Belfast, 4th June 1862.

Gen. Washburn:

My Dr. Sir:

I wrote
you hurriedly this noon in relation
to my Lieut. - I have this mo-
ment recd. your dispatch and
will do as you direct. Why I
selected Mr. Snow as 1st was
this; I decided to take Mr.
Fogler of this place for a Lieut
inasmuch as the popular feeling
is strongly in his favor & he is
satisfied with (2) Lieuten. then
he knows nothing of military
while Mr. Snow is well posted
- was 1st Lt in "Rockland City
Guard," a long time.
Another thing, I take my 1st or 2nd Lt
Sgt. from this place, still if

you advise it I will make Töglor
1st (and Snow 2^d - The latter
is a fine fellow; I have been
acquainted with him some time, he is
correct in his morals, & capable.
I learn Mr. Singer is displeased
to think I gave the place to Mr. Snow
I consulted Genl. Pitcomb of R.
in relation to the matter he said
I did perfectly right.

Mr. Snow is busily at work & all
say can get three men to Singer
one - I am very sorry indeed to
disappoint Mr. Singer - I afford
him position at 1st Lt.

We slow recruiting here but are
getting some men - have got
some fellows at work that can
instruct men if anyone can.

I am, Respectfully
