into order and system - which concerns at
the time he became Treasurer appear to
have been involved in confusion and almost
endless perplexities Your committee however
are of opinion that when the plan which
has been adopted by the present-Treasurer
shall be carried into full operation that the
concerns of the Fund will be greatly benefit-
-ed and the labors of a Treasurer and of
all whose duty it may be to investigate
said concerns will be rendered light
and trifling compared to what they
have been

The above is humbly submitted
