anxious to have become a member of his church.

"Good evening, my young friend,"

he said solemnly. "Do you ever attend a place of worship?"

"Yes, indeed, sir, regularly every Sunday

night," replied the young fellow with a smile. "I'm on my way to

see her now."—Metropolitan Magazine.

His Complete Triumph.

"Uncle Rastus, I thought they had sent you

to jail again on the usual charge."

"No, sub; I've vindicated dis time. De judge

couldn't quite make up his mind, an' he turned me

loose an' said I mustn't do it again."—Chicago Tribune.

An Uphill Job.

Figg—"Don't you wish you could live your

life over again? Fogg—"Well, I should say not! I've got a

twenty year endowment policy maturing this month."—Boston Transcript.

When you have chosen your part abide by it

and do not weakly try to reconcile yourself with the world—Emerson.

In spite of what the skeptics say The ancient

adage holds good still. Where's there's a will there's a way.

That is, if it's a woman's will. —Chicago Record-Herald.

After shaving a message with Mentholatum

is delightfully cool and soothing. It prevents face

soreness due to close shaving, heals cuts and keeps the skin

healthy. Barbers use and recommend it. If you

shave yourself write the Mentholatum Co., Buffalo, N. Y., for a free

sample—or ask your barber to use next time he

shaves you. Local druggists supply Mentholatum in 25c

and 50c size opal jars.

Children Cry FOR FLETCHER'S CASTORIA

## Panama Hats.

What are generally known as "panama" hats are not made in Panama at all, but chiefly in South America, especially in Colombia and Ecuador, and to some extent in several Central American states.

## Sea Level.

The waters of the various oceans are not all on the level with each other. Water in the bay of Bengal is 300 feet above the Indian ocean level, and that of the Pacific along the coast of South America is as high as 1,000 feet or more above the waters in the opposite Atlantic. These elevations depend on the attractions of great mountain of Asia—the bay of Bengal on the Himalayas and the south Pacific on the Andes.

## Americans in Mexico.

There are 75,000 Americans living in Mexico (10,000 in the City of Mexico alone), and nearly \$1,500,000,000 of American capital is invested there.

## Glaciers.

The rate of motion of glaciers varies with local conditions, but is sometimes extremely slow. Thus the Theodolite glacier ejected in 1885 from its end two skeletons with fragments of clothing and two medals dated 1852.

## Cable Messages.

It takes about twenty seconds for a short message to go from one end of the Atlantic cable to the other. This is about 100 miles a second.

## Hungary Water.

The first perfume manufactured was called Hungary water, from the country where it was invented. It was made from the spirits of wine distilled from rosemary.

## Asbestos.

Asbestos, which takes its name from a Greek word meaning incombustible, consists chiefly of silica, magnesite, alumina and oxide of iron. It was known to the ancients, who used it as a wrap to preserve the ashes of those whose bodies were consumed on the funeral pyre.

## The Grasshopper.

The grasshopper isn't a chicken, although it lays eggs, but it has a gizzard as a chicken has, except that the grasshopper's gizzard has teeth—sharp horny teeth.

## A Japanese Custom.

Nearly every Japanese follows the profession of his father.

## A Potash Lake.

Asiatic Turkey has a lake about eighty miles long the water of which is so impregnated with potash that the residents in its vicinity wash clothing in it without using soap.

## An All Around Clock.

A clock in St. Petersburg has ninety-five faces, indicating simultaneously the time at thirty different spots on the earth's surface, besides the movements of the earth and planets.

## The Forbidden Potato.

Fashions change in diet as in other things. There has been a public ground store at Ratisbon since the fourteenth century, and in the sixteenth (Captain Granville Baker reminds us in "The Potato With Pen and Pencil") a decree forbade the consumption of those strange, unwholesome products melons and potatoes.

## Greenwich.

Greenwich, by common consent, has been taken as the world's first meridian or cardinal meridian, simply because of the great age and prominence of the observatory there.

## Flora of Asia and Africa.

Strange to say, in Asia and Africa, where grass will not grow, the most beautiful flowers and shrubs flourish to perfection.

## Knots and Miles.

The knot is longer than the mile. The statute mile measures 5,280 feet, and the statute knot is 6,080 feet. A knot, therefore, is equal to 1.151 miles. The British admiralty knot, or nautical mile, is 6,080 feet.

## Drilled Soldiers.

Charles XII. of Sweden, "the madman of the north," ripped most of Europe up the back again and again because his soldiers were drilled to perfection before he let them take the field at a time when there was great neglect of drill in other armies. He valued 1,000 well drilled fighters above 10,000 not so well drilled, and, madman or genius, his judgment was vindicated repeatedly in terrible battles.

## Asparagus Ferns.

For those having asparagus ferns that do not seem to grow try putting a spoonful of castor oil around the roots and notice the change in about six weeks.

## Monaco.

The tiny principality of Monaco comprises eight square miles of territory, in which two other towns besides Monte Carlo manage to squeeze themselves. The population approximates 14,000.

## Paper From Linen.

Paper was first made from linen in 1302.

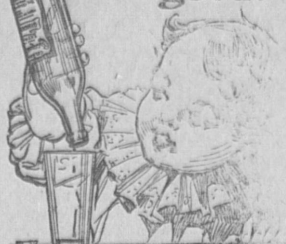

## Silence Cloth.

A good silence cloth for the dining table can be made with a double thickness of white flannel laid with the soft side on the inside and quilted on the machine. Edge with a binding of white tape.

## A Woman's Great Idea.

It is how to make herself attractive. But, without health, it is hard for her to be lovely in face, form or temper. A weak, sickly woman will be nervous and irritable. Constipation and kidney poisons show in pimples, blotches, skin eruptions and a wretched complexion. But Electric Bitters always prove a godsend to women who want health, beauty and friends. They regulate Stomach, Liver and Kidneys, purify the blood, give strong nerves, bright eyes, pure breath, smooth, velvety skin, lovely complexion, good health. Try them. See at W. H. Kittredge, Rockland; G. I. Robinson Drug Co., Thomaston; R. W. Wiley, Vinalhaven.

## Every drop is good.

EVEN children love "Cliequot Club," it does not burn or taste as ordinary ginger ale does (it's made of ginger, instead of pepper); and the pure sugar and dash of lemon make it refreshing and wholesome.

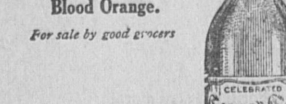

## Cliequot Club GINGER ALE

On account of its purity, the absence of chemicals, and the fact that it is so combined as to be non-astringent, Cliequot Club Ginger Ale is by far the most wholesome summer drink.

## Other "Cliequot" Beverages:

Birch Beer, Root Beer, Sarsaparilla, Lemon Soda, Blood Orange.

## "INGRAHAM'S RACER"

That's What They Called Steamer Penobscot—Now an Excursion Boat.

The old steamer Penobscot, the well known and popular side-wheeler, which once ran between Bangor and Boston and which for years has been plying between the Hub and Maine ports, has been sold to New York parties to go on duty as an excursion boat between the Battery and Shelter Island.

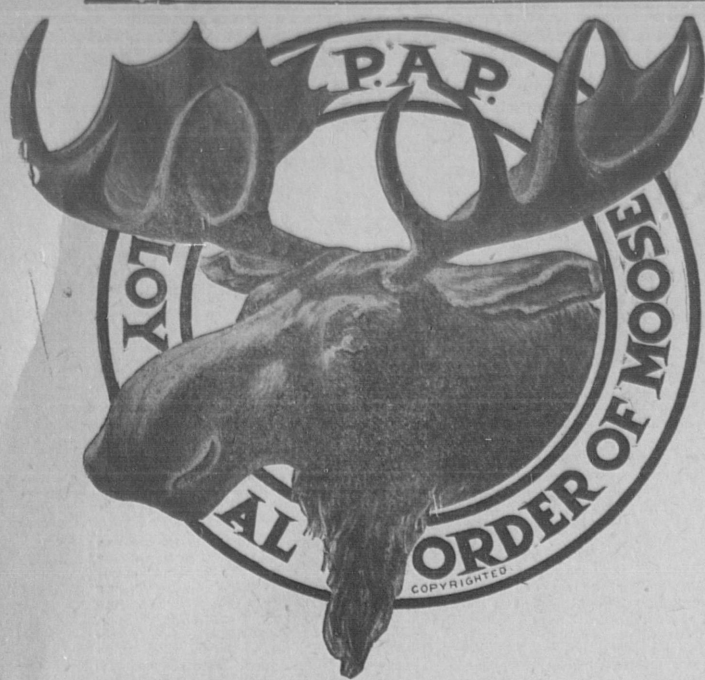

The Penobscot came fresh from the yards of the builders in 1882, and for 19 years she sailed between Bangor and Boston, giving a good and efficient service and meeting with few accidents, the few being of a minor nature. Capt. Otis Ingraham, Capt. Marcus Pierce, and Capt. Roix were the sailing masters identified with the steamer.

When the Penobscot went on duty in 1882, she was the finest craft that had ever been seen in Penobscot waters. She didn't have electric lights then, nor sheathed paddle houses, nor all the hundred and one little improvements that afterwards came to her; but she was the queen of the fleet and the pride of everybody on the river. Everybody wanted to ride on her, and they would postpone trips to Boston for the sake of getting on "Ingraham's racer." The Penobscot is 235 feet long, 38 feet broad and 13 feet deep.

The steamer left Bangor for her last regular trip to Boston on Friday, June 24, 1911, having been leased to the Joy line, Providence to New York. Bangor people who see this old-time favorite in New York waters will doff their hats to the steamer that tied up so many times at her berth here.—Bangor Commercial.

Harrington, were married at the bride's home on Summer street Wednesday noon. The ceremony was performed by Rev. W. J. Day in the presence of near relatives. ## FULLER-COBB COMP'Y

performed by Rev. E. S. Ufford of

Galilee Temple. Miss Ethel E. Keen

of Weymouth, N. S. was the bride-

maid and Nell S. Perry of this city was

best man. Idamae Wotton, daughter

of Mr. and Mrs. Edward Wotton, and

a niece of the bride, was ring-bearer.

The wedding march was played by Miss

Alice Fiske. The bride was very pret-

tily gowned in white embroidered net,

and carried bridal roses.

The bridesmaid, Miss Keen, was also

gowned in white embroidered net and

Miss Wotton in white crepe de chene.

After the ceremony was performed the

guests assembled in the dining hall

where wedding refreshments were

served by the two cousins of the bride,

Misses Mildred and Carrie Fiske.

The bridegroom is employed as a

machinist by the C. W. Livingston Co.,

and although he has been in Rockland

but a short time, has made many

friends. The bride is employed by the

Metropolitan Life Insurance Co. as

stenographer and bookkeeper and after

a two weeks' vacation will again re-

sume her work there. They will reside

at the bride's home, 35 Orange street.

Their many friends wish them every

success and happiness.

## DAVIS-LOVEJOY

Unique among the June weddings

in this city was that of Elmer C. Davis

and Miss Alice L. Lovejoy, which took

place Thursday at 5 minutes past 12.

It is customary to say "high noon" in

a wedding report, but nothing of the

sort would apply in this case.

In his capacity as a practical joker,

Mr. Davis has cut up so many pranks

at previous weddings that he felt justified

in looking for something of the kind

at his own, and while innocently

announcing that the ceremony would

take place at 12 Thursday he neglected

to be specific and say that the hour was

12 midnight instead of 12 noon. And

so, while the friends of the bride and

groom were racking their brains for

schemes to "get even," a small party

was assembled at the home of the

bride's uncle, Oliver B. Lovejoy, 101

Limerock street, where the wedding

ceremony was performed by Rev. Mr.

Allen of the Universalist church at

12.05 a. m. It was a "quiet wedding"

in more senses than one. A neighbor-

ing backman who was in the plot,

spoiled the newly married couple away

in the still hours of the night, and there

was no railway station scene with its

confetti, old shoes and other dreaded

adjuncts which accrue to the ordinary

wedding. Upon their return Mr. and

Mrs. Davis will occupy the Cobb cot-

age at Ingraham Hill for the summer,

where it remains to be seen if they

escape entirely the attention of their

festive friends.

The bridegroom is local manager of

the Tarbox-Hoyt Express Co., well

known in musical circles and an ex-

ceedingly popular young man about town.

The bride is a daughter of the late Ira

T. Lovejoy. She was employed for a

number of years by the Fuller-Cobb

Co., and more recently as bookkeeper

for Thorndike & Hix. A very large

array of wedding gifts was an interest-

ing feature.

## PHILLIPS-SMITH

A pleasant wedding was solemnized

at the residence of Mr. and Mrs. A. A.

Smith of 5 Lawrence street, on Wed-

nesday evening by Rev. E. S. Ufford,

when their daughter, Elizabeth W., was

united in marriage to Harry Dana Phil-

lips, also of this city. As a piano selec-

tion was played by Mrs. Emerson

Watts of Thomaston the bridal party

took places under a pretty arch of

white and green crepe, surmounted by

a tissue bell in which was an electric

torch. The attendants were Bertie F.

Smith, brother of the bride, as best man,

and Miss Priscilla E. Currier of this

city as bridesmaid. The bride was at-

tired in white figured muslin, cut prin-

cess, and trimmed with lace. She car-

ried carnations. The ring service was

performed by the young couple were given

a shower of confetti and rice by the

guests. They will reside in Rockland.

Mr. Phillips was for several years in

the store of A. C. Hann. Their many

friends wish them the best of success.

## CROCKETT-SMITH

Cyrenius W. Crockett and bride are

in the city for a few days, guests of

Mr. and Mrs. C. W. Hills. Mr. and

Mrs. Crockett were married at Wal-

lington, N. J., June 6. The bride, who

was Miss Stella Adele Smith of Wal-

lington, a suburb of Passaic, visited in

Rockland two summers ago. The

bridal pair will attend commencement

at the University of Maine, of which

college Mr. Crockett is an alumnus and

upon whose baseball team during his

collegiate course he was the star pitch-

er. He is now one of the proprietors

of the Anderson Chemical Co. of

Passaic and is meeting with the pros-

perity that his many Rockland friends

know that he deserves.

## Rockland Goes Up a Notch

Defeated Thomaston in a Weird Contest—Arthur Duffy Sustains Rockland's Claim in That Protested Newcastle Game Which Must Be Played Over.

The only notable development of the week in the Knox and Lincoln League was Rockland's victory over Thomaston Wednesday, which caused a reversal of their positions in the league standing. That Rockland will continue to hold third position seems very likely, for Thomaston High has a hard game ahead with Camden, while Rockland should certainly win from either Lincoln Academy Saturday, or Vinalhaven next week.

Another matter which affords Rockland High a great deal of satisfaction is Arthur Duffy's decision as to the point involved in that protested Newcastle game of three weeks ago. Fuller was a baserunner, and a ball had been hit to the outfield. Fuller had abundant time in which to make home, but Prescott, the coacher ran into the diamond and undertook to expedite Fuller's progress. The latter was declared out by the Newcastle umpire, losing Rockland its chance of tying the score, and of making possibly more scores. The matter was referred to the League's board of arbitration and a formal protest entered. Arthur Duffy, one of the best known sporting authorities in New England was asked for an opinion, and rendered the following:

I find nothing in the rule book which gives an umpire authority to call a man out because the coacher grasped the runner. Under the circumstances you mention I think the ump
