

Richmond Feb 12/62.

To the Gov of Maine

I have understood from a member of Conn "B" Cavalry Reg that my old Co "K" is without a Captain and that the present Lieutenant Myrick is trying to get appointed. I have been corporal of Co K. for some 12 or 13 mnts. and know that Mr Myrick is not fit to be Captain, his course ever since he has been in the company has been ridiculous besides being lazy and saugy to the other Officers. he has been seen repeatedly in bed with some of the men and

was the laughing stock
of the whole regiment.
He would laze away
most of his time in
his tent, while the rest
of the officers were at
work. I really hope he
will not be appointed,

Yours respectfully.
