

Ans
La Grande Maine July 7th 1862
To the Adj. Genl. of the State of Maine

Sir! I have the honor to address you to learn if I can procure papers to certify that I have served a term of one year and six months in the 2nd Me. Vols. I was enlisted in Co. A. 2nd Me Vols. at Bangor April 25th 1861 by Herman Bartlett and on the 26th of Oct. 1862 was discharged to enlist in the regulars for a term of 1 year and 6 months. From the 2nd Me. I feel no other discharge than a descriptive list on a paper together with the descriptive list of A. P. Jones discharged at the same time for the same purpose. Said descriptive list Jones has in his possession and is now in the State of Minnesota and as I myself wish to leave the state, it is essential that I should have something to certify that I have served a term of three years. My dis. from the U.S. Engineers merely states that I was enlisted as Sandy Hook Ind. for the term of 1 year and 6 months. saying nothing of any previous enlistments.

If such papers can be granted and forwarded to my address you will

confer a favor on

Sir

Esom Obdr. Dr.

Isaac Sanson Jr

La. Orange

Maine

Edw. Genl. Hodgeson.

to have to address you to learn if I can
secure papers to certify that I have served
a term of one year and six months in the
Maine Militia. I was enlisted in Co. A. 2nd
La. Orange April 25th 1861 by Thomas Barrett
on the 25th of Oct. 1862 was discharged to
be in the militia for a term of 1 year and
six months. I did no other
service. I have a discharge list on a paper
with my name in the list of A. D. Jones
discharge at the same time. For the same
reason. Said descriptive list Jones has in his
possession and is now in the State of Minnesota
as I myself wish to leave the state. It is
possible that I should have something to certify
that I have served a term of three years
by the U.S. Engineers. I wish to state that I
was in the Sandy Hook Md. for the term of 1
year and six months. saying nothing of any previous
distinctions.

If such papers can be granted
and forwarded to my address you will
