IMPORTANT INFORMATION: The rate sets published on this web site are for reference only and are not enforceable. The Prevailing Wage Rates in Construction are the minimum rates contractors must pay on State and Federal projects. The Prevailing Wage Rates are set for each county and are divided into four types of construction projects:

- Building 1 - One or two family homes
- Building 2 - Other than one or two family homes
- Highway and Earthwork
- Heavy and Bridge

The Prevailing Wage Rates for the 16 Maine counties and the four types of projects can be found on the Maine Department of Labor's website at <http://www.maine.gov/labor>.
