Fall River Mass. June 23/63

Dear Sir: Ezra W. Leland late a private of Co. "B." 3^d Regt, Maine Vols. who was discharged on account of disability, and who is now an invalid, has made application for pension; The Pension Office requires him to furnish a Certificate from some Commissioned Officer under whom he served showing that he was disabled in the service of the U.S., and in the line of his duty &c. He has written to the Regt, several times and can get no answer.

Will you please inform me where any Commissioned Officer can be found either in or out of service who was in the Co, or Regt, at "Fair Oaks," in June 1862. Is Capt. Batchelder now in service? Any information you will be pleased to impart will confer a great favor upon the Sick Soldier.

Very Respectfully Yours, B. F. Winslow
