

John B. Robinson
Head Quarters 1st Regt. P. A. C.
Fort Sumner Tex May 5. 1864
Dear Sir.

At the request of a friend in the service of our Country I take the liberty to once more trespass on your time and patience a very little Sergeant William Stevenson of Co. F. of this Regt. like many others would like to be promoted to Lieut. at least and have such appointment in some Infantry that is going or has already gone to the front as we term it as he feels anxious for some more active duty and does not fancy Artillery, if there is any opening in the 32nd Regt. or any old Regt in the field some position of the kind would be gratefully

received, Sersgt Sturges
is a gentleman and has had
some military experience having
served for some time in a Co.
of New York Zouaves before
the organization of this Regt.
and I know him to be a very
good drill Officer having
been myself drilled by him
he is of Hampden Co. and has
three Brothers in this Company
one of which is a Corporal and
they are all good Soldiers,
and merit deserves its reward

Very Respectfully
John L. Robinson

To Adj't Gen John S. Hodges
