

Weymouth Landing, Mass. Aug 1st '63

To Governor Washburn,

Sir,

I hope that you will excuse me for using this freedom with you; but as I reside in the above named State, and knows of no other way of getting the information I want, I hope that you will forgive a parent's feelings.

Sir, I have a son, a miner, who came from sea, and landed at Portland in December 1861, and seeing the patriotism of the people of Maine to save the the Union, he joined the 5th Regt. Co. I. and went to fight the Battles of our Country.

Sir, I am an old man, and have a family depending on me. I feel the loss of his aid. I have tried to get State aid here from the Select men to the State House, and they all told me to write to Maine for it. So I hope, Sir, that you will excuse me for

asking the information from you.

And I remain.

Yours very Respectfully

James Millar
