My Dear Girl. That \$20. or an is playing
the auction with us up here in York Co. We
are bound to have a general vote & take
votes of the humans on the 2^d Nov. Can-
not some way be devised to allow letters
to give a bunch of more than \$20?

It is possible for you to secure the care
of Quil for my brother Samuel Drummell
of whom I wrote you some time ago.
He wishes to write the service & he wishes me
to write you once more. The secret in this
town voted to give \$150. to such man
going to make up the last quota whether

Araslu or a volunteer. I should not
say the secret for many an ear now and
who has any right to say that I shall
not give ~~the~~ just such a bump as
they please? If you can give me any as-
-surance, I will use them as an advertisement
towards meeting which we have next Thursday.

Yours truly

Mark H. Dummer
