

Belfast, March 7, 1863.

Hon. Abner Coburn,

Augusta:

Dear Sir:

Additional

to the letter I wrote to you on the 28th ult. in regard to Serg't. Amos B. Wooster I would say, that if no vacancy is found for him in the Regiment to which he belongs, (the 4th Me.,) it would not be incompatible with his inclinations to receive a Lieutenant's commission in one of the colored regiments.

For a number of months he has acted as Lieut. in the company to which he belongs; consequently he would be ably qualified to well fill that position.

I presume that Maj. W. W. Cunningham

ham has presented in person
Sergt W^d case to you, as he design-
ed to do so when he left this city
to join his Reg't.

Hoping you will give this
subject your consideration

I am with much respect

Your obedient Servant

John L. Locke.
