At a great pennyworth pause awhile.
—Poor Richard's Almanac.

The share of the players from the five games in the world's series last fall was \$79,071.93. Of this amount the Philadelphia players earned \$2,062.79 each and the Chicago players \$1,379.16 each. Looks like close to \$3,000 for the lucky winners this year.

About \$150,000 worth of porgies have been caught off the Maine coast during the past six weeks. It hardly seems possible that the small fish could have totalled up such a huge amount, but that is a fact. Everybody has known that the menhaden have been numerous off the coast, but not before have there been any figures available.

Lieut. Henry Ulke, Jr., who has been first lieutenant on board the U. S. revenue cutter, Woodbury, during the past three years, has been assigned to the revenue cutter Golden Gate of San Francisco. First Lieutenant Randolph Ridgely, who has been on the cutter Gresham, and who at one time was inspector of the U. S. Life Savings in this district, has been ordered by the department to take command of the Woodbury and he will arrive here within a few days to take up his duties.

The State Sunday School Convention is to be held Oct. 18, 19, and 20, in Presque Isle. Among the speakers will be Dr. Smith Baker, Hugh Cork, Mrs. Mary Maxim Armstrong and Mrs. E. W. Brown. A very excellent program will be presented. Each Sunday school is asked to send its number of delegates viz: pastor, superintendent and two others. All delegates are requested to procure credentials of Miss Anna Barnes, County Secretary, Houlton. Delegates will be entertained on the Harvard plan.

CRESCENT BEACH LINE.
Annual Report Shows That This Trolley Road Carried Nearly 200,000 Passengers Last Year.

The annual report of the Rockland, South Thomaston & St. George Railway, for the year ending June 30, was filed with the railroad commissioners last week. It shows that nearly 200,000 fare passengers were carried. The details of the report are as follows:

The gross earnings from operation are \$9,883; operating expenses, \$8,890; net earnings from operation, \$992; taxes, \$26; interest, \$614; net income, \$352; one-half per cent dividend on \$122,400 common stock \$604; deficit for year, \$252; surplus at beginning of year, \$684; materials and supplies added during year, \$1022; additional accounts payable, June 30, 1910, \$652; surplus at close of year, \$803.

The gross earnings from operation are divided as follows: passengers, \$9718; chartered cars, \$132; advertising, \$32. The operating expenses include: Maintenance of way and structures, \$860; equipment, \$947; operation of power plant (hired power) \$1435; operation of cars, \$1870; general operating expenses, \$3775.

The total length of the road, all of which is operated, is 4,317 miles; total number of passenger cars, 4; work cars, 1; total number of fare passengers carried, 194,375; average number of employees, including officials, during year, 10; aggregate amount of salaries and wages paid, \$2820. But one accident has occurred during the year, and in that only one passenger was injured.

The Rockland, South Thomaston & Owl's Head Railway was organized March 25, 1902. Receivers were appointed March 27, 1906, who completed the road. Road was sold by receivers Nov. 1, 1908, to bondholders for nominal bid of \$25,000, payment made by \$122,400 of bonds. The court had previously authorized the bondholders to put in a bid for the purchase of the road, up to an amount equal to the total amount of bonds outstanding, namely, \$122,400. This was known publicly, so that there was not any competitive bidding. The actual value of the road at that time was considerably more than the bid price of \$25,000, a conservative appraisal, \$60,000. The present corporation was then organized by bondholders. Power is bought from the Rockland, Thomaston & Camden Street Railway and trackage rights to Park street, Rockland, are hired from same company.

The following morning to determine which course they would pursue. Some wisely returned to duty, but on the morning of the 17th, upwards of 100 men of our company walked voluntarily upon the regimental lines as mutineers. They were at once marched off over to the headquarters of the brigade, under a guard of two companies from the Scott Life Guards. They remained there in custody for three or four days when they were placed in the 38th New York regiment, and distributed in the several companies.

Rockland In War Times

News Which Came From the Front Concerning Fourth Maine Regiment—Edwin Libby's Promotion.

The progress of the Civil War, as especially relating to the interests of our own community, is set forth in this series of articles, reproduced from the Rockland Gazette files of the corresponding period, 1861.

Camp Knox, Shuter's Hill, Near Alexandria, Va., Sept. 26, 1861. Edwin Libby, formerly orderly in Co. H, has received the appointment of 2d Lieutenant in Co. D, and no doubt he will make a smart and efficient officer. Major Nickerson has been promoted to the Lieutenant Colonelcy of this regiment, and no better man could we find to fill this responsible position. His dauntless courage and resolution, and his interest for our welfare has gained for him a large place in our hearts.

It is with deep regret that we parted with our beloved Lieut. Col. Marshall, and when he made his farewell remarks to us, we all listened with breathless attention, and every soul seemed touched, for we could but feel that what had been his gain was our loss. But he has gone to fill a position where he will be more useful to the government than we are striving to maintain, and we can only say, "God's blessings go with him." Silas M. Fuller of Belfast and formerly Captain of Co. K, has been elected Major, and has entered upon the duties of his office. He is very popular with the regiment and makes a fine looking Major. In consequence of the promotion of the 1st and 2d Lieutenants in Co. K, our Sergeant Major Bisbee was appointed 2d Lieut. in that Company and W. A. Barker of Rockland, has succeeded him as Sergeant Major.

Day before yesterday our men received orders to brighten up their arms and equipments, as they were to be reviewed the following day by Gen. McClellan. Therefore yesterday at half past nine the regiment fell into line and with the band at its head, took up its line of march at Fort Franklin, which is situated about two and a half miles from our encampment. As we came in sight of the fort, we were struck with the peculiar neatness of the work, it being built of yellow earth thrown up out of the trenches and makes now quite a formidable fortification. From a tall flag staff floats the American ensign, in full sight of the rebels. Away to the right, in the direction of Arlington Heights, a large balloon was ascending, probably for the purpose of taking observations as to the movements of the rebels.

From this point we could plainly see the rebel fort on Munson's Hill, and the rebels no doubt watch through glasses the parade of our troops. To the left of Fort Franklin lays a large field, affording a beautiful ground for review and parade. Our Brigade formed on the western side of the field, while two or three other brigades formed on the southern and eastern sides. A large train of artillery, and a body of cavalry occupied the north-eastern portion of the field.

It was a grand sight and one that we shall long remember, for it is not often that a person sees twelve or fifteen thousand men drawn up in line. Gaily dressed officers were galloping their steeds over the grounds, and Brigadier Generals with black plumes and heavy epaulettes rode up and down the lines arranging their men.

A large number of private carriages, filled with civilians, occupied the center of the field, and all were patiently waiting the coming of the hero. By and by the booming of the cannon on the right, told us of the approach of McClellan. Suddenly a troop of horsemen wheeled into the field with the Major General at their head, and beginning on the right he commenced the review. He raised his cap as he came to each regiment, and their respective bands of music struck up "Hail to the Chief" and played as he passed their lines.

As he came along to our regiment we were all struck with his boyish appearance, and no one would have imagined this youthful unassuming

personage to be Major General McClellan, the commander of the Grand Army of the Potomac. He was dressed very plainly; (many of the Colonels about him wearing much better clothing,) and rode upon a gray horse. He looked at the soldiers very carefully, as he passed along, and appeared satisfied with the appearance of the men. In his staff I noticed some very distinguished looking men—foreigners, I should judge by their uniform; but had no means of obtaining any information as to who they were. Lieut. Col. Nickerson commanded our regiment at this review, and although the inexperience of our officers and men at reviews led to some mistakes, yet the 4th Maine compared favorably with the troops here represented.

WILL TEACH ESQUIMAUX

Prof. C. W. Snow of South Thomaston Has an Interesting Two Years' Government Job in the Far North.

Prof. Charles Wilbert Snow of Spruce Head, who, after a brilliant career in Bowdoin college, served on the faculty of that institution and Williams college, left recently for Council, an Alaskan station located 60 miles north of Nome, where he will remain two years, in the capacity of reindeer agent and Esquimaux teacher, under an appointment by the U. S. government.

His duties as teacher comprise the giving of instruction to the Esquimaux in the vicinity of that station, not only the children but adults, and not only the studies usually pursued in schools, but teach them the English language, which they are all eager to learn, and sanitation, the proper and economical preparation of food, and above all, cleanliness. He will seek, in brief, to civilize and improve them. As reindeer agent, he will control the distribution of the reindeer assembled and bred at the government at Council to the Esquimaux families according to their needs and their ability to utilize them. The natives are instructed to care for them and to make the best and most economical use of them, and the animals are given, as a surplus accumulates at the stations, to the families that have made the greatest improvement and are best able to get good results from their use. The Esquimaux all want the reindeer, and the hope of getting them serves as an incentive to them to improve themselves and their manner of living so as to be worthy of being entrusted with this Arctic treasure.

The reindeer is the ideal domestic animal for the high latitudes. It is far superior to dogs for drawing sledges, is intelligent and tractable, and is so hardy that it can stand any degree of cold. Its meat and milk are palatable and nourishing, and the skin is valuable for clothing and sleeping bags.

At the station at Council, about 200 reindeer are kept and trained for use, and the natives are instructed how to handle and use them. Everybody knows what the climate of northern Alaska is in the winter, and few will envy Mr. Snow his job for the next few months. It is not, however, generally known that the summer are delightful and so warm that many valuable crops are raised, vegetation growing with remarkable rapidity. Mr. Snow will give the natives instruction in cultivating and growing such crops as are adapted to the country.

NOBODY FROM ROCKLAND

But Entering Class at Bowdoin Draws Four Knox County Students.

It is not often that Bowdoin begins a college year without finding at least one Rockland student enrolled in the entering class, but such is the case this fall. Knox county furnishes four "freshies," however, the list including Maynard A. Hastings of Warren, Clarence E. Robinson of Thomaston, Aaron W. Hyler of Cushing and James A. Lewis of North Haven.

Bowdoin college opened Thursday for its 110th year with an entering class of about 80 men and a faculty increased by four new professors. Registration of the new members of the class of 1915 was held Wednesday afternoon, and before the afternoon closed between 60 and 70 men had signed in at the college office and had received their enrollment cards. There are about 15 or 20 other freshmen who had not registered so that the class will easily number 80. The average entering class for the past ten years at Bowdoin has been 76.

Registration of the members of the three upper classes was held all day Thursday. From the number which signed in Thursday morning it was evident that the classes have not lost many members during the summer months, and their numbers will be approximately the same as last year.

A delightful literary diversion is afforded by the questions and answers relating to the works of distinguished authors which the Living Age is reprinting from the Cornhill Magazine under the general designation "At the Sign of the Plough." The number for Sept. 2 gives the answers to a series of questions relating to Thackeray's works and letters; the number for Sept. 16 propounds a series of questions relating to the works of Lord Tennyson.

YOUR FAVORITE POEM

Old-fashioned poetry, but choicely good. —Isaac Walton.

Guillemus Rex
The folk who lived Shakespeare's day
And saw that gentle figure pass
By London Bridge, his frequent way,
They little knew what man he was.

The pointed beard, the courteous mien,
The royal port to high and low
All this they saw or might have seen—
But not the light behind the brow!

The doublet's modest gray or brown,
The slender sword-hilt's plain device,
What signs had these for prince or clown?
Few turned, or none, to scan him twice.

Yet 'twas the King of England's kings!
The rest with all their pomp and train
Are mouldered, long-remembered things—
Tis he alone that lives and reigns!

MR. RAIN INTERVENES

But the Pleasant Valley Grange Fair Did Not Surrender—Tuesday's Baby Show—Some Premiums.

Rain butted into the Pleasant Valley Grange fair Wednesday for the second time in 10 years, bearing out Reuben Thorndike's "hunch," and compelling a rearrangement of the program so that the Wednesday and Thursday events were set ahead one day. The drawing events are taking place this afternoon, and the fair will close tonight with a ball.

Products of thrifty Knox county farmers are attractively displayed on the ground floor of the exhibition hall. The largest fruit exhibits are made by Sidney Butler, who displays 17 varieties of apples, one of pears and eight pecks of grapes; G. L. Tolman, who has 16 varieties of apples and R. S. Thorndike and A. E. Hall, who each displayed seven varieties of apples. In the vegetable department Edward Brewster exhibits a garden cucumber which measured 19 inches in length, by 12 in circumference. Charles Weymouth exhibited the largest squash. It weighed 65 pounds. S. E. Ames, vice-president of the Society, shows the largest pumpkin, but it was so small compared with the 87-pound one he once raised that he didn't even go to the trouble of weighing it. Engraved on one side was the Patrons of Husbandry trade mark. The vegetables all looked powerful good, and most of them were sold on the spot.

Wednesday's all-day storm mixed folks up concerning the dog show, consequently there were but few entries. Prizes were awarded as follows: Best French poodle pup, L. Stoketford; best male French poodle, James Walker; best female French poodle, C. E. Sukeforth; best King Charles spaniel (male) Miss Helen Jameson; collies, Raymond Carroll 1st, Willis Snow 2d; lap dog, Mrs. A. W. Hall 1st.

was a booth with a snow-covered roof, from the eaves of which hung icicles. The snow and the icicles were such a clever imitation of the real article that several sensitive persons were observed to turn up their coat collars and remark that it was a cold fall. Nevertheless there was a rushing business in flavored ices. Mrs. A. J. Moody, Mrs. C. L. Smith and Miss Josephine McLain were in charge. Fancy work that bespoke somebody's skill with the needle, was on sale in a booth that bore patriotic decorations of red, white, and blue. Mrs. A. S. Bartlett, Mrs. A. T. Low and Mrs. R. S. Thorndike were in charge. Aprons for the slender and aprons for the portly were sold by Mrs. F. E. Post, Mrs. Benjamin Bartlett and Mrs. Maynard Crockett at a booth whose distinguishing colors were green and white. Products of thrifty households were on sale in the ante-room by Mrs. Spencer Drake, Mrs. C. L. Frost and Mrs. Addie Watson. Yellow and green were the decorations of the candy table, which was in charge of Mrs. William Ulmer and Miss Ethel Blackington. Persons who contracted tooth-ache at that table said they didn't care a darn.

The fish-pond yielded startling surprises. The "open season" was so brief there that most everything passed for fish. Nickels were used for bait. Miss Bertha Austin, Miss Hazel Morse and Miss Helen Robinson were proprietors. Flowers that pleased the eye and filled the hall with their fragrance were sold by Miss Adella Veazie and Mrs. F. E. Levensaler. Works of art and curiosities formed a very interesting department, presided over by Adella Veazie, Mrs. C. E. Levensaler and Mrs. Charles Jenner. Preserves and pickles that made the mouth water were displayed in a department which was in charge of Mrs. John Tillson, Mrs. Charles O. Rokes and Mrs. Sidney E. Ames.

Terrible Suffering

Eczema All Over Baby's Body.

"My baby was four months old his face broke out with eczema, and at sixteen months of age, his face, hands and arms were in a dreadful state. The eczema spread all over his body. We had to put a mask on cloth over his face and tie up his hands. Finally we gave him Hood's Sarsaparilla and in a few months he was entirely cured. Today he is a healthy boy." NEW EMPIRE THEATRE

Rockland people have seen some good vaudeville in the past, but if they wish to see a real live wire program the New Empire Theatre is the place to go. The program here is far above the average and is rightly named "a roaring farce comedy." and if there is one living person in Knox county who has not had a good laugh in the past ten years, just let him come to the Empire this Friday or Saturday. It is the biggest laugh show in the city for the small price of five and ten cents. The Aloha Hawaiian singers and instrumentalists are far ahead of anything ever seen here in the vaudeville line and are a great treat to all. Everyone should see and hear these Hawaiian instruments for they are really wonderful.

Then comes the big side-splitting comedy sketch, "At Camp Rest," by Carter Taylor Co. Space will not allow us to mention their act but just drop into the Empire and see for yourself. It is certainly the greatest of all laughing sketches and the pictures are fine. In fact, it is a great show from start to finish. This Saturday afternoon there will be two performances; the first will start at 2 p. m. and the second at 3:30, ending at 5, giving three hours of solid laughter. Special school prices this Saturday, thereby admitting all school children for five cents. Doors open at 1:30 p. m. sharp. Come early if you wish seats.

Don't think that eruption of yours can't be cured. Take Hood's Sarsaparilla—its virtue is its power to cure.

OCTOBER CITY MEETING

Autumn Session Was a Short One—A New Name in Prospect for Sea Street.

The October meeting of the city council Monday night was one of the shortest sessions of the year. On Alderman Beverage's desk sat a box of cigars which were smoked in honor of a very important event which has befallen him since the last session. The lowest board was without the services of President Weymouth, but Councilman St. Clair proved a very acceptable substitute.

The following roll of accounts had a passage: Police fund, \$76; fire department, \$798; pauper fund, \$773; contingent fund, \$695; highways, \$930; repairs on public buildings, \$392; school fund, \$661; free text books, \$305; sewers, \$178; city lighting, \$554; permanent improvements, \$1249; Sea street, \$5; state road, \$2079; total, \$8,147.

Marshal Hix reported 27 arrests in September, all but one being for drunkenness. Mayor Blethen's orders amounted to \$14,710. Treasurer Adams' report showed a balance of \$52,750 to the October account. The Building Inspector, O. K. D. the new building known as the New Empire Theatre and the addition to the Livingston Manufacturing Co.'s plant. Liquor Agent Ayward reported sales to the amount of \$247. Road Commissioner Simons' expenditures in August were \$493, and in September \$555.

Alderman Winslow's order for an electric light on Park street, opposite Mrs. F. T. Ulmer's residence, was referred to the street lighting committee.

The appointment of L. A. Grant as special policeman was confirmed. Councilman Sullivan presented an order which provides that the south side of Park street between Main and Union, be repaired to correspond with the work which has been done on the northern side. Referred.

Alderman Glover was appointed to investigate the matter of a telephone for the police station. Councilman Allen presented an order changing the name of Sea street to Tillson avenue. It passed the lower board, but through an oversight did not get the attention of the aldermen until they had adjourned. It will doubtless be passed in concurrence at the November session.

Frank Strout has moved from the Vose house, Temple place, to the tenement of Henry Bubier, T street.

Contractor Carleton of Bath has sublet the contract for drilling and blasting on the big government job at Rockport to Johnson & Berden of New Jersey.

H. P. C. Wright grieves over the death of his driving horse, which had been long enough in the family service so that all were attached to the animal.

Knox Aerie of Eagles will confer the degrees on 30 candidates at Vinalhaven next Tuesday, making the trip on the steamer W. G. Butman, which leaves here at 5 p. m.

The annual police ball takes place in the Arcade Thursday evening, Oct. 26. The Meservey quintet has been engaged, and the gentlemen patrolmen will soon pass among you with the tickets.

The Boston papers now arrive on the forenoon train and will continue to do so throughout the winter, as we understand the situation. Under this arrangement Rockland has as fine a news service as could be reasonably asked for.

Mailed for the 4.45 p. m. train closes at 4.15, or half an hour prior to the train's departure, as is the case with the various other mails. Under the new arrangement business men no longer have to be content with the belated dinner as there is abundant time in the afternoon to pay attention to correspondence which arrived on the forenoon train.

For pimples, blotches, bad complexion, Hood's Sarsaparilla is the medicine to take—it has established this fact.

The ladies' auxiliary of the Golden Cross will have a social dance Monday night in Castle hall. Farnham's orchestra; ladies 15 cents, gentlemen 35 cents.

Joseph Edmunds and Prescott Hoar of the Hydraulion Engine Co., Bristol, R. I., were overcome by smoke in a fire last week, and had a narrow escape from losing their lives. They had quite recovered at last reports.

Bertrand G. McIntire, ex-sheriff of Oxford county, has been appointed chairman of the state board of assessors to succeed Senator Gardner. The appointment is especially pleasing to Mr. Gardner, who says that in his opinion Gov. Plaisted could not have made a wiser choice.

George Tarr has resigned his position as bookkeeper for the W. H. Glover Co., and will engage in another line of business. Mr. Tarr has been with the Glovers 23 years, and in that long period was seldom absent from his desk. The Brook doesn't look natural without him.

Road Commissioner Simmons has built two fine culverts this fall, one 72 feet long on Holmes street, and one 60 feet long on Broadway, between Middle and Summer streets. Both are 4x5 and were sadly needed in their respective localities. The street department is now doing repair work on Park and Winter streets, and relaying the brick walk and granite curbing on Masonic street.

The engagement was announced Monday of Miss Edna E. Getchell of Augusta and Merton L. Taylor of Rockland. Miss Getchell is a member of the editorial room force of the Journal and Mr. Taylor is a son of the late Leander F. Taylor of this city, formerly superintendent of the Lewiston, Augusta & Waterville Street Railway, and is now employed by the Rockland, Thomaston & Camden Street Railway.—Kennebec Journal.

Mr. and Mrs. F. H. Whitney, who spend the winter in Fruitland Park, Fla., leave for there the last of this month, and will be followed within a few weeks by the other members of the Rockland-Florida colony. A new accession the coming season will be Henry L. Higgins, who after a long siege of illness is determined to see what a change of climate and a good winter's rest in Florida will accomplish.

Concrete sidewalks have been laid this summer in the following localities: Chestnut street, North Main to Broadway; Grace street, High to Broad; Middle street, Broadway to residence of Charles T. Spier; Broad street, Park to Pleasant; Brewster street, Warren to Maverick; Maverick street, Camden to Knott; Cedar street, Brewster to North Main. The Spring street asphalt road will be repaired at the expense of Contractor Howard of Rochester, N. H., who built it several years ago.

The Courier-Gazette was in error Tuesday when it stated that the work on South Main street was under the charge of Road Commissioner Simmons and the highway committee. As a matter of fact Mr. Simmons and the committee built the sub-grade from Crescent street to the South Thomaston line with the intention of giving it a rolled gravel surface with asphalt binder. The proposition to do the whole of South Main street this season, and use the tar macadam surface was finally accepted, and from that moment the work has been under the charge of Mayor Blethen and Mr. Talbot, the latter representing the private contributors.

Edward W. Egan, cigar-maker, has filed a petition in bankruptcy; secured debts \$175; unsecured debts \$127.40. E. C. Payson is attorney.

The following intentions of marriage have recently been filed at City Clerk Knowlton's office: Isaac Watson and Anni Peterson, both of Rockland; Martin Thompson of Rockland and Edna Bryant of Rockport.

The tug S. N. Smith was sent Thursday to the aid of the schooner Rodney Parker, whose pump was choked while the vessel was leaking. The schooner was pumped out by the tug and then towed to this port where the disabled gear was repaired.

Evangelist W. Henry Lannin of Arlington Heights, Mass., will speak to men at the Y. M. C. A. Sunday afternoon meeting at 4 o'clock. Mr. Lannin is widely known as a platform lecturer and should have a large audience. Kenneth Lord will be the soloist. All men and boys invited.

Miss Josephine S. Buzzell and Miss Katherine McLellan of Rockland were in the city Wednesday, and registered at the Augusta House. Miss McLellan is assistant superintendent of Knox hospital and is a graduate of the Nurses' School connected with the Augusta general hospital. Miss Buzzell is clerk at the Security Trust Co., offices at Rockland.—Kennebec Journal.

By defeating Brooklyn Wednesday the New York Giants won the National League pennant, and will contend for the Philadelphia Athletics for the world's championship. Some of the American League managers are predicting that the Athletics will defeat the Giants as easily as they did the Chicago Cubs a year ago, but there'll be plenty of good New York dosh that says differently.

The removal of the Grand Army building from the center to the southeastern corner of the lot on Union, Limerock and School streets, was accomplished so skillfully that not a crack in the plastering resulted. The work was done by George I. Whitten, who also has the job of building the new basement—which will be 70x25 feet with six-foot posts. The work will be completed as early as the uncertain fall weather will permit.

Stirring services of sermons and songs are to be held at the Advent Christian church commencing Sunday. W. Henry Lannin, evangelist, of Arlington Heights, Mass., will be present as speaker in all the services. Mr. Lannin is widely known in America as a preacher and platform lecturer. He will be assisted by Pastor Lawrence of the local church, and others. "Our Appeal is for right living and the Appeal of unrighteousness," says the circular announcement. Meetings will be held each evening, Saturday excepted. A service of song will open each meeting at 7.30.

Senator Gardner has received applications from 32 persons who would like to act as his private secretary. Among the aspirants are two prominent newspaper men from the western part of the state. One candidate, who has had a taste of Washington life and wants more, writes to the new senator that he will gladly serve without salary. He is plentifully supplied with the world's goods, consequently he is not one of the newspaper men above referred to. Senator Gardner says he has an abundance of good material to select from, but is especially desirous of a secretary who has had some experience with public affairs. Being secretary to a Congressman requires something besides mere clerical ability. Senator Gardner will weigh the matter very carefully, meantime attending in person to correspondence which has already become formidable.

The copy for the new city directory is now complete and work has begun on the book. There is still a brief time in which to make corrections. If you are moving, or intending to move before Nov. 1, send in the change of address on a postal to Fred H. Sanborn, or to the Opinion office.

"PLAYED OUT"

THE CRY OF

Unfortunate Thousands!

The average American of today is a "Bundle of Nerves." In his ambitious endeavor to reach the goal of his desires, whether it be the attainment of vast wealth, or political or social prestige, he seemingly has become regardless of the fact that his physical and mental resources have their limitations, until there comes, (as there inevitably will) a time when kind nature rebels and absolutely refuses to perform the exacting duties demanded from her. Bereft of Nature's support, we find, in place of a once vigorous specimen of manhood or womanhood, a shrinking, tottering caricature of humanity in both mind and body, fully conscious, but totally unable to meet the problems of every day life. Broken in health and spirit, they at last resort to professional aid, where they are enrolled as additional victims of

GENERAL DEBILITY.

There are, however, exceptions to these causes: Sickness and protracted anxiety, in consequence of various troubles, retarded convalescence from other ailments, are causes which may produce this affliction.

In general debility the symptoms are varied—weakness, brain fog, fatigue, weak or lame back, night sweats, vertigo, ringing in the ears and restless nights are among the many manifestations. When such conditions exist, no one should accept the advice (no matter how friendly the spirit in which it is offered) of other than a skilled physician. Understand that the Doctor's mission is to assist nature, and once the patient surrenders to nature, the latter will take up the task of rebuilding the shattered system and, with the potent remedies prescribed by an intelligent physician to aid her in her task. Nature, the Great Healer, completes the work. The foregoing applies equally well to

NERVOUS PROSTRATION,

Wherein loss of mental power, tone and vigor is the result. These disorders, as well as the original causes, can be cured by an observance of correct habits and the employment of an intelligent physician. The writer makes a specialty of such cases, of a serious and long standing nature. He not only administers to your physical necessities, but to your mental as well, in the advice he offers relative to your manner of living and what you should or should not do in the daily

"CHIKUITA" World's smallest woman at the New Empire Theatre Monday, Tuesday and Wednesday of next week. This little lady opens her American engagement at the New Empire Theatre next Monday, coming direct from Europe, where she has played before all the crowned heads of the world. Positively the greatest of all small women; costumes of the very finest Parisian make. Chiquita's theatrical engagement opens in Rockland and she works her way to the Pacific coast, making 115 weeks in America before sailing for Europe.

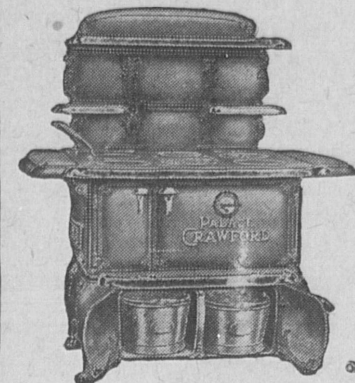

Here are the Helps that Cooks have wanted

Crawford Ranges

supply them—no others can!

The Single Damper (patented), one motion—push the knob to "kindle," "bake" or "check"—the range does the rest. Damper mistakes impossible.

The Ash Hod in the base (patented). The ashes fall through a chute into a Hod, all of them, making their removal safe, easy, cleanly. The Coal Hod is alongside, out of the way.

The Oven has cup-joint heat flues that heat it in every part alike. No "cold corners," no "scorching spots."

The Fire Box and Patented Grates enable a small fire to do a large baking.

Ask the Crawford agent to show you. Write us for circulars.

SHE GOT WHAT SHE WANTED

This Woman Had to Insist Strongly, but it Paid

Chicago, Ill.—"I suffered from a female weakness and stomach trouble, and I went to the store to get a bottle of Lydia E. Pinkham's Vegetable Compound, but the clerk did not want to let me have it—she said it was no good and wanted me to try something else, but knowing all about it I insisted and finally got it, and I am so glad I did, for so many cases where women have been cured by Lydia E. Pinkham's Vegetable Compound, just as this woman did, and not accepting anything else on which the druggist can make a little more profit.

Women who are passing through this critical period or who are suffering from any of those distressing ills peculiar to their sex should not lose sight of the fact that for thirty years Lydia E. Pinkham's Vegetable Compound, which is made from roots and herbs, has been the standard remedy for female ills. In almost every community you will find women who have been restored to health by Lydia E. Pinkham's Vegetable Compound.

ONE MILLION DOLLARS FOR A GOOD STOMACH

This Offer Should Be a Warning to Every Man and Woman.

The newspapers and medical journals recently have had much to say about the danger of indigestion. The offer of a million dollars for a new stomach.

This great multi-millionaire was too busy to worry about the condition of his stomach. He allowed his dependents to run from food to food until in the end it became incurable. His misfortune serves as a warning to others.

Every one who suffers with dyspepsia for a few years will give everything he owns for a new stomach.

Dyspepsia is commonly caused by an abnormal state of the gastric juices, or by lack of tone in the walls of the stomach. The result is that the stomach loses its power to digest food.

We are now able to supply certain missing elements—to help to restore to the gastric juices their digestive power, and to aid in making the stomach strong and well.

We know that Reckall Dyspepsia Tablets are a most dependable remedy for disordered stomachs, indigestion, and dyspepsia.

We want you to try them and will return your money if you are not more than satisfied with the result.

Three sizes, 25 cents, 50 cents, and \$1.00. Remember, you can obtain Reckall Remedies in this community only at our store—The Reckall Store, P. H. Call 364 Main St., Rockland.

LOCAL BREVITIES

An addition to St. Peter's Episcopal church will be built this fall.

Former Congressman Littlefield is associate counsel for Senator Isaac Stephenson of Wisconsin, an investigation of whom by the senatorial committee began yesterday. The case is one that will attract national attention, and it goes without saying that the former Rockland man will figure conspicuously in the great legal battle.

Grand Lecturer Frank E. Sleeper of Sabattus announces that a lodge of instruction will be held in this city Oct. 18 at 10 a. m. Instruction will be given at forenoon and afternoon sessions, and in the evening work will be performed and the local lodge inspected by the District Deputy Grand Master. It is expected of every District Deputy Grand Master that he shall attend at least one Lodge of Instruction. All Master Masons in good standing are cordially invited to attend these meetings.

Pupils of the city schools are looking forward to the new holiday, Columbus Day, which will be observed Thursday of next week. Its first appearance in this state will be largely confined to the schools, and to the Knights of Columbus, the order which was chiefly instrumental in securing legislation on the subject. In all of the cities where there are K. of C. Councils there will be banquets and addresses. This makes a total of 10 school holidays: New Years, Washington's Birthday, Patriots' Day, Memorial Day, Independence Day, Labor Day, Columbus Day, Christmas, Thanksgiving and Arbor Day. The same law also provides that a portion of Feb. 12 of each year shall be given over to exercises appropriate to the commemoration of the life of Abraham Lincoln.

WEST APPLETON

Miss Leola Ripley has returned to C. R. Bartlett's where she is employed as telephone girl. She had a two weeks vacation.

Mrs. Irving Norwood of Union spent the week with her parents, Mr. and Mrs. William McLain. Mrs. Norwood is teaching in Washington.

M. E. Harriman and Garrie Fogg, with their families, were at their home over Sunday.

Pleasant, Refreshing, Beneficial.

Syrup of Figs and Elixir of Senna appeals to the cultured and the well-informed and the healthy because its component parts are simple and wholesome and because it acts without disturbing the natural functions, as it is wholly free from every objectionable quality or substance. In its production a pleasant and refreshing syrup of the figs of California is united with the laxative and carminative properties of certain plants known to act most beneficially, on the human system, when its gentle cleansing is desired. To get its beneficial effects, always buy the genuine, for sale by all reputable druggists; one size only, price fifty cents a bottle. The name of the company—California Fig Syrup Co.—is always plainly printed upon the front of every package of the genuine.

WALDOBORO
The funeral of Joseph Johnson was held at his home Friday afternoon, Rev. C. W. F. Hilt of Paris officiating. Those who came from out of town to attend were: Mr. and Mrs. William Johnson, Mr. and Mrs. McKenzie and Mr. and Mrs. Pearl Johnson.

Mrs. W. H. Vannah, who lost her pocketbook with nearly one hundred dollars was fortunate enough to have it returned to her by Sumner Sprague who found it in the road the morning following.

Railroad Man Writes Remarkable Letter.

In 1903 and 1904, I was a terrible sufferer for about five months with kidney and bladder trouble. I could not sleep nights and was obliged to get up ten or fifteen times to urinate. I passed mucus and blood continually. One doctor said I was going into consumption and gave me up to die. Had two other doctors but received no help from either of them and am sure I would have been in my grave had I not seen your advertisement in the "Daily Eagle Star". After taking several bottles of Dr. Kilmer's Swamp-Root I was entirely cured.

In the last two years I have been a railroad fireman and have passed two examinations for my kidneys successfully so that I know that my kidneys are in excellent condition now as a result of your great preparation.

Yours very truly,
GEORGE KENSLEY,
109 1/2 Thirteenth Ave., South,
Minneapolis, Minn.

Personally appeared before me this 25th of September, 1909, George Kensley, who subscribed the above statement and made oath that the same is true in substance and in fact.

Prove What Swamp-Root Will Do For You
Send to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. It will convince anyone. You will also receive a booklet of valuable information, telling all about the kidneys and bladder. When writing, be sure and mention The Rockland Courier-Gazette. Regular fifty-cent and one-dollar size bottles for sale at all drug stores.

If you have young children you have perhaps noticed that disorders of the stomach are their most common ailment. To correct this you will find Chamberlain's Stomach and Liver Tablets excellent. They are easy and pleasant to take, and mild and gentle in effect. For sale by Norcross Drug Stores, Rockland and McDonald's Drug Store, Thomaston.

J. W. Copeland, of Dayton, Ohio, purchased a bottle of Chamberlain's Cough Remedy for his boy who had a cold, and before the bottle was all used the boy's cold was gone. Is that not better than to pay a five-dollar doctor's bill? For sale by Norcross Drug Stores, Rockland and McDonald's Drug Store, Thomaston.

You Might Have Saved The Child!

Yes, that little form, thin, emaciated, burning with fever and tossing in dreams, might even now be the embodiment of physical health if you, mother, had taken the means to prevent sickness which every mother may take if she will. Serious ill grow from little ailments, and when mothers realize this and prevent stomach trouble, indigestion, torpid liver, bowel complaint and kindred disorders with now and then a dose of

The regular meeting of Harbor Light Chapter, O. E. S., was held Tuesday evening and it was voted to make the last payment to W. E. Carleton for decorating the hall. During the last six months the Chapter has raised over \$200 for which they are to be congratulated. Four petitions were received for membership and the Chapter seems to be in every way flourishing. The installation of officers for the ensuing year will be held Tuesday evening, Oct. 17. It was voted to extend an invitation to Orient Chapter, Union, and Forget-Me-Not Chapter, South Thomaston, to be present on that evening. An invitation was received and accepted to visit Beach Chapter, Lincolnville, Wednesday evening, Oct. 18. It was also voted to have a rummage sale at the Masonic hall the last of this month, notice of which will be given later.

Mr. and Mrs. Charles Ingraham are visiting friends in Boston and vicinity and will attend the Brockton fair.

Mr. and Mrs. J. A. M. will be held at the Masonic hall next Monday evening, Oct. 9. A supper will be served in the banquet hall at 6 o'clock by the members of Harbor Light Chapter, O. E. S.

At the Baptist church next Sunday morning the pastor, Rev. J. F. Thurston, will take for his subject "Qualifications necessary for the highest christian service." The subject for the evening meeting will be "The Scorners."

Amatite ROOFING

A Modern View of the Roofing Question

Tin makes a good roof if you paint it.
Canvas makes a good roof if you paint it.
Any felt makes a good roof if you paint it.
Even paper makes a good roof if you paint it.

But Amatite makes a good roof if you DON'T paint it.

On a painted roof, the paint is what gives the real protection. The rest of it has no function except to provide a smooth unbroken surface with no seams or cracks, to which the paint can be applied.

Anything which keeps the wind from blowing it away or the rain from beating it in, will be waterproof if you use paint enough.

Amatite Roofing, however, needs no painting. It is a real roofing.

We shall be glad to send you a sample of Amatite free of charge if you will send a postal request for it to our nearest office. The sample will show you what the mineral surface is like.

HOME DECORATIONS

The decoration of a room may be based upon some special feature of the room—a piece of furniture, a bit of choice china, the coloring of the rug or planned to harmonize with the adjacent rooms.

WALLS—Rich, flat effects are secured by use of Flat-tone finishes. These materials are durable, sanitary and most practical in the home. Used over the old paper, you get the color desired and a durable surface that can be washed with soap and water like the paint on the wood work.

A FLAT-TONE treatment of the old curtains makes them look like new and gives them a color to harmonize with the room.

FLOORS—By using filler stains, wax or varnishes, any shade or finish may be given. For old sort-wood floors, our floor paint or varnish stain may be used to give a lasting surface.

We have finished over 100 rooms the past few months with FLAT-TONE. The first cost is less and being durable, it's the most economical finish all around.

VICTORY, THE KEYNOTE

W. C. T. U. State Convention at Waterville Reviewed—Achievements of the Great Conflict—What the Speakers from Abroad "Received."

The 37th annual convention of the Maine Woman's Christian Temperance Union held last week in Waterville was the largest and most enthusiastic in the history of the organization.

Notwithstanding the stress of work during the recent campaign there has been much accomplished in the several departments, many of the superintendents giving reports showing unusual activity. Forty-two new unions have been organized during the year, and the total membership is nearly 6000. The report of the treasurer gave evidence of the world-wide interest in Maine's struggle to retain her prohibitory law. Gifts ranging from \$1, sent by a woman in a distant state, to \$300 from the W. C. T. U. of the state of New York were received. The contributions of the campaign speakers were a splendid testimony to their loyalty, notably in the case of Capt. Hobson and Mrs. Armour, the former cancelling engagements that he might come to Maine, at great financial loss to himself, and the latter giving her entire vacation, and her own state of Georgia asking the privilege of paying all traveling expenses.

It was good to hear the story of the way the men of our own state (ministers, educators and business men) helped, and it was easy to understand why the city of Calais voted "No" when we learned of the forces in that city which stand for righteousness. The keynote of the convention was victory. When the verdict came from the big man of Democracy in Maine, who as mayor of Waterville welcomed the convention to the city, we had to believe it. "Maine has kept her law" was the refrain upon the lips of the delegates at every session, and yet no one can realize more than those who have been in the midst of the conflict that a great crisis is upon us. In many parts of the state the men are rallying to demand the enforcement of the law. One great question of the immediate future is how to conserve the interest and enthusiasm of the 2500 young

campaigners who were such a power for the right in many places during the campaign.

The great address of the convention was given by Dr. Edith Smith Davis of Wisconsin. Dr. Davis, one of the leading educators of the country, has just returned from the great congress at the Hague, leaving a day before adjournment in order to keep her appointment in Maine. Possessing all of the qualifications necessary for a public speaker, Dr. Davis' rare scholarship is what most impresses her hearers. Rarely is an address followed by more prolonged applause as was given this gifted woman. Plans have been formulated to hear Dr. Davis speak before the student body of the higher institutions of learning in our state in the near future.

Mrs. L. M. N. Stevens of Portland, President of the National W. C. T. U., stated that educational work and efforts towards law enforcement will be the two most important features of the work of the coming year.

"Within a decade, prohibition shall be placed in the constitution of the United States. Our watch word 'on to Washington'—our aim is National Prohibition."

She referred with much gratification to the victory for the Maine law in the election of Sept. 14 and predicted that Governor Plaisted and his Council will approve such corrections in the returns as will show a margin for the "no" side.

In reference to the W. C. T. U. in the campaign she said: "I do not believe that there was ever so much self-sacrificing, efficient, systematic, work accomplished in the same length of time as that of the white ribboners of Maine during the last year. I refer not only to those who live in cities, many of whom gave up their vacation plans in order to devote their time to the demands of the campaign, but I am also minded of those who live in the little towns or on the farm. They did not mind hard work, hard roads, hard words, great sacrifices if only they could save our state from the curse of the legalized saloon. The description of how we have worked, how earnestly we have prayed that the Maine W. C. T. U. might be worthy of its high

calling, cannot be recorded by human hands."

Another notable feature of this convention was the address of welcome by Mrs. Annie G. Pepper.

The election of officers resulted as follows: President, Mrs. L. M. N. Stevens, vice-president at large, Mrs. Althea G. Quimby of North Turner; corresponding secretary, Miss Isabel H. Stickney of East Brownfield; recording secretary, Miss Clara M. Fairwell of Rockland; treasurer, Mrs. Adelaide S. Johnston of Fort Fairfield; assistant recording secretary, Mrs. Sarah Lord Cram of Kennebunk.

The resolutions relating to prohibition were as follows:

We reiterate with increased emphasis our belief in the righteousness and success of the prohibitory law. We rejoice that Maine has retained constitutional prohibition, the safest and best form of prohibiting the liquor traffic.

Resolved: That we will work in all possible ways to uphold this law and to secure its enforcement.

Whereas, we realize more deeply than ever the need of national legislation to protect the prohibitory states from the encroachments of the liquor traffic.

Resolved: That we will heartily co-operate in the endeavor to secure the passage of a Congressional law which will remove intoxicating liquor from interstate commerce protection. Whereas, it has been clearly demonstrated that the liquor traffic requires organic treatment not only in the state but also in the Nation.

Resolved: That we are in hearty accord with the spirit and letter of the proclamation issued from Portland, Sept. 14, by our National and State President, Mrs. L. M. N. Stevens, for national constitutional prohibition, and we will do all in our power to obtain such legislation.

AT THE THEATRES

NEW EMPIRE THEATRE

Coming to the New Empire Theatre next Monday, Tuesday and Wednesday is the smallest woman in the world—"Chiquita," who opens her American engagement in Rockland and then proceeds to the Pacific coast, making a contract of 145 weeks, one of the longest ever secured by a vaudeville artist.

Chiquita comes direct to the New Empire from Europe, where she has played before all the crowned heads during the past five years. Never before have the people had such an opportunity to see this grand little lady. She will wear some of the latest Parisian gowns while in Rockland, which is sure to be a big drawing card, especially to the ladies and children. Every man, woman and child should see and hear Chiquita at the New Empire Theatre next Monday, Tuesday and Wednesday.

ROCKLAND THEATRE

The mid-week change of vaudeville opened Thursday afternoon with two feature acts. The Geers, Aerial Trapeze Novelty Artists, and they are artists, for they do many seemingly impossible feats. Their next appearance, and their work on the trapeze and rings go to make up an act that is among the headliners. The Three Singing Comiques are comedians and singers, and their act is decidedly funny. The Comiques consist of three men, character artists of different styles, all of whom have good voices and use them to good effect both singly and together. The three rung in many new bits of comedy which pleased immensely. Next week at this popular resort "the home of Keith's vaudeville" will be seen an excellent bill, Monday night "The County Sheriff," Tuesday and Wednesday, a great comedy sketch, Elliott and Neff, the "Bellboy and the Show Girl," and Keith and Kernan, in a novel singing and Sand Picture offering.

A stirring sensational tale of western life is "The County Sheriff," by Lem B. Parker, which comes to Rockland Theatre next Monday, Oct. 9, under the management of O. E. Wee. "The County Sheriff" is a play made of new material, good plot and very dramatic situations. The Dakota's, the country roundabout and the life led in that locality, form an attractive setting for the action of the story. An elaborate scenic production and a strong acting company.

MARITIME MATTERS

Sch. Dora Allison is loading cut stone from the Rockland Granite Co. for New York.

Sch. Evie B. Hall is at Portland discharging water pipe from Philadelphia.

Sch. Beulah arrived Wednesday from St. John with staves for the Rockland & Rockport Line Co.

Sch. Caroline Gray is chartered to load staves in Calais for Rockland.

Sch. William Booth is at Long Cove loading paving for New York.

Sch. Mary Curtis, bound from Swan's Island for New York, with pavin sprang a leak off Cape Ann Saturday and was towed to Gloucester, where she was grounded out and repaired.

CAPT. FREEMAN C. HALL

Capt. Freeman C. Hall, a well known resident of Union street, died late Wednesday night, aged 77 years. He had been confined to his home only since last Friday, but for many weeks he had been gradually failing, his demise being due to a general breaking down of his constitution.

The deceased was a native of St. George, and son of Archibald and Clarissa (Linnekin) Hall. The early part of his life was devoted to seagoing. Among other schooners he commanded the Marietta, Ella, Sarah F. Bird and Laconia. About a quarter century ago he left the sea and took up the painter's trade. In more recent years he had been custodian of the Central Club rooms. He was a member of Rockland Lodge, F. A. M., and Golden Rod Chapter, O. E. S. Genial, well liked and a good citizen, he will be greatly missed by his friends. Capt. Hall is survived by his wife, one brother, Capt. Sylvester H. Hall, and two sisters, Mrs. M. A. Willey of this city and Mrs. Lydia Gilchrist of Thomaston. Funeral services will be held at the residence Saturday at 2 p. m.

Sick headache is caused by a disordered stomach. Take Chamberlain's Tablets and correct that and the headache will disappear. For sale by Norcross Drug Stores, Rockland and McDonald's Drug Store, Thomaston.

SIX PER CENT INVESTMENT

—\$500,000—

CITY WATER COMPANY OF CHATTANOOGA, TENNESSEE
SIX PER CENT BONDS DUE 1931

Secured by a closed mortgage on water works supplying filtered water to the City of Chattanooga and its suburban communities, comprising a population estimated at 80,000, and rapidly increasing.

This Water Company has successfully operated its plant and business for more than a quarter century, under Charter granted it by the State of Tennessee.

Its water supply is from the Tennessee River and is unlimited.

These bonds also bear the guarantee of principal and interest by the American Water Works & Guarantee Company, having a long established reputation as being the most successful operators of water works in the United States.

Full particulars may be obtained at our office or by circular mailed on application.

We offer and recommend the above bonds as affording a desirable six per cent investment.

Price 101 and interest.

H. M. PAYSON & COMPANY.
ESTABLISHED 1854 32 Exchange St., Portland, Me.
