## BARN BURNS

An alarm was rung in from Box 34 about 3 o'clock Tuesday afternoon which proved to be the barn of George Lebarge on Brown street. The fire was supposed to have been caused by spontaneous combustion the hay having been put into the building when it was wet. The firemen were soon on the scene and chemicals were used to good advantage. The barn was entirely destroyed and the L was somewhat burned. A horse and two pigs were saved.

## R. STEVENS SAFE

Miss Marion Stevens has received a letter from the City National Bank of New York that her brother Robie had cabled to that institution that he and his staff were out of Russia and had arrived safely in Switzerland. The family were much relieved to receive this news as all sorts of rumors had been afloat as to their safety.

## IMPROVING DAILY

Mrs. Carrie Emmons received official notice of her son, Lieut. Albert W. Emmons of the 39th U. S. Infantry, being wounded Friday last and the following day received a cheery letter telling her that he was getting along splendidly. He was wounded some time in July a bullet penetrating the knee cap. This necessitated opening the front and back portion of the leg which was done and in two weeks Lieut. Emmons was able to walk out and can now do about one-half a day although it is doubtful if the ambitious young man will be able to go to the front again, he is getting along very much better than was expected and his many friends are rejoicing with his relatives that the wound was not of as serious a nature as it was at first thought to be.

Schools in this village resumed session Monday after the summer vacation.

At the High School Principal Burnham has returned and Mrs. Burnham has taken Miss Tucker's place. Miss Gladys Tilton has begun her duties for the fourth year, and Miss Annie Waldron's place has been filled by Miss Maxy.

There are eighteen in the Senior Class all girls, in the Junior class eleven girls and two boys, in the Sophomore class twenty and the Freshman class has twenty-five. A number of the young people have gone elsewhere to school.

The grammar school has 108 pupils with Miss Alice Varney as Principal and Miss Cole and Miss McLaughlin as assistants.

The Centennial Hill School 109 pupils divided as follows; Miss Young has 25, Miss Whitham 36 and Miss Melcher 48. Owing to the large number of pupils enrolled the rooms are altogether too small for comfort and convenience. For instance, there are but 37 desks and seats in Miss Melcher's room with 48 pupils to provide places for. The toilet conditions are not what they should be as these 48 pupils are obliged to go into Miss Whitham's room necessarily taking the attention of the pupils in that room from their work.

The Landing School has been closed and parents in that section are very much dissatisfied at having to send their small children on the trolleys and this of course has added to the crowded condition of the Centennial Hill School.

The Western Primary and Intermediate Schools are presided over by Miss Eva Straw, Miss Ward and Mrs. Whipple who succeeded, Miss Mousor resigned. They are not as crowded as the Centennial Hill School.

The West Kennebunk Grammar has Miss Brackett as the successor of Mrs. Nash and Miss Etta Bowdoin returned.

Miss Ethel Lovely will have charge of the music department in the schools. The writing teacher was requested to resign last June and no one will be appointed in her place.

By closing the Landing School and doing away with a teacher in penmanship quite a sum has been saved but it is doubtful whether the move was a wise one as there is much dissatisfaction among many of the parents and those interested in the welfare of the schools.

Even if we are living in wartimes public spirited citizens want the children of the town to have every possible educational advantage and can it be obtained with overcrowded and unsanitary conditions?

There are two kinds of criticisms—constructive and destructive it has always been the aim of the Enterprise to advance constructive criticism although it has been accused of doing the other.

The new Superintendent, Mr. Storer, is doing his level best to adjust all matters to the satisfaction of everybody concerned.

## War Board Rules

The War Board has ruled that the publishers of country weeklies discontinue all supercriptions that are more than three months in arrears, also discontinue all free lists except to advertisers and libraries, and exchanges outside of the county or the radius of forty miles. The Enterprise has done everything possible to assist in the requirements of the government, thus far and will continue to do so and we feel sure that we shall receive the hearty co-operation of our subscribers. We believe we are among the last of the weekly papers to retain our \$1.00 a year subscription price and we are going to hold to this price as long as possible.

### Enjoy Outing

Eleven grown ups and eight children enjoyed the regular monthly social of the Delta Alpha class at Old Falls last Thursday, the hostess being Mrs. Walter Smith.

### Leaves Sister at Port

George W. Milliken, who passed away at his home, Mt. View Farm, in Bar Mills Monday at the age of 74 years leaves a wife, daughter, two brothers, John of South Berwick and James L. of Saco also two sisters, Mrs. Samuel Simont of this village and Mrs. Frank Patridge of Buxton.

### Buys Durrell Place

Don Chamberlin has purchased the Durrell place on Dane street, and will soon move there with his family.

## Subscribers Attention!

We are obliged through recent rulings of the War Board to discontinue all subscriptions that are more than three months in arrears. We ask subscribers to assist us in every way. We do not wish to discontinue your paper but will be obliged to do so after this week if you are in arrears more than the time specified.

### AGRICULTURAL FIELD DAY AT HOLLIS CENTER

The first of its kind to be held in York County will be the big Agricultural Field Day, to be held all day Monday, September 16, at the farm of W. B. Deering, Hollis Center. Great plans are being made to offer entertainment to all who come. Among the many things being arranged are tractor demonstrations by well known machines, such as the Fordson, Cleveland and Avery; demonstration in selecting dairy stock and hogs. For the ladies there will be instructions in war-time cooking.

A fine program of music and speeches. Gov. Milliken will be present, if at all possible, and deliver an address. State Master W. J. Thompson will also be present to deliver an address.

Hollis Grange will furnish coffee to all who bring drinking cups and sugar. They will also have for sale light refreshments of fruit, ice cream and sandwiches.

If rainy, the Field Day will be held the first fair day.

### BIG CROWDS SEE AMERICAN BASEBALL IN LONDON

"As the latest wonder of the world London has taken to baseball," says a Committee on Public Information representative in London. "The English never before had much use for our great game. They called it an exaggerated form of rounders and wondered what the noise was all about, but the American and Canadian soldiers in England have been educating them."

A regular league of eight teams has started a summer schedule, and the English public is learning what it has missed. Big crowds witness the game which is played every Saturday, and the sport bids fair to become widely popular. Here is the way Thomas Burke, the short-story writer, reports a game in the London Star of recent date.

"Last week I discovered baseball. The match between the Army and Navy teams was my first glimpse of a pastime that has captivated a continent, and I can well understand its appeal to a modern temperament. Believe me, it's the good goods. And the crowd! I had heard and read much of baseball fans and their methods of rooting, but my conceptions were nothing near the real thing. The grandstands, crowded with Army and Navy fans, bristling with megaphones and tossing hats and demoniac faces, would have made a superb subject for a lithograph by Sir Frank Bragwyn.

"The game got hold of me before the first pitched ball. The players in their hybrid costumes and huge gloves, the catcher in his gas mask, and the movements of the teams as they practiced runs shook me with excitement. Then the game began and the rooting began. In past years I have attended various football matches in mining districts where the players came in for a certain amount of ragging, but they were church services compared with the furious abuse and hazing handed to any unfortunate who failed to play ball.

"There was, for example, an explosive, reverberating 'A-h-h-h-h' which I have been practicing in my back yard ever since, but without once catching its true quality. You should have heard Admiral Sims, as college yell leader, when the Navy made a home-run hit, with his 'Atta Boy; Oh, attaway to play ball,' and when they got an error he sure handed the Navy theirs.

"Yes, I've got it. From now on I'm a fan. I'm going to see every baseball match played anywhere near London. I shall never be able to watch with excitement a cricket or football match after this; it'd be like a tortoise race. Come along with me to the next match and join me in rooting and in killing the umpire."

## KENNEBUNKPORT

The village schools opened for the year's work on Monday. The only change in the teaching staff of the high school is the retirement of Walter E. Lane from the principalship, he having entered war industrial work, and the election in his place of Mr. Tucker. The other members of the faculty are Miss Annie Richards of Walnut Hill, Miss Hazel Moore of Fairfield and Miss Gertrude Lockwood of Lawrence, Mass. It is the intention to improve the commercial course very much, introducing, beside bookkeeping, shorthand and type-writing. A number of typewriters have already been provided for that purpose. The number of pupils in the high school shows a regrettable decrease, only six being now in the Senior class and but thirteen entering as Freshmen. It is hoped that others will take up the courses later. In the grammar school Miss Marguerite Benson succeeds Miss Nona Yexes. Last year Miss Benson taught at the Hutchins school. She is a graduate of the town high school, from which she went to the State Normal School at Gorham, completing the course offered by that school. In the intermediate school Miss Mary S. Twamly is again the teacher, as is Miss Gladys Hill in the Primary school.

The Board of Trustees of the Public Library held its monthly meeting on Monday evening. Fifteen members were present, with President H. L. Luques in the chair. The report of the Librarian showed a circulation of 865 books and periodicals during the preceding month. Recent gifts of books were received from W. J. Fegan, whose donation consisted of a choice edition of the works of Balzac in twenty-five volumes, together with a number of other select works: Mrs. W. J. Fegan, Mrs. Henry Gould, Miss Williams, Mrs. Dalley, Miss Grace Thayer and H. C. Durrell, the latter presenting already some nine bound volumes of the Outlook, and informing the Librarian that other volumes were to be sent later. A note from Congressman Goodall to Major Burrage announced that the bill to donate the old Custom House property to the town for library purposes was nearing the top of the file, and he hoped that it would be considered and acted upon favorably on the next Unanimous Calendar Monday, which would shortly occur unless some important legislation should demand special attention. Prior to the beginning of the meeting, Miss Florence Blunt, who has been summing in Kennebunkport and who spent considerable of her time in cataloguing the books of the library this season, as she did a year ago, explained to the Trustees the system under which the cataloguing was done and illustrated the process by calling attention to various classes of books. The task is almost completed, and puts the contents of the library within easy reach of those desiring to pursue any subject. A hearty vote of thanks was extended to Miss Blunt for her services. It was unanimously voted that the Red Cross have the use of the upper library room for the winter, as they had last winter. Among contemplated improvements is that of a two-sided bookcase which is to be especially constructed at the order of Mrs. Anson McKim. Steps are being taken to procure and have permanently bound the town reports running back to as early a date as possible. Any one having copies of these reports more than twenty years old would be conferring a favor upon the library by presenting them to the institution in order that complete sets may be obtained. As the years pass such a collection will be increasingly valuable. Arrangements are being made for showing choice views of Japan, the property of W. A. Rogers. This set consists of some one hundred and fifty slides which were gathered by Mr. Rogers during a recent extended visit to Japan. They will be shown to the public without charge under the auspices of the library at a date to be announced later, but within a few weeks.

Arthur Eldridge has been called to Camp Devens.

Several of our young men are planning to enter the University of Maine at Orono, among them being Chadbourne Ward, Stanley Perkins and Joseph McCabe.

By the end of this week most of the hotels will have closed for the season. Some of them, however, will remain open for a few weeks longer.

Pete Nace of Calais, who has been spending his vacation with Mrs. Straw at Kennebunkport returned home Monday of this week.

Last Sunday afternoon occurred the interment of Mrs. Betsey G., widow of Oliver B. Durrell. She was in her ninety-first year, having

been born in Kennebunk Nov. 26, 1827, and was the daughter of John Peabody and Elvira Wentworth. She had lived for many years in West Somerville, Mass., where she passed away. Funeral services were held in her home city and a committal service was performed at the grave by Rev. Thomas P. Baker. She was the mother of the late Oliver H. Durrell of the Brown Durrell Co. She was well known here, especially by the older people. In her life she was very active in religious and benevolent work.

Under the auspices of the local W. C. T. U., there will be a meeting in the Baptist church on Sunday evening, commencing at 7.30 o'clock. All the churches will join in this gathering. The speaker of the evening will be Miss Elizabeth P. Gordon of Boston. Miss Gordon is Associate Superintendent of Temperance and Missions for the National Woman's Christian Temperance Union and Superintendent of the Department of Institutes for the World's W. C. T. U. She is a speaker of great power and commands the interest and attention of her hearers from beginning to end of her discourses. It is a rare privilege to be able to listen to this gifted woman, who comes of a very gifted family.

Miss Clara E. Rollins and her daughter Miss Edna have gone to New York for a fortnight's visit.

Miss Ruth Pierce and Miss Marion Hurley have gone to Gorham, Me., where they will take the State normal course.

Mr. and Mrs. A. M. Wells, accompanied by their daughter and Miss Lillian Eldridge, have been spending a few days at Mt. Chocoma, N. H. They return Wednesday.

There was a severe frost on the lower lying land on Wednesday morning, much garden material being killed.

## SACO ROAD AND VICINITY

Fine cool weather and frosts are holding off. We hope there will be no frosts for a few more weeks and there will be a bountiful harvest. Potatoes generally are fine and large but are rotting bad in some localities. Apples seem to be plenty and after all there are many things to be thankful for.

Mrs. Albert Rand who is at the Webber Hospital is gaining slowly. At one time her life was despaired of. All will be glad to learn of her improvement.

## SUGAR IS NEEDED ABROAD

The time has come when we must, in so far as we are able, share and share alike with the Allies. We can and we must cut down our consumption of sugar in order that the meager rations of France and Italy may be maintained. Why not try to eliminate sugar from desserts? Use fruit in season for at least three dinners each week. For the others the United States Food Administration suggests the following:

## Chocolate Pudding:

1 quart milk  
2 oz. chocolate  
1 cup syrup  
1-3 cup cornstarch  
2 eggs  
1 teaspoon vanilla  
Heat milk in double boiler. Add chocolate and syrup. Moisten cornstarch with a little of the cold milk and add to hot mixture. Stir constantly until thick. Add slightly beaten eggs and vanilla and remove from heat. Turn in molds and chill.

## Lemon Jelly:

2 tablespoons plain gelatin  
1/2 cup cold water  
2 1/2 cups boiling water  
(2 cups boiling water if syrup or honey are used)

1 cup honey or  
1-3 cups corn sugar or  
1-2-3 cups syrup  
1/2 cup lemon juice  
Soak gelatin in cold water, dissolve in boiling water, add sweetening and lemon juice and strain. Turn into mold and chill.

## Vanilla Ice Cream:

1 quart thin cream  
3/4 cup honey or  
1 1/2 cups syrup  
1 1/2 tablespoons vanilla  
Mix ingredients and freeze. Serve plain or with fruit sauces.

## Chocolate Fruit Cookies:

1/4 cup fat  
3/4 cup syrup  
2 tablespoons grated chocolate  
1 egg  
1-2-3 cups barley flour  
1 teaspoon baking powder  
1/2 cup nutmeats  
1/2 cup raisins chopped fine  
Beat the fat and syrup together thoroughly and add melted chocolate and egg. Add dry ingredients sifted together, then fruit. Drop from spoon on a floured tin and bake in a hot oven until brown.

## Lemon Pie Filling:

2 1/2 cups water  
6 tablespoons cornstarch  
1 1/4 cups syrup  
1/2 cup lemon juice (3 lemons)  
1 1/4 teaspoons salt  
4 egg yolks (use 2 whites for meringue the other two can be used for a fruit whip)

Mix cornstarch with a little of the cold water. Add syrup to remainder of water and heat. Add salt and cornstarch mixture and stir constantly. When thickened add yolks slightly beaten. Then remove from stove and add lemon juice. This fills 2 pies.

## Meringue:

1/2 cup syrup  
2 egg whites  
Few grains salt  
1/4 teaspoon extract  
Heat syrup and allow it to boil until when allowed to drop from a spoon, the syrup spins a short thread (112 degrees Centigrade or 235 degrees Fahrenheit). Pour over the beaten egg whites to which the salt has been added, beating carefully all the time. Add flavoring, and continue beating. When cool spread over pie, and bake in a slow oven (150 degrees Centigrade or 300 degrees Fahrenheit) for 10 minutes or until thoroughly baked and of a delicate brown color.

## QUICK BREADS AND SUGAR-LESS CAKES

Barley and Rice Bread: (2 loaves)  
2 1/4 cups barley flour  
2 1/4 cups rice flour  
8 teaspoons baking powder  
1 teaspoon salt  
2 eggs  
1-1-3 cups milk  
1/2 cup corn syrup  
Sift together the dry ingredients. Beat the eggs, add the milk, syrup, and dry ingredients. Turn the mixture into greased pans, allow it to stand for ten minutes, and bake it in a slow oven from 1 to 1 1/2 hours.

Corn, Rice, Oats and Barley Bread: (2 loaves)  
2 cups cornmeal  
1 cup rice flour  
1 cup ground rolled oats  
1 cup barley flour  
8 teaspoons baking powder  
1/2 teaspoon soda  
1/2 teaspoon salt  
2 eggs  
3 cups milk  
1/2 cup molasses  
Sift together the dry ingredients. Beat the eggs, add the milk, the molasses, and the dry ingredients. Turn the mixture into greased pans, allow it to stand for ten minutes, and bake it in a slow oven from 1 to 1 1/2 hours.
