Sir,

Understanding, that the Council are at this time in session, I take the liberty to request, that the necessary measures may now be taken for drawing from the Treasury the sum of 1000 doll. for the benefit of the Medical School of Maine, as it is proposed to make a remittance to Europe for Books & Plates. The grant I believe was due the last month.

I am, Sir,

With Great Respect,

Your obed^t. Humble Serv^t.
