Gov Washburn

It is with pleasure  
that I present to you notice the name  
of Corporal Thomas T. Trott of Woodwick  
as a man suitable for a Commission  
as a Lieutenant, to fill one of the  
vacancies existing in old regiments,  
or to be assigned to a new regiment.

He is a young man of  
more than ordinary abilities, steady,  
and of good moral character, and  
in my opinion is in every way  
worthy and well qualified to fill  
the office. He is also brave, and  
always has been among the foremost  
in the ranks in times of danger  
& peril.

In recommending me

To be to your notice, I feel that I  
am but performing an act of justice  
due, not only to him, but to the  
Town of Woolwich, which has  
furnished so many volunteers for  
the Service of our Country -

Hoping that this may meet  
with a favorable consideration, and  
that an opportunity may soon offer  
to give the deserving their due -  
I am

Very Respectfully Yours  
W. H. Watson Capt. Co. D.
