Grant us Thy Perm! Only thy peace—our summer time is over, The days of dreaming and delight are past; Heavy and chi'l the wiatry shadows gather: One boon we crave, the sweetest and the last, Grant us thy peace.

The New Year comes with festival and gladness, In happy homes he sits a smiling guest; But from his face we ture in sient anguish, We who have lost of the state of the states, Grant us thy peace.

To others give the cup of joy overflowing.
The bounding hope, the strength of noble strife;
We too, have known the sunshine of thy tavo;
Now in the storm and bitterness of life.

It is enough: be this henceforth our portion,
If less of earth, yet more of heaven and thee,
Until that hour of rapture and of triump's,
When Thy beloved voice shall set as free.
Grant us thy peace.

[Times Washington Dispatch.] NEW YORK, April 6.—The statement by Judge Curtis that the defence did not intend to introduce much oral testmony strengthens the belief that the 20th or 25th of April will witness the close of the trial. The testmony for that side is not expected to 90 years more than three or four days as to oc upy more than three or four days as to oc upy more than three or four days as all the wit reses but Rousseau will be here by Tuesday and the Senate will not wait for Rousseau. The arguments will therefore begin early next week and probably be concluded the same week. Two counsel on each side will argue the case. Curtis will open the case for the defence. Thursday Evarts will conduct the examination of witness. Bingham will cross examine for the managers. Evarts and Stanbery will close for the defence and Stanbery will close for the defence and Wilson and Bingham will close for the prosecution, Bingham making the closing

### The Grant Club Meeting.

The speech of Gen, John C. Caldwell be-The speech of Gen, John C. Candwen be-fore the Augusta Grant Club Tues, evening of last week was an eloquent and effective effort. The speaker handled in detail the subjects which constitute the stock in trade rie showed that a large portion of the Bonds were held in small parcels by farmers, mechanics, widows, orphans, and in trust funds. That of the remainder a large proportion was held in Europe, and in National Banks which pay high rates of taxation. The cry of the Democrats against the Republicans for extravagant expenditures was answered most ably and thorongly. The negro supremacy clamor of the rebels and their coperhead friends was conclusively met. It could be little cause of regret if lo, al black men should rule the homes of John C. Calhoun and Jefferson Davis—where were cradled repudiation and utilification, and where in the eyes of a majority of the whites, the flag of the Union was still regarded with scorn and contempt. The speech throughout was an admirable blending of stubborn facts with sharp criticism and expressive rhetoric.— We hope it will be delivered many times during the approaching campaign. - Ken-

MUSICAL INSTRUMENTS.—The Pranoforte has long been the popular home and concert instrume t, yet in point of swelling and sustaining the tones it is extremly defective. On instrume t, yet in point of swelling and sustaining the tones it is extremly defective. On account of this deficiency, music written in chords, or in a connected style, cannot be satisfactorily executed, as the long notes re uit in diminuendos where they should be sustained. The taste for the Organ and orchestral style of music is being rapidly developed, and widely diffused—and the time is approaching, when the demand for this sustained style of music will supersede the present Pinno compositions. There are no instruments capable of such fine expression in this style of music as the AMERICAN ORGANS, manufactured by Mes-rs, S-D. & H.W. Smith, of Boston. Their delicacy and variety in the volcing renders them susceptible of beautiful orchestral effects, by the skillful use of the tremolo and the improved knee swell, while the deep manual sub-bass which is added to the new styles, gives the closest resemblance to the pipe organ.—Boston Journal.

—Large Majority—Remarkable Gain.

[SPECIAL DISPATCH TO THE WORLD.] ELLSWORTH, Me., March 30. - Ellsworth, the shiretown of Hancock County. elects a Democratic Board of Selectine for the first time in fourteen years by an average majority of 150-a gain of more than 300 votes from September last.

A Report via Washington. [SPECIAL DESPATCH TO THE WORLD.]

WASHINGTON, March 30.-A private telegram, received here to-night from Ellsworth, Maine, says:
Ellsworth sustains Andrew Johuson by
an average majority of 150, a gain of more
than 300 votes from September last.

We understand that it cost \$8.00 to sen the above dispatch to President Johnson; and the question naturally arises whether "it pays?" We have a municipal election away "Down East," we get a little excited over some local matters, of taxation, of rum-selling, of temperance &c., &c., not one word is said about National or State politics, and the Democratic nominees are elected. The chairman of the board has acted with the Republicans for the last eight years, has been kept in office by them for the past six years, is an applicant now for Co. Commissioner at the hands of the same party, and claims that he is now a

Republican. We do not undertake to define his political status, we only state the facts as they are. The chairman of the Democratic caucus, asked the members of the caucus to nominate a part of the board from the Republicans, and we suppose the caucus acted upon his suggestion. It is certhat the town Treasurer, the town Clerk and the School Committee-man are straight out Republicans.

We give elsewhere the votes in detail It is no wonder that all the people did not wait on the streets all day to vote. Many of them went home, after voting once or twice. We claim to be something of a party man, but we did not get a chance to vote but twice during the day.

But what we want to ask the reasonable men of both parties is, what kind of a President have we, that he can be interested in, or influenced by the result of a town meeting down in Maine, or can suppose that it has any thing to do with his impeachment or non-impeachment. Miss C. Sawyer, AND PUT UP BY L. M. ROBBINS. Wholesale and Retail Druggist,

ROCKLAND, ME. Who is Miss Sawyer.

Miss Sawyer lives in the City of Bockland, Knoz County, Me. She has devoted the best years of her life to aursing the sick, and has had more experience in the cure of obstinate diseases, old sores and ulcers, and has also been consulted in more cases of accidents, such as Burns, Scalds and Bruises, than any other person in New England, professional or otherwise. She has competed successfully with the most able physicians in the States, as well as with nurses and Indian doctors. From time to time she has compounded remedies for usein diseases in her own practice. Among other compounds she has for many years made a Salve which soon obtained an extensive sale, and now is in great demand abroad, as well as in private families and among the hundreds of men signed at Rockland and vicinity in the hazardous business of quarrying rock and burning lime, and also among the seamen along the coast of Maine. So popular did it become that white it was only put up in old mustart boxes, without labels of the help of advertisements, Miss Sawyer received orders from nearly or quite every state in the Union. The demand finally became extensive that she became unable to meet it, and she made an arrangement with L. M. ROBBINS, a druggist of rockla nd, to take charge of the business and supply the trade. The agent is so well satisfied with the merits of the medicine that he guarantees it to cure all diseases for which it is recommended, and any one who gives it a trial according to directions, and is not satisfied, is invited to return the box, with half the contents, and the morey will be refunded. Full directions with each box. Who is Miss Sawyer

Recommendations. [From Mrs. Elizabeth Coombs, Brunswick.]

[From Mrs. Elizabeth Coombs, Brunswick.]

Brunswick, April 4.1867.

Miss Sawyer.—I received your letter last evening and was very glad you concluded to let me take your Salve. I think I can do well with it and it will be quite an accommodiation to my husband, as he cannot get along without it. He has tried everything else and has never found anything that healed his leg as that salve of yours, and we have both found it to be. We have had it in the family 5 or 6 years, and I have used it for everything, and can truly say we have never found its equal. I use it for weak back and it works like a charm. Mr. Coombs has had a Fever Sore on his leg for thirty years, and would be a cripple to-day if he had not found a remedy in your Salve. It keeps it healed, and takes out the inflamtion and proud flesh, and swelling, and does for him all that he can ask. I can recon mend it for a good many things that you have not, for I use it for everything. I consider it invaluable in a family. If you can put this testimony together, and if can be of service to you, you are welcome.

Yours, &c., ELIZABETH COOMSS.
