

212.

Camp Jameson Hall Hill no 18-1861
Governor Washburn Sir

Have you any objection in assisting
me in getting an appointment in the
Regular army I think with your
Assistance I could get the same Rank
There as that which I now hold and
It would be more permanent than
In the Volunteer Service

The Business is such as I like
And I intend if I should live
To be as old again as I now
Am to remain in the Service

Yours truly

Lieut J. W. Adams
