First in Series

The first of a series of competitive entertainments by the men and women of Ivy Temple sewing circle, was held last Wednesday evening, the women holding the boards in the initial number. The actresses covered themselves with glory. The parts teemed with ludicrous situations and "make-ups" which convulsed the audience with laughter. One of the stars of the evening was Mrs. Adeline Stevens who was dressed in masculine attire and represented "Professor Busy Bee, an infernal player." Mrs. Stevens did stunts with the violin, the banjo, the bells and other instruments besides singing several solos.

A play entitled, "The Grecian Bend," told of "the day of the bustle" and caused much merriment. Every line and appearance was a comic. Those who portrayed the fashions and people of that time were: Mrs. Elva Patterson, Mrs. Lillian Warren, Mrs. Florence Watson, Mrs. Helen Perkins, Miss Edie Clark, Mrs. Cora Spencer and Miss Jessie Phillips. Parts of popular songs were sung by Mrs. Fannie E. Jackson and Mrs. Cora Spencer. They were joined in the chorus by a "mixed" quartet including Mrs. Rena Knights, Mrs. Sylvia Boston, Mrs. Bessie Shepard and Mrs. Elva Patterson (men); and Mrs. Abbie Towne, Mrs. Charles Whiddens, Mrs. Florence Watson and Mrs. Adeline Stevens. The grand finale was a fitting end to this exceptionally fine entertainment and was entitled "Good Night, Brothers." A large number enjoyed the program, which was followed by an oyster supper served by the men.

The next entertainment will be by the men and it is no question but what they must "go some" to outdo the ladies.

Parcel Post Regulations

Regulations to cover the workings of the new parcels post system, which is to go into operation on Jan. 1, were made public by Postmaster General Hitchcock Friday.

The new system will be effective throughout the entire postal service at the same time and will affect every Postoffice, city, rural and railway mail transportation route in the country.

Every precaution will be taken by the Postoffice Department to have the mails moved with the usual dispatch, and all postmasters, superintendents and inspectors have been directed to thoroughly familiarize themselves and their subordinates with every phase of the new system.

Mr. Hitchcock expresses the hope that the public will familiarize itself with the nature of the new service before attempting its use. Information will be available at any postoffice in a few days.

The regulations provide that parcels merchandise, including farm and factory products (but not books and printed matter) of almost every description up to 11 pounds in weight and measuring as much as six feet in length and girth combined, except those calculated to do injury to the mail in transit, may be mailed at any postoffice for delivery to any address in the country.

Delivery will be made to the homes of people living on rural and star routes as well as those living in cities and towns where there is delivery by carrier.

Where there is at present no delivery by carrier the parcels will go to the postoffice as is the case with ordinary mail.

The postage rate for the first zone—that is, within distances not exceeding 50 miles—will be 5 cents for the first pound and 3 cents for each additional pound. The rates increase for each successive one of the eight zones into which the country is divided, the maximum rate being 12 cents a pound, which will carry a parcel across the continent, or even to Alaska and the Philippines.

For a fee of 10 cents a parcel may be insured and if the parcel is lost in the mails an indemnity to the amount of its value not to exceed \$50 will be paid.

The law provides for the use of distinctive postage stamps and there is now being distributed to postmasters for use in the parcels post system a set of stamps of 12 denominations. Parcel post maps, with accompanying guides, are to be sold to the public at their cost, 75 cents, through the chief clerk of the Postoffice Department.
