

Calais Nov 14. 1864.

Dear Gov

Lieut George D Brewer of Calais
late of Robbinston informs me that he is apprehen-
sive that he may be superseded in consequence
of a present slight disability from wounds received in
battle from which he is fast recovering. He belongs
to the 1st Heavy Artillery and his Co I understand
is destitute of a Captain.

He was here a day or two since and seems
to be recovering fast from his wounds. He
is a worthy young man I have known
him from his birth.

He is every way reliable and he is
brave. I hope that he may have the
benefit of your very excellent rule
to promote according to rank.

The election returns exceeded
our expectations. The result is glorious &
it seals the fate of the Rebellion.

Most Respectfully & truly Yours
Wm Howard Bond Joseph Gray
