1865-11-02 George Wilcox of the Assessor's Office inquires about Benjamin C. Fogg of Company G, who was detached to the U.S. Sanitary Commission

George Wilcox
Dear Sir,

One Benjamin C. Fogg was a member (privately) of Company E, Maine Heavy Artillery. He was attached to and for the U.S. Sanitary Commission. While so attached his regiment was ordered home "muster out and pride off." He Fogg came home in a state of semi-kneek but has been since discharged or permit.

Can you inform me of the necessary steps for him to take to receive his discharge there? By so doing you will render great service.

Yours truly,
