My Dear Genl.

I intended to write you two weeks since but think I did not. Will this little bit for hold Elections be paid by the State. If not I will strike it out of my list of little matters which in Maine I desire to square the coming winter. I once made out a bill & presume you have it. I have no copy with me. You can inform Mr. Drummond of the case & I will not trouble you to write me.

Yours very truly  
Mark H. Drummond
