## U. M. C. CARTRIDGES

for every gun in camp

Different men differ as to their favorite kind of rifle. Practically all agree, however, on U. M. C. Cartridges. A glimpse at the interior of most any hunting shack presents these facts. There is a reason U. M. C. Cartridges are made to fit and are tested in all the different styles of rifles made by the different arms companies.

Every rifle does better shooting with U. M. C. Cartridges.

## COW BARKED LIKE DOG.

Some Other Queer Antics Viewed From Wickatunk Treetops.

Barking like a dog, so voracious villagers declare, Frank Linzmayer's cow chased the entire population of the village of Wickatunk, N. Y., to house and treetops. The New York Tribune tells the story that for more than two hours, eight women, seated more or less comfortably in the tops of as many trees, could be counted from the steps of Amzi Stuggie's general store, only no one stayed to make the count.

The cow was being led to the slaughterhouse about train time. Suddenly she began to make queer noises, and without delay chased her leader up the nearest tree.

"Co-boss! Co-boss!" said Ignaz Kmielolskenrute, who was near by and laughing at the cow's antics. The cow looked toward him, and he did not stop to select any particular tree, but took the first that offered shelter. Down the main street came the cow. Valiant villagers, armed with scythes, pitchforks and Queen Anne muskets, sallied forth to stay her progress, but fled to trees and house roofs before her onslaught.

The cow was shot twice from a safe distance and fell, but got to her feet again. A red umbrella in front of the little shop of Mrs. Gretchen Huggenslacher attracted her attention. On the second desperate plunge she made for the umbrella, it stuck on her horns and she careened blindly up and down the street, not only barking like a dog, but every now and then whirling around in chase of her tail. Modijah Simpkins, who once went to Philadelphia, swears to this.

Finally a third shot killed her, and the reign of terror ceased. A ladder was borrowed from Ezra Perkins, the local painter, and the fair ones were gallantly assisted from their lofty perches.

## Cat Found Way Back.

Not even a flood, in which several lives were lost and property to the value of many thousands of dollars was carried away, can destroy the family cat and prevent it from coming back.

This was illustrated by the adventure of a cat belonging to the family of John Barkley, a resident of Fort Pierre, situated at the junction of the Bad and Missouri rivers in central South Dakota. The greater part of the residence district of the town was swept away by a flood last July, the flood being caused by a cloudburst up the Bad river.

Among the buildings carried away was the home of Barkley. In the house at the time was the family cat, a big, tiger-striped animal known as Tabby. Nothing was seen or heard of the cat until recently, when it calmly walked into the new home which Barkley had erected and took its place by one of the stoves.

Barkley expresses the opinion that the cat at the time of the flood was carried by the swift current directly across to an island opposite the mouth of Bad river, where it lived on rabbits and other smaller game until it discovered that crossing the Missouri river on the ice was possible, when it ventured to the mainland and found its way to the Barkley home.

## Cat Hunts Rattlesnakes.

Mrs. Fannie R. Gray's cat has developed a strange inclination in going out and hunting rattlesnakes. Tuesday morning the cat brought into the kitchen a rattler fully five feet long, which she found in the woods, caught behind the head and crushed the life out of it and spread it before her kittens that they might regale themselves on a delectable repast.

This is the first instance that Mr. To R. Gray has ever heard of such a procedure on the part of a cat. The cat's unexpected visit into the kitchen produced consternation with the cook that only the strong arm of man could quell.

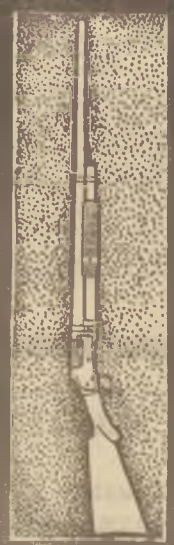

A deer swam from Spruce Point onto Squirrel Island one day last week and from there to the shores of Southport, where he was pursued by some boys across the island where he again took to the water and swam to Five Islands, where it is understood he was captured alive.

## RANGELEY LAKE HOUSE.

## EXCURSION TO THIS RESORT BY PHARMACEUTICAL ASSOCIATION.

Druggists Tour the Rangeleys. Fish, Row, Dance and Have a Merry Time.  
[Special correspondence to MAINE WOODS.]  
RANGELEY, MAINE,  
June 20, 1906.

The annual outing of the Maine Pharmaceutical association closed on Thursday, June 22, after one of the most successful trips in the history of the association. Special cars for the use of the party were attached to the regular train which left Portland at 8.30 a. m.,

Charles E. Dyer of Strong, who took three trout, the largest weighing 3 1-2 pounds. Senator Tatne of Biddeford made a side trip to York's camps, Loon lake and got some good fish there.

At a business meeting on Tuesday evening, C. H. Davis of Bangor was named by the Ass'n, to be appointed Commissioner of Pharmacy. At the meeting there were twenty one new members elected and the following officers were chosen for the ensuing year:

President, John Williamson, Portland; vice presidents, O. W. Jones, Auburn, H. J. Hathaway, Houlton, John Coughlin, Augusta; treasurer, W. I. Drew, Portland; secretary, Dr. M. L. Porter, Danforth.

The Executive Committee consists of the President, three Vice Presidents, Secretary, also George O. Tuttle of Portland and Harry Kinney of Houlton. Through the courtesy of Mr. Charles H. Adams, Supt. of the New England Telephone & Telegraph company of Portland, the members of this association were given free telephone service. There were 165 in the party, including invited guests. The National Association of Retail Druggists was represented by Mr. W. B. Burrows of Boston.

The opinion was freely expressed among the members of the Association who have attended these outings before, that this trip to the Rangeley Lakes and the Rangeley Lake House has proved by far the most successful in the history of the Association. In this connection we think it fitting that the committees who are responsible to a great extent for this success should be named.

The committee on entertainment consisted of A. F. Abbott, chairman, G. O. Tuttle, W. H. Hobbs, W. H. Norton, A. Benjamin.

The committee on hotel and transpor-

with Aaron Soule guide after a good fight, the rod skillfully handled brought to net a 6 1-2-pound salmon. Mrs. W. W. Coolidge of Salem, Mass., Freeman Tibbetts guide, one 3 1-4-pound salmon. C. A. Tafts of Whitinsville, Mass., one 3 1-2-pound salmon. A. B. Sedesquert of Boston, Charles Harnden guide, caught a handsome pair, a trout and salmon both weighing 5 pounds. C. W. Whitney of Troy, N. H., also caught a good pair of salmon 3 1-2 and 5 pounds.

The next day was a stormy one and the record fish were talked about around the office fire, where anglers gathered.

Saturday, Samuel O. Lunt of Boston with Mell Tibbetts came very near taking the lead for he caught an 8 1-2-pound salmon the second largest recorded this year. C. O. Whitney of Troy, N. Y., a 3 1-2-pound salmon.

Sunday, June 10, four very nice salmon were brought in: Dr. Chas. E. Prior, Malden, Mass., Charles Haley guide, a 5 1-2-pound salmon; Edward M. Whittle, Malden, Mell Tibbetts guide, one 6 3-4-pound salmon and Wm. A. Pierce of Portsmouth, brought in two salmon 4 and 3 pounds, Loring Haley guide.

The June fishing on this lake promises to continue and past records will be broken.

ANDOVER VILLAGE

Tuesday, June 19, via Lewiston, Leeds Junction, Farmington and Phillips for the Rangeley Lake House, Rangeley. Those from the eastern part of the state joined the party at Crowley's and Leeds Junction. They arrived in Farmington at 11.50 where they were given a special train over the Sandy River and Phillips and Rangeley railroads.

Mr. W. S. Marble of the Rangeley Lake House met the train at Phillips and assigned all rooms, thus eliminating the vexatious delay of registering and securing rooms after arrival. In the evening the party enjoyed themselves in card playing and listening to music by the hotel orchestra.

On Wednesday, June 20, the weather was beautiful, as it was on the day before and the party took advantage of the rare opportunity for boating, fishing, walks, drives, etc. In the evening Miss Wilson of Brunswick, daughter of Mr. F. H. Wilson and Miss Getchell of Auburn favored the party with a violin and piano concert for about an hour. At the close of this concert which was very much enjoyed by the party, Mrs. Norton in a neat speech presented Miss Getchell the pianist, and Miss Wilson the violinist, each with a beautiful cut glass perfume set. Dancing, with music by the hotel orchestra was very much enjoyed until about 11 o'clock.

Fishing during the stay of this party was only an incident and still a good many nice fish were taken. Mr. Seth F. Clark of Portland, salesman for The J. W. Perkins C. was "high line." He caught three salmon weighing respectively 3, 4 and 5 pounds.

In the evening Mr. Clark gave a dinner party and served one of these big salmon to Mr. and Mrs. Albert Meserve, Mr. and Mrs. W. A. D. Cragin, Miss Davies, Mrs. Carl E. Cragin, Miss Christine Cragin. Others who caught fish were Mr.

J. C. F. Phinney, wife and daughter, Miss Meldreth Phinney, Mr. and Mrs. Frank Hillard of Lynn, Mass., were much pleased with their week's stay here.

Mr. and Mrs. Wm. P. Mason of Brooklyn, N. Y., who for a month have been at their camp on Gull Pond, spent a week at this hotel before returning home.

Mr. and Mrs. F. H. Sayles, Miss Mary Sayles, L. H. Hazard of Pawtucket, R. I., came here last Friday on their way to Long Pond where they are to occupy the beautiful log camp of Hon. Walter Angell of Providence, R. I.

Mr. and Mrs. Frank B. Bemis of Boston, Miss H. Meyar of Lenox, Mass., made a short stay here en route for Kennebago this past week.

The guests are now greatly enjoying the sunshine, and the bouquets of wild flowers gathered during their walks, tell of true sport out of doors.

Just before Judge Diel and party started on their way across the country planning the tour for the Automobile Club of America in July, two passengers were standing on the Phillips & Rangeley track on the hotel grounds. They "hitched" one of the autos onto the front cars and putting on steam started the train much to the amusement of the passengers and those looking on.

More fascinating than all else is the fish record. On Wednesday, June 6, Mrs. W. W. Coolidge of Salem, Mass., with Freeman Tibbetts guide, caught a 3-pound salmon. P. S. Noble took three salmon weighing 4, 4, 4 3-4 pounds, Mell Tibbetts guide. A. B. Sedesquert of Boston, 3-pound salmon, Charles Harnden guide. J. W. Sedesquert two salmon 3 1-4 and 3 1-2 pounds, E. Harnden guide. C. W. Whitney of Troy, N. H., 3 1-2-pound salmon, Harry Quimby guide. C. A. Hubbard of Newton Center, Mass., with Cliff McKenney guide, caught a fine pair of salmon each weighing 4 1-2 pounds.

Thursday, June 8, was another good fish day a lady taking the lead, Mrs. Walter F. Medding of Malden, Mass.,

June 18, F. E. Hutchinson, Haverhill, Mass., 3 1-2 pound trout and Mrs. Hutchinson, 2 pound trout and salmon.

Late arrivals at the Mooselookmeguntic House are A. A. Bamard and wife, Elizabeth, N. J.; F. E. White, Rumford Falls; William S. Jones, Waterbury, Conn.; Mr. and Mrs. C. D. Adams, No. Woburn, Mass.; Fred E. Jones, Brookline, Mass.; Clyde Bartlett, Colebrook, Conn.; Chas. S. Osgood, Boston; C. H. Case, Hartford, Conn.; Mr. and Mrs. A. E. Hutchinson, Mr. and Mrs. S. H. Many Guests Are Registered Here and Are Having Good Success With Rod and Reel.

[Special correspondence to MAINE WOODS.]

UPPER DAM,  
June 18, 1906.

The fly fishing in the pool has commenced and fly fishermen all over the land will be eager to get the reports from here.

To catch one of the gamy, educated trout and salmon in these famous pools that will bring the old steelyards, that for nearly a half century have done duty in weighing the fish here, to the 3-pound notch or more, is honor enough for and reward enough for casting the fly for days.

Mr. Eugene Lynch of Boston opened the record this last week by catching a 4-pound, 6-ounce salmon, and since then he has brought to net two others that weighed 3 pounds, 11 ounces, and it is said if his guide Frank Philbrook had not spent so much time working hard helping along the improvements that are being made in Mr. Lynch's camp, thus keeping Mr. L. from the pools, other "big fellows" might have been landed,

ANDOVER VILLAGE LOOKING NORTH

and here is hoping they will yet be brought to net.

R. N. Parish of Montville, Conn. who is one of the most skillful fisherman who ever cast the fly over the white waters of these world wide famous pools, on Friday had good sport with a gamy 7-pound, 8-ounce salmon that he caught on a No. 6 hook with a bumble bee fly.

Mr. Parish holds the record as to size of fish, a 9-pound, 11 ounce trout and a salmon over 12 pounds, taken with a fly from these pools and may some of the big ones who have broken tackle, be landed before the season ends.

Mr. and Mrs. I. D. Tolman of Boston have been here for a week, it being their first visit.

The flag is now flying at "The Kirk". Mr. and Mrs. George Bearce, their son and wife, Mr. and Mrs. G. E. Bearce and little daughter Dorothy of Lewiston arrived last week for an extended trip. George Thomas is as usual their guide. Saturday George B. Bearce caught a 6-pound salmon and several 2-pound trout and salmon. For several days Mr. B. entertained his friend, John Smith of Lewiston, who caught a 4-pound trout, two 3 pounds each and several smaller ones.

Mr. and Mrs. M. M. Nicholson of Columbus, Ohio, who are here for a month, are greatly pleased with the place. They spend much time casting the fly on the pools but their 2-pound

trout was not big enough to be recorded.

M. H. Curley of Boston with Ernest Grant for guide, is having good luck trolling and has caught a 4 1-2-pound salmon and several that weighed from 2 to 3 pounds each.

The following party of delightful people are here for their annual fishing trip and occupy one of the large cottages: Mr. and Mrs. Fred S. Potter, Mr. and Mrs. J. J. Hicks of New Bedford, Mass.; Mr. and Mrs. C. W. Tidd of Stoneham, Mass. Their guides are Jim Collins, Nelson Grant and Roy Jordan. Mrs. Hicks caught a 3 1-2 and a 2 1-2-pound salmon. Mr. Potter has landed a 5-pound and 4-pound salmon and the others will report their big ones next week.

Mr. and Mrs. Samuel Dunseith of Bordentown, N. Y., who are great lovers of fishing and out door life are for the first time visiting the Rangeleys. Orin Dyke is their guide and they have just returned from a camping trip at Richardson Pond, where they caught 30 trout on the fly, the largest 2 1-4 pounds. Mr. Dunseith is a writer of magazines and his trip will be illustrated with photographs that they took.

The following gentlemen G. F. Guptill, L. S. Tucker, R. L. Nicholson, employees of the Portland and Rumford

Falls railway and H. T. Rowe came from Rumford Falls on the late train Saturday night and returned home Sunday p. m. with more than 25 pounds of trout and salmon that they caught during the day.

Mr. Tucker had an adventure almost to strange to be believed, but true nevertheless. He struck a salmon and as he commenced to reel him in, the reel came off and he took the line in his hand. The fish made several wild leaps causing much excitement and when nearly near enough to net, made a high jump and landed in the boat, at the same time freeing himself from the hook and tangling up in the line. A handsome salmon that weighed 7 1-2 pounds after it was dressed. The party all caught 3-pound fish and many smaller ones that they took home to their friends. Who would not like to have such "lu-k" for a day's fishing?

The Eddy party have returned home. Mr. E. B. Eddy of Webster, Mass., caught over 50 fish a 5-pound trout and one 3 1-2 pounder among them.

Mrs. E. Bartlett of North Oxford caught one day three trout that weighed 4, 5, and 3 pounds. Her husband caught a 6-pound salmon. They had great fishing and a grand good time.

## MR. FOLLETT'S BIG CATCH.

## PHENOMENAL FLY FISHING AT FROST POND.

Taking During a Three Days' Stay Over 300 Trout, the Most of Which Were Returned to the Water, the Average Being Half a Pound Each.

(Special correspondence to MAINE WOODS.)

KINEO, MAINE, June 18, 1906.

"The water was literally alive with the trout", said Mr. Follett, "and the number that could have been taken was only limited by the length of the day and the strength of the angler."

"By way of experiment, to see if I could take four at a cast, I doubled my cast of two flies, and at the second or third cast of the trail took what I believe is practically unknown, a quadruple. A good deal of the time I fished with barbless hook, because I am not a fish hog and even though I returned the greater proportion of the trout taken, to the water, a certain proportion of them had to be killed because of injury inflicted by the hook."

There is a steady increase in the number of wilderness lovers, women being very much in evidence.

F. G. Crane of Dalton, Clemens S. Houghton and Franklin Weston, of Boston, and Henry A. Francis, of Pittsfield, are in for their annual sojourn on West Branch waters.

Mr. and Mrs. F. R. Parsons, Master F. Roberts Parsons, and Mr. and Mrs. Charles E. Doe of Providence, return for their annual visit and are in camp at the head of the lake.

Mr. and Mrs. E. H. Long of Bridgeport, are making the Allegash trip.

Mr. and Mrs. W. F. Maintien of Plainville, are making a short stay here and have been enjoying camp life.

Mr. and Mrs. Lyman Perry of Havre de Grace, Md., are making the St. Johns trip.

The Mt. Kineo House proper opens tomorrow with the largest number of early season guests in history and a record breaking summer season assured.

The Maine Sportsmen's Fish and Game association will be a big one, the company landed including delegations from all portions of the state.

## Deer Plentiful In Stratton.

Deer are very plenty this season. Hardly a day passes but one or more are seen and some within a few rods of the buildings.

Joseph Fotter saw twelve deer one day in his field ten in one drove.

Edward Hinds and Mr. Joseph B. Chapin and Mr. Fred Douglas of Hopedale, Mass. saw eight one night after supper.

Messers. Chapin and Douglas were at L. T. Hinds' for a week's fishing. They had very good luck getting some nice strings and went home well pleased with the trip.

Are you a successful fisherman? The man who goes trout fishing without a landing net is worse off than the man who goes trout fishing and forgets his rod. He can cut a pole, attach his line and catch fish. The other cannot make a landing net and however expensive, his tackle, is liable to lose the big fish and a lot of them.

A "Harrimac" landing net will save both trouble and fish. It is made with collapsing net ring of finely tempered steel either nickel or rubber enamel finish, readily adjustable to wood handle without screws, is light and strong, easily carried, and every way the best. Postal will bring booklet. Write A. F. Meisselback & Bro., 39 Prospect St., Newark, N. J.

Fishermen Are Daily Getting Legal Limit of Fish The Pond Is Well Protected by Law, So Good Fishing Is Assured.

[Special correspondence to MAINE WOODS.]

REDINGTON CAMPS, June 19, 1906.

One of the most popular set's of sporting camps in this vicinity are conducted by J. Frederic Hough of Redington. The fishing here has been excellent this spring, nearly every fisherman coming getting his legal limit of fish daily.

The camps are located on the line of the Phillips and Rangeley railroad, 16 miles above Phillips. As these camps can only be reached by rail and as the pond is well protected by law the fishing has every chance of remaining good indefinitely.

Among the recent arrivals at the camps of recent date are the following:

HON. E. E. RING state forest commissioner has been with the farming train on the Bangor & Aroostook railroad the past week with a forestry exhibit. This exhibit is one of the best on the entire train.

It is suggested that every village should have a rifle club because the nation which has the best gunners and best target shooters is sure to dominate the world under modern methods of warfare. If we were to organize a regiment in Maine today, we would like very much to make it up from Maine guides. Such a regiment would do a good business.

OUR readers will be interested in our story this week from the pen of Col. Andrew Haggard. We are pleased to state that we have an article for MAINE WOODS of next week from the pen of Col. Haggard that will be read with a good deal of interest. It is from Otter Pond Camps and is a particularly interesting description of what the folks have been doing at Otter and Pierce Ponds. There's been some phenomenal fly fishing over that way and Col. Haggard describes it and gives the names of the flies that were used.

A few months ago, the writer heard Dr. F. M. Johnson the sportsmen and angler give a vivid description of his experiences in catching suckers on the fly. We wrote the Doctor a few days ago about it, and we have received a very interesting letter from him upon the subject, to be printed in the next issue of MAINE WOODS.

BELGRADE, MAINE, June 18, 1906.

Many sportsmen have visited Belgrade during the past two weeks for the fly fishing which is now at its best and many beautiful strings of fish have been taken, the number having exceeded more than 100 fish in a day to a man, in some instances.

There are many guests at the Central House with their families for the summer and the bookings for the remainder of the season are by far larger than ever before. Mr. A. G. Spicer formerly of the Congress Square, Portland, is manager and is very popular among the guests in general.

Following are the lists of arrivals during the week.

### Fly Rod's Note Book.

One day recently when at Bemis I noticed several people looking into the row boat of one of the guides, Martin Fuller, and when asked, "Don't you want to see some fine fish?" I took a look myself, and there was as handsome a catch of seven trout and salmon as one often sees. The salmon weighed 5 1-4 pounds and 4 1-4 pounds, and five trout weighing from 2 pounds to 3 pounds each. They were taken by Dr. D. C. Pratt of Bridgton and W. J. Wright of Boston with Martin Fuller and his son Victor for guides, and the anglers had that day returned more to the lake than they had saved.

A letter recently from a lucky fisherman at the Mountain View, whom I met, enclosed the following original poem that is worthy of a place in the MAINE WOODS.

When You Go A-Fishing You Don't Need Much Fish.

By S. W. VINCENT.

Sitting underneath the sky out in the summer air  
Didn't get a nibble and I somehow didn't care;  
Satisfied to get my share of fish that's "high line,"  
Don't want to bother hauling always on the line.  
Saw the sunbeams playing on the water by the boat  
Heard the waves a-splashing with a soft and lazy note.  
Sort of felt contented like I'd have my every wish;  
Cause when you go a-fishing you don't need much fish.

Dozing while you're drifting and dreaming through the day;  
Listening to the "stories" that are told along the way;  
And a little hungry—a reminder that it's nearly noon,  
And Noyes' lunch, on the logs, we'll eat, quite soon.

Again it's dozing, drifting, dreaming, fishing.  
When lo' a nibble, a bite, and we land him.  
It's a beauty, a "high line" that we'll take ashore.  
And that right quickly. We can't expect to fish much more.

On hearing the sweet Zepha's echo from Hazard's violin  
Remind us the shadows are growing longer and we must "turn in."

The book to be published for a guide to the American Automobile club that will come to Rangeley the last of July on the "Glidden Tour" will contain some very fine photographs of this section.

Mr. Lazainick who came with Judge James B. Dill, on his west trip is one of the best known photographs in the world, and was sent to Japan during the war, also to South Africa at the time of the Boer War.

"An Automobile pulling a train of cars" will make a novel picture.

A private letter from a friend written at Grand Lake Stream, last week gave some very interesting fly facts.

The open time for fly fishing on the stream was June 1 and one can catch some times twenty five, even forty and fifty salmon on a fly in a day, of course they may catch the same fish more than once if he wishes to take the fly the second time, for the fish are very young and only those wanted to eat are killed.

Some feared the raising of the dam would hurt the fishing, but it has benefited it.

My friend wrote, "I stood on the shore last night when some 40 canoes came in. There was much enthusiasm on a double caught by Everett E. Wilbur of Biddeford, the two beautiful salmon, one 4 pounds the other 4 3-4 pounds.

Three canoes had 39 fish all good sized, while the catch to each of the 40 canoes for the day averaged 15 fish. At the Birches are some 20 guests, at Ross's 12 and at Yates 9. 30 came in Wednesday, 17 yesterday and one day this week there were so many that Eaton's steamer had to make two trips.

This tells of the increase of travel to this part of Maine's fishing grounds. I remember my first trip there only a few years ago, when there was but one small house that entertained guests, and the surprise of seeing a lady in that, then far away place on a fishing trip. The fishing was no better then than it is this spring and I see no reason why it will not be as good for many years to come.

When one reads in a paper of the wonderful catches made in the different places in Maine, where this one and that one caught, twenty, thirty, yes forty nine and even fifty fish, any sportsman knows that that does not mean so many fish killed, but caught and returned to the water, that they may grow bigger for some other fellow to catch.

The laws regarding fishing I take notice are well kept, and all seen glad to see a warden talking about and giving information.

### YORKS CAMP NOTES.

Fishing at York's, Arrivals and Camp News.

(Special Correspondence to MAINE WOODS.)

RANGELEY, MAINE, June 18, 1906.

Mr. and Mrs. W. E. Weld of Cambridge, Mass., have returned home after a two weeks' fishing trip. They were guided by Calvin Nile of Rangeley, having great success, Mrs. Weld catching eight fish averaging two pounds each in about two hours; as usual she lost the best one.

A New Haven party enjoyed a number of days' sport here with S. B. McCaig and U. S. Albee of Rangeley guides. In the party, Mrs. E. S. Yergason, Dr. Frank Baldwin, A. B. Daniels and R. G. Campbell. Every day they supplied their table with fish, served boiled, baked, fried and chowder. Mr. Daniels with his two sons expects to return in hunting season for two weeks.

Geo. W. Treat of Livermore Falls and J. W. Carswaife, San Francisco, guided by Ira Hutton, Rangeley, took two beauties besides small ones yesterday.

Maximilian Postey, Maneskooteale Island, with his guide, James Stewart, spent a day fishing here, with fine luck.

Among the recent arrivals are: Mr. and Mrs. Chas. L. Panashe, children maid and guides, Orange, N. J.; H. H. Whitley wife and maid, Worcester, Mass.; W. L. Wellington and wife, New York; Miss Flint, Worcester, Mass.; F. C. Brewster, Hingham, Mass.; C. W. Whitney, F. Ripley and wife, Troy, N. H.; Frank N. Harris, guide.

Bangor and Aroostook Railroad.

The Bangor and Aroostook railroad through C. C. Brown, general passenger and ticket agent has issued a circular upon the opening of the Mount Kineo House at Moosehead Lake. It will occur Tuesday June 19.

This famous Hotel needs no introduction to sportsmen, tourists, vacationists and recreation seekers, for it has been satisfactorily serving the public for upwards of 20 years, during which time it has been improved constantly until today it is the largest and finest inland water hotel in America.

Kineo has gained a world-wide reputation on account of its location, wonderful fish and game resources, magnificent scenery and accessibility to the camping and canoeing sections of North Maine, which it is acknowledged have no superior in this country.

Trains leaving Boston via the Boston & Maine railroad at 8.00 a. m. daily except Sunday, and 10.00 p. m. daily except Saturday, have Pullman Buffet Parlor or Sleeping cars running through to Greenville, Maine, where direct connection is made with Steamboat of the Coburn Steamboat company for Kineo.

The Union Salmon Pool.

Money might be spent judiciously in advertising Calais in many ways, not the least to be considered of which is the making widespread public knowledge of the fact that the Union salmon pool, in the St. Croix river, and almost in the heart of this city, affords sport that gladdens the hearts of all who cast a fly there.

While this pool is one of the best in the country, in all probability the best, yet it is not famous, for reasons given by the Boston Herald as follows:

"The Union pool of the St. Croix is regarded by many as the best salmon pool in the United States, although not so generally known as the famous gathering place of the fish in the Penobscot river at Bangor. Every year plentiful catches have been made, and the water has become more popular year by year. While the pool is widely known locally salmon fishermen of Boston and New York and other large cities are generally ignorant of the excellence of the sport there, and those who are aware of it have not been forward in making the announcements to their friends and companions of the fishing world. Calais people, too, have guarded the secret well, and the newspapers have not told of the excellent records made at the place during the past few seasons."

It is a sad fact that Calais people have guarded the secret well. Alas, only too well. It is time to let the cat out of the bag and bring the western sportsmen to our city to share with us the pleasures to be found in whipping the waters of the Union pool. It will never be fished out. There are as many sea salmon as ever, and they will doubtless always swim up the St. Croix. No better fishing ever took place at the Union pool than fishermen have experienced there this week. An average of three or four fish a day have been taken right along, and these by only two or three men. Once in a while a stranger wets a line there and enjoys the experience of handling a big fellow and bringing him to gaff, but most of the fishing is done by two or three local men.

The Union pool should be advertised. It should be a valuable asset to Calais, and we are glad to note that the Washington County railway, in its attractive little pamphlet, Canoe and Paddle, attempts to tell of its advantages to western salmon fishermen.—Calais Times.

BASS, TROUT AND SALMON.

LAKE WEBB FURNISHES THESE AND THERE ARE LOTS OF PATRONS.

Camps That Are Occupied Around the Shore and Who the Folks Are, In Them.

(Special Correspondence to MAINE WOODS.) LAKE WEBB, WELD, June 16, 1906. Seated on the spacious piazza of The Maples, of which the old time hotel man Fred Drew is proprietor, one gets a magnificent view of Lake Webb, the scene this spring of many piscatorial battles and victories.

The gamy salmon, speckled trout and fighting bass inhabit this beautiful sheet of water, o'er shadowed by Mt. Blue and Tumbledown range of mountains. Many of the fish that have been taken this spring, and their number is legion, have been of good size and some of much more than usual size.

It will be remembered that former fish and game commissioner H. O. Stanley of Dixfield prophesied last year in the columns of MAINE WOODS that with the careful stocking that this lake is getting fishing would soon greatly improve. It will be noticed by this spring's report that Mr. Stanley's statement has already been verified.

One of the first fishermen at the lake this year as usual, was Mr. M. H. Hardwick of Boston. Mr. Hardwick is one of the Hub's leading artists in water colors and oil, and during his tarry here he invariably makes several studies of some of nature's beauties, referring, of course, to the mountains, lakes, etc. This spring he has been very successful with rod and reel, fishing on the lake nearly every day. His principal catches have been bass and salmon, although an occasional trout has come to his lure.

A party that comes early and stays late consists of Rev. and Mrs. M. R. Gaines of Alabama and their daughter, Miss Ruth Gaines. They are at the new Scammon cottage and are so pleased that they will remain all summer. This party take their meals at The Maples. Mr. Gaines has had excellent luck fishing.

The D. D. Dexter party have arrived, coming Thursday night. They occupy the camp near The Maples and will remain all summer, as is their custom.

Mr. and Mrs. George Kneeland are residents of Weld, but they enjoy an outing by the lakeside just the same. They are spending a few days in one of the Dummer cottages.

Mr. and Mrs. George Walters of Dixfield are expected at the lake soon.

They will make their headquarters in one of the Houghton cottages. A party from Rumford Falls, whose names the MAINE WOODS did not learn, are stopping in one of the Houghton camps.

Glen Cottage, another of the Houghton camps, was occupied Saturday by Mr. and Mrs. H. I. Allen of Portland.

The 20th of June Mrs. Eugenie Whiting and daughter, Miss Sarah Whiting of Whitinsville, Mass. will come to town to spend the summer in their summer home here.

Mr. W. H. Woodard of Birmingham, Ala., arrived about two weeks ago. Mr. Woodard is one of the "old timers" of this region and his coming is always welcomed by all.

Mr. Senter, the sporting editor of the Boston Post, occupied one of the Houghton cottages last week.

Rev. and Mrs. G. A. Logan of Turo, N. S., are expected about the 29th of this month.

One of the new cottages now in process of construction is being built for Mr. C. L. Younkens of Roxbury, Mass. It will be a very spacious cottage with a fine outlook. It is quite near H. B. Austin's cottage, Camp Bedlam.

It is understood that Henry Swett plans to build a cottage on the lake shore this summer.

Mr. and Mrs. Fred Smith of New York and Mr. Victor Staples of Carthage are at the lake for a few day's outing. They have a camp on the east shore of the lake.

Mr. and Mrs. H. B. Austin Mr. Phil

Noble and Mr. and Mrs. D. F. Field of Phillips spent Sunday at the lake.

Mr. Frank Kittridge of Webb is building some new camps at the head of the lake.

Mr. and Mrs. Jeffery Davis of Providence, R. I., and Mr. Chas. A. Gamwell of the same city, accompanied by Mr. Gamwell's son, Lauriston Gamwell who is attending the Abbott school at Farmington, were at the lake recently, the guests of The Maples. All had very good success fishing, black bass seeming to be the favorite fish. The elder Mr. Gamwell is president of the American Enamel company.

Many people who are interested in the prosperity of Weld will be glad to learn that a new industry is about to commence in this village. A wealthy New Yorker and a prominent citizen of Dixfield have joined forces and the outcome will be a wood working mill, where spools will also be manufactured. A new 100 horse power boiler will be installed in the new mill that is to be erected soon, in addition to the 70 horse power boiler now here. The new industry will give employment to a very good sized crew of men.

The summer guests at Weld always attend the ball games whenever the victorious Welds cross bats with other teams and give them financial as well as moral support. It will be regretted, therefore, this year that the Weld team for the time being at least, is a thing of the past. But as some one remarked, "there's lots of kids growing up and they will play ball as naturally as a duck takes to water. That's the Weld style, you know."

Nature's Way Is Best.

The function strengthening and tissue building plan of treating chronic, lingering and obstinate cases of disease as pursued by Dr. Pierce, is following after Nature's plan of restoring health. He uses natural remedies, that is extracts from native medicinal roots, prepared by processes wrought out by the expenditure of much time and money, without the use of alcohol, and by skillful combination in just the right proportions.

Used as ingredients of Dr. Pierce's Golden Medical Discovery, Black Cherry-bark, Queen's root, Golden Seal root, Bloodroot and Stone root, specially exert their influence in cases of lung, bronchial and throat troubles, and this "Discovery" is, therefore, a sovereign remedy for bronchitis, laryngitis, chronic coughs, catarrh and kindred ailments.

The above native roots also have the strongest possible endorsement from the leading medical writers, of all the several schools of practice, for the cure not only of the diseases named above but also for indigestion, torpor of liver, or biliousness, obstinate constipation, kidney and bladder troubles and catarrh, no matter where located.

You don't have to take Dr. Pierce's say-so alone as to this; what he claims for his "Discovery" is backed up by the writings of the most eminent men in the medical profession. A request by postal card or letter, addressed to Dr. R. V. Pierce, Buffalo, N. Y., for a little book of extracts from eminent medical authorities endorsing the ingredients of his medicines, will bring a little book free that is worthy of your attention if needing a good, safe, reliable remedy of known composition for the cure of almost any old chronic, or lingering malady.

Dr. Pierce's Pleasant Pellets cure constipation. One little "Pellet" is a gentle laxative, and two a mild cathartic.

The most valuable book for both men and women is Dr. Pierce's Common Sense Medical Adviser. A splendid 1008-page volume, with engravings and colored plates. A copy, paper-covered, will be sent to anyone sending 21 cents in one-cent stamps, to pay the cost of mailing only, to Dr. R. V. Pierce, Buffalo, N. Y. Cloth-bound, 31 stamps.

Experience

backed by the general law of average proves that the first appearance of an advertisement does not bring business nor even create much curiosity. It costs little to advertise in MAINE WOODS. A trial (one time) insertion for business advertising is a waste of money. If you go in, stay in and it will pay you. "Keeping everlastingly at it" is the only way to success.

In continuity is strength. In disconnection is failure. Few people buy anything the first time they hear about it. There is not a solitary case where intermittent advertising has brought returns compared with that from continuous advertising—that everlasting pounding away at the public day in and day out.

NEARLY ALL CAMPS OCCUPIED.

EXCURSION PARTIES, ROWING AND OTHER PLEASURES ENJOYED.

"Saturday Night Club" Entertained by Henry C. Cox, Portland. Englishman G. H. Ramsbottom Says It Gave Him as Much Pleasure to Catch 4 1-2 Pounds Salmon as It Did to Catch 125 Pound Tarpon.

BIRCHES, June 19, 1906. (Special Correspondence to MAINE WOODS.) Nearly every camp on the island is now occupied and the guests are greatly enjoying life. The days pass quickly by and those who love life out of doors, tramp on the island studying bird life, gathering ferns and wild flowers, others go fishing or rowing, while parties daily take excursions to different places in the region.

Henry C. Cox of Portland entertained the "Saturday Night Whist Club" in a most delightful manner by taking them in a special Pullman car to Bemis, then here by steamer and entertaining them from Saturday until Monday noon. This club was formed in 1883 among happy neighbors in Portland and has been kept up each winter during the 23 years. Unwritten history tells of many delightful evenings spent together

Mrs. Geo. H. Merrett, Arthur H. Merrett and Miss Nellie Frost of Boston and Mrs. Mary A. Merrett of North Jay are passing two weeks here. G. H. Ramsbottom a wealthy English gentleman who has been traveling in America for several months is here for a ten days stay. When in Florida this spring he caught a tarpon that weighed 125 pounds but the gamey 4 1-2-pound salmon that he caught this week not far from the island gave him as much sport. Mr. Ramsbottom has the largest and best collections of foreign flies ever seen at the Rangeley's, he is a good sportsman and a true disciple of Izaak Walton's. Arthur Huntoon is guide.

It is pleasant to welcome Mr. and Mrs. C. W. Gardiner and sons, who have spent many summers in "Camp What Cheer" where as in the past, the latch string is out to their friends. Mr. and Mrs. A. L. Scott of Boston are for the first time at the Birches where they will spend a two weeks outing. The following party were here a few days recently. W. E. Plummer and family, A. E. Green wife and son of Lisbon Falls and friend, Mrs. Laura M. Blair of Gardiner. Mr. and Mrs. Chas. Wylie of New York are stopping here, while their fine

**THE SARGENT.**  
LAST PLACE TO ENJOY CIVILIZATION'S PRIVILEGES.  
Some of the Guests Who Are Here and What They are Doing. All Express Themselves as Delighted With the Place and Surroundings.  
(Special Correspondence to MAINE WOODS.)  
EUSTIS, June 18, 1906.

Where the city man discards the clothes of civilization and takes his final "swim" in a bath tub before plunging into the wilderness is here at The Sargent. The Sargent is located on the border of the great woods in which are located the various popular sporting camps of this region. At the Sargent the city man puts on the woods garb and with a final hand-shake with Proprietor Sargent mounts a buckboard and he's off for a long rest in nature's bosom. When he returns, refreshed and rejuvenated from his sojourn in the wilderness the hospitality of The Sargent again comes into play. Mr. and Mrs. Ralph Becker of New York City registered at The Sargent Saturday on their return from a two weeks trip to King and Bartlett. Mr. and Mrs. Becker expressed themselves as delighted with their outing. Last year they visited the Kathadin Iron Works section, but next year they plan to return to the Dead River region for their vacation. Mr. and Mrs. Becker told the MAINE WOODS reporter that they were entertained in the best possible manner at King and Bartlett camps. Fishing on the river near the hotel continues good and the guests of the place only have to go a few steps before finding excellent fishing. Last week MAINE WOODS stated that Joe St. Ober's prime bear skins brought only \$2 each; it should have read \$20 each. Messrs. F. G. Hannah and Edward Burbeck of Boston, who have been at Round Mountain Lakes Camps have returned home. They had excellent luck fishing and took home with them as a souvenir of the trip a box of 25 trout, ranging in weight from one half a pound upward.

Among the prominent arrivals at the Sargent of recent date were the following: Emile E. Hoertel, The Chimney; W. P. Watson, Kingfield; Mrs. Witham, Madison; A. P. Dunham, Portland; A. E. Craig, Portland; T. W. Tisdale, D. F. Wright, Taunton, Mass.; Miss C. E. Godwin, Lewiston; Herman Blackwell, Round Mt. Camps; T. M. Roulette, New York; H. S. Viles, Taunton; Frank F. A WELL PLEASED ANGLER AND HIS CATCH

and some of the members are said to be the best whist players in Maine. Mr. and Mrs. C. Cox are responsible for the following happy company of well known Portland friends: Mr. and Mrs. Chas. Chase, Mr. and Mrs. Geo. M. Young, Mr. and Mrs. Wm C. Allen, Mr. and Mrs. Geo. S. Rowell, Mr. and Mrs. Fred S. Dyer, Mr. and Mrs. H. S. Higgins, Mr. and Mrs. E. W. Cox and Mrs. R. H. Hussey. They came with banners flying. Sunday morning steamer Wm P. Frye took them on the lake, and the rain in the afternoon did not dampen their enthusiasm. There were good singers in the company and their song, "Three Methodist ministers went a fishing for to catch a clam, and their cry S-N-W C-rah-rah-rah when in doubt lead t-r-u-m-p-s" was often repeated. May the Saturday Night Whist Club keep up the same song with as jolly happy cry of t-r-u-m-p-s for many years to come.

Dr. Gavin one of Boston's well known physicians who has been coming to the Rangeleys for years arrived here Saturday accompanied by his son, and will later be joined by Mrs. Gavin and daughter for a stay of several weeks in camp. Herbert Moores is their guide and they caught a 3 1-2 pound trout the first day out. Mr. G. B. Perkins of Boston is this week a guest of Mr. and Mrs. James Brown in Camp Mayflower. Camp Idlewild and Forest Island are taken until July by Mr. and Mrs. C. W. Carnnan and Mr. and Mrs. P. R. Bromfield of New York. Mr. and Mrs. M. E. Ginn of Redlands Cal., have Hiawatha Cabin for the season.

set of log cabins on Brandy Point are being completed which they hope in another week will be ready for them to move into. Mr. and Mrs. C. W. Martin of Boston returned home this week by the popular route through the lakes to Colebrook, going up to Quebec for a few days then home through the White Mountains. Mr. and Mrs. C. Leland Harrison and John Harrison, Jr., of Philadelphia have arrived and will be joined by other members of the family in a short time. The following Bostonians are here for several weeks C. W. Robie and son Harold, Miss Thurston, Miss Lawrence and sisters, Miss Grace and Miss Marion Lawrence. Miss Elizabeth Wilson of Cambridge, Mass., is the guest of Mrs. James Brown for the week.

Mr. and Mrs. H. G. Smythe of New York, Mr. and Mrs. H. An Animal Story For Little Folks

Johnny and the Spider

"What are you going to do?" asked the spider as Johnny crept up toward his web.

"I'm going to kill you," answered Johnny.

"Oh, it's just as well, I guess," said the spider. "I'm tired of doing everything for you and having you do nothing for me, so I might as well be done with it."

"What do you do for me?" asked Johnny in surprise.

"When you were asleep last night a great, big black beetle flew into your

room and perched on the foot of your bed. He had horrid green eyes and long claws all covered with sharp spikes, and his jaws were filled with teeth as sharp as needles. He said he was going to bite a piece off the end of your nose. I killed him and ate him.

"Night before last when you were asleep a long earwig crawled down the wall and jumped on your pillow. He had 10,000 legs that wriggled all the time, and he had a stinger in his tail and eyes that rolled round and round. He said he was going to crawl into your hair and go to sleep. I killed him and ate him, but he said that he had two cousins from the country who would be here to see you tomorrow night.

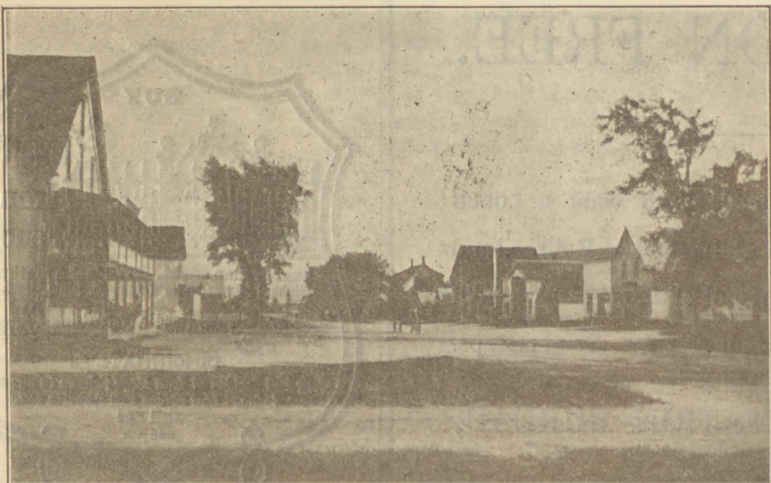

"Saturday morning when you were asleep a green eyed"

"Hold on!" cried Johnny. "Hold on! You mustn't go. You mustn't leave me."

"Oh, yes, you'd better kill me, as you said you would, because then I will not have to sit up all night and fight those things."

"No, no!" exclaimed Johnny. "You dear old spider! I wouldn't harm you for all the world. You must stay here with me always, and I shall always be your friend, as you have been mine."

So they shook hands and were happy all the rest of their days. — Chicago Tribune.
