Expert Advice For the Automobile Owner

Queries and Replies Covering Matters of Importance to the Man Who Runs a Car

What is the approximate cost of a new set of brakes? It is impossible to say in all cases, as it depends on the cost of labor and materials.

The best way to test the method of muffling noise is by actually trying it in practice. If the noise is too great, it will be found that the muffler does not work properly. If the noise is too small, it will be found that the muffler is too small.

It is difficult to say exactly what will be the effect of all the operations, as there are too many variables. However, it may be said that the operations will have no effect, unless the operations are too extreme.

The old oil will be slowly worked into the new oil, and will remain in the old oil.

The first half of the housing should be removed from the bottom, and the other half should be removed from the top. The underside of the housing will be worked into the new oil, and the top of the housing will be worked into the old oil.

The second dead center bears are generally located on the left side of the housing, and are connected to the right side of the housing by connecting pieces.

The left half of the housing should be removed from the top, and the right half of the housing should be removed from the bottom. The left half of the housing will be worked into the new oil, and the right half of the housing will be worked into the old oil.

The model of the housing to be used in the manufacture of the car shall be chosen by the manufacturer. If the model of the housing is not chosen by the manufacturer, it shall be chosen by the owner of the car.

Count your blessings, and your worries will disappear.

The best way of getting a good set of brakes is by choosing a reputable manufacturer and by choosing a reputable dealer.

It is very difficult to remove the rubber from the hub, but it can be done with care.

If exposed to the air, they might be damaged by the weather, and if exposed to the sun, they might be damaged by the sun. In fact, the best way to keep the rubber from the hub is to keep it in a cool, dry place.

What Houlton Wants to Know

What is the life of the average stove?

The life of the average stove is approximately ten years. However, this may vary depending on the quality of the stove and the care it receives.

What is the best method of removing carbon from the end of the connecting rod?

The best method of removing carbon from the end of the connecting rod is by making use of a brush or a wire brush.

Houlton, Maine, Wednesday, June 23, 1915.

Two Different Effects

Different qualities of food are very likely to develop different effects in the body, depending on the quality and the nature of the food. The effects of the food on the body may be a healthy one, or they may be a harmful one.

The cream of tartar of Royal Baking Powder is the same. It has the same wholesomeness effect on the digestive system as the cream of tartar in grapes, and is equally efficient in preventing the development of food poisoning.

There is a clinic on baking powder labels which shows all the ingredients. Read it and let it guide you.

Swat the Rooster

What is the most effective way of swatting a rooster?

The most effective way of swatting a rooster is to swat it with a stick or a paddle. This will cause the rooster to fly away and prevent it from attacking you.

The worst way of swatting a rooster is to swat it with your hand, as this will cause it to fly away and prevent it from attacking you.

MILLAR has just put on sale a

COFFEE at 23 cents a POUND

"It beats the Dutch" such quality for the price

SPRINGTIME IS LAWN TIME

Right now when the snow is melting and the sun is shining brightly, it is the best time to take care of your lawn.

I am not talking about the usual summer lawn, but the other kind of lawn, which is the kind of lawn that is taken care of in the spring.

The best way to take care of your lawn in the spring is to mow it with a scythe or with a brand new lawnmower. This will cut the grass and prevent it from growing too tall.

One more thing... the grass will not only be greener, but it will also be the best for your health.

I have a few Raspberry Plants left at 50 cents a dozen.

**The Aroostook Times, Wednesday, June 23, 1915.**

**POPULAR WITH TRAVELING SALESMEN!**

Just notice how many of these hardy souls on the road, and of every other type of work, who "make good," have put themselves in the hands of:

**CIGARETTES** are the mildest, purest and most delightful form of smoking. But there's a difference in cigarettes as in everything else. You are!

Over 20 years ago, down in old Virginia, where they all know what good tobacco is, in a group of tobacco growers, started out to please their own expert "smoke" tastes. They picked out perfect Virginia leaf - a pure tobacco, with a natural, even rich, mild and pleasant taste, and made it into cigarettes. And they called them *PERFECTION* CIGARETTES!

No wonder the news spread! No wonder travelers, men, and all other men who know a good smoke when they see it, stick to PEFECTIONS!

You get a tip of pure Virginia leaf in every "Perfection" pack, a hard-assorted in lot package that keeps the leaves mixed and the00 flavoring of PEFECTIONS today.

Keep the coupon you find in each package. These coupons are good for many valuable presents.

Just What the Differential Gear Way Means to the Owner of a Machine.

PORTI ON TO BE REMEMBERED

In the treatment of this subject we have endeavored to keep in mind the fact that theit is a very popular machine with a differential gear, and that many of them are used as such. But we have also endeavored to keep in mind the fact that the differential gear is not the only way in which the machine can be used as a differential gear. The differential gear is simply a way of controlling the speed of the machine, and it is not a way of controlling the speed of the differential gear. The differential gear is simply a way of controlling the speed of the machine, and it is not a way of controlling the speed of the differential gear. The differential gear is simply a way of controlling the speed of the machine, and it is not a way of controlling the speed of the differential gear. The differential gear is simply a way of controlling the speed of the machine, and it is not a way of controlling the speed of the differential gear. The differential gear is simply a way of controlling the speed of the machine, and it is not a way of controlling the speed of the differential gear. The differential gear is simply a way of controlling the speed of the machine, and it is not a way of controlling the speed of the differential gear.

16 Great Service Branches—54 Maxwell District Offices—More than 2,000 Maxwell Dealers are always at the Service of Those Who Drive Maxwell Cars

When you buy an automobile you buy two kinds of service. First—the service given and guaranteed by the car itself. Second—the service given by the maker, and the dealer while the car is in use.

The service the Maxwell car gives is known to hundreds of thousands of satisfied Maxwell owners who have given the brand the rough and tumble acid test of fully eighteen months service. The Maxwell has shown that it is able to stand up under the severest use. In cities, over country roads, through mud and sand and up the steepest mountains, the 1915 Maxwell has made good for 30,000 owners.

This SERVICE that the Maxwell Motor COMPANY gives the service that the Maxwell car gives cannot be questioned by any automobile owner from time to time requires service from the maker of the car he drives. He sometimes needs new parts, adjustments, etc.

16 GREAT MAXWELL SERVICE BRANCHES

The Maxwell Motor Company takes care of Maxwell owners by maintaining 16 great Maxwell Service Branches. These branches are in great cities which have been selected in such a manner as to thoroughly cover the United States. They can deliver parts to any Maxwell dealer or Maxwell owner within a few hours.

54 MAXWELL DISTRICT OFFICES

54 Maxwell District Offices are maintained in leading cities. This means 54 District Managers, each with a corps of assistants. A great part of the work of this army of skilled men is to see that Maxwell dealers give real Maxwell service to Maxwell owners.

MORE THAN 2,000 MAXWELL DEALERS ALWAYS AT YOUR SERVICE

Each of the Maxwell dealers in the United States and Canada is an automobile expert. Anyone of them stands ready at all times to give advice and assistance to any Maxwell owner. You can tour all of the United States and Canada and no Maxwell owner can require the attention of an expert you will find a Maxwell dealer near at hand. If you need a replacement part, and the dealer does not have it in stock, he can get it for you from the nearest Maxwell branch within a few hours.

Maxwell owners never have their cars out of service for days or weeks at a time waiting for replacement parts. The $695 Maxwell "Wonder Car" is the greatest real automobile value ever offered.

The service that the Maxwell Motor Company gives is not surpassed by the service given by any other automobile manufacturing organization in the world.

The Maxwell Company's Guarantee of Service to Maxwell Owners

No other automobile is backed by a more reliable service than that guaranteed every Maxwell owner. More than 2,000 Maxwell dealers in every part of this country are always ready to give expert advice, to make adjustments, and to supply new parts at reasonable prices.

Service Branches. Sixteen great Maxwell Service Stations are located throughout the country, where a Maxwell dealer can supply any part for an owner within a few hours if not in his stock. Maxwell Service is one of your greatest advantages owned by Maxwell owners.

Order a Maxwell from us now, and when you want it delivered, we will give you your car—not an excuse on delivery day

Nothing Succeeds Like Success

If you have not yet seen the great crowds of Saturday, Monday and Tuesday, you must have been asleep. The Burro, Waterboro, and Bosson, have learned to realize that a Lewson's is worth while advertising.

A Lewson Sale means Genuine Bargains, means that You Save on New, Up-to-Date Goods. No Shop-worn, Out-of-Date Goods is tried to be Worked Off on the People. We believe the only way to keep in business is to honestly give the best goods.

We are selling more cloaks and suits than all the stores of Aroostook County combined, but we are not satisfied; we want it all, and shall continually give it. We are not a shop, we are a house, and we do not wish to be recognized in the retail stores. We are a house, every day, the new styles as soon as they are released.

A complete, large line, and only $1.00 and $2.00 Waists. We are the only Specialty Cloak and Suit House in Aroostook County; we are the supreme of animal intelligence, there was the sort of feature seldom seen out here. There was variety, too, as well as quantity. There was variety, too, as well as quantity.

French—Bruce

The famous Bruce of France is in town this week on a tour of the United States. Last fall, when he was here, he gave the people of Aroostook a splendid performance. This year, he has brought with him some of the finest horses in the world. There is variety, too, as well as quantity. There was variety, too, as well as quantity.

Hannigan place with the exception of the Church of the Good Shepherd, Rev. O. B. Smith officiating.

The French was born and brought up in France, and is well known all over Europe. The French was born and brought up in France, and is well known all over Europe.

Nothing Succeeds Like Success

Classes in Drawing

Freehand Sketching—M e-
SOCONY Motor Gasoline is the same Standard Gasoline that wise motorists have always used — and garages displaying this SOCONY sign are authorized distributors of Standard Oil Gasoline as well as POLARINE, The Standard Oil for All Motorists.

You can get SOCONY Motor Gasoline wherever you can take your car, and the garage that displays the SOCONY sign is a safe place to stop. You are sure of getting clean, uniform fuel — the same next week as today — here or 200 miles away.

There is no other gasoline that is so thoroughly tested, so uniformly clean, and so free from trouble. Try a Plug of Sickle that is even thoroughly dried and, if you like the taste, use it. And remember — THE SOCONY SHEEP are the Lord's sheep.

The Lord's sheep will circulate, but those who are not the Lord's sheep will not be found with them.

The Flock Criticized Again.

The Flock has been criticized again, and the Flock Chairman, Mr. B. H. Taber, has written a letter to the editor of the Aroostook Times, saying:—

"Dear Sir:—I am a member of the Flock, and have watched their work, and I am sorry to say that there are a few within the flock who are doing the same work as previous to the Lord's leading; and who are still doing the work of the devil. I have been told that there are a few who are willing to do the work of the devil, and I am sorry for them."

The Flock Chairman ended his letter by saying:—

"I am a member of the Flock, and I am sorry to say that there are a few within the flock who are doing the same work as previous to the Lord's leading; and who are still doing the work of the devil."

The letter was signed:—

B. H. Taber.

The letter was published in the Aroostook Times on June 3, 1915.
