Gene -

I Enclose requisites for coats as
for seventeen men. I have not yet
got the men here but will have tomorrow
and mustant in. I shall probably have
about twenty men but I only draw for
the number I feel sure of. Should
I not have so many will return call.
I sign and close the whole number of
requisites not knowing how many you
require - I presume you intend for me
to retain two of them if so please return
them in the case you send.

I trust you
will order them sent by tomorrow express
as if I do not receive them at that time
they will not reach me as I leave on
Friday morning.

I am Sir

Gene John L. Woodson
Adj. Gen. of Miami
Augusta

Yours with respect
