To the Governor of Maine

Dear Sir

Deeming it important
that our forces in the field
should be officered by men who
have seen some service

I take
the liberty to commend to
you favourable notice Sergeant
W^m C. Phinney of Co. A, 5th Regt
Maine Vol's

Sergeant Phinney
enlisted and was mustered into
the U.S. service at the organization
of the 5th Regt as a private, he is
now orderly of Co. A,

He is worthy
and well qualified to fill any
position, to which by your pleasure

he may be appointed,
His promotion would give
general satisfaction to his
numerous friends in this vicinity

I also take the liberty to present
to your favourable notice
Sergeant James M Webb of
Co, H, 17th Regt who has served
in said regt since its organiz-
ation

He started as a private, is
now Orderly of his Co

If promoted
the service would gain a brave
and efficient officer

And be a just reward for meri-
torious and patriotic conduct

Yours Truly
