The Monument Dedicated

An Interesting Address by
John G. Smith of Saco

Last Saturday was a gala day for this village when the new Soldiers Monument was dedicated. The splendid weather added very much to the occasion. Long before the time for the exercises the people commenced to gather from different parts of the town teams and trolley cars were pressed in to service and the scene presented a most city like appearance for a few hours. The visitors were entertained royally and every thing went off smoothly.

A special car from Biddeford brought over Company G, N. G. S. M., Captain E. L. Holt in command, U. S. Grant Post, G. A. R., Commander, William F. Bradbury, Sheridan Post, G. A. R., John S. Grant, commander, members of Women's Relief Corps, Spanish War veterans, Fred S. Gurney Post G. A. R. Saco, and members of Sherman Command, U. V. U., Saco. The Saco Five and Drum Corps accompanied Co. G.

Company F. N. G. S. M., from Sanford, Captain Bennett in command, also arrived on a special car. At 2.30 p. m. a column was formed at Grand Army hall and the line of march was from Pythian block, Main street, to Pleasant street, to High, to Friend, to Brown, to Main, to Dane to Park, to Main, to monument. The parade was watched by large crowds of people, who lined the sidewalks. The paraders made a fine appearance.

William F. Bowen was chief marshal of the parade and with his two assistants, Benjamin Littlefield and Frank Whitney, were mounted.

The Kennebunk Military band led the parade with Comrade Wallace Scott acting as drum major. Then came Company F with 40 men from Sanford. Company G with 30 men from Biddeford and the others in the following order: Uniform Rank, K. of P., Red Men, Saco Five and Drum corps, Sons of Veterans, G. A. R. veterans, Spanish-American War Veterans, G. A. R. veterans from Saco and Biddeford. There were also G. A. R. veterans from Wells and South Waterboro.

Some of the G. A. R. veterans were compelled to drop out of the ranks as they were unable to keep up with the long quick step of the militia men.

A few residences along the route were decorated, while the Stars and Stripes were prominent at many places. All the stores closed between the hours of 2 and 4 while the exercises were on.

A selection by the Kennebunk Military band, prayer was offered by Rev. F. L. Cann of the Baptist church.

Next came the unveiling of the monument. The American flag which draped it was loosened and applause and cheers were heard as the figure on the pedestal came into view. There was singing of America by children. A handsome flag 9 by 20 was unfurled on the new flag pole as the monument was unveiled.

The address of the afternoon was delivered by John G. Smith, Esq., of Saco. He was introduced by Col. C. R. Littlefield. His address was a most interesting one. He was closely followed in his remarks.

At the close of Mr. Smith's speech, which we should be glad to publish in full if space permitted us to do so, the band gave some fine selections of National airs and the visiting companies were invited to partake of a fine supper in the G. A. R. hall, after which they departed to their various homes and the only and best evidence of the occasion that remained was the silent memorial of granite which will serve as a beacon light to future generations.

West Kennebunk

Mrs. Della H. Thing has gone to New York.

Mr. U. A. Caine has returned from a two week's trip.

The A. S. L. R. R. have just put in a siding near the residence of Joshua Olck.

Mr. and Mrs. John Waterhouse went to Lawrence, Tuesday.

The revival meetings are still being held. They are well attended and a number of people are coming forward expressing their desire to lead a new life.

A Hallow'een party will be held in Firemen's hall Saturday evening. A unique program is sure to be given. Everybody plan to be there.

Mrs. Patrick Donovan, who was formerly Annie Waterhouse, of this village, passed away very suddenly at her home in Lawrence, Mass., Tuesday morning of pneumonia. The body will be brought here and services held in the Methodist church, Thursday afternoon, Rev. F. C. Norcross conducting the same. She leaves beside a husband three young children and a number of brothers and sisters to mourn her loss.

Reports show that the forest fires all over New England were checked and many put out by the rain of Monday night. The rain did an immense amount of good. Cisterns were partially filled and everywhere in this locality the rain was more than welcome. Conditions are much improved although it will take heavy rains lasting for a week or two to fill the water veins and bring back the water supply to anything like normal. At times during the night the downpour was terrific and general surprise was caused by its clearing off so quickly. It was the first rain that has visited this section for weeks. While the long drought is broken, yet the situation is not relieved by any means, the wells, lakes and streams having been replenished but little.

Burglars at Work.

Early Thursday morning burglars broke into the Atlantic Shore Line waiting room at Kennebunk where they stole \$20 worth of goods and some small change. They also broke into the store of William Darvill, where they secured some small change in the cash drawer and three boxes of cigars. There is no clue to the burglars. These last two breaks are said to bring the total up to 10 that have been made in this village during the past three months and no arrests have been made in connection with any of them. The fact that the street lights were off on account of the low water in the Mousam river is thought to have given the thieves more courage than they otherwise must have had. It would seem as if something ought to be done to try and catch the burglars as peoples life and property are both in danger the way things have been going on for the past few months.

Obituary

Elmer E. Johnson, of this village, formerly of Saco and Biddeford, passed away last Wednesday night. Mr. Johnson was obliged to give up his work in the leatheroid factory some time ago and had been sick for some six weeks with rheumatic fever.

Mr. Johnson is survived by two sisters and two brothers and also by several nieces and nephews. The body was taken to Saco where the funeral service took place at the home of his sister, Mrs. James N. Nickerson. Mr. Johnson's wife died some time ago.

The Gingerbread Man.

Those of our local people who did not attend "The Gingerbread Man" when presented at the Biddeford Opera House last season missed one of the most delightful musical fantasy ever put upon the stage. All desiring to will have an opportunity to see this charming opera at the New Opera House in Sanford next Monday evening as there will be late cars run to this village and West Kennebunk after the show. If you want to go consult I. H. Wells by 10 a. m. Saturday, October 31.

Free Trip to Washington.

We will give 150 votes for every new subscriber for one month (\$1.00) 75 for every new six months' subscription; 100 votes for every \$1.00 collected from old subscribers and 100 votes will be given for every \$1.00 worth of job work obtained. Kennebunk Ditto

If there is anything that York needs
more than anything else it is some in-
dustry that will keep its young men
busy the whole year.

As things are run at present every-
body rests from labor in the winter. A
town's prosperity always depends upon
its ability to give employment to all of
its people. Now there is no reason
why some form of industry cannot be
started right here in York that will
give work the whole year around.

The spirit of idleness that pervades
York for about eight months in the
year as not conducive to ambition or
good morals and the sooner that the
business men of the town realize this
and put their surplus capital into some
project that will furnish work the
whole year the sooner will York assume
an air of thrift and importance in the
state at large.—The Old York Trans-
cript.

Boston & Maine Flower Show.

Annual Prize Contest Results In
Many Beautiful Floral Displays
At Stations

(Special Correspondent)

As a result of the annual competition
for cash prizes for the most attractive
floral displays at stations on the Boston
& Maine Railroad system, the first class
prize of \$50 has been captured by the
station agent at Riverview, Mass.,
while the second class prize of \$40
goes to the agent at Brattle, Mass., the
five third class prizes of \$25 each were
awarded to Lake Street, (Arlington)
Devereux and South Lancaster, Mass.,
and Marlboro and Pike, N. H. Last
year Lake Street won first prize, and
Brattle and Hill Crossing, Mass., each,
were awarded a second class prize.

Marlboro, Meadowview and Welham
Highlands, Mass., and Lebanon, Merri-
mack and Main Street, Nashua, N. H.,
this year carried off the fourth class
prizes of \$20 while the fifth class
prizes (\$15), went to the following
places: Buskirk, N. Y., Claremont, N.
H., Claremont Junction, N. H., Dum-
merston, Vt., East Everett, Mass., East
Lebanon, N. H., Franklin, N. H.,
Franklin Falls, N. H., Greenfield,
Mass., Hamilton and Wrentham, Mass.,
Hampstead, N. H., Henniker, N. H.,
Hillsboro, N. H., Hudson (Lincoln St.
Crossing), Mass., Ingalls Crossing,
Mass., Jefferson (Fitchburg Division),
Mass., Lee, N. H., Middleton, Mass.,
North Acton, Mass., Northampton,
Mass., North Charlestown, N. H., Pas-
sumpsic, Vt., Penacook, N. H., San-
bornville Crossing, N. H., South
Charlestown, N. H., South Deerfield,
Mass., South River, Mass., Turners
Falls, Mass., Warner, N. H., West Cam-
bridge, West Lebanon, N. H., West-
moreland, N. H., Wilton, N. H., and
Wing Road, N. H.

More than 150 other competitors
were awarded either sixth class prizes
or \$10 or seventh class prizes of \$5
each. Upward of 200 stations and cross-
ings were represented in the competi-
tion, and they were scattered all over
the system, in Massachusetts, New
Hampshire, Maine, Vermont, New
York and Quebec. Even up in the
mountain region, where nature has
done something in the decorative line
herself, there were active competitors
for the awards.

The Boston & Maine Railroad has
conducted these contests for a number
of years, and annually expends about
\$2000 in prizes, besides furnishing
plants seeds and other material to the
agents. The competition grows more
interesting each year, and the rivalry
between those agents who have been
leaders for a series of years is especial-
ly keen.

The interest is by no means confined
to the station agents and crossing
tenders, but in many cases extends to
the patrons of the road who use the
station. Some of these assist the agents
with potted plants, bulbs, etc., and
some who have a knowledge of land-
scape gardening aid with advice and
suggestions. In cases where two of the
"high liners" happen to be contiguous
stations, the residents take an ex-
ceptionally deep interest in the com-
petition, and the result is looked for-
ward to as eagerly as is the outcome
of the current base ball contest.

The Boston & Maine was one of the
first of the large American railroads to
adopt this fine idea, and it has every
reason to be satisfied with the results,
for it has not only been a splendid
aesthetic training for the agents but
has done much to make towns and vil-
lages along the system more attractive
and hence more popular with that
large body of our people who are seek-
ing to exchange hot and uncomfortable
flats in the cities for real homes in the
suburbs or the country.

It likewise has had the effect of
making the railroad journey more at-
tractive for through travelers, for
nothing is more restful to the eye or
more agreeable to the senses than to
be constantly passing these pretty dis-
plays of flowers and shrubs.

Some of these annual prize winning
displays are exceedingly elaborate and
are created and maintained at con-
siderable cost both of time and money.
In numerous instances it has been
almost literally a case of making the
desert blossom as a rose, for railway
stations, even in the suburbs are not
always located where a landscape
artist or a village improvement com-
mittee could have placed them.

Practically all of the popular deco-
rative flowers geraniums, dahlias,
Golden-Glow, pansies, poppies, ver-
benas, asters, cosmos, salvia, argemone,
gladioli, phlox, roses, etc., as well as
the various ornamental shrubs, plants
and grasses, enter into these displays,
and sometimes finest effects of all are
obtained from velvety lawns only
slightly relieved by flowers.

Many unique floral designs and com-
binations are fashioned by the deft
hands and trained brains of the agents,
and some of their artistic triumphs
are really worth journeying many miles
to see.

Sometimes, especially in the more
remote sections, the floral displays are
combined with more practical agricul-
tural ones. At the Sanbornville, N. H.,
Crossing, for instance, this season the
crossing tender, in a little triangular
garden, had growing indiscriminately
together sunflowers, golden glow,
buckwheat, petunias, geraniums, corn,
pumpkins, asters, lobelia, cosmos,
nasturtiums, cannas and poppies. In
addition to this, his little shanty was
covered with ivy.

Railroads are utilitarian enterprises
but some of them are doing what they
can to make the world more beauti-
ful.

Biddeford People Blind

Rev. Norman Lamarsh, the blind
preacher, whom many of our readers
will remember as having received the
appointment to the M. E. church in
Biddeford at the last conference, and
the members of that church, almost to
a unit, declared they would not have,
was in May appointed to the church in
Caribou, this state, will be interested
to know has been transferred from this
charge to Bay City, Michigan (Tremont
Avenue Church) which is the third
largest Methodist church in the city,
there being six.

During the very short period Mr. La-
marsh was in Caribou, forty-one mem-
bers were added to the Epworth League
a state banner was procured and the

Sunday School increased 25 per cent.
When Mr. Lamarsh took this church
the business was in a very unsettled
and mixed state, but he soon straight-
ened out matters, putting the church
on a sound financial basis and paying
everything by check.

While he was pastor of this church
he had a birthday and at that time his
people presented him with \$35 in gold.
His wife also had a small party and a
like sum was given her. The night be-
fore he left for Michigan he gave a lec-
ture in the church and at that time
they made him a free will offering of
over \$40.

The last Sunday he preached the
large church was filled and the vestry
was also thrown open and this was
quickly filled and standing room could
hardly be found. During certain parts
of the sermon there was hardly a dry
eye in the church. In the evening the
church was again crowded to its utmost
capacity and at this service Mr. La-
marsh gave some exquisite music on a
violin some 263 years old valued at
\$1000. When he left, not only his own
people, but citizens as well, were at the
station to see him off and bid him God-
speed on his journey.

Who says that the Biddeford people
were not blind in refusing to accept
this talented man to their church as
the conference appointed?

Tomorrow is the Opening of Our Great Alteration Sale!

No sale in the history of Biddeford can approach this event in the scope of the magnificent stock sacrificed or in the extraordinary values offered. Four years ago we leased a part of the 2nd floor, wondered how we could use so much space, but the business grew so fast that we were obliged to lease the entire floor, also the 3rd floor.

That, in a nutshell, is the gist of this announcement. The plain fact of the matter is, our store is to be re-modeled and enlarged and we must make room for the contractors at once.

This leaves us only eight days in which to clean up our magnificent stocks, including thousands of dollars' worth of bright, new goods fresh from the foremost makers of Fall and Winter apparel and fabrics, furnishings to wear and for the home.

THERE IS BUT ONE SOLUTION TO THIS PROBLEM---the good old-fashioned, time-honored way of reducing prices. But we are going about it in a new way--in a manner typical of Youland enterprise.

We are going to break all low price records-- going to cut the very heart out of prices; for we must adopt heroic measures to reduce our stocks--by far the largest in town--within the short time between now and Nov. 1. Our necessity becomes YOUR OPPORTUNITY to purchase.

The very best of seasonable merchandise of the highest character at price-reductions which are positively without precedent

A full blown rose, picked by Mrs. J. E. Seavey on Oct. 22, from a bush growing in the yard of Mrs. Nettie Leach of Kennebunkport, was left at the Journal office today. The tickets for the course are quite unique in that they represent a regular tourist ticket with a coupon for each lecture. There was a very good audience present at the lectures in both places and all were much pleased with the lecture.

At this writing, Monday evening, it rains just a little and we hope for a good smart rain so much needed.

We were sorry to learn of the illness of the soldiers monument at Kennebunk Saturday. The children were very much impressed with the service as were the older ones who attended. The monument is very handsome and appropriate and the grounds very tastefully laid out showing that Kennebunk has some very generous citizens. We hope for her recovery.

Ernest Benson and small family of six little folks attended the unveiling of the soldiers monument at Kennebunk Saturday. The children were very much impressed with the service as were the older ones who attended. The monument is very handsome and appropriate and the grounds very tastefully laid out showing that Kennebunk has some very generous citizens. We congratulate them.

Kennebunkport will soon have a soldiers' and sailors' monument set in Dock Square. Although costing about one-sixth the amount of the one at Kennebunk, it is very handsome and solid, just as Abbott Graves, who was instrumental in bringing about the erecting of this monument wished and planned it. Mr. Graves is an artist of great fame and anything planned by him is sure to be the thing. One thing about this monument is that it is made of granite from a Kennebunkport quarry and by a Kennebunkport man, which all think adds to its value. When set with the solid stone drinking fountain it will be an ornament to our square. It is now thought that as soon as the hay scales are moved it will be set but not all finished until Memorial Day, when it will be dedicated.

Mrs. R. A. Fiske and Mrs. Aldo Drown were guests of Mrs. D. W. Hadlock, Monday.

Lemuel Brooks spent Sunday with his family.

Mrs. Carrie Ross has sold her farm at North Kennebunkport to Lemuel Gilpatrick. She has moved to Biddeford.

Ivory Ross has sold his pine growth on his wood lot to James Fogg.

Horace Kimball is pushing his house along as fast as possible.

We hear that Elmer Mitchell will move into Lewis Millett's tenement.

Melville Campbell has purchased a horse of Mr. Dow of Beechwood.

John Stevens, one of our popular farmers has enlarged his barn for the use of cattle to the extent of eight extra stanchions. He has a very handsome herd of Holstein cows which will compare favorably with any in the county. He ships his milk to Boston to Hood's. Anyone who likes to see a nice, clean barn, with nice sleek cattle well cared for will be paid by visiting the barn of J. A. Stevens, Saco Road.

Fred Clough has sold his milk route to Van Buren Wildes, on account of poor health.

Will Clough has put a fine meat wagon on the road with John O'Connor, the well known meat cutter, as driver. They sell good fresh goods at low prices and are meeting with a big patronage. They can but succeed.

Our road commissioner, Mr. Kimball, has done a fine substantial job on the bridge near the Ira Deering Farm. The commissioners are doing a good job on the state road near the house of Daniel Townsend. Let the good work go on.

Mr. and Mrs. D. W. Hadlock were guests of I. S. Ross Saturday night and Sunday. Mr. and Mrs. Ernest Benson with daughter, also Mr. and Mrs. R. A. Fiske were guests of Mr. Ross.

Mrs. Mary Keefe has moved into the Moses Tarbox house, we are informed. She has purchased a team of Fred Hanscomb.

One of the most popular nurses we meet here, there and everywhere is Mrs. Dell Bragdon of Kennebunk, who seems to be busy all the time. The secret of her success is this. She is genial, smart, jolly, and so kind in the sick room. She could but be popular and busy, for if one has her once for a nurse she is sure of the next call. We congratulate her and those who are so fortunate as to secure her services.

Ogunquit

Mrs. Hannah Jacobs has been visiting her sister in York.

The Grand View Hotel is being considerably changed by Chicago parties who have purchased it.

The buildings of Mrs. Frances Ramsdell have received a fresh coat of paint.

Simon Krinsky is to occupy the house of F. Raymond Brewster. The stable is being remodeled for his dry goods stock.

Mr. and Mrs. Granville Hasty, of South Berwick, have returned to their home, after a short visit with their daughter, Mrs. James White.

There is a big building boom going on here and it is said fourteen cottages will be built during the winter.

A party of lady summer guests were in bathing in the surf last Sunday. They said the water was not cold.

Joseph A. Littlefield, one of the oldest residents of the town, died suddenly last Saturday. He was nearly 84 years old. Besides a widow he leaves quite a large family, six sons and two daughters. None of them lived at home. He was a school master of the old school, and for many years taught in different districts all over the town. He was often called "Schoolmaster Joe."

At the re-organization of the Christian Sunday school recently, Bertha Ramsdell was chosen superintendent and Mrs. Dorman treasurer.

Chas. L. Littlefield, an Ogunquit boy, now master of arms on the warship Alabama, was recently in Rome, Italy, and was one of a company of 700 comrades who had an interview with the Pope. His brother, Myron G., has recently secured a position in Pittsburg, Pa., at a salary of \$2,400 per year. It may be a spur to other young men to know that it is because he was a fine mathematician that he secured such a desirable place. An older man, a good deal of an expert as a civil engineer and a man of financial ability, secured his help in the matter of figures, and in turn used his influence in his behalf. Mrs. Verrill, of the Ogunquit House, is the proud mother of these enterprising young men.

Trolley Notes

W. S. Parsons has finished his duties as express agent for the Atlantic Shore Line. Mr. Tsuboyama will have charge of the express business in the future.

A new official time table has been issued by the Atlantic Shore Line Railway the same having been put into effect last Wednesday. It is one of the best ever issued by the company as it gives the freight and express service. Fares, distances and running time, Boston and Maine trains, table of high tides, and other valuable information.

There were several thousand people who visited the battleship Maine at the navy yard yesterday and in the afternoon there were large crowds on the ship until late in the day. It was necessary for more than half the people to walk from Badger's Island to the yard owing to lack of cars and although it was well known that people had been going to the ship all the afternoon, there were no extra cars in the evening and it was absolutely impossible for people to be accommodated going home. About fifty persons were unable to take the 5 o'clock boat, as the car going in was so crowded even when it reached Wentworth street that no more could get aboard. It was a case of the old story of all summer that this end of the road runs itself.—Kittery correspondent Portsmouth Times, Oct. 26.

The 5:30 electric car out of the ferry for Sea Point on the Atlantic Shore Line Street Railway last Tuesday afternoon ran into an open switch near the Kittery Point car barn and crashed into a work car. Motorman Ralph Bunker was bruised and cut about the face and head by the flying glass. Homer Philbrick, a passenger, was bruised and had a shoulder dislocated. The car was No. 34, a combination passenger and mail car and was in charge of Motorman Ralph Bunker and Conductor Shaw Raynes. The car left the ferry at 5:30 and dropped the greater number of passengers at Kittery Point, and when the car turned Hutchins corner there were only two passengers, Homer Philbrick and John Wilson. On the siding near the car barn was standing the work car, and Motorman Bunker thinking that he had a clear track was going along at a good speed when suddenly the car left the main line and went onto the siding, and before the speed could be checked crashed into the work car. Bunker stuck to his post and was bruised, while his face and head were cut with the flying glass. Homer Philbrick was riding on the vestibule and when the car was on the siding he attempted to jump, but he was caught between the doors when the cars came together and his right arm was crushed and the shoulder dislocated. Wilson and Raynes were not injured although they were thrown from the seats and somewhat shaken up. The accident was due to the fact that the switch had been left open. Both cars were damaged, the vestibule of the work car was entirely carried away and they were so locked together that it required the aid of another car to get them apart.
