**REPEATING SHOTGUNS**

What is your preference in a repeating shotgun—hand-operated or autoloading?

If hand-operated, you know the Remington-UMC Pump Gun. Everybody knows it.

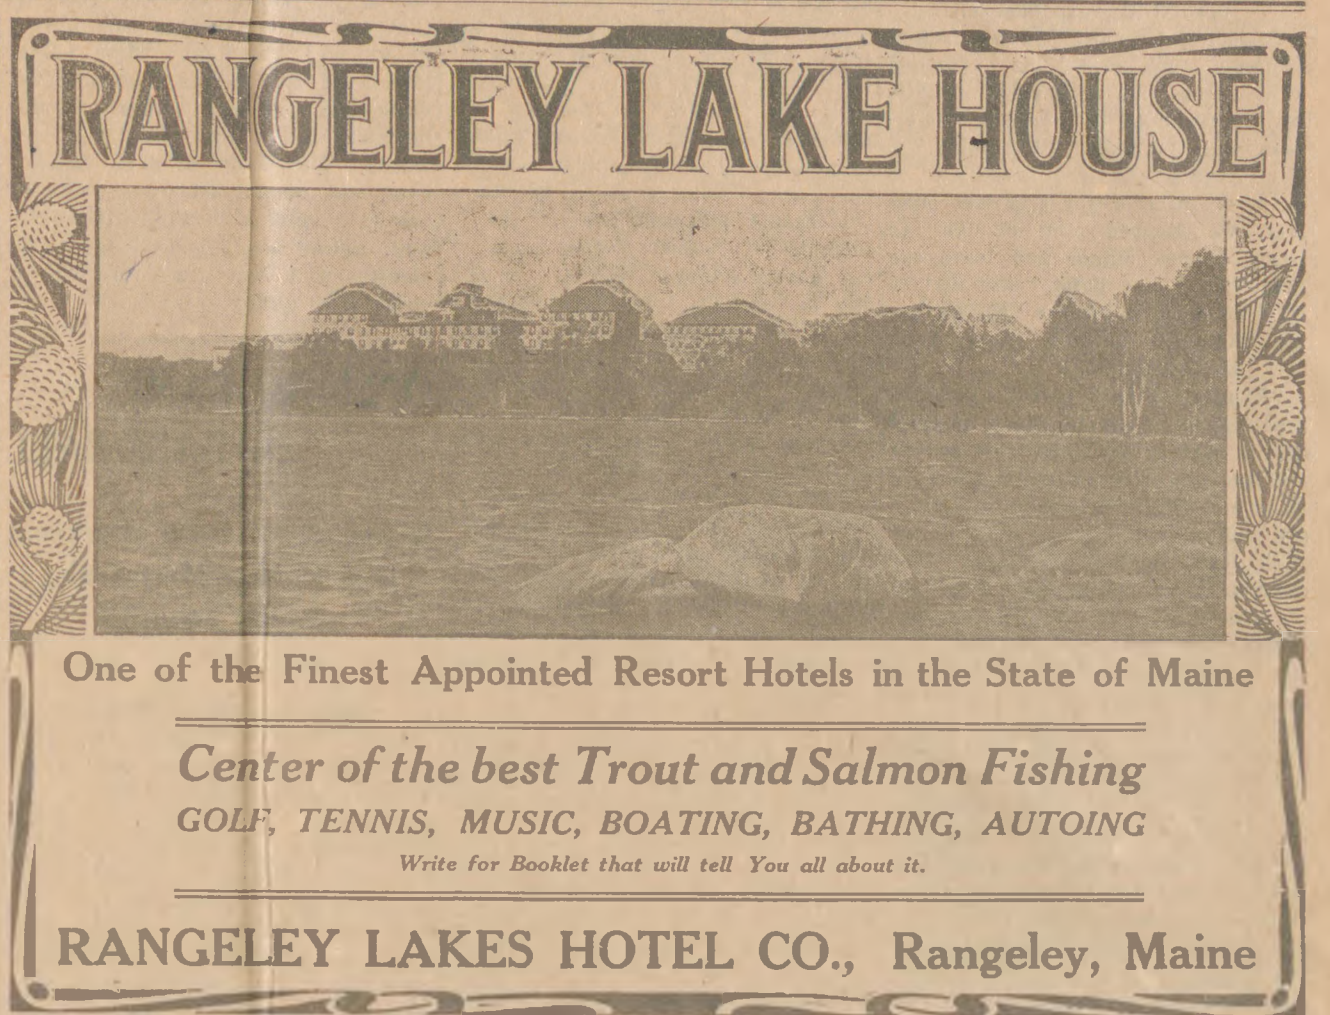

If autoloading, then get your dealer to show you the Remington-UMC Autoloading Shotgun—an arm that is performing in a way to show sportsmen that here at last is an autoloading shotgun that works.

Remington-UMC Repeating and Autoloading Shotguns are sold by dealers everywhere. Find the one who shows the Red Ball Mark of Remington-UMC—the sign of Sportsmen's Headquarters. He's the man.

To keep your gun cleaned and lubricated right, use Rem Oil, the new powder solvent, rust preventative, and gun lubricant.

## THEY CELEBRATE THEIR 51ST Supper and Dance.

(Special Correspondence.)

Rangeley Lake House, Rangeley, July 21.—The rainy days are followed by those of sunshine and all hope our "good old fashioned" Rangeley weather which the rain side-tracked has come to stay.

Many of those who came when the hotel opened and will remain until it closes have been joined by friends and those who come for the first season are charmed with the place.

If the life out of doors is wide and free here at the Rangeleys, that indoors is gay and there are always the card parties and dancing at the casino for evenings and the days rush by.

The following party, who have been at Kennebago Lake, for several weeks arrived to-day and will spend some time at this hotel: Mrs. Wilfred E. Eaton, Misses Dorothy, Phyllis and Marion Eaton of East Orange N. J., Edward M. Schellenger and William I. Mirkil of Philadelphia.

Mr. and Mrs. F. C. Hoehler and child of Toledo, Ohio, who came Tuesday for their first visit to this part of Maine have taken rooms here for a short stay.

Another party who have come a long way from the sunny south to enjoy for their first season the wonderful climate and scenery of the Rangeleys are U. S. Senator and Mrs. C. A. Culberson of Dallas, Texas, R. U. Culberson and Mrs. Mary H. Schlutez of Houston, Texas, who could not have chosen a more delightful summer place.

Joseph A. Legare of Lowell, Mass., was so much pleased with his visit last year that he has returned for another season.

Mr. and Mrs. J. W. Wells of New York are spending a short time here.

Mr. and Mrs. Wyman Worthington

### STEAMBOAT SERVICE ON RANGELEY LAKE

Boats leave Rangeley for South Rangeley at 5.35 A. M. and 11.40 A. M., where close connection is made with Maine Central Railroad trains for Portland, Boston and New York. Boats making close connection at South Rangeley with trains from New York, Boston and Portland, arrive at Rangeley at 1.20 P. M. and 6.40 P. M.

of Paris, France, who were here several years ago while visiting America came this week for an extended stay.

Mr. and Mrs. Emil J. Villangi of New York were here for the week-end.

C. M. Lowes, president of Flushing N. Y. National Bank and wife came by automobile to Portland, where they were the guests of Mr. and Mrs. George Burnham Morrell a few days and the party motored here and spent Sunday.

Mr. and Mrs. William H. Davis and children and maid are New Yorkers who are here for their first season.

Mr. and Mrs. Edwin F. Fobes of Lexington, Mass., on their return from a trip to Tim Pond were here for the week-end on their return home.

Wm. C. Allen of Portland has joined Mrs. Allen for their annual visit and other people from the same city, who make up the party are Mr. and Mrs. J. B. Bancroft, Mr. and Mrs. W. F. Lenord and Mrs. Geo. F. West.

Mrs. A. R. Luther of Buffalo, N. Y., and Mrs. E. A. Tiffany of New Bedford, Mass., are among this week's comers who will remain for several weeks.

Mr. and Mrs. George C. Kendall, New York, have taken rooms in the annex and will remain until September.

Mrs. Charles D. Doctor and daughter, Miss Gladys P. Doctor of Elizabeth, N. Y., who were here last year have returned for another season.

Mr. and Mrs. J. E. Coffey, Bert E. Coffey of East Orange, N. J., and Mrs. James Connors of Philadelphia were among the automobile parties, who, while touring this part of Maine, lingered here for most of the week.

Joseph Wadsworth of New York

was warmly greeted by old friends on his arrival this week and with his fast boat there will soon be some racing on the lake.

Ralph T. Kendall of Portland spent several days this week with his wife and children, who are visiting Mrs. Kendall's parents, Mr. and Mrs. J. B. Marble.

Mr. and Mrs. Henry J. Burrows are spending several weeks with their son, H. M. Burrows at Range-mere Cottage and are receiving congratulations on the 51st anniversary of their wedding which they have just celebrated.

Tuesday evening Stewart Baird of Boston chartered Ernest Haley's launch and invited the following party for a sail around the lake: Mr. and Mrs. Wm. Leonard, Mr. and Mrs. Joseph Bancroft, Mrs. Francis Braun, Mrs. Ralph T. Kendall, Misses Marie Chatillon, Rachel Marble, May Whaples, Mr. Phiper, Mr. Lagery. The company first landed on the lake shore, where a wood's supper was cooked and the feast a merry one. Then there was a moonlight sail around the lake and a dance at the casino after they returned to the hotel.

Mr. and Mrs. J. S. Jones of Brooklyn, N. Y., are greatly enjoying their first summer at one of the hotel cottages.

Mr. and Mrs. J. S. Wooster of Philadelphia came from home in their touring car, arriving last evening to spend several weeks with Mrs. Wooster's parents, Mr. and Mrs. Wm. H. Castle at Outlook cottage.

Miss Mary E. A. McAlee and Miss Anna J. McAlee of Boston, who are touring Maine in their car are so much pleased with this hotel they are spending the week here.

## "CHUM" ALL AROUND ATHLETE

### Many Good Musicians Among the Hotel Guests

(Special Correspondence.)  
Mooselookmeguntic House, Haines Landing, June 17.—"This extended view across the Mooselookmeguntic lake, surrounded by the vast wilderness with the White Mountains in the distance was what appealed to us when on a motor trip last summer, we stopped long enough to enjoy a good dinner and learn the name of this hotel, and that is why we came to Haines Landing for the summer," said a New York lady this morning.

"Raining again!" is the morning greeting, but everyone seems to think that a part of the game this season and on one side of the piazza a party of sportsmen and their guides are talking about going out to try their luck, for the rain does not dampen their enthusiasm. The tennis players are the disappointed ones to-day. In the office around the fire a party of ladies are knitting, some are reading, and in the parlor others are enjoying a game of bridge. Thus everyone is happy while waiting for the clouds to roll by.

Mr. and Mrs. W. R. Marshall and son, Charles R. Marshall of Winchester, Mass., are among the new comers, who will spend several weeks in camp and express themselves as much pleased with their choice for the summer days.

Dr. and Mrs. M. Sturtevant of New York, who have been spending their honeymoon days at one of the Bonney Camps, in company with Mr.

and Mrs. H. B. Josselyn of Boston, were here this week.

Last year Mr. and Mrs. W. D. Moshier, their daughter, Miss Marjorie and son, Phipps G. Moshier of Hopkinton, Mass., came for their first visit and were so much pleased with log cabin life they have returned to remain until September. Master Phipps who is but 14 years of age is well known in Massachusetts as an all-round athlete and has taken cups and medals, of which his friends are very proud. Everyone calls him "Chum," as he and his father are such good chums. "Chum" is manager of the Hopkinton Athletic ball team, who have played 23 games this season and lost but 4. As a member of Boston Midget team of the Boston Athletic club he won the cup in running. For trap shooting he is a wonder, recently taking first medal with a score of '92 out of 100. At the Bampton Gun Club and at Westboro Gun Club, two of the well known Massachusetts clubs he has attracted much attention. "Chum" is also an expert fly fisherman," Fred Fowler, his guide, says and yesterday with a light rod on a No. 10 hook he made a good catch on Dodge Pond the largest a 1½ pound trout. This young gentleman is already a favorite here at Haines Landing.

Garret Hobart of Paterson N. J., and party came up from Poland Springs yesterday in two touring cars and will spend several days at his camp.

Dr. L. A. Dewing, a former Harvard pitcher on the ball team, with Mrs. Lucia Burke and Miss Marion Stareatt are a party of Bostonians who will enjoy a month in Camp Wellmere, and are much pleased with this, their first trip to the Rangeleys.

Mr. and Mrs. H. D. French of Lisle, N. Y., have had a good week's sport and with Jim O'Brien guide, brought in some fine fish.

Mr. and Mrs. James Shaw of New Haven, Conn., who are on their wedding trip have taken rooms for several weeks at this hotel.

Coming on their motor-cycle from Winthrop, Mr. and Mrs. Earl Marshall have enjoyed a stay of several days this week. This is the first time a gentleman and lady on their cycle have come over the country road as far as Haines Landing.

Mr. and Mrs. Grant S. Whitsler of Cleveland, Ohio, who come for their first summer in a log cabin are greatly pleased with life here and hope to have friends join them later.

Friday, a party of ten from Philadelphia and East Orange, N. J., who are spending the summer at Kennebago, came down on the morning train and spent a most enjoyable day here.

There are now over 50 guests, those who came the first of the

season as contented as can be, and the late comers enthusiastic over the place. More than 20 are booked for the coming week.

Prof. J. Kieley of New York City College and wife, Lieut. and Mrs. Charles B. Amory, Jr., U. S. A., who came the first of July find the summer days going by far too quickly.

There are now some fine singers among the guests and the concerts that are given evenings are worthy of unusual mention. Miss Mary Rogers of Boston has a very sweet voice and is heard every Sunday morning at the little church in the woods, "Our Lady of the Lakes." Prof. and Mrs. Kieley, Dr. Dowling and H. L. Welch all have fine voices. Mrs. Laine, Mrs. Kieley are good pianists and Miss Cecil Brown a violinist of ability.

## OPENING GAME OF BASE BALL

### Women Prove Better Marksmen Than the Men--Many Outing Parties Enjoyed

(Special to Maine Woods.)

Kineo, Mooshead Lake, July 17.—There have been many activities of interest to the summer people assembled at this delightful vacation playground. Out of doors interest has been divided between motor boat and canoe picnic parties, golf, base ball, and rifle shooting; indoors, dancing parties have largely filled the time. Each evening the large ball room of the Mt. Kineo House has been a lively scene of gaiety, in which Miss Madeline Francis Gale, of Boston, has been the center. Miss Gale has charge of the dancing at the Mt. Kineo for the summer and by her grace and charm has made herself most popular with the summer guests.

Great enthusiasm was aroused by the opening ball game, in which Kineo defeated a nine of young college men from camp Wildwood, the boy's summer camp on Sandbar Point. The game was close, 5 to 3, and over 200 people gathered at Glendale Field to witness the contest. A special steamer load of 73 came from Wildwood to see the game.

A large group of competitors, the women proving more consistent marksmen than the men, characterized the weekly rifle contest on Hillside range. Although C. M. Clark of New York was high gun with 75, three women were his close contestants for the honor, Mrs. H. J. Genung of Madison, N. J., with 72, Mrs. C. M. Clark and Mrs. C. A. Judkins of Kineo tied at 70. Among other participants were Miss H. Gibson, Miss K. Gibson, Wm. Shaw, Courtenay Shaw of Garden City; Mr. and Mrs. John Reilly, Jr., Irving Williams, New York; John Eynon, Boston; W. O. Rowland, Jr., Philadelphia and H. J. Genung. A pleasing feature of the afternoon was the tea, following the shoot, at the cottage of Mr. and Mrs. Genung on the shore near the range. Mrs. William Wakeman, Mrs. Walter Shaw of London, Dr. and Mrs. T. U. Coe of Bangor and Mrs. J. Arnold Norcross of New Haven being additional guests.

The activities of the Moosehead Lake Yacht Club will fill a large place in the summer life. Thomas Friant of Grand Rapids, Mich., has been elected vice Commodore to succeed Henry Sheaffer of Pottsville, Pa., and Samuel A. York of New Haven, rear Commodore, to succeed E. H. Outerbridge of New York. Plans are going forward for the

opening motor boat race next week. The annual masquerade ball is set for August 25, and former Commodore Arthur B. Waring of New York has presented the club with a handsomely designed poster commemorating the event. In it is shown Miss Elaine English of Philadelphia, who was awarded first prize at last season's ball.

One of the delightful outing parties was that given by Mr. and Mrs. Charles M. Clark of New York to a group of young people on board their yacht, the Kinnebbah. A cruise to the head of Moosehead with lunch on board was shared by the following: Mrs. J. E. R. Carpenter and her daughter, Miss Marion Carpenter, Miss Katherine Clark, Irving Williams, Winthrop Williams, Miss Jones of New York; Miss K. Gibson, Miss H. Gibson, Courtney Shaw, Miss Gwendolen Shaw, Garden City, L. I.; W. O. Rowland, Jr., Howard L. Rowland, Philadelphia; Miss K. Tetsuka, Plainfield, N. J.

A motor boat sail with campfire dinner on the shore of Deer Island was enjoyed by a happy group consisting of Mr. and Mrs. A. W. Hodgdon, Miss Winnifred Thorpe, Miss Vera Young of Boston; Miss Griggs, daughter of Senator Griggs and Mrs. Wildes of Paterson, N. J.; and W. N. Patten of New York.

At Camp Nephawin on Kineo Bay Mr. and Mrs. A. B. Waring of New York have as guests Mr. and Mrs. John Reding of Boston and William Waring of Yonkers. This is Mr. Reding's 40th summer on Moosehead Lake.

Mr. and Mrs. C. S. Sperry of New Haven, Conn., have as guests at Camp Caribou on the west shore Miss Anna Kimmere, Richard Reed and Edward Hume from their home city.

At Camp Kokadjo, near West Outlet Mr. and Mrs. Samuel A. York of New Haven are entertaining Walter B. Day of New York.

Mrs. Louis Malone of Mobile, Ala.; and Dr. and Mrs. W. C. Wurttemberg of New York have opened their camps on the Moosehead Lake shore near West Outlet.

Mr. and Mrs. Henry Feuchtwanger of Madison, N. J., and Mrs. Myra D. Paterson of New York will open their Kineo cottages this week. Mrs. Paterson has for several years been president of the Metropolitan Woman's Golf Club, and is Kineo's best woman golf player.

Mr. and Mrs. H. G. Campbell of Paterson, N. J., have opened their beautiful place on Sandbar Island, and have chartered the steamer Kineo for the season.

Commander L. M. Josephthal, a prominent military man of New York, and his family are enjoying their first Kineo experiences in one of the shore cottages.

Sir Herbert and Lady Ames of Montreal, Can., spent a few days at the Mt. Kineo on their way to Camp Onaway.

The following people are enjoying the summer at E. G. Stevens' camps at Spencer Narrows: Mr. and Mrs. Matthew Smith of New York, Mr. and Mrs. Wallace E. Easton, Horace Cate, Portland; Mrs. Z. M. Wood and son, Livermore Falls, Me.; Mr. and Mrs. M. F. Detrich, Baltimore; Miss Beatrice Conant, Brookline, Mass.

Recent arrivals at the Mt. Kineo include Mrs. William Wood and family, Mr. and Mrs. S. T. Maddox, P. R. Park. Miss Jeanne Park, Miss Marion Park, H. S. Harding, W. S. Babcock, Boston; Miss Dorothy Dyer, Wellesley Hills, Mass.; Mrs. Alonzo Zabriskie, Master Lansing Zabriskie, Greenwich, Conn.; Rev. C. L. Wood, Middletown, Conn.; Mrs. Geo. Quackenbush and family, New Haven, Conn.; W. H. Hubbard, Holyoke, Mass.; Sir Herbert and Lady Ames, Montreal, Can.; Dr. and Mrs. J. C. Boyd, Mrs. A. C. Stanley,

Washington, D. C.; Mr. and Mrs. John Vancrover, Miss Elizabeth Vancrover, Swampscott, Mass.; Mr. and Mrs. John Reilly, Jr., and child, Mrs. M. D. Paterson, and daughter, Mr. and Mrs. John L. Martin and child, Mrs. Washington Dill, the Misses Dill, Mr. and Mrs. Rich W. Hollaman, Mrs. A. A. Peet, R. W. Gibson, Miss H. Gibson, Miss K. Gibson, Miss Minnie Aube, Mr. and Mrs. D. F. Fox, Joseph Fox, Mr. and Mrs. John Aspegren, S. Frederic Mills, Miss Edith Bowers, Commander and Mrs. L. M. Josephthal, Mr. and Mrs. B. F. Terwilliger, Miss Edith King, Mrs. Washington Dill, M. H. Mack and family, Wm. H. Chipman, Mr. and Mrs. Jerome C. Adler, Everett Morse and sons, Mrs. Richard C. Lewis and daughter, New York; Mrs. Joseph Knight and family, Mr. and Mrs. J. B. Kinley and family, Jacob L. Read, Mrs. Lewis M. Schamberg and child, Philadelphia; Mrs. E. H. Cole, Baltimore; Mrs. J. Ellwood Lie, Mrs. Wm. Cleaves, Conshohocken, Pa.; Mr. and Mrs. J. M. Dettia, Norristown, Pa.; Mr. and Mrs. Herbert Dunning, Brooklyn; Mr. and Mrs. D. N. Simonson, Rock Island, Ill.; Mr. and Mrs. A. S. Elliott, Wilmington, Del.; A. M. Robinson and family, Louisville, Ky.; Mrs. D. G. Thompson, Waxahatchie, Tex.; Mr. and Mrs. L. W. McCown, Johnson City, Tenn.

Chas. McLeod is stopping at the Chesuncook House for a few days.

Robert Eddy, who is employed in hauling canoes across the Allegash Carry was the guest of friends and relatives Sunday.

There are some very exciting base ball games being played on the east side of the Chesuncook Lake in the field owned by A. B. Smith.

Howard Wood, the fish and game warden was a visitor at the Chesuncook House last week.

Ralph Brick the chief fire warden was the guest at the Chesuncook House a few days last week.

Walter Smith made a round trip from Chesuncook to the Northeast Carry Saturday; he arrived home 6.30 o'clock.

Miss Lenore Carrick is confined at home by illness. They fear she may have scarlet fever.

W. A. S. Kendall is in Bangor on business for a few days.

Mrs. Frank Defore has returned home from Ripogenus, where she has been for a few days.

## BEEN AT SARANAC LAKE FOR 15 YEARS

Captain E. E. Thomas who used to run on the Moosehead and Rangeley Lakes, has for the past 15 years been at Saranac Lake, N. Y., in the Adirondack Mountains. He and his son run the Thomas' Boat Lines over a 40-mile trip of beautiful mountain, lake, and river scenery. They have just completed a large double decker for passenger service. The boat is named Pollyanna, and hundreds of people witnessed the pretty christening ceremony. She is the largest of the three passenger boats which they run for the public.

## Putting Tobacco in Tins is Like "Locking the Stable Door" —"After the Horse is Gone"

Real tobacco flavor depends upon the leaf being preserved in its natural state, possible only by pressing the leaves into plug form and keeping it in by covering it with a natural leaf wrapper. The natural flavor and strength of tobacco escape when cut or granulated.

Take a Plug of Sickle that is even thoroughly dried out so that when you whittle it off it crumbles into dust, but it will burn and smoke smooth and cool as it has all of its original tobacco flavor preserved, unevaporated in Plug Form.

Whittling a pipeful is little trouble, amply repaid in both quality and quantity. Try this experiment and judge for yourself.

## MASQUERADE GIVEN IN HONOR

### The Thayers Return Home After a Delightful Six Weeks' Stay

(Special Correspondence.)

Lakewood Camps, Middle Dam, July 16.—There is no more effective and sensible method of escaping the noise and heat of the city, and an attack of hay fever, than coming to this attractive spot, at the foot of Wellokennebacook Lake, where one takes the auto or buckboard for a ride across to Sunday Cove, then a sail over Umbagog and on through Dixville Notch to the White Mountains.

When Mr. and Mrs. Clinton Jordan of Boston, who are old time favorites arrived Saturday evening, they were greatly surprised to find the office beautifully decorated with wild flowers, ferns and greens from the woods and a masquerade party in their honor. When it was time for the guests of honor to be greeted they were not to be found, but a huge goose and a big black cat were attracting much attention by their silent presence and the laugh went round when later it proved to be

## NEWARK PARTY OCCUPIES NEW CAMP

### New Comers As Delighted and Contented As Old Timers

(Special Correspondence.)

Bald Mountain Camps, Mooselookmeguntic Lake, July 15.—The middle of July finds an unusually large number here at the foot of the mountain on the lake shore.

To-night everyone is out of doors watching the sunset for to those who live in the city and see only brick walls, the brilliant colors in the west, reflected over the lake are pictures more beautiful than any artist can paint.

James Richie of Orange, N. J., who came the first of May has been joined by Mrs. Richie and they will be at home in Camp Molona until autumn days. Mrs. Richie thinks her 2½ pound trout is not worth recording even if it made such a fight she thought it an 8 pounder. Mr. Richie comes in daily with fish enough for himself and friends.

Mr. and Mrs. A. E. Verrill and daughter of Auburn were here for over Sunday.

Mr. and Mrs. A. Burrows of New York, who for the first time are spending the summer in the Rangeleys are much pleased with Camp Daisy. They spend hours on the lake and have proved themselves good anglers, having caught a number of two pounders.

One of the new camps which is finely furnished has for the first occupants Mr. and Mrs. Louis Hancock of Newark, N. J., and Mr. and Mrs. W. R. Moore of Chicago, Ill., and the coming week they will be joined by friends. The broiled trout and salmon they have for their table tell of the good luck they are having fishing.

The other new log camp is also taken. A party of nine from Boston are pleasantly located there for several weeks. Mr. and Mrs. P. L. McKenney, two children and maid, E. Frank Williams and three friends. They came by automobile leaving home Wednesday morning, reaching here in time for supper, and plan to spend a month as they are greatly pleased with their first impressions of Bald Mountain Camps. Others of the party come by train tomorrow.

Dr. Albert E. Cook of Brooklyn, N. Y., who came a month ago, never fails to bring in his "limit" each day, and this week his catch included a 4½ pound trout.

Dr. and Mrs. M. G. Benedict of St. Johnsbury, Vt., who have been here for a number of weeks regret to say good bye this week, but plan to return another year for a longer stay.

At Lagomonte Lodge, the elegant summer place of Mr. and Mrs. A. S. Hinds, their daughter, Miss Ethel Hinds, is entertaining a house party including Mr. and Mrs. George Burges, Miss Ruth Cook, Miss Gertrude King, Albert Pearson of Portland, Spaulding Bisbee of Rumford and Gard Twaddle of Bethel. The young people are having the best time ever. They have picnic parties, sails on the lake, go fishing and when evening comes there is dancing and music.

Mr. and Mrs. Samuel Boothby of Portland are at their camp for the summer.

Hon. Chas. Sumner Cook of Portland this week also opened his camp for the season. His daughter, Miss Lyda Cook has for her guest, Miss Lena Carr from the same city, and the young ladies have fitted up the small log cabin in a most attractive manner for a tea house, where they are serving all kinds of dainty lunches and from all over the lake the young folks come to enjoy a cup of tea and a social hour.

Mr. and Mrs. Richard Elkins of West Newton, Mass., are this week guests of Mr. Cook.

From now until October there will be a full house here at Bald Mountain Camps.

Bird Well Named.

A hooby is not merely a human dunce, but is a Bahama bird, which is so spiritless that when attacked by other birds it fails to fight and gives up the fish it has caught without resistance.

## TAKE OFF HATS TO NEW YORKER

### Mr. Rogers Rides In an Automobile Over the Lake

(Special Correspondence.)

Pleasant Island Camps, Cupsuptic, July 15.—Mid-summer finds everything on this island in perfect condition, and the foliage, flowers and the garden are more beautiful than ever.

With most of the camps already occupied and other guests coming this week it is a busy place, and everyone is happy.

The fisherman to whom the others are now taking off their hats is Al Denzer of New York, who with Pete Lufkin, came in one day this week wearing a smile that has not come off, and bringing a 7½-pound salmon, which was planked and served for dinner the next day. Mr. Denzer who is a good fly fisherman is very enthusiastic over last evening's fishing on Kennebago stream near Indian Rock where he caught eight trout but killed only one, a 2½ pounder, but larger ones he returned to the water.

A delightful party who enjoyed a week's stay were Mr. and Mrs. W. F. Wilkinson, Frank W. Delano, J. C. Brown of Salem, Mass., and Mrs. A. W. Whiteher of Woburn, Mass. They spent most of their time on the lake, but as they do not care for fishing visited all the different places.

Mr. and Mrs. A. E. Verrill and daughter, Miss Martha J. Verrill of Auburn, who have just returned home after a week in Lake Side Camp, were so much pleased with this their first visit they plan to return in September.

Mr. and Mrs. E. E. Gray, Bostonians, who are in Camp Ideal for a month, have George Robertson for guide, and they are having not only a good outing but good fishing. This week they have brought in some fine salmon, Mr. Gray one 4½ pounder, a 3-pounder and a number of smaller ones. Mrs. Gray also has a number of two-pounders to her credit.

The three ladies in one of the new camps from South Orange, N. J., Misses Elizabeth A. Reese, Mary G. Wells, and Katherine Wells are having a most enjoyable summer. G. W. Fenjoy is their guide. Wednesday the party took a trip to Rangeley and return.

The winter camp is taken for a month by Mr. and Mrs. E. Sterns of New York and friends, Mr. and Mrs. E. Powers of Brooklyn, N. Y. Geo. York is their guide and with Mr. Toothaker's new motor boat "Nora" they are spending most of their time on the lake. One day they brought home as handsome a string of salmon as has been seen for many a day. One weighed 4½ pounds, a 3-pounder and a pair of 2-pounders and last night they repeated a trio of salmon weighing 4½ pounds, 2½ pounds, 1½ pounds, and a number of pound trout.

Camp Catherine is taken for an extended stay by two southern gentlemen from Lynchburg, Va., Messrs. H. L. Moorman and R. S. Lindsay. In their Pierce-Arrow touring car they left home the first of June and spent a while in New York, also at Bretton Woods, then motored through Dixville Notch to Poland Springs and to Rangeley. They are greatly taken with log cabin life up here in the Maine wilderness and have chartered a motor boat, invested in fishing tackle and are even planning for an October hunt.

Mr. and Mrs. Norman C. Walker of Orange, N. J., are having a great outing and nearly every day come in with a good mess of fish.

Thomas O. Rogers of Boston has just had his boat the D. T. refurnished. It was first newly painted and decorated. Mr. Rogers thought it would be a great idea to have an automobile on the lake, and has carried out the original idea in a wonderful manner. He had some trouble in getting an automobile engine, which was set up by Floyd Newton of Rumford who deserves great credit for it has not failed to run perfectly. Then he purchased two leather upholstered auto seats, and with flags flying and John Madden of Auburn as "chauffeur" Mr. Rogers now takes his friends over the lake in automobile style at a speed of 20

miles an hour.

"House-in-the-wood," the summer home of Dr. H. H. Hazen of Washington, D. C., is taken by Mrs. H. W. Hannan and party from New York and "Billy No. 2," the fast motor boat is now often seen at the wharf and making trips to and from Haines Landing.

Last evening a company of 14 from here went down to the opening of the "Little Brown House on the trail" for a waffle party, and from now until September the tea house will continue to entertain the city folks, many of them motoring from the camps and hotels to the Landing for an afternoon cup of tea.

## SPEND A NIGHT ON THE MOUNTAIN

The Guests Find Mingo a Most  
Attractive Spot.

(Special Correspondence.)

Mingo Springs, Rangeley Lake,  
July 22.—"We have found this such  
a cool and home-like place, it is hard  
to believe what our friends write  
about the hot weather in New York,"  
said a lady to the company gathered  
around the open fire in the big  
living room after breakfast this morn-  
ing, and as one after another greet-  
ed each other, all expressed their  
pleasure at being at Mingo and can-  
not understand why the days go by  
so fast.

Mr. and Mrs. Bernard Colton of  
New York, who came to Maine on  
their wedding trip are spending  
honeymoon days here.

This week Mrs. W. H. Nearing,  
Mrs. L. R. Whitlock and Miss Mar-  
ion M. Wilkinson of New York, who  
for several weeks have been at  
home in one of the log bungalows,  
were joined by three other friends  
from home, Miss M. Olive Lewis,  
Miss Gail Edith Lewis and Miss Flor-  
ence R. Lewis, three sisters who  
have taken the bungalow next to  
them and express themselves as  
greatly pleased with this, their first  
trip to Maine and no doubt before  
autumn will decide to be among the  
annual comers.

Mrs. W. S. Clawson of Woodstown,  
N. J., accompanied by her daughter,  
Miss Clawson and son, James M.  
Clawson are also new comers. They  
have taken one of the log camps on  
the hill for an extended stay and  
later will be joined by Mr. Clawson,  
a well-known lawyer, who has his of-  
fice in Philadelphia.

Bradford Lambert, with a party of  
young people followed the trail to  
the top of Spotted Mountain Tues-  
day and spent the night in a camp  
"up there" as one of the boys said.  
It is quite an adventure for the city  
folks who enjoyed the novelty of  
sleeping on spruce boughs and were  
delighted to see a deer on their  
way home.

E. P. Burnham and daughter, Miss  
L. and son and wife, Mr. and Mrs.  
W. F. Burnham of New York, while  
on a motor trip in this part of Maine,  
by a mistake took the road to Mingo.  
They were so much surprised and  
delighted with the beauty of the  
place they remained ten days, and  
plan to return later and bring friends  
with them. W. F. Burnham while  
trolling near the camps caught his  
first salmon, a 4½ pounder, which  
gave him good sport.

Mr. and Mrs. John D. Scott of  
Brooklyn, N. Y., were also automo-  
bilists who lingered here for sev-  
eral days this week.

Mr. and Mrs. Frank Bailey and son  
of Hoboken, N. J., registered this  
week and made a short stay while  
on a trip through the Rangeleys.

Miss Barbara Nelson of Portland,  
who is spending several weeks at  
their camp on the lake shore near  
Greenville and friends, Miss Helen  
W. Patterson and Mr. and Mrs. S.  
B. Phillips of the same city were  
dinner guests on Wednesday.

Every Sunday morning the motor  
boat takes parties who wish to at-  
tend church at "Our Lady of the  
Lakes" at Oquossoc and returns in  
time for dinner.

Landlord Cole is now serving the  
good things from his garden and the  
size of it tells there will be plenty  
of "garden sass" this summer.

A number of parties are booked  
for this week and every prospect  
tells of busy days from now until  
October.

## ISLAND LEASED NEAR BIRCH POINT

The Many Camps Occupied by  
Contented and Happy  
Guests.

(Special Correspondence.)

The Birches, Mooselookmeguntic  
Lake, July 18.—The field of sweet  
clover and buttercups near the cab-  
ins add much to the beauty of this  
quiet spot, where the toot, toot of  
the auto horn or the ring of the  
telephone never disturbs an after-  
noon nap.

One gentleman who spent part of  
June in one of the log cabins here  
on the island recently wrote a friend:  
"Since leaving The Birches I have  
traveled over 1,500 miles and stop-  
ped at all the leading resorts, but  
have not yet seen such an ideal and  
beautiful summer place as The  
Birches and next year with a party  
of friends I'll be there for a long  
stay."

Col. and Mrs. H. E. Russell and  
maid of Boston are now at home  
for the season in "Camp Mayflower"  
and express themselves as greatly  
pleased with this, their first season  
on the island. They came by auto-  
mobile as far as The Barker and as  
they have the motor boat "Moose"  
which their chauffeur will run when-  
ever they wish for a ride over the  
lakes, it will be only a short sail  
to add to the charm of an after-  
noon's outing.

Harvey Farrington of Yonkers, N.  
Y., has leased the island not far  
above Birch Point and near Wild-  
wood. With his boys Mr. Farring-  
ton now spends most of his time  
over there and has already cleared  
away the underbrush on this end of  
the island and will have one of the  
most attractive spots in the Moose-  
lookmeguntic lake later on.

Mr. and Mrs. M. Hampton Todd,  
their daughter, Miss Ann H. Todd  
and grandson, Master V. B. Brinck-  
erhoff of Brinckerhoff, N. Y., who  
last year were in Europe are again  
delightfully located in Robins Nest  
Cabin, and their friends are glad to  
welcome them back. Ernest Good-  
win, their old guide, had their mot-  
or boat newly painted and they will  
as usual spend much time on the  
lake.

Camp Springfield is taken for a  
few weeks by the following party,  
who are for the first time having  
the pleasure of life in a log cabin:  
Mr. and Mrs. George W. Morrell,  
Master G. Clark and Norman and  
Miss Edith Morrell of Rutherford,  
N. J., and Mrs. H. A. Green of  
Brooklyn, N. Y.

Prof. E. Goodridge of St. Marks  
School, Southborough, Mass., after a  
month's sojourn left Saturday and  
plans to come back next year as  
his largest salmon weighed only 5½  
pounds this trip.

Every afternoon Mrs. E. L. Morse,  
at their camp serves tea, and it is  
one of the pleasures that gladden  
their friends to "pull their latch  
string" about 5 o'clock and enjoy  
not only a most delicious cup of  
tea but a social hour.

Prof. Francis Call Woodman and  
Moses Weld Ware, one of the in-  
structors in the Morrinstown, N. J.,  
Boys' School, who came by auto as  
far as The Barker spent ten days  
here and are now motoring through  
New England.

Mr. and Mrs. F. T. Wheeler of  
Plainville, Conn., with Nat Ellis  
guide, have had not only good fishing  
but some of the best feasts ever  
cooked on the lake shore. Mrs.  
Wheeler was proud of her big sal-  
mon, a 5½ pounder, that made a  
fight for his life. She also caught  
one 3¾ pounds and a number of  
smaller ones. Mr. Wheeler's larg-  
est was a 3-pound salmon.

Mr. and Mrs. C. C. Klee of Bing-  
hamton, N. Y., and nephew, W.  
Dwight Lindsay of Westfield, N. Y.,  
are at Do-drop-in cabin for several  
weeks, and with Henry Bunker  
guide, will try their luck fishing.

Frank P. Stearns of Boston has  
taken Camp Clover. Claude L. Mc-  
Alpine of Vancouver, B. C., a student

of Tufts College, is with him.

Camp Kilkare is where a trio of  
young gentlemen, H. Anson Rich-  
mond of Providence, R. I., Wm. Davis  
Miller of Kingston, R. I., and Law-  
rence Richmond of New York are  
having the time of their lives and  
will take trips all over the region.  
Mr. Richmond's first fish was a  
3½ pound salmon.

Dr. W. J. Vogeler of Yonkers, N.  
Y., is a guest of Harvey Farrington.

Mr. and Mrs. Henry Clifton and  
son, Henry, Jr., of Princeton, N. J.,  
are among the new comers who come  
for their first trip and find log cab-  
in life a happy way to spend vaca-  
tion days.

Dr. and Mrs. John H. Rose of  
Hartford, Conn., are entertaining  
friends at Birch Point and the life  
in the woods is for them the ideal  
one for summer time.

Mr. and Mrs. Arthur Gauthier of  
Rumford, who with their family are  
at Wildwood, have one of the most  
homelike places on the lakes. They  
have three good log camps, ice house,  
woodshed, garden, a large motor  
boat, etc. They are now entertain-  
ing for several weeks Mrs. Gauthier's  
brother, Rev. Fr. Joseph Eugene  
Tremblay, who is a Professor in  
Chicoutimi College, Quebec. Early  
Sunday morning he celebrated Mass  
at the church "Our Lady of the  
Lakes" at Oquossoc.

## BOSTON HERALD RE- PORTER IN BERLIN

Phillip Powers, who spent two  
weeks in Phillips some years ago  
and who contributed an article to  
Maine Woods at the time on his im-  
pressions of Phillips, is a member  
of the Associated Press in Berlin.  
Mr. Powers was a member of the  
Boston Herald re-write staff at the  
time he was offered this position.  
He has written a friend that he has  
made several trips about Germany  
and has once been to Russia. He ad-  
ded that little was known in Berlin of  
the Lusitania disaster until the New  
York papers brought the full ac-  
count. It is safe to assume that  
many of the stories appearing in the  
papers under a Berlin date line are  
the product of Mr. Power's pen, for  
he has the gift of descriptive writing  
to a marked degree.

## NOTES FROM ROUND MOUNTAIN

Plenty of Fish and Game Seen In  
Abundance

(Special to Maine Woods.)

The camps at Round Mountain  
lake are well filled and all the guests  
are enjoying themselves with fish-  
ing, tramping, etc. There is no  
trouble getting plenty of fish either  
on the lake or in the streams and  
the limit is taken nearly every day.

Game in the shape of birds and  
deer is especially plentiful this sea-  
son which assures this section of a  
big crowd of hunters in the fall.

## EN ROUTE TO CHAIN OF PONDS

Many Automobile Parties Register  
---Son of Noted Author  
a Guest.

(Special Correspondence.)

The Tavern, Rangeley, July 21.—As  
usual the first of the week the trav-  
elers filled the house at night. Mon-  
day 31 persons registered and yes-  
terday 23, most of them only to tar-  
ry for the night and then by auto-  
mobile away in the morning.

The roads which on account of the  
rain were very bad last week, are  
reported to be much better and only  
a few more pleasant days are need-  
ed to put them in good shape. Sev-  
eral New York parties have expres-  
sed their surprise to find the roads  
in this part of Maine better than in  
the Adirondack region.

Mr. and Mrs. Wm. Bloodgood of  
New York and Mrs. Bloodgood's sis-  
ter Miss Maud E. Boskecock of Plain-  
field, N. J., who have been living in  
California left there this spring in  
their National Six machine and have  
motored from the Pacific to the  
Atlantic coast, reaching here several  
days ago. They were joined by two  
servants and to-day the party left  
for Eustis. From there they will go  
to Chain-of-Ponds on Megantic Pre-  
serve, where they have a fine camp  
and guides are awaiting them, and  
they plan for a long stay in the  
wilderness of Maine, "far from the  
haunts of men."

Charles S. Stowe of New York, a  
pleasant gentleman, finds this  
climate so cool and delightful, he has  
taken a room until October. Mr.  
Stowe is the son of Mrs. Harriet  
Beecher Stowe who wrote "Uncle  
Tom's Cabin," a book that it is said  
has been translated into more lan-  
guages than any other novel writ-  
ten.

The old buckboard road to Kenne-  
bago is such a novel way of travel  
in these days that now and then  
some of the city folks like the ex-  
citement in traveling over a road  
that is not smooth, as did the New  
York party, J. J. Fuller, Herbert J.  
Day, Miss Dorothy Day and Gene-  
vieve Willmont who made a short  
stay here this week.

The state assessors Hon. B. G. Mc-  
Intire, Hon. J. J. Dearborn and Hon.  
F. H. Sterling were here the first of  
the week, while looking over this  
part of the state.

Mr. and Mrs. H. S. Chestian and  
son, Mr. and Mrs. Joseph Eno of  
Millville, Penn., Mr. and Mrs. W. C.  
Johnston of Bloomsbury, Penn., while  
motoring through New England were  
here for the week-end.

It is quite the thing to motor  
over from Kingfield and take dinner  
at this hotel, as a number of par-  
ties have done the last few days, a-  
mong them Roland French, L. C.  
Chase, W. D. Page, Mrs. R. L. Kim-  
ball, Miss T. Waterhouse.

Mr. and Mrs. George A. Kennedy of  
Maynard, Mass., returned home this  
morning, after enjoying a ten days'  
stay here and taking trips to differ-  
ent places.

Chester W. Alden of Boston makes  
this headquarters while looking after  
the lumber interests of the Pejep-  
scot Company.

It was not many years ago that  
everyone who came to these lakes  
brought with them rod cases and  
fishing tackle, but now they bring  
their golf sticks and the Rangeley  
golf course is said to be one of the  
best in this part of the state, and  
from all over this section the people  
are seen on the green.

The many friends of N. H. Ellis  
of Lake View Farm will regret to  
learn he is in very poor health, but  
expects to leave the hospital, where  
he has been for some time, and re-  
turn home this week.

## HOUSE PARTY AT CAMP NATANNIS

Mr. Southworth, a Pupil of the  
Castles May Give  
Exhibition Dance

(Special to Maine Woods.)

Haines Landing, July 19.—Mr. Lupa-  
in Southworth, widely known in New  
York circles as one of the exponents  
of the lighter features of the modern  
dances, arrived at Camp Natannis on  
Lake Mooselookmeguntic July 20 to  
spend ten days there as a member  
of a house party. Mr. Southworth,  
after studying under the Castles last  
year did some inventing of his own  
and now gives exhibition dances not  
so much to instruct as to entertain  
and amuse. He feels that most ex-  
ponents of the new dances strive to  
be so instructive that they fail to  
hold the attention of their audience.

Consequently in his own inimitable  
manner, Mr. Southworth devotes his  
time to exhibiting the lighter and  
unusual phases of the new dances.  
It is hoped that he will give an ex-  
hibition at Haines Landing during  
his stay at Camp Natannis.

Other members of the Camp Na-  
tannis house party of which Mr.  
Southworth is a member are: Miss  
Anna Fulton, Miss Eleanor Chamber-  
lain, Springfield, Mass.; Miss Alice  
Brockway of Hartford, Conn.; Miss  
Norma Leitch, Poughkeepsie, N. Y.;  
Edward Hewins, Hampton Roads, Vir-  
ginia; Courtlandt Griffin, Springfield,  
Mass., and Bulkley Griffin of Spring-  
field, Mass.

## NOTES FROM CHESUNCOOK

(Special to Maine Woods.)

July 21.—Mr. Chester Worthing  
was the guest at the Chesuncook  
House Sunday.

There was a party of six registered  
at the Chesuncook House Saturday  
on their way around the Allegash.

Mrs. C. L. Smith and Mrs. Mary  
Murphy have been guests at the  
Halfway House for a few days.

W. A. S. Kendall has returned after  
a few days in Bangor.

A. J. Rider of Springfield is a guest  
at the Chesuncook House for a few  
days.

Dr. W. A. Smith of Northeast Car-  
ry has been a guest at the Chesun-  
cook House for a few days.

## TRAVEL STARTED TOWARD THE BOW

(Special to Maine Woods.)

Oxbow, July 12.—The past week  
has been one of much discomfort.  
Not a spear of grass has been cut  
and all farm work has been held up  
by a five days' rainfall. Dry beds  
have become rushing rills, and old  
Aroostook and Umbagog are now  
raging torrents. Several parties  
have made successful trips up stream  
coming back with baskets full of  
toothsome trout.

Our miserable highway from Mas-  
ardis to the Flats! Words fail to  
fairly describe its disgraceful and  
dangerous condition. It's a pity  
(and pity 'tis 'tis true) that we  
can't have a generous portion of the  
great sum of two million dollars do-  
nated by the legislature of Maine  
for good roads throughout the sev-  
eral counties. Doubtless it needs  
a political pull to start one this way.

Mr. E. J. Whitehouse and two  
young lads from Irvington-on-Hudson  
arrived at Libby's last week and  
went up-stream with Almon Currier,

guides. They will take a long trip

Returning to our muttons: The  
traffic over our one and only high-  
way (of which we have just written)  
is great enough and constant enough  
to warrant immediate and intelligent  
re-construction. The local authori-  
ties are doing the best they can  
and are now widening and re-build-  
ing a bit between Billy's and John  
McLane's place.

## SALMON ARE FIGHTING HARD

### Sportsman Returns Home Minus One Rod

(Special to Maine Woods.)  
Spring Lake, Maine, July 14.—Mr. and Mrs. A. C. Burnham of Hartford, Conn., returned home Saturday after a stay of one week at these camps. Mr. Burnham didn't have as many rods when he went home as when he came. Having decided one day to troll for lake trout he put a nice smelt on an archer spinner, put the big net in his boat, and he was ready to "strike out," but just then it began to rain, so Mr. Burnham threw the bait in the water and supposed he had fastened his rod to the springboard on the float and ran to the guides' camp. Some boys stopping in Camp "Columbia" heard the "singing" of the reel and rushed out just in time to see the end of the rod going over the springboard into the lake. In a short time several boats fitted out with grapples were going up and down the lake, but the rod was not found. It was decided at the guides' camp that a large salmon was the thief.

P. M. Butterworth of Hartford, Conn., landed a 2¾ pound salmon on a fly Tuesday that fought him for

Burnham of Hartford, Conn., landed three salmon and two trout on a fly one afternoon last week. Mr. Burnham has been coming here for years and says he never saw the salmon fight as hard as they are fighting now.

Samuel A. Whelden of Brockton, Mass., sent the skin of a 5-pound square tail to "Nash of Maine" for mounting. It surely was a nice trout.

Miss A. M. Hawley has a 9 and a 12½ pound lake trout to her credit and Miss E. J. R. Hawley a 10½ lb. lake trout.

(Special to Maine Woods.)  
Riverton, July 15.—We were invited to take a pleasure trip with Percival Bailey and Miss Daisy Bailey in their fine Reo auto, and, the morning being fine, we were well on our way at seven o'clock. There is beauty in this world of ours. In looking throughout Nature we see its impress everywhere. Beautiful green fields, flowers of every tint along the roadside from which there is a breath of fragrance as we pass. Stopping a moment we listen to the murmuring of the streams as they skip joyfully and swiftly along and a little farther on terminate in a tiny waterfall, of which there was

a snap shot taken. Then on a mile or two, and we came into full view of the White Mountains in the misty distance, and so on through the day there were beautiful views, fine farms, pretty villages, grand old homesteads, valley and hill, winding river and sparkling lake.

From our home, Riverton, we go to Highland Lake, Windham, North Windham, Raymond, South Casco, Naples, Bridgton, here we called at the home of Mr. and Mrs. Ed. Flint. From Bridgton to Bolster's Mills, Harrison, where we called upon Mr. Almore Haskell, and his daughter, Mrs. James Stone. Left here at 9.30 for Norway and Paris, called at the home of Leon Longley, Norway. From there to Hebron Academy, Hebron Station, West Minot, West Auburn, North Auburn, calling at the home of Frank Bailey.

Our next stop was at Lake Grove, East Auburn. Then Auburn, Lewiston, Sabattus. Here we ate our lunch on the banks of Sabattus River. From here to Lisbon, Lisbon Falls, Topsham, Brunswick, Freeport, Yarmouth, Falmouth, Foreside, North Deering, Riverton. Following are the lakes and ponds that we saw: Duck Pond, Pettengill Pond, Sebago Lake, Panther Pond, Crystal Lake, and Lake Auburn. We arrived home at seven o'clock having made 153 miles.

## ENJOYING LIFE AT THE BARKER

### Party Take Longer Boat Ride Than Planned

(Special Correspondence.)

The Barker, Mooselookmeguntic Lake, July 16.—It is haying time at The Barker and the perfume of new mown hay fills the air. To the city folks it is a novelty to watch "Sam" and the boys pitch load after load of hay, and old Prince, the horse, as with a long and a hard pull for the barn no doubt thinks of coming winter days with plenty to eat.

Everyone has been fishing the past week, and even if everybody has not caught a record fish, some fine ones have been brought in. It is not uncommon for 20 boats to anchor out in the lake, and it is a pleasant company of friends who seated in their boats near each other "wait for a bite" and talk over the events of the day. Sometimes the ladies take their knitting or a book and after the line has been dropped over the side of the boat take life easy, as they wait for a hungry fish to come for lunch off the bunch of big fat angle-worms waiting. When the fish has taken a worm and finds he is fast to the hook, then the game is on, and the sport of landing him is watched with great interest as everyone guesses the weight.

Mr. and Mrs. Chas. Pollock of New York, after a delightful stay of several weeks have returned home and will look forward to next year when they will return for a longer sojourn. One day just before going home Mr. Pollock with Bob Martin guide, caught three record salmon of which he was very proud. They weighed 4½ pounds and two of them 3 pounds each. Mrs. Pollock was the one to take the honors, for she landed the largest fish, a 5-pound salmon that was a good fighter and it took some time to bring him to net.

The ladies have brought in more record fish than the gentlemen this week.

Miss Anita Myers of New York, Harry Nelson guide, has a 4¼ pound salmon to her credit; Miss Harriett Myers one 3½ pounds.

Miss Ruth Goodfriend, a New York young lady, who has spent a number of summers in camp here with her parents, is one of the fortunate anglers and a 3¼ pound and a 4-pound salmon she records this week. Her mother, Mrs. Jacob Goodfriend landed one 3¼ pounds yesterday. This year the family have Oscar Barker for guide, and with the motor boat "Red Spot" they spend much time on the lake and often take their friends for a picnic.

Mrs. Chas. E. Cohen, a Providence, R. I., lady with Gard Hinkley guide, has a 3¾ pound salmon to tell a good story about.

Mrs. K. Gold of New York, with Webb Boulton guide landed one of

the big fellows, a 5-pound salmon.

Emil Heller, the New York gentleman did not lose the art of landing a Mooselookmeguntic salmon during the years he has been enjoying life in Europe, for he has caught a good trio of salmon this week that weighed 4½ pounds and two of them 3 pounds each. Mr. and Mrs. Heller have Cliff McKenney for guide this season. They have chartered "Trixy," Gard Hinkley's boat and not only will the summer days for them be crowded with pleasures but they are always adding to the happiness of others.

Ingomar Goldsmith of New York, with Chas. Pynn guide has brought in one of the best pair of salmon of the week, weighing 4½ pounds and 5¼ pounds each.

Anson Lichtenstein is another New Yorker, who caught a 5¼ pound salmon, Ernest DeMerritt guide.

J. M. Solomon of Philadelphia, with Gard Hinkley landed a 4¾ pound salmon.

Gus Emmerick of New York, Webb Boulton guide, caught a 3¼ pound trout and Elihu A. Sanger of Dallas, Texas, Bob Martin guide, a 3-pound trout.

I think besides this record more than 100 trout and salmon that weighed less than three pounds have been taken, for nearly everyone who goes out lands a fish. Coming from Dallas, Texas, to Maine is quite a distance to spend the summer, but Mr. and Mrs. Elihu A. Sanger with their children and maids, who are happily located in Camp Barker think it is well worth the journey. They find this cool mountain air and the many attractions of life in summer time on the lake shore the ideal way to enjoy life.

Mr. and Mrs. Benj. Kalmus and Miss J. Hemenhann are New Yorkers, who have come for their first summer at this hotel.

Mr. and Mrs. James S. Wallasteen of New York are among those who pass July days here.

Mr. and Mrs. F. Rise of Antwerp, Belgium, one of the largest diamond cutters in that country, who, when the war broke out had to leave his home and come to America, reached here last Monday and will spend a peaceful summer here by the lake side.

Mr. and Mrs. A. Ernstlial are among the New Yorkers who come to the Rangeleys and will spend weeks at The Barker; also Mr. and Mrs. E. S. Sykes of the same city.

Mr. and Mrs. Samuel Cohen of Providence, R. I., have taken Camp Nicolai. Mrs. Cohen is most pleasantly remembered by a host of friends as "Peggie Robinson," who spent a number of seasons at The Barker and added much to the social life.

Sam. Lautenback and sister of New York have joined their friends, Mr. and Mrs. Ingomar Goldsmith.

Coming from Philadelphia in their Oldsmobile touring car Dr. Albert Scutter and brother Edward, Messrs. Frank M. Ferguson and Paul Farbieger reached here last evening and will remain for a week.

Camp Knickerbocker is taken for another summer by a happy family, Mr. and Mrs. W. Gratz and son, Master Frank and Mrs. Lena Frank.

Mr. and Mrs. Morris Jacoby and daughter are among the old comers, who are welcomed back.

Mr. and Mrs. G. Emmerick of New York are in Camp Comfort for the second summer and Mr. and Mrs. K. Gold of the same city have come with them for their first trip to the Rangeleys.

With over 70 guests now here and others daily arriving, this is one of the merriest summer places in the state.

Every morning the parties start out, some to try their luck fishing, others with walking sticks to climb Bald Mountain, or to tramp to Rangeley village or miles over the country road or follow a trail through the forest, and the tennis court calls those who love the game. Then some one makes up a picnic party and with the guides have dinner cooked on the shore.

If one should discover there are sleepy young people around to-day, the secret is, they started off for an hour's motor boat ride last evening, and the boat refused to go, and as they did not have any oars, or even a tin horn to blow they drifted over the lake until 3 o'clock this morning then found themselves miles from home not far from the shore. But motor boats are much

like some of the pretty summer girls, one can never tell what they will do.

Wednesday evening there was a dance in the casino where to the music of the piano and "fiddle" a gay party danced until midnight and every evening there are musicals, card parties and other entertainment in which all join.

There is one person, a New Yorker, who spends all of his time adding to the happiness of those he meets and thus is always happy himself, Mr. Ingomar Goldsmith, and everyone is glad he will be a summer guest of The Barker.

## GREAT IMPETUS IN GOLF AT POLAND

### All the Advantages of a European Spa Found Here

(Special to Maine Woods.)

Poland Spring, Maine, July 19.—This year shows many remarkable changes in the great resort which crowns Ricker Hill, the most notable of which are the bath and treatment building adjoining the Mansion House, and the new 18-hole golf course that extends from the hotels to the lakes at the foot of the hill, more than a mile away.

Germany is closed to American tourists, but it is not necessary to go to foreign countries, as far as the "Badens" are concerned. Badenauheim and Baden-Baden are duplicated in the bath and treatment facilities of Poland Spring. In the establishment which is now in operation here, 60 different baths and treatments are given, many of them exactly the same as people used to go abroad for. The results are the same, whether the gas used in the water is naturally or artificially supplied. So all the advantages of a European Spa are now to be found here, with the additional advantage of drinking the purest of all spring waters at its source. These distinct advantages and the fine bracing climate of Maine, the congenial society of a high-class resort hotel, and the many forms of sport the place affords, make a combination of healthy pleasures and physical and mental delights that can hardly be equalled in America or Europe.

Electrotherapy is an especial feature of the equipment at Poland Spring. There are electric light baths, radio-high frequency treatments, vacuum electrode apparatus, galvanic faradic and sinusoidal currents, electric tub baths, electric vibratory treatments, phototherapy, and blue light treatments. It may not be generally known that this country has developed electrotherapy to a far higher degree than has Europe. Dr. H. H. Roberts who is medical director at Poland Spring is himself an innovator in this field of therapy.

The recent opening of the additional nine holes which made the Poland Spring links a nine-hole course, was an event that had been looked forward to for several years. The additional holes have been two years under construction. They carry the golfer far down over the great hill-slope to the shores of the sparkling lakes, and thence around the foot of the hill, and back up the incline to the old 9th hole—now the 18th, before the Poland Spring House. The new Poland Spring course is extremely picturesque. Its environments are heavily forested with pine and birch and oak. The fourth hole, which is a strip out through a heavy wood, is 425 yards long and 75 yards wide, and leads straight down to the lake. It cannot be surpassed for beauty. The 6th hole is 140 yards from a high elevation to a green beyond an intervening pond. It is a fine iron shot. These and many other holes make the new course interesting and "sporty" enough for anyone, and golf is certain to receive a great impetus at Poland Spring from the opening of these new holes.

A Problem of the Life to Come. Small Johnny was wriggling and twisting in a vain endeavor to put his arms through the sleeves of an undergarment and then get it over his head. After several futile attempts he called out to his mother: "Say, mamma, when I get to be an angel, and have wings, I don't see how I'll ever get my shirt on!"

Mr. and Mrs. Freeman C. Milliken of Portland are at Mrs. Tainter's for the summer.

At Swett's camp for the third season are Mr. and Mrs. Elijah Jenks and children of Tuckahoe, N. Y.

Mrs. William Soule and children of Boston are at the Metcalf camp for the summer. She has as her guest her sister, Mrs. Herbert Shaw and two children of Portland.

Prof. Herman Chapman and family of Yale University, who spent last summer here are at Milford, Conn., this year, but plan to be in Weld next season.

Mr. and Mrs. Harrison Fales and Misses Corinne and Marguerite Fales of New Rochelle, N. Y., are at Swett's camp for another season.

Mrs. Parsons and her daughter, Miss Madeline Kent of Providence, R. I., are at Glen Cottage for the summer.

Mr. and Mrs. F. B. Whitin and family from town are as usual spending the summer by the lake at their cottage.

At Camp Recreation are Mrs. George Rand and children and her mother, Mrs. I. G. Ham of Livermore Falls.

Mrs. A. D. Russell, Miss Mary Payne and Miss Ethel M. Russell of Augusta are at Camp Wooglin for six weeks.

Mr. and Mrs. Charles Wheeler and granddaughter, Miss Annette Wheeler of New York are occupying their cottage for the season.

From Providence are Mr. and Mrs. George Wright, Miss Frances Wright and Winthrop Wright, who are at their bungalow for the summer.

Mr. and Mrs. Arthur Anman and family from Providence are at Camp Toronto for their vacation.

Mr. and Mrs. Douglass Mercer of Providence are at The Maples for two weeks.

Mr. and Mrs. Frank of Columbus, Ohio, are at one of Dummer's camps for the season.

Wallace Conant of Milford, Mass., is the guest of his uncle, Oscar Conant for the summer.

Mr. and Mrs. Campbell and Miss DeRouge of St. James, Maryland, are at their camp on Kittredge's Point for another season.

Hon. and Mrs. Harry Austin, Miss Ruth Austin and guest, Miss Dallas Voter, all of Phillips were at Camp Bedlam for the week-end.

Mr. and Mrs. W. L. D. Yonkin and daughter, Mrs. Edith Cartright of Winthrop, Mass., are at Mt. Blue Cottage for two weeks.

Mrs. W. H. Woodward of Birmingham, Alabama, opened her summer home, Villa Kismet in May. Her son and wife, Mr. and Mrs. H. G. Woodward, will motor from Birmingham as usual later in the season.

Mr. and Mrs. Henry C. Merwin of Boston are at their summer home on Center Hill for the season.

Mrs. Latham of Clinton, Mass., is the guest of her son, Harris Latham for a few weeks and later she will visit her daughter, Mrs. Wallace Dexter at Belgrade.

Mr. and Mrs. H. I. Allen of Wilmington, Delaware, formerly of Portland are at Camp Onawa for the summer. Mrs. Allen's sister, Miss Marguerite Marsh of Auburn is her guest for a few weeks.

Harold Marsh and friends of Dixfield have been at the Marsh camp recently for a few days.

The Albert Thomleys of Pawtucket, R. I., who have been at Dummer's camps for several seasons have gone to the Exposition this summer.

Mr. and Mrs. Maurice Foster of Dixfield are occupying one of Dummer's camps while they are having one built for themselves.

Hon. C. S. Stetson of Greene, Master of the State Grange, gave an interesting talk Sunday night at a union meeting of the churches and the Grange at the Congregational church. Music was furnished by members of the Grange and Leland Williams Master of the Weld Grange presided. Next Sunday evening, Rev. Dr. Dillon Beneson, the eminent traveller and District Superintendent of the Boston Circuit of the Methodist church will give an address on "The Greatest Thing in the World."

At Camp Riente-Rive are Mr. and Mrs. Jules Ruerat and family of Providence. They have as guests Mr. and Mrs. Brownson and Miss Plimpton of Boston, Miss Woodward, Miss Fresslein and Miss Sundbery of New York, Miss Galster of Springfield, Ohio, and Miss Bridgman of Newton.

Identity Incomplete. The discovery of the petrified stump of a tree in British Guiana is held to identify the spot as the Garden of Eden. The absence of a fossilized serpent, however, leaves the proof incomplete.—New York World.

## A New Questions and Answers Department of Interest to Shooters

G. M. T., Selma, Ala.

I have a .22 Remington rifle and while camping some one spilled salt on the barrel which took the blue enamel off in several places. Kindly advise me if there is any way to re-enamel these places?

Ans. The most satisfactory way would be for you to have the barrel re-browned at the factory. This would cost in the neighborhood of \$1.50.

P. L. H., Waterville, Maine.

1. Do you think the Colt Army Special, 6-inch barrel, .38 cal. would do good work at the target and for general use?

Ans. Yes.

2. I am informed that the trigger pull of the arm in question is 4 lbs. Is not this pull too heavy for good target shooting?

Ans. Four pounds is the regulation military trigger pull and is right for the Army Special.

3. Could I reload the .38 Special shell, black and smokeless with satisfactory results?

Ans. Yes, but I think you will find that the trouble and time hardly make it worth while. Of course reloading shells is rather a dangerous procedure as I have seen men who have done reloading for years make mistakes in loading powders which came near resulting disastrously.

4. In reloading the above mentioned shell, would the shell expand so as to interfere with its free action in the arm? I believe such a shell as the .38 cannot be resized.

Ans. Not for the first four or five times, i. e., if reduced loads are used. If full charge loads are used, the shells will not last long.

5. Could reduced loads in the same shell black and smokeless charges and lighter bullets give accurate results?

Ans. Proper reduced loads give excellent results.

6. What re-loading tools would you recommend?

Ans. All of the tools now made give satisfactory results when properly used. Please understand, while I say reloading can be done satisfactorily, it is a risky job, and I do not wish to go on record as favoring it.

7. I have a .35 cal. Model 1895 bo magazine rifle. Do you think this rifle would be too heavy for deer and black bear?

Ans. No.

J. B. W., U. S. N.

Could you please publish in your column the rear sight elevations in minutes, seconds and fraction, of the Savage 250-3000 rifle and if possible, the ft. sec., velocity at 100, 200, 300, 400 and 500 yd. ranges? The Savage people tell me that

their rear sight is an arbitrary one, fitted to all their rifles of different calibres and only targeted for 100 yds. in each calibre. I intend to fit a rear sight to the rifle at the ranges mentioned, using your figures and then proving at the range.

Ans. I am sure I cannot tell you if the manufacturers themselves cannot. A change of a minute of angle is a change on the target at 100 yds. of 1.047 seconds, which is usually used in figuring as 1 second. To determine the minutes of angle given by the sight now on your rifle, (or the sight you propose to put on your rifle) the figure can be determined by proportion, using the distance between sights, the movement of the rear sight measured by a micrometer, and the distance from the back sight to the target. If 100 yds. is assumed in the equation, the result will be given in minutes of angle. The proportion is—distance from back sight to target is to the distance from back sight to front sight as X is too change in elevation of the rear sight for one step. If as stated above, 100 yds. is used in this equation, the result is, practically speaking, minutes of angle.

With regard to ballistics, as I cannot obtain reliable figures on this cartridge, I will have to pass this question up, at least for the present.

Jno. L. W., Cornish, Me.

1. Are the .22 long cartridges, carrying No. 12 shot, sufficiently powerful in a pistol with 3½-inch barrel, to kill rats at eight or ten feet? About what is the limit of their killing power on animals?

Ans. This is certainly a rather ineffective weapon. .22 shot cartridges are weak enough even in a regular smooth bore barrel of 18 to 24 inches, and they will hardly be dangerous in a pistol with a barrel as long as you mention. If you mean a revolver, I should certainly not use them. A pistol might possibly kill a rat at the distance you mention, but I doubt it. What is the object of using such an unusual combination? Why not use regular .22 calibre cartridges? You will obtain better practice, as it will require more skill, and be much more of a sporting proposition, or else obtain a smooth bore miniature shotgun.

2. Is the magazine known as the "Hunter-Trapper" still published at Columbus, Ohio?

Ans. Yes, the address is 55 E. Main Street, Columbus, Ohio.

R. McE., Windsor Locks, Conn.

1. Will the .30 Rem. Auto cartridge used in the new Remington slide action rifle give better groups and prove more accurate than the regular 30-30 cartridge used in other rifles? Is it a more accurate cartridge?

Ans. The .30 Remington cartridge and the regular 30-30 cartridge are identical so far as ballistic results go, i. e., velocity and energy at the various distances. In regard to the accuracy, the .30 Remington cartridge has a round point instead of a flat point and may give slightly better accuracy.

2. Is the .30 Rem. sufficiently powerful for moose and other American big game at a range of say 200 yards?

Ans. I would hardly recommend the .30 Rem. on moose at 200 yds. Of this series the .35 Rem. would be best for such hunting.

3. Will you please give the ballistics of the Winchester .22 Automatic and the new Rem. .22 Automatic cartridges at 50 to 100 yds.

Ans. The ballistics of these two cartridges are the same. They are:

Bullet weight 45 grams; velocity 950 ft. seconds; energy 90 ft. lbs.

4. Is the Rem. .22 automatic as accurate as the ordinary .22 short or .22 long rifle at 50 to 100 yds.?

Ans. The .22 long rifle is the more accurate, but the difference is extremely slight.

5. Do you think the slide action rifles will shoot more accurately than the autoloading rifle when both use the same cartridge, say the .30 Rem. cartridge?

Ans. There would be no difference.

A. I., Albany, N. Y.

In a booklet written by you and distributed by the Colt Firearms Co., I read the following: "The pistol shooter cocks his gun with his thumb, holds it out towards the target with his arm extended straight, takes aim along the sights and begins gradually to pull the trigger, watches the gun wave back and forth across the mark and when it is in the middle of one of its trips across the bullseye, finishes the pull of the trigger."

In another article by a different author, I read that the pistol shooter brings his gun downward as he pulls the trigger, and thus being in a quandary, I have written to ask you the correct method.

Ans. I have talked with a number of the most expert pistol shots in this country and some of the best pistol shots from other countries, and for regular target work, where considerable time is allowed, the method you mention first is generally used. I do not know of a single shooter who brings the gun down as he pulls the trigger, and secures accurate target results thereby. In rapid fire work where the time is very limited, I have found that bringing the gun up towards the bullseye as the trigger pressure is increased gives good results. Bringing it down is bad because the sights obscure the view of the bullseye.

1. Is the Colt's Officers Model a good revolver for a beginner?

Ans. Yes.

2. Ans. Yes, for the price.

3. Does it harm a .25 Cal. rim fire Marlin rifle to shoot the .25 cal. rim fire short?

Ans. This is the old question of shooting short cartridges in a long chamber, and applies equally to .25 rim fire and to the .22 rim fire. Generally speaking, I certainly do not recommend the use of short cartridges in a long chamber.

4. Is the Stevens rifle made any more?

Ans. So far as I know it is.

5. Is the .35 Rem. a good cartridge for bear?

Ans. Very satisfactory.

6. Does oiling the bore of a high power rifle make it shoot high?

Ans. The first shot will usually shoot a little high. It depends of course upon the amount of oil in the barrel.

## MT. VIEW POET IN EVIDENCE

Author Waters Finds Mountain View an Attractive Spot

(Special Correspondence.)

Mountain View House, Rangeley Lake, July 17.—Delighted are the people who leave the heat swathed city and in a few hours find themselves in this clear, crisp air nearly 2,000 feet above the sea.

Those who come to the Mountain View for their first visit are at once impressed by the homelike atmosphere of the place, and the contentment of those who for years have been among "the big happy family."

There is always so much one can do for amusement, even if they do not care for fishing. They can walk for miles in different directions, take a climb to the top of Bald Mountain, row or canoe over the lake, or enjoy a motor boat sail. Many who have their automobile at home like to take a drive to Rangeley with George Church handling the reins over one of Landlord Bowley's good steppers. Others want to motor over to Stratton or down to Phillips. An hour of good exercise is in the box ball alley at Oquossoc and when evening comes bridge, music and dancing in the big parlor.

Mr. and Mrs. James W. Fay and son, who are here until September, with Eben Harnden, guide spent part of the week at Kennebago.

Mr. and Mrs. W. W. Walker of Hartford, Conn., are among the annual comers who arrived this week.

Dr. and Mrs. Addison W. Baird of New York who came for the first time to the Rangeleys were so much pleased with this place that they have taken rooms to remain until late in the season.

Since the warm days one of the pastimes has been a dip in the lake and those who enjoy bathing in fresh water have a fine chance near the hotel.

Miss Clara Morse of Stockbridge, Mass., who is with her parents at The Birches, spent several days here this week as the guest of Mrs. Barnhart of Grand Rapids, Mich., who, with her family is enjoying life in one of the camps as much as when they came six weeks ago.

Tuesday evening the many friends of A. Montgomery, Jr., of Brooklyn, N. Y., who did not expect to have the pleasure of seeing him until September, were surprised and delighted to have him arrive and this time accompanied by his sons and their wives, Mr. and Mrs. K. R. Montgomery of Brooklyn, and a few hours later coming in their Oakland speedster a distance of 500 miles from their home in Beacon, N. Y., in 49 hours, Mr. and Mrs. DeFoster C. Montgomery arrived and if a party ever received a hearty welcome they did. It has been over ten years since the boys were here, but they love the place as well as ever.

Landlord Bowley has hired men to re-cut the trail which starts from the opposite shore to the top of Bald Mountain, and now it is easy to follow. All the way white cloth has been tied to the near-by trees, and a walk up the mountain will be a popular pastime on pleasant days.

Mr. and Mrs. W. R. Allen of Moylan, Penn., come to-day to spend several weeks in Camp Don't-Worry as the guests of Mrs. W. Roger Fronefield.

Prof. H. W. Dunham of the New England Conservatory of Music, Boston, and Mrs. Dunham, accompanied by Miss Ethel Bolles of Boston, who last year were in Europe, are glad to be back again to Mountain View, where they have spent many happy summers and a host of old friends are more than pleased to have them return. This season they occupy the second camp from the hotel.

Mr. and Mrs. H. W. Brant of Boston were to-day joined by their friends, C. F. Chapman of Revere, Mass., and Mrs. A. L. Jennings of Somerville, Mass.

Mr. and Mrs. A. Clarke of Bangor, coming by auto were week-end guests.

Herbert McKenzie of Phillips drove from home his span of handsome ponies and is here for a few days.

Mrs. E. F. Robbins of Greenfield, Mass., made a short stay this week.

Eugene Waters, the writer, seems to find Mountain View an attractive place. With his secretary he spends

hours each day in a camp on the opposite shore of the lake that he has hired for an office. He also has a motor boat and his touring car and the beautiful places he visits in this section, we hope will make pen pictures in his next novel and now and then Mr. Waters drops the hook and the other day came in with a handsome 5-pound salmon. W. E. Waters of Boston to-day joined his mother and brother.

Col. George R. Fearing, a well-known Newport, R. I., gentleman, with his nephew, Geo. Fearing and C. E. Danforth, who came in his big white Crane touring car, is greatly delighted with this, his first trip to the Rangeley Lakes. He cares nothing about fishing except with the fly, and with Walter Wight guide, the party have cast the fly on this and Mooselookmeguntic and Cupsuptic lakes, have been to Dodge and Quimby ponds, and they always catch fish and the Colonel is a true sportsman, who not often kills a fish.

Mr. and Mrs. A. Burgess of New York have returned to pass several weeks.

Mr. and Mrs. E. T. Sawyer of Jersey City were among those to make a few days' stay this week.

Miss Helen E. Chase of Waltham, Mass., one of the "Gordon Trio," who furnished such fine music for the hotel, can handle the fish rod as well as play the piano and her first catch was a 3½ pound salmon.

Mrs. H. W. Brant of Boston records a 3¾ pound trout.

"Fisherman Hawkins" has not yet brought in a fish weighing over 2½ pounds.

The Mountain View poet is back once more and sends the following: "Fly Rod we greet you once again Upon fair Rangeley's shore.

We read the fishing tales you write, Same as in days of yore.

You tell about the great big whale, The one that got away,

But we expect that fish and truth Will sometimes go astray.

But when the chilly winter's blast Comes howling past our door,

With feet upon the mantle top That should be on the floor,

We read with pleasure all you write Of places long adored;

You prove to us the golden pen Is mightier than the sword.

But Father Hawkins limbers up, And casts his weather eye Across the lake and verdant hills, And on the cloudy sky.

And then across his shoulders broad, He swings a great big hoe,

And up behind the barn he digs The fattest worms that grow.

And then he dons his fishing smile, And starts out just for fun.

He's crew and captain of his craft, A whaler built for one.

Then when the sun is sinking low, He glides back on the sly,

And proves to us, the wiggling worm Is mightier than the fly.

N. O. T. Kipling.

## WHAT IS HEALTH? How to Keep Well

Health is ease, sickness is dis-ease. Health is accord, sickness is dis-cord. Bodily harmony means bodily health. When every organ does its share of work, and is in harmony with the other organs, there is robust, joyous health. If you are out of sorts and unhappy, know the joy of living by getting yourself healthy with the aid of "L. F." Atwood's Medicine. It eases the body of common ills and keeps the stomach, liver and bowels in tune.

Oakland, Maine. We have used L. F. Atwood's Medicine for nine years and find it excellent for sick headaches. My husband takes it for gas in his stomach. We give it to our two little girls for biliousness and when troubled with worms.

### An Old Resident Passes Away-- Carlton Receives Injuries.

(Special Correspondence.)

Rangeley, July 21.—Mr. and Mrs. Daniel F. Judge of Somerville, Mass., are guests of Dr. and Mrs. F. B. Colby.

Mr. and Mrs. Warren Young of Madrid are at George Young's.

Miss Myrtle McKenzie of Boston has been visiting her brothers, Colin and Frank the past week.

While at work recently Wallace Carlton met with a serious accident which he does not care to repeat. He was sitting on the ground directly under a heavy cart body, which was propped up when in some unaccountable way the supports gave way and the cart came directly down on Mr. Carlton, doubling him up, causing bad bruises and damaging several ribs. It was almost a miracle that more serious injuries were not received. Dr. Ross was called and the patient made as comfortable as possible, but it will require some few weeks to recover from the injury.

Mrs. Earl Childs of Simsbury, Conn., is the guest of Mr. and Mrs. H. A. Childs.

The Camp Fire girls enjoyed a delightful camping trip on the shore of Haley Pond, where the Boy Scouts have recently been camping. Mrs. Frank Badger chaperoned the party.

Last week the Boy Scouts tented out and had a fine time, living out in the open and doing their own cooking.

Announcements were received last week notifying the housewives of the opening of the Main Street Cash store in the building formerly occupied by A. M. Hoar & Son. The store will carry a full line of meats, groceries, provisions and grain, having an entirely new stock. No team will be run at present. The manager will give his customers the benefit of this expense in lower prices on goods. The genial proprietor is the son of Senator E. I. Herrick and is a graduate of Bryant & Stratton Business College and has had considerable experience in the grocery business, having assisted his father, who was formerly in the business. The store has been thoroughly remodeled and up-to-date fixtures installed, including a glass front refrigerator, silent salesman show cases and all modern conveniences. All wish Howard great success in his new undertaking.

Mr. and Mrs. Albion Turner of New Vineyard were week-end guests of Mr. and Mrs. G. A. Proctor. On their return Mrs. Proctor and son, Corydon accompanied them and will remain at the Proctor's summer home for a few weeks.

The annual financial canvass of the F. B. church began Tuesday. It is hoped to raise the \$1,000 in four days. The first day's canvass netted about \$200.

Mrs. N. H. Ellis returned from Lewiston the first of the week. Mr. Ellis is expected Saturday.

Funeral services for the late Mrs. Elias Brackett were held from her late home Monday afternoon at two o'clock. For several years past she has been in poor health, but until the past three months was able to attend to her regular duties. Maria Brackett, as she was known to her friends was born in Dallas, the daughter of Mr. and Mrs. John Oakes, September 22, 1843. Fifty-three years ago, June 30, she became the wife of Elias Brackett and of this union 14 children were born. All are living except one daughter, Gertrude, who died about 10 years ago. Mrs. Brackett was an industrious, hard-working woman, a kind neighbor and friend. Besides her husband she leaves to mourn her loss seven daughters and six sons, Mrs. Ella Dill, Mrs. Ella Oakes, Mrs. W. S. Lovejoy, Mrs. L. D. Nile, Mrs. Fred Lamb, Mrs. George Garland, Mrs. Phil Hutton, Walter, Alfred, Roderick, James, Sylvester and Sampson Brackett, one sister, Mrs. Wm. Moores and three brothers, Warren, Lucian and Levi Oakes and a large number of grandchildren. The four oldest sons acted as bearers. Rev. H. A. Childs officiated. Interment at Evergreen cemetery. The flowers were many and beautiful.

## HAPPY PARTY OF COLLEGE BOYS

### Many Record Fish Taken, but New Jersey Lady "Queen of the Pool"

(Special Correspondence.)

Upper Dam, July 16.—It is here in the grand old pool the anglers, who cast the fly with skill, enjoy day after day the historic pastime of fishing.

Stephen H. Palmer of Bethlehem, Penn., still "holds the spell" and continues to tempt more of the big fellows to take the fly than anyone else and the past week has added three record salmon to his list weighing 3 pounds, 3 ounces; and a pair of 3 pounds each. James C. Dougherty the Syracuse, N. Y. angler also records a 3-pound, 3-ounce trout and two salmon 3 pounds, 1 ounce and 3 pounds. Tom Miner of New York took a salmon 3 pounds, 1 ounce. Dr. Frank H. Howe of New York is proud to record his first from the pool, a 3-pound, 5-ounce salmon. George H. Greenia of Brooklyn, N. Y., with Oscar Dyke guide, is again casting the fly over the pool and a 3-pound, 5-ounce salmon is his first of this season. William B. Fair of East Orange, N. J., Ernest Grant guide, took a salmon 3 pounds, 12 ounces.

But it looks to me as if the ladies might take the trout and salmon as well as the honors of the pool, for many of them who come to Upper Dam now bring their own fly rods of the lightest and most expensive make that can be purchased and are as vain about their beautiful flies as of their party gowns, and with much grace send their line many feet over the water.

Mrs. D. English Dallam, Jr., of Philadelphia took her first record from the pool, a 3-pound, 12 ounce salmon.

But the "Queen of the Pool" is a charming little lady from Orange, N. J., Mrs. William B. Fair, who, with her little split bamboo rod makes a graceful cast, not often misses a strike, and brings her fish with skill to net. No other lady, who has even cast the fly over the famous pool has landed so many fish and it is said the eyes of some of "ye lords of creation" who have always thought they knew how to cast the fly have taken on a green shade, for since the last report in the Main Woods Mrs. Fair has five salmon to her credit, anyone might well be boastful about. They weighed 3 pounds; 3 pounds, 3 ounces; 4 pounds, 2 ounces; 3 pounds, 13 ounces and 3 pounds, 11 ounces. We doubt if any lady who fishes the Maine waters with a fly has an equivalent record.

As the camps are now occupied and most of the rooms in the hotel, this is now a merry summer resort, and there will be no dull days until October.

Mr. and Mrs. W. P. Norris of Philadelphia are among the new comers.

All were glad to have Mr. and Mrs. George H. Greenia of Brooklyn, N. Y., return for their second season. Their son, John has been here for a number of weeks.

At the Boston Club camp the flag is out, as Judge Tennant and wife, three children and three maids came this week from Jersey City for an extended stay. Hollis Ellingwood is the guide who looks after them.

There is a jolly crowd of young folks here now, including five college boys, who can sing their songs, play a game of tennis, take a hand in the national game, climb the mountains or fish. They are, Stephen H. Palmer, Jr., and friend, John Morrison of Lehigh University, Edw. Atter of University of Pennsylvania, John Stoeber of Princeton and Russell D. Ayers of Harvard.

Mr. and Mrs. W. S. Brawn of New York have been in Camp Kirk for a few days.

Mr. and Mrs. H. E. Remington of Willimantic, Conn., are here for their annual stay of several weeks.

S. W. Livingston and son, Master A. W. Livingston of Short Hills, N. J., are for the first time guests at this hotel, and the young gentleman caught his first salmon, a 3-pounder to-day trolling on Mollychunkamuck lake.

Miss Margaret E. Miller of Rich-

mond, Va., is a guest of Mrs. D. English Dallam, Jr., and is greatly delighted with her first visit to Maine.

Mrs. D. Brophy and Miss Walmsley, two New York ladies are for a month in one of the camps.

Stephen H. Palmer, Jr., of Bethlehem, Penn., with his college chum, John A. Morrison are for two weeks guests of his family.

F. W. Fabyan and daughters, Misses Eleanor and Edith and son, F. W. Jr., and Theodore Frothingham Jr., were a party of Bostonians who this week returned home by special boat to Middle Dam, then by auto to Umbagog Lake and through the White Mountains and they were much surprised and delighted over the wonderful scenery.

## GOLF, TENNIS AND BALL NOTES

(Special Correspondence.)

Rangeley, July 21.—There has been so much rain the past week, those who were enthusiastic over the game were the only ones to go out and follow the ball for hours over the course yet the sun was out long enough for some good playing.

The record for the Rangeley links was made one day this week by Luther E. Wood of Buffalo, N. Y., who did the nine holes in 35.

G. A. Peacock, paired with Morton Goodspeed, defeated J. S. Jones and Luther E. Wood, 1 up.

Miss Margaret Allen of Boston won the ladies' tournament Tuesday for the handsome engraved silver plate, presented by Mrs. C. H. Wood and daughter, Miss Addie Wood of Buffalo, N. Y., a trophy anyone might well be proud of. The winner played steady golf and considering her lack of experience her score was more than creditable. Miss Frances Emmons of Princeton, N. J., secured second place and Miss Ruth K. Eisenhower of Philadelphia was third.

Wm. H. Castle of Philadelphia won the Kickers' handicap Saturday for the handsome cup presented by W. R. Eisenhower. Mrs. C. H. Wood and H. M. Burrows were tied for second place.

All play ball! The Rangeley Lake House base ball team has re-organized and are now ready for any team in the country. J. C. Marble will act as manager and J. M. Tilney will be the captain for the season of 1915.

On Tuesday afternoon Miss Margaret Allen of Boston and Miss Ruth Eisenhower of Philadelphia gave a fine exhibition of tennis to the great delight of a large crowd of enthusiastic lookers on. Miss Allen's swift service and terrific forearm shots were pilled against Miss Eisenhower's baffling back hand cuts and it was a merry battle which Miss Allen finally won 6-3, 6-8, 12-10.
