Elmuh, on Safe Motorin' (*think Down East accent*)

Hi, folks, it's me again, with some good news - and, a word of caution. I'm retired now, but I spent a lot of years in Maine's construction business. Couldn't ask for a better career. I guess I still like to keep an eye on things.

The work of building and maintaining Maine's roads and bridges is critical to our safety. And, our economy.

This season, construction professionals will be all over Maine, doing much-needed work to keep these roads and bridges safe, and our economy on the grow.

I want to remind you that we all need to take on the job of keeping things safe where road construction occurs, for ourselves and for the people doing the job.

Always slow down when approaching construction zones. And observe all signs and signals that help keep you, and the professionals doing this important work, safe.

Yes! Construction signs are signs of progress for us all. So let's make it our job to keep Maine roads safe for work and play.

And drive extra carefully in work zones... huh? And give 'em a brake. Ayuh, yuh...

Paid for by the Maine Department of Transportation and Associated General Contractors of Maine.

Sounds like...

Hi, folks, it's me again, with some good news - and, a word of caution.

I'm retiyud now, but I spent a lotta yeuhs in Maine's construction business. Couldn't ask for a bettuh careeyuh. I guess I still like t' keep an eye on things.

Thuh work of buildin' an' maintainin' Maine's ruds an' bridges is critical to owuh safety. And, our economy.

This season, construction professionals will be all ovuh Maine, doing much-needed work to keep these ruds an' bridges safe, and our economy on th' grow.

I wantta remind you that we all need to take on the job of keepin' things safe where rud construction occurs, for owuhselfes and for the people doin' the job.

Always slow down when approaching construction zones. And observe all signs and signals that help keep you, and the professionals doing this impawtant work, safe. Yes!

Construction signs ah signs of progress for us all. So let's make it owuh job to keep Maine ruds safe for work and play.

And drive extra carefully in work zones... huh? And give 'em a brake. Ayuh, yuh...
