## BOYS' TOWN MEETING BIG SUCCESS

Polling Systematic, Orderly and Without Confusion—Hon.  
Carl E. Milliken, President of Maine Senate Interested  
in Kennebunk's Educational Feature

The first annual town meeting of  
Kennebunk Junior, for boys and by  
boys, was held in the town hall Satur-  
day afternoon, March 22, and proved to  
be one of the most practical educational  
features ever attempted in this com-  
munity. People, young and old, for  
miles around, yes, and even men way  
back in the state who had heard that  
such a test was to be made in little  
Kennebunk, have been talking about it  
and anticipating the results for weeks  
past. Hon. Carl E. Milliken, president  
of the State Senate, and an authority  
on parliamentary procedure "sat up and  
took notice" when he found that a town  
meeting was to be prepared for and con-  
ducted by boys under twenty years of  
age. He said he should receive the re-  
ports from it with a great deal of inter-  
est.

Several weeks ago the boys began to  
organize their parties, name the town  
committees, hold caucuses and to plan  
the numerous details which make or  
mar such a meeting.

Then the petitions for warrant ar-  
ticles had to be drawn up in due form and  
signers secured. One petition caused  
special investigation and amusement (on  
the part of the boys) and temporary  
disappointment on the part of the girls  
for they had signed their own petition  
for the right to vote. A sufficient num-  
ber of sympathizers from among the  
boys, however, went to the rescue and  
the article was soon duly inserted. A  
temporary constable was appointed to  
post the warrants, a temporary town  
clerk to officiate at the town meeting  
until a moderator was in the chair and  
the regularly elected clerk could take  
his place, two temporary constables to  
tend the voting gates and tellers to  
check off and count ballots. The double  
check list was used and no errors were  
made.

The town officials donated all voting  
equipment and one of the local papers  
printed the ballots free while several  
men acted as adult advisors both at the  
caucuses and at the town meeting.

The check list was open from 1 to 1.30  
o'clock for approval and then the town  
meeting was officially opened. A single  
ticket was used to vote for moderator  
and also for town clerk. Theodore  
Cousens, a thirteen year old boy and  
nominee of the Progressive party, was  
elected almost unanimously for mod-  
erator, and Harvey Grant, a nominee of  
the Anti-Suffragettes, landed the town  
clerkship.

The polling was systematic, orderly  
and without confusion and at 2.28 the  
last vote was cast. Adjournment was  
then made to the upper hall where the  
articles of the warrant were acted upon.  
The youthful voters sat in a body on the  
main floor and the galleries were filled  
with interested spectators, the most in-  
terested and enthusiastic of whom were  
the girls to cheer on to victory their

## With the Men and Boys

A group of the agricultural contest  
committees met Friday night and  
completed more plans for this practical  
educational feature. Twenty or more  
of the up-to-date farmers and garden-  
ers of the town are now behind the  
effort and its success is assured. The  
boys can hardly wait to begin work on  
their plots of ground for the competi-  
tion is going to be very strong and very  
close. A meeting of all boys who are  
interested in the plan will be held in the  
new club room over Bodge's Saturday  
afternoon at 3 o'clock.

The eagerly anticipated town meet-  
ing of Kennebunk Junior was held Sat-  
(Continued on Page Two)

WEDNESDAY, MARCH 26, 1913

A new parochial school, with an enrollment of nearly 500 scholars, has been opened in Brunswick.

Opposition to a newspaper is quite often an asset. Half of the enmity directed at the modern press is due to the inability of ambitious individuals to control it.

It matters not whether you pay tax directly or indirectly, you pay tax just the same. It is not absolutely necessary for you to pay a poll tax in order that you pay your part of the running expense of town, county, state or nation. When you eat, when you sleep, in fact while you live you are constantly paying tax.—Lisbon Enterprise.

Seventy-three per cent of those who voted in Bangor's election, voted in favor of establishing a municipal coal yard. It will be remembered that Portland voters expressed a similar desire, so that at least two of the important cities in Maine are willing to municipalize the coal business. This is of course a natural result of the unwarranted advance in coal prices during the past year.

When the women of Sanford who wished to hear the action of citizens in regard to town affairs, assembled at the town hall they found the balcony closed to all, much to their discomfiture. After being compelled to huddle on the stairs for half an hour, or go home, Ed. H. Emery, acting as their emissary, asked the moderator and selectmen if the gates might be opened and the janitor was instructed to admit them.—Sanford News.

And this in the "big, wide-awake, up-to-date" town which is clamoring to be the county seat, and of which Judge Hobbs, favoring for that distinction, says: "Go to Sanford where the live ones are!"

The edict has gone forth that the Wilson-Marshall administration shall be a "white ribbon" affair, with no wines or liquors served at any entertainment. Not only do the President and Mrs. Wilson and their daughters taboo the sparkling cup, but so also do the vice-president and Mrs. Marshall, the secretary of state, and Mrs. Bryan and nearly the entire cabinet. This is one of the most striking changes under the new administration, and, it is reckoned, will save hundreds of thousands of dollars annually to those who entertain frequently. No longer can the Democrats be called "the rum party."

The county court recently refused to license the pool and billiard rooms in Kirksville, Mo., on the ground that they had become undesirable loafing and gambling places. The attorney for the pool rooms pleaded with tears in his voice for the court to keep open the pool rooms because they were the poor man's club. It seems that almost any time something needs to be closed up, it turns out to be a "poor man's club." If the plea of the attorney for the defendant happened to be true, the poor man would show very questionable taste in his clubs. About the only things professing to be poor men's clubs happen to be those violating the law; and one of the ironies of these places which try to hide behind a plea for the poor man is that they are run

especially to get the poor man's money. The fact is the poor man has no club; but he ought to have. He ought to have a club that does not take the money he needs for bread and clothes; a club that stimulates his mind and his higher social qualities. Neither the poor man nor the rich man needs a club to stimulate the animal impulses; and both of them need homes more than they do clubs.—Colliers.

### Interesting Prophecy

A prominent business man of Hartford, Conn., Mr. Austin C. Dunham, a Wilson Republican in the recent campaign, is reported by the Times of that city, as making an interesting prophecy with regard to the business future of New England. The Times reports: "New Englanders will be a ship-owning people within three years," says Austin C. Dunham, whose long business experience leads him to the opinion that the country as a whole is going to change from a manufacturing nation to a trading nation, and our commerce lead the world.

"That's the mistake of the Republican party," Mr. Dunham told a Times reporter. "It became fossilized, and failed to see that manufacturing was not the whole future of this country, and that the protective tariff wall must be lowered and our commerce expanded.

"With the great amount of exports," he said, "it is obvious that we have got to become more a nation of merchants. We have got to trade with the other countries. We cannot take all their money and not their produce because no sort of business will survive that plan indefinitely followed.

"At the close of the Civil war we had to put on a high protective tariff, or the foreign countries would have had all our money for their goods which at that time they could supply us at a much better advantage than we could make them, but the condition has changed right around now, and we must enter more into commerce."

### Town Meeting Saturday

Town meeting Saturday afternoon to act on the sewer extension as laid out by the selectmen. It is a question of vital interest to every citizen of the town and should bring together a large number of voters. It is hoped the plans will be accepted and the necessary amount appropriated for the work. The Enterprise has not yet heard of any one who openly opposes the extension, but there are differences of opinion as to how the money should be raised. Fair minded men admit that present arrangement for taking care of the sewerage is unsatisfactory and not for the best interests of the people; and that the installation of a modern sewerage system would be an asset, and not a liability for Kennebunk. For the health of the fathers, the mothers, the children; for the benefit of the town and its business, arrange to attend this meeting and vote to remove the dangers that lurk in every street which has not proper sewerage disposal. It is a personal matter to every citizen of the village. It is a duty he owes to himself and his neighbor to attend this meeting and see that an appropriation is made to successfully carry out the plans as carefully prepared by the municipal officers. Be present!

### Going to Church

Some go to church just for a walk; Some go there to laugh and talk; Some go there for speculation; Some go there for observation; Some go as it their charms displays; Some go upon those charms to gaze; Some go there to meet a friend; Some go there the time to spend; Some go to learn the pastor's name; Some go there to wound his fame; Some go there to doze and nod; But very few to worship God.

## With the Men and Boys

(Continued from First Page.)

urday afternoon at the town hall and it proved to be an "eye opener"—yes and an "ear opener"—to the big crowd of spectators who watched the proceedings from start to finish. Many old voters said it seemed almost impossible to believe that those boys could in a few weeks, become so well posted and be able to run a regular town meeting so efficiently. The secret is this, "Give the boys a chance and they will almost always prove themselves capable."

The third of the series of special "Saturday Nighters" was heartily enjoyed by a large number of people and everybody had a fine time. A big game between the speedy Riversides of Saco and the local town team proved to be a hummer and kept the spectators on the edge of their seats from the first toot of the referee's whistle until "time" was screeched. The home men won by only two points, the score being 18 to 20. The Grammar School Club had a tussle with the live lads from Springvale as the score of 7 to 5 in our favor proves. The masquerade contest between two almost unrecognizable teams entitled the Velvet Juniors and the Shooting Star Juniors brought forth shouts of laughter from the spectators. The gymnasium features put on by physical director Robinson and several members of his class were very much appreciated.

The public meeting of the Athletic Association which was being planned for Friday night of this week has been postponed as the hall is engaged for that date. Notice of the new date will be announced as soon as it is set.

The Grammar School Boys' Club will meet with John Darvill Friday evening at 7.30 o'clock. The business session will be followed by a unique social hour and a large attendance is assured. A flash light picture of the Club will be taken at this meeting.

Another long evening of real pleasure is assured for next Saturday night when three more good games of basketball will be seen and some more gymnasium exercises enjoyed. A large number of people are beginning to depend on these Saturday night entertainments and we won't disappoint them.

Some complaints have been made that the young people have to be at the hall certain times or they will be barred from the privileges. There is no compulsion in any of these activities being promoted here. School boys have Mondays, Wednesdays and Friday afternoons at the hall, and school girls have Tuesday afternoons and Saturday forenoons there. They can attend or not, according to their desires or the desires of their parents. All criticisms made directly to Mr. Hosmer will be appreciated and will always receive prompt attention. This community plan of work is new and cannot expect to be perfected in just a few months. Close and loyal co-operation combined with reasonable patience are the required essentials on the part of the citizens of Kennebunk.

At town hall last night the Shooting Stars defeated Sanford High school by a score of 18 to 7. In the girls' game the Comets defeated the Satellites 12 to 5. Both games were clean, fast and interesting. One of the largest crowds of the season witnessed the games.

Word has been received here of the death of Dr. John C. Parker on Wednesday, March 19, in Providence, R. I. Dr. Parker was principal of the Kennebunk High School in 1888-9. Dr. Parker was a medical officer in the Rhode Island National Guard and was buried with full military honors. The funeral was held from the Union Congregational church and the big auditorium was crowded with those who wished to pay their final respect to the dead physician. ## OUR NEIGHBORING VILLAGES

### Kennebunk Beach

Miss Josephine Babine, who has been employed in Winchester, Mass., since last September, returned home last Saturday.

The W. P. M. club met with Mrs. Belle Walsh Wednesday of last week. The Club will meet with Mrs. Marion Perkins on March 26.

C. E. Currier was a Biddeford visitor Tuesday of this week.

Mrs. Joseph Babine is quite ill with intestinal indigestion. Dr. Purinton attends.

Mrs. Emma Higgins and Mrs. Hornback of Portland, are visiting Mrs. Higgin's parents, Mr. and Mrs. Joseph Babine.

Gowen Moulton has been suffering from a severe attack of rheumatism during the past few days.

Chester Winn, a student at Pratt institute, Brooklyn, N. Y., was a guest of his grandmother, Mrs. M. A. Wentworth, Wednesday.

Mrs. John Somers is suffering from a severe attack of tonsillitis. Dr. Purinton attends.

### Town House

Miss Vera Stone returned to Higgin's Institute, Charleston, Maine, after a two weeks vacation.

Lucy and Madeline Clough are at home from Colby College for two weeks.

Fred O. Wells is on the sick list.

The children of the First Congregational church observed Easter by recitations and singing. Miss Gladys Hill had them in charge and considering all the draw-backs the work reflects great credit.

There will be a Poverty Circle at Arundel Grange on Friday evening, March 23th.

Mr. George Leach, who lived formerly in this vicinity, now of Wolfboro, N. H., will move next week to Lower Kennebunk. He has rented the Emery house just vacated by Mr. Bailey.

### Wells

The annual meeting adjourned without date Monday night, the following list of constables being elected and completing the business of the warrant:—E. E. Hooper and John A. Davis, Progressives; John Jacobs and Harry A. Littlefield, democrats; F. E. Rankin, republican.

### Saco Road and Vicinity

John Sanders, who has so faithfully served with milk the past years, will give up his route the last day of March, much to the regret of his patrons. Really a milk famine faces us unless some one buys his route. The situation is really alarming. Why is it that there are not more cows kept? Milk and butter bring good prices. Hay, to be sure is high but grain is very reasonable. Unless some one buys Mr. Saunders' route it is a case of keep a cow one's self or go without milk. What will the poor babies do?

Mrs. D. W. Hadlock took a business trip to Sanford Saturday.

R. A. Fiske is a little under the weather. Dr. H. L. Prescott is his physician.

Mrs. B. F. Lombard is still very sick. There is much sickness throughout town.

We are sorry to learn that Mrs. Fred Currier has been very sick the past month. She is improving, we are glad to learn.

We were glad to meet our friend, Mrs. Albion Benson last week. Mrs. Benson has been sick and has not fully recovered her former health.

Miss Ruby Suhr of Biddeford was a guest of her friend, Mrs. R. A. Fiske, Tuesday of the present week.

Easter services were held at the several churches. At the Baptist a musical cantata was enjoyed in the evening. At the M. E. church was given one of the prettiest concerts we have heard for a long time. The little ones of which there were quite a number, did fine. There were all sweet and sang and spoke so dear. One thing we need is more little boys; we have a very few but what they lack in numbers they make up in being bright and smart. We are indebted to your town of Kennebunk for a treat in a little speaker and singer in the person of Herbert Durrell, son of Mr. and Mrs. William Durrell of Kennebunk. He is a bright, dear little fellow repeating the 23d Psalm so pretty and his song "Help just a Little" was the feature of the concert. He was applauded; they just could not help it he sang so sweetly the song. All the little ones did fine and it was a most delightful Easter concert.

April showers in March? Shall we have snow storms in April?

The senior class of the K. P. H. S., will give their play, "How Jim Made Good", at the Farmers' Club hall, Friday evening, April 4th. This is a good play and between the acts Miss Gladys Stinson of Biddeford will sing. After the play a good time and ice cream will be enjoyed. Doors open at 7.15; play to begin at 7.30. This play is for the benefit of the seniors to help pay for the graduation in June. The graduates are Robert Lawrence Ross, North Kennebunkport; Leon Pillsbury, North Kennebunkport; George McCabe and Arthur Eldredge, Helen Thompson, Grace Pulsifer of the village; Ruth Jennison of Cape Porpoise, and Ernest Numan, Wildes District.

W. F. Goodwin and brother, Walter, who recently purchased the hardware store and furnishings of Henry B. Dennett is having it thoroughly renovated. In connection with hardware business he will put in a full line of first-class groceries. This will make an up-to-date store in every respect. We wish them all success.

The play, Willowdale, at Farmer's Club Hall, last Thursday evening, was great; every part was well given, not a dull moment from start to finish. The only fault was there was not a large audience as the weather and traveling prevented many. They deserved a crowded house for certainly one got their full of fun. We think had they put the play on at Kennebunk they would have realized a good sum. With a fine orchestra, singing and afterward a dance there should have been a full house. Their object was too, a good one, the townspeople should take an interest in it for it was for the benefit of the Fire Department. We suggest this play at Kennebunk.

### Cape Porpoise

Huff, now in Columbus, Ohio, and a granddaughter, Mrs. Frank Hutchins, Jr., of this place. The age of the deceased was eighty-five years and four months.

The local churches observed Easter Sunday with appropriate sermons, special music and decorations of cut flowers, Easter lilies and potted plants. ### Found Dead On Track

The body of Eugene R. Southey of Lynn, Mass., about 19 years old, was found lying beside the track on the Eastern division of the Boston & Maine road, half a mile this side of the West Kennebunk station yesterday morning. He is supposed to have fallen from a train upon which he was riding and had been killed, although it is possible that he may have been on top hit by overhead bridge and thrown off. He had evidently been dead four or five hours. The body was discovered about 8.30 by an engine of a passing freight train.

A jury summoned by Coroner Dennett of Biddeford and composed of Albert W. Meserve, E. I. Littlefield, John N. Balch, E. L. Jones, Elmer M. Roberts and John W. Bowdoin viewed the body at the tomb at Hope cemetery. A hearing will be held Saturday.

The mother of the boy was reached by telephone and she came to Kennebunk and took charge of the body.

## WEAR SHOES THAT FIT

PROPER FOOTWEAR IS OF THE  
UTMOST IMPORTANCE.

"Beauty Ills" Innumerable Spring  
From Disregard of This Very Im-  
portant Matter—For a Grace-  
ful Carriage.

Did it ever occur to you that the kind of shoes you wear have a great deal to do with your "beauty ills"? A successful specialist in the treatment of facial defects recently made the positive statement that ill-fitting and ill-shaped shoes were a frequent cause for the deep lines so often seen on women's faces. He also said that these lines were among the most difficult to treat.

This does not seem so foolish upon second thought as it does at first. Did you ever try to walk when your feet hurt you? Perhaps the hurt was caused by a tiny corn upon your smallest toe, but it wrinkled your face up into all kinds of lines that were unbecoming, to say the least. If the pain were to spread all through your feet, as is the case when the feet are cramped out of shape by tight or ill-shaped shoes, you can readily see why the lines would become more marked and would gradually deepen until they were very hard to smooth out.

Ill-fitting shoes are also responsible for some very troublesome wrinkles in the disposition, and these are always reflected in the face. One can go even farther and say with perfect truth that the health suffers even in greater proportion from having one's feet cramped out of their normal shape.

The nerves of the feet are more sensitive than the nerves in the hands, and when we encase the feet in shoes which prevent all the normal and natural action of the various bones and ligaments and muscles—intended by nature to give elasticity to the walk and support the weight of the body with ease—we are guilty of real cruelty to ourselves. The pressure causes acute suffering of the feet, and this reacts upon the entire nervous system.

When the back begins to pain and the head to ache; when the eyes feel strained; when neuralgia or sciatica or some other of the many ills we struggle under come to stay with us for awhile; when an ugly frown between the brows becomes habitual and fretful lines form around the corners of the mouth, we never think for a moment that any or all of these troubles may be due to our abuse of our feet.

The shoe should conform to the lines of the natural foot, and should be large enough to permit the free action of the bones and ligaments. A pretty foot is not possible when its owner is foolish enough to compress it in a tight shoe with high heels and narrow toes.

Then, too, a graceful carriage of the body is not possible when the feet are improperly clad. The weight should be carried on the balls of the feet, and only in this way can the springy and elastic step become habitual. A French heeled shoe, or a shoe with a high military heel, prevent effectually all grace of movement in walking.

We must correct the abuses which we have ignorantly permitted in our care, or rather lack of care, for our feet, and then we will gain in health and comfort, and will also gain better results from our creams and lotions and wrinkle plasters which we are assiduously using to beautify our faces. ## THE KITCHEN CABINET

BE RESOLUTE and faithfully what you are, be humbly what you aspire to be. Man's noblest gift to man is his sincerity, for it embraces his integrity also.

—Henry D. Thoreau.

### SOME DIFFERENT DESSERTS.

Cherry Tart.—Take rich canned or preserved cherries, drain from the juice and add to it a bit of cornstarch to thicken and a suggestion of flavor of almond. Bake a good under crust of pastry and pour in the cherries, covering with the thickened juice, adding more sugar if necessary. Set in a warm oven fifteen minutes, cover with whipped cream and serve hot or cold.

A pastry shell filled with orange jelly and covered with whipped cream when cold is another delightful way of serving pie.

Chocolate Pudding.—Take a cup of sugar, a half cup of butter, two squares of chocolate, one egg, a cup of milk, one and three-quarters cups of flour, two teaspoonsful of baking powder, mix and beat well, then steam for two hours.

Sauce for Chocolate Pudding.—To one and a half cups of water add two tablespoonsful of cornstarch which has been well mixed with a cup of sugar; add a tablespoonful of butter, a square of chocolate, and when well cooked and smooth a teaspoonful of vanilla.

Date Souffle.—Wash, stone and chop half a pound of dates, simmer in half a cup of boiling water until very soft; mash them, add the whites of four eggs beaten stiff, a quarter of a cup of sugar, which has been added to the egg, a tablespoonful of lemon juice and a dash of salt. Pour into a buttered baking dish and bake thirty-five minutes. Serve cold with cream or a foamy sauce.

Jam spread an inch thick in a dish and covered with rice cream cheese makes a delicious combination to serve with crackers and coffee for a simple dessert.

## The KITCHEN CABINET

DIGNITY comes not from possessing honors, but in the consciousness that we deserve them.

The greatest truths are the simplest and so are the greatest men. —Hare.

### SOME PLAIN DISHES.

A plain beef stew is an appetizing dish when nicely prepared, and one which gives variety.

Beef Stew.—Cut all the fat from the meat and put it into a frying pan to try out all the fat. To a pound and a half of the meat allow a large onion cut fine, two tablespoonsful of minced carrot and the same of celery. Cut the meat in small pieces. Put the vegetables into the fat of the pan and cook until well heated through, then add the meat, which has been rolled in flour, and cook until well browned; add two teaspoonsful of salt, a few dashes of cayenne pepper and water to just cover. Set on the back part of the stove where it will simply keep hot for two or three hours. The last hour add a pint of sliced potatoes, and when the potatoes are done, serve at once.

Apple Croquettes.—Add half a cup of bread crumbs to a pint of thick sour apple sauce, mix well and shape in balls, dip in egg and crumbs and fry in deep fat.

Brown Bread.—Take two cups of graham flour, a cup of white flour, a cup of nuts and a cup of raisins mixed, a teaspoonful each of soda and salt, a teaspoonful of baking powder, half a cup of molasses, and a cup and a half of sour milk. Bake one hour in a slow oven.

Corn Souffle.—Melt a tablespoonful of butter and stir in a tablespoonful of flour; when well cooked add a pint of hot milk, poured on slowly; add one by one the yolks of three eggs, beating well. Add a cup of corn chopped or put through a meat grinder; season with salt and cayenne. Fold in the stiffly beaten whites of the eggs and put the mixture into a well-greased baking pan, set the pan in hot water and bake twenty minutes. Test it with a knife—if it comes out clean the souffle is done.

### Saving Sense of Humor.

When the rehearsals for "As a Man Thinks" was in progress, Jake Shubert, who was laboring with the author, Augustus Thomas, in whipping the play into shape, was rather free with his suggestions about changes in the lines and scenes. At last, during a dramatic and very serious situation, Shubert said:

"Right here, now, I think we ought to have a little humor to lighten up the general effect."

"Very well," replied Thomas, after a long and heavy pause, "For instance?" Then the play proceeded as the author had written it.—Popular Magazine.

A large congregation was delighted with the concert. The following committees are to be credited with much of the success of the evening: Music, E. H. Atkins, Mrs. Mabel Gooch and Mrs. Martha Chick; Literary, Miss Louise Wheeler and Mrs. Fannie S. Baker;

Decorations, Mrs. Jean Goodwin, Mrs. Martha Bourne, Mrs. Bessie Fiske. The floral decorations for day and evening were unusually handsome and the arrangement was pleasing. They consisted of potted plants and cut flowers. After the evening service the shut-ins were remembered by tokens of plants and flowers.

Charles O. Huff passed another milestone in life's journey on Monday, which was made the occasion of a post-card shower by his many friends.

Frank Trott, who went to Boston last week, on the advice of his employers there, has returned home for another fortnight.

Miss Jennie Huff returned on Wednesday from a lengthy visit with various friends in Massachusetts.

Road Commissioner Jennison has put the rock crusher to work and is improving lower Main street by a liberal use of the material turned out. At the same time, some of the sidewalks are being treated to a surfacing of pulverized rock.

The fishing boat which has been under construction at Ward's shipyard this winter, has been launched, the engines installed and trial trips made.

This funeral of Mrs. Alvira Huff, who has been boarding with Mr. and Mrs. Holland at the town house for a number of months, took place on Saturday afternoon, Rev. Thomas P. Baker officiating. The interment was at Cape Porpoise. Mrs. Huff leaves a granddaughter, Mrs. Frank Hutchins of Cape Porpoise, and a grandson, who lives in Columbus, Ohio. She was eighty-five years of age and was much loved by many friends.

Mr. and Mrs. Frank Atkins are rejoicing at the coming of an eleven-pound boy, who arrived Monday morning to gladden the home circle.

The visit of District Deputy Grand Master Robbins of Kittery to Arundel lodge of Masons last Tuesday evening was a very pleasant occasion. He pronounced the work of the lodge well done as it was exemplified in actual practice. A splendid collation was enjoyed after adjournment.

Mrs. Freeman C. Seavey, accompanied by her son John, went to Boston on Tuesday to spend a couple of days with relatives.

Ezra A. Wells was the lowest bidder for the construction of the addition to the village high school.

The York County Quarterly Conference of the Adventists will be held from Wednesday evening until Sunday with the church in the Lower village.

Mrs. Mary D. Clough is at home after an extended visit with relatives. Next Sunday afternoon, at 2 o'clock, Rev. Thomas P. Baker will preach in the Methodist church on "The Ascension of Jesus."

## Ogunquit

The all absorbing matter of interest for weeks has been furthering the long cherished scheme of the incorporation of Ogunquit, and so giving the village its just control of 60 per cent. of the taxes levied by Wells to use in village improvement as both the village residents and the summer cottagers shall see wise and fit. Two municipal meetings on this "Charter of Incorporation" were held in February in Fireman's hall. There were crowded audiences each time, and only one opposing speaker each meeting in defense of Wells continuing as now, wholly to control Ogunquit, and to dole out what Wells decides of the taxes collected for Ogunquit use. The village went unanimously always but for that one exception, for the charter of incorporation. A committee was named at the last meeting to get signatures to same and to enlist citizens to go to Augusta when the hearing was set. Mr. Wilbur F. Cousens, Mr. Nehemiah Jacobs and Rev. John E. Clancy have been back and forth in Augusta for weeks, fathering the charter interests and on the day of the hearing twenty-six of the leading citizens joined them and voiced their sentiments in favor of incorporation. Judge Benjamin Cleaves was in the chair. Last Thursday the charter passed into the hands of the Senate for final action this week. The committee appointed by the Legislature to weigh and decide upon the merits of the hearing are unanimously in favor of it. With quiet dignity, as always, Ogunquit accepts her new laurels without any killing of the fatted calf celebration.

The giving, by amateurs, of "The Country Doctor," a four act drama given for the benefit of the Ladies' Auxiliary of the Men and Boys' Club at Fireman's hall, Ogunquit, on Thursday evening, March 20, 1913, was an unqualified success both in the quality of the acting of every member of the caste, all Ogunquit residents, and in the money result. The hall was filled to its capacity and by an appreciative audience as hands testified after each act. Besides the drama the recitations by Mrs. Walter Perkins were excellent, and Miss Glynn Clancy, whose musical taste and execution is a distinct pleasure where an instrument of quality is under her hands, did wonders with the hope-

less instrument called a piano, owned by Fireman's hall committee. The cast of characters was as follows:—  
Thomas Britton, M. D., the village doctor  
Howard Wayne, in love with Dolly  
Squire Ferguson, the sheriff  
Sam Birch, proprietor of the hotel  
Zebediah Bunn, who hangs around  
Eri, that's all  
Ben Shaw, the stage driver  
Agnes Gilbert, shadowed by fate  
Dolly Britton, the doctor's sister  
Susan Pinner, his housekeeper  
Mrs. Birch, Sam's wife  
Anna Belle Umstead, with aspirations  
The bluebirds are as thick on Pine Hill as the stones, and the king-fishers have for several weeks sounded their "wooden rattles" at morn and eve from the spiles of the old wharf on Miss Stevenson's place.  
A goodly number of the youth and boys brought their Bibles and Testaments on Good Friday night at 7 o'clock and met Miss Stevenson in the vestry of the Methodist church for a service on the betrayal and crucifixion of our Lord. Decorated candy Easter eggs were distributed as each boy went out from the service.  
The Methodist church had beautiful Easter plants Easter Sunday. No one needed to ask where the flowers came from. Ogunquit has long known where Mr. Elwell's is and what sort of plants and flowers he and Mr. Gaw give their patrons.

## West Kennebunk

Mrs. J. M. Seely was the guest of her daughter, Mrs. Stella Lewis, of Portland, for a few days last week.
