

Camp Lincoln Before Richmond Va
June 21st. 1862.

His Excellency Gov Washburn.

Sir.

I respectfully ask that Chas. T. Watson of Co D be commissioned as Lt & Dr Master of my regiment to fill vacancy caused by the promotion of Lt J. H. Tallman to Brigade Dr Master.

Mr W. has been connected with that department since the organization of the regiment as clerk and assistant and is thoroughly conversant with the business. He is also a quiet steady man of excellent habits. His appointment to that office would give general satisfaction.

I am informed that Serjt. A. R. Amos of Co G has been commissioned as Lieutenant in the 16th Maine Regt. Not having received official notice of the fact, I am compelled to report him absent without leave.

It would afford me pleasure to have the vacancies in my regiment filled at as early a date as possible.
