May Prove Fatal.

When Will Phillips People Learn the Importance of It?

Backache is only a simple thing at first;  
But when you know 'tis from the kidneys;  
That serious kidney troubles follow  
That diabetes, Bright's disease may be the fatal end,  
You will gladly profit by the following experience.  
'Tis the statement of a Phillips citizen.

H. H. Vining, Phillips, Me., says: "I am always willing to recommend Doan's Kidney Pills in the hope that other sufferers of kidney trouble will be led to give this remedy a trial. Doan's Kidney Pills came to my attention years ago and have never failed to give satisfaction since that time. I know of several other persons who have used this remedy and have obtained highly satisfactory results. I recently procured Doan's Kidney Pills from Cragin's Drug Store, as I always like to have a supply to use in case of need."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo New York, sole agents for the United States.  
Remember the name—Doan's—and take no other.

#### PHILLIPS AND VICINITY.

H. L. Goodwin is in Farmington on business this week, and will probably remain until Saturday night.

Some repairs were necessary to the electric light and telephone wires after the blow of Saturday night.

The snow roller was rather late in getting around after the snow and blow of Saturday, due to the fact that it was necessary to shovel out all of the deep drifts first, but when it did get around it did good work.

Skis were very popular just after the recent storm, and were very much in evidence all day Sunday.

Dorr Hollis is laid up for the second time this winter as the result of an accident. A few days ago a heavy timber fell on his right hand, crushing and lacerating it severely. He thinks he will be unable to work for two weeks, but he doesn't feel as badly about it if he did not have an accident policy.

The street lights went out about 7.15 o'clock Monday night, which made it hard for those who were obliged to be out in the heavy, blustering wind. The snow which blew was sharp and cutting, and walking was very difficult and disagreeable.

The new skewer mill has been running nights the past week in order to catch up with the orders.

Those who are hauling logs, wood and lumber into the village were obliged to give it up Saturday afternoon because of the severity of the storm. Some of them tried it again Monday morning, and managed to make one trip, but had to give it up again in the afternoon after the cold wave accompanied by a high wind arrived.

The schools in the village will be closed Friday, so the teachers can attend the meeting of the Franklin County Teachers' association. Mr. Lester Bean, teacher of the grammar grades, will go to Portland Friday afternoon, returning to Phillips Saturday or Sunday.

### BLOCKS

After this date, I am prepared to furnish blocks from the Int—Mfg. Co. to those wanting same at 25c a box, delivered anywhere in village.

#### PHILLIPS AND VICINITY.

At the last meeting of Sherburne chapter, O. E. S., an entertainment committee for each month during the year was appointed, as follows: February, Bell Butler, May Hopkins, Maude Beedy, Floy Hoyt and Alberta Parker; March, Elma Byron, Ruth Austin, Flora Kelly, Mary Cushman and Mary McKenzie; April, Jennie French, C. Nell Parker, Cora Cushman, Lois Hutchins, and Emma Shepard; May, H. B. Austin, J. W. Brackett, J. H. Byron, N. P. Noble, D. F. Field, J. F. Hough, C. E. Parker, P. O. Hopkins, B. S. Elliott and C. M. Hoyt; June, Lucy Brackett, Addie Parker, Nellie Hough, Flora Bell and Rosie Kelley; September, Algie Pratt, Avilla Hersey, Flora Dennison, Jennie Dutton and Adelaide Beedy; October, Bertha Austin, Pearl Bubbier, Lillian Hoyt and Clara Field; November, Bertha Chandler, Esma True, Lydia Harnden, Pearl Field and Nellie Pratt; December, Cherry Pratt, Clara Noble, Sarah Bangs and Lucille French.

The present indications are that there will be something doing in the poultry line this year in Phillips and vicinity, in fact more than ever before. There has been an attempt to arouse sufficient interest to organize a local poultry association in this vicinity, but thus far without success, though such associations have proved a great benefit in other localities. Still, such an association will probably be formed here some time. Last year's pullets are laying well, and Charles Sweetser is said to have the banner flock in this respect, getting better than 30 eggs a day from about 50 hens and pullets. But others are doing well, and though eggs are comparatively cheap, there is a brisk demand for them. H. L. Goodwin has just disposed of his last broilers, and has one pullet setting in preparation for another lot. He has two incubators and another ordered, and will start them to go before long. He has sold several cockerels for good prices recently, through advertising in Maine Woods. He intends to raise 500 chickens for his own use, and probably will sell some day old chicks and do some custom hatching. A. W. Bean has 75 hens that are laying well, and intends to hatch a big lot of chickens this spring, also some ducks. Harry Dunham of Madrid did quite a business in chickens last year and intends to do more this. Mrs. Alberta Parker is taking a course of instruction in poultry culture, and hopes to do a large business eventually. Herbert Moody of Salem has as fine a lot of poultry as can be found in this section of Maine, and raised a fine lot of young stock last year. He intends to do the same this year, probably on a still larger scale than last year. Rev. W. A. Millett purchased an incubator last year and raised a fine lot of chickens, and undoubtedly will raise some more fine ones this year. Vance Doyen raised a lot of poultry last year, much of which was sent to market alive, and he will do the same this year, it is said. There are many others in this vicinity who are in the poultry business on a more or less extensive scale this year.

Sedentary habits, lack of outdoor exercise, insufficient mastication of food, constipation, a torpid liver, worry and anxiety, are the most common causes of stomach troubles. Correct your habits and take Chamberlain's Stomach and Liver Tablets and you will soon be well again. For sale by W. A. D. Cragin.
