

San Juan L. Hoyle

Sir Bozong October 18th 1861

Your circular of the 16 has been received - I think I know my duty the men enlisted by me will leave next Thursday - I wished to send as large a number as possible, and have delayed on that account - You will receive the papers belonging to your office before they leave - They continue to come in every day, and I can not send a separate roll for each days work without much trouble to me, as well as yourself, I will have the rolls all finished before they start -

Respectfully, Yours

James Deas

Recruiting Officer
