Dear Sir

I write you at this time to ask one more favor. Charles L. my son is very anxious for an appointment of Captaincy or Lieutenantcy in the regular army. You are well acquainted with his military ability and standing, and such a letter to the Secretary of War, as you may think him deserving, will be very gratefully received, and hope at some time I may be able to repay the favor.

Please mail to me

I am very truly yours
Geo Stickland
