

Dr. Patten,

Surgeon?

Monson, July 12th, 1861,
D D

Dear Sir,

I intend to present myself
to Drs. Allen & Bradley for examination
in a very few days. If I shall be
successful, I shall be quite desi-
rous to get an appointment if you
deem me worthy as soon as possible.

We shall not be under the
necessity of drafting in Monson at
present. I am confident, as a suf-
ficient number of volunteers can
be found; but I think the same
can be said of adjoining towns.

Yours obt. servt.
Samuel A. Patten.
