PHOTOGRAPHIC EDITOR M. Kennedy, J. Glatter, G. Small

Editor's Post Script

In efforts to produce an original and representative yearbook, we have broken some of Scarborough's yearbook traditions. The staff evaluated each change as necessary to portraying mood and atmosphere of Scarborough '71.

Without the cooperation and understanding of faculty and student body, we could not have made these advances. We must also commend the yearbook advisors for their willingness to assist us in presenting ideas novel to Scarborough.

In closing, we ask the school community to be objective in its appraisal of Four Corners. We have made a sincere effort to weigh the advantages of tradition and novelty and establish a sensible equilibrium between the two.
