

SANDY RIVER IMPROVEMENT

This Hustling Railroad Thoroughly Up to Date.

As usual, the Sandy River railroad is hustling these days to keep up to date in every particular.

We are indebted to Mr. F. N. Beal, superintendent of the Sandy River railroad, for the information contained in the part of this article relating to the Sandy River road.

A new round house is being built by the side of the old house which will, when completed, double the capacity of the present house and will be more convenient besides. Another improvement is a new steel bridge which has been built across the Sandy river near this place. It is a bridge of very stable construction and a credit to its builders.

A new turn table is also being built at the Madrid station which will have granite foundations and all the latest devices for making a perfect table on which to turn the cars. A new turn table is also being built at the Berlin mill yards.

The coal shed here which is being built will have, when completed, a capacity of 700 tons, being 200 feet in length. A new track is soon to be laid from the Phillips station three miles up the line. The steel rails for this purpose have already been received in the yard, ready for laying.

Mr. Edward Greenwood, the master mechanic at the Sandy River repair shop, tells the WOODSMAN that F. & M. engine No. 2, is having a new fire box put in and other necessary repairs made. All the other engines of the system, eight in number, are now in good working order.

Since 1892, 10 box cars, 45 flat cars and two caboose cars have been built in the Phillips shop. All these cars are of modern patterns and have heavy castings, making them very strong and rigid. Just at present the Sandy River shop is building over the Phillips & Rangeley snow plows, so that that road will be well equipped with the coming of winter for the deep snows that are sure to fall little later.

Mr. Greenwood, who is an expert in his line, has been with the Sandy River railroad for nearly 15 years.

Up on the Franklin & Megantic railroad, George M. Vose of Kingfield, superintendent, there is something going on all the time. The WOODSMAN saw Mr. Vose at the Phillips fair, where he informs us that a crew of men were ballasting the road bed from Bigelow to Carrabassett, a distance of six miles. A \$50,000 trestle bridge will soon be built near the Hammond field to accommodate Prouty & Miller's lumber, of which some 6,000,000 feet will be hauled this winter.

Business over the Phillips & Rangeley railroad is very good this season and the company is constantly making improvements in the road bed and equipments.

There was no case for trial Tuesday afternoon and court adjourned early.

Deputy Earle R. Taylor drove into town from Stratton early Tuesday afternoon with a two-horse load of whisky, beer and wine that he had captured in the Dead River region for the past few weeks. It was a large load and attracted much attention as it was being placed in the county wine room in the basement of the court house.

Among the cases marked "trial" were the following: Lester L. Lothrop, appl. vs. International Paper Co.; George W. Wheeler vs. Lyman W. Smith Co.; John G. Coburn vs. Berlin Mills Co.; Gust A. A hearing was held in the county commissioners office in the court house Monday on the case of Henry Winter vs. the Sandy River Railroad Co. It was a referee case. H. S. Wing, Esq., of Kingfield was chosen by the Railroad Co.; S. Clifford Belcher by Winter and these two chose B. M. Small, Esq., as the third referee. Timberlake & Noble of Phillips represented the defendant railroad company, while Louis Voter and E. O. Greenleaf, Esqs., appeared for Mr. Winter. A long session was held in which some heated thoughts were expressed by the respective attorneys and then the case went to the referees. They have not handed in their decision as yet. Mr. Winter was asking for alleged damages caused him by fires alleged to have been set by the defendant company's locomotives at various times for the past six years. This case came before the last term of court, when both parties agreed to refer the matter to a board of arbitration, as above.

Court Notes.

Wednesday no case was tried, owing to unforeseen difficulties arising regarding witnesses.

Chief Justice Andrew P. Wiswell and his stenographer, Mr. C. O. Barrows, are always popular with Farmington people. The judge and his stenographer are at The Watlows through court.

PRETTY HOME WEDDING.

Miss Lelia Briggs and Mr Adelbert Locke Married.

Special correspondence to Maine Woodsman.
FARMINGTON, Sept. 27, 1905.

One of the prettiest home weddings that has graced Farmington society for a long time happened Wednesday at high noon when Miss Lelia E. Briggs and Adelbert Y. Locke, Esq., were united in marriage at the home of the bride's parents, Mr. and Mrs. George Briggs, by Rev. A. H. Coar. The double ring service was used.

The bridal party stood beneath an arch of evergreen in the darkened dining room. The best man was Hon. Louis Barker of Bangor and the maid of honor was Miss Addie Briggs, a sister of the bride. The bride carried buxom roses and was beautifully gowned in white habut silk, while Miss Briggs, the bridesmaid, was gowned in pink silk muslin.

Immediately following the ceremony punch was served in the sitting room by Miss Ethel Duntion of Lewiston and refreshments, consisting of ice cream, cake, cook, sandwiches, etc., were served in the dining room by Misses Mertie Hescok, Addie Briggs and Bernice Russell. The dining room was decorated in the bride's colors, red and green.

The happy couple left on the 2.25 train for Portland, their future home. A host of friends had assembled at the depot and their going was marked by a copious shower of rice.

Mr. and Mrs. Locke were the recipients of many beautiful gifts, principally of silver and cut glass.

Wednesday morning, on motion of E. E. Richards, Esq., Mr. Locke was admitted to Franklin County bar, he having studied law in Mr. Richards's office.

Westerner Entertained.

Mr. and Mrs. Fremont Scamman have been entertaining a party of cousins including Mr. Edward Worth Morse of Mt. Vernon, Ill., and Mrs. J. C. Lord of Lewiston.

Mr. Morse came to Maine by way of Atlantic City, N. J., where he attended the interesting and instructive meetings of the American Pharmaceutical association of which he is a member.

Mr. Morse is enthusiastic in praise of southern Illinois and particularly Mt. Vernon, where he is now located and engaged in laboratory work, and he gave many interesting accounts of the business methods and enterprise of the people of that section.

Although he has traveled extensively through the middle west, central and southern states, he unhesitatingly declared he had seen no more charming scenery than he found in the valley of our little Sandy river with old Saddle back range, Abram, Mt. Blue and many lesser peaks surrounding the village, "as the mountains are round about Jerusalem."

One delightful trip was a carriage drive to Weld and a picnic dinner on the way. The forests, "God's first temples" were clothed in gorgeous autumnal hues and nature was in her most cheerful mood. As the first glimpses of grand old Tumbledown and beautiful Lake Webb, its shores dotted with summer cottages, came into view, many were the exclamations of pleasure.

At Weld the party met another delegation of cousins and they were most hospitably entertained by Miss Mary Scamman, also by Mrs. Esther Scamman and Mr. John Sanborn. All unite in the wish that another reunion of cousins may take place in the near future.

Red Men at Bath.

Nearly a hundred chiefs, principally from the Kingfield, Phillips, Wilton and Farmington Tribes, I. O. R. M., accepted the invitation of Sanoa Tribe, No. 64, of Bath to their wigwam on Friday, Sept. 22, to witness the drills and examination of the second and third degrees by the Dirigo degree staff of Portland.

Those who arrived early in the day were shown through the Bath Iron Works as well as over the new battleship, Georgia, by invitation of the officers of the company.

After an elaborate shore supper the chiefs marched to Amory hall where the Dirigo staff entertained the boys in an excellent manner.

Among those present were Great Chief of Records Wm. E. St. John of Portland and officers of neighboring tribes.

The boys reported a most enjoyable trip and found in Bath a most hospitable people.

Weld.

Mr. and Mrs. Lemabod Howard from the Aroostook are visiting friends here.

Mr. and Mrs. N. D. Wing of East Madrid are visiting friends and relatives in Weld.

I. H. Buker has traded his chestnut pacer for a large brown mare to mate his best work horse. The span weigh nearly 2,800.

Mrs. Dora Jones finished her work at The Maples, Saturday, Sept. 16. She is going to work for Mrs. I. H. Buker a few weeks.

AMONG THE CHURCHES.

At the Union church Rev. Mr. Woodward preached, using words found in Luke xv, 17 and 18, "And when he came to himself, he said, I will arise and go to my father." These words you know, were said of the Prodigal Son. As you read the story you may also read between the lines, and see something of the home from which this son went. The father was evidently somewhat of the Paritan type, an upright man who loved a well directed orderly life. The training in this home was of a more strict character than found favor with the hot blood of youth, and the younger son desired to be free from its restraints.

His reckless manner of living and his importunities at last led the father to make a division of the estate, that this youth might be free to follow his wishes without entangling the entire property for he would not listen to counsel in pleading. The son had taken his share of the property, and glad to be away from restraint so irksome, had gone to a distant place where he might give rein to his lower impulses and indulge in debauchery and sin. Coming with abundance of money he found many companions who were ready to help in such plans, and to give him, as we would say in the language of today, "the time of his life." Recklessly they entered upon a course of debasing indulgence. At last his funds were gone and these companions who had satisfied their desires at the expense of his wealth now left him. Soon he found himself suffering from hunger and threatened with actual starvation. To such extreme need was he reduced that he finally hired himself out to watch and feed swine, the most abhorrent task that a Jew could know. So hungry was he, we are told, that he would have been glad to have eaten the food of the swine. And there in his deplorable condition he had a vision of himself. He saw his tattered garments, he saw his emaciated form, his degraded occupation. In that vision he came to himself and saw, not only the poverty of his physical surroundings and condition, but the poverty of soul that had made of him the miserable being that he was. The vision was to him his soul's awakening. He had thought himself happy and prosperous while his wealth remained, but he sees that even then he was poor and wretched. With his moral perceptions thus clarified he says, "I will arise and go unto my father?" The father together with his love for righteousness and for justice, has a father's heart, has a father's love for his erring child, and seeing him a long way off he runs to meet him.

All living creatures have what may be termed instinctive perceptions. The wild deer will make its way through the forest leaping over windfalls, scarcely seeming to see where its feet are placed, going through apparently impenetrable woodlands without mistep or accident. It has the instinctive perception of the wildwood. The carrier pigeon makes its way homeward hundreds of miles, following the instinctive impulses of its nature. Of woman it is said that she has not the faculty of judgment, but if that be so, she often has a kind of instinctive clearness of perception which will enable her to jump at a conclusion and arrive at a result nearer correct than that which a man reaches of using much logic and toiling through much reasoning.

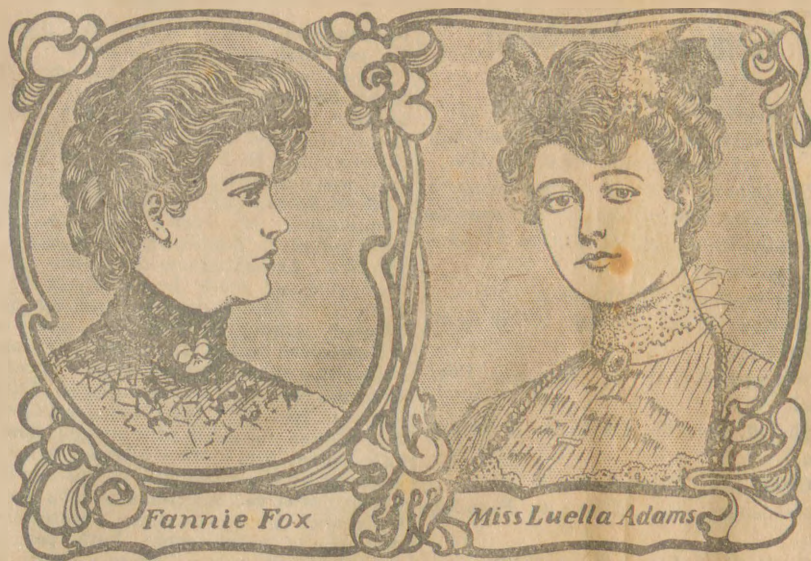

We judge of the moral character of acts by the degree of moral perception possessed by the one performing the act. There is no moral quality in the acts of animals for they have no moral perceptions. We do not hold the little baby guilty, for throwing some article upon the floor and breaking it. The unfortunate person born without mental capacity to distinguish between right and wrong and the lunatic we do not condemn for acts that result in harm. The normal mind, however, is capable of enlightened moral perception. The clearness of that perception depends largely upon surroundings and upon the earnestness with which we seek enlightenment. The child of a christian home, trained to serve God, listening each day to the reading of God's word, may find his way to the city and meet with temptation to enter into sins of which he has never heard and whose nature is unknown to him. But the clearness of moral vision that he gained in that pure home life will perceive the moral taint of the tempting suggestion or invitation.

The moral perceptions may also be blunted. It is said that a certain insensibility comes upon one who has fallen prey to a wild beast. It is related in the life of Livingston that he was once seized by an immense lion who crushed the bones of his arm and tore the flesh leaving marks by which his remains were afterward identified. Yet Livingston said after being rescued that while in the grasp of the lion he felt no dread, no terror. The beast seemed to put him in a state of anæsthesia depriving him of all sensation. It is probable that something like this occurs in the kindly providence of nature when one creature is attacked by another.

So in the spiritual life the grasp of sin blunts the faculty of moral perception and acts like a moral anæsthetic rendering us insensible to the danger and hurt of its presence. And sometimes we are in the grasp of sin while feeling ourselves free. Two men were talking together of a friend who had died of that dread disease, locomotor ataxia, which stealthily creeps upon a person till power of motion is lost in its deadly clutch. One, a physician, said to the other that there is a test by which one may know if this disease is fastened

Tumors Conquered Without Operations

Unqualified Success of Lydia E. Pinkham's Vegetable Compound in Cases of Mrs. Fox and Miss Adams.

One of the greatest triumphs of Lydia E. Pinkham's Vegetable Compound is the conquering of woman's dread enemy, Tumor.

So-called "wandering pains" may come from its early stages, or the presence of danger may be made manifest by excessive menstruation accompanied by unusual pain extending from the ovaries down the groin and thighs.

If you have mysterious pains, if there are indications of inflammation ulceration or displacement, don't wait for time to confirm your fears and go through the horrors of a hospital operation; secure Lydia E. Pinkham's Vegetable Compound right away and begin its use and write Mrs. Pinkham of Lynn, Mass., for advice.

Read these strong letters from grateful women who have been cured:

Dear Mrs. Pinkham:— (First Letter.) "In looking over your book I see that your medicine cures Tumor of the Uterus. I have been to a doctor and he tells me I have a tumor. I will be more than grateful if you can help me, as I do so dread an operation."

—Fannie D. Fox, 7 Chestnut St., Bradford, Pa.

Dear Mrs. Pinkham:— (Second Letter.) "I take the liberty to congratulate you on the success I have had with your wonderful medicine."

"Eighteen months ago my monthlies stopped. Shortly after I felt so badly I submitted to a thorough examination by a physician, and was told that I had a tumor in the uterus and would have to undergo an operation."

"I soon after read one of your advertisements and decided to give Lydia E. Pinkham's Vegetable Compound a trial. After taking five bottles as directed, the tumor is entirely gone. I have again been examined by a physician and he says I have no signs of a tumor now. It has also brought my monthlies around once more; and I am entirely well. I shall never be without a bottle of Lydia E. Pinkham's Vegetable Compound in the house."

—Miss Luella Adams, Colman Hotel, Seattle, Wash.

Such unquestionable testimony proves the value of Lydia E. Pinkham's Vegetable Compound and should give confidence and hope to every sick woman. Mrs. Pinkham invites all ailing women to write to her at Lynn, Mass., for advice.

Freeman Centre. Charles Eustis, wife and son are visiting Mrs. Eustis' parents in Dixfield. It is understood that Thaxter Cook has recently sold his place. The parties are unknown. Elwin Cook is visiting his parents, Mr. and Mrs. Harrison Cook. Ervin Newell, who is attending Gray's Business college at Portland, is in this place visiting friends and relatives. Charles Richards made a trip to Dead River last Thursday, returning Friday with a large 3 years old colt. Mrs. Laura Allen is visiting her daughters, Mrs. Walter Cook and Mrs. Alton Howard of New Vineyard. Mr. and Mrs. Lindsey Thompson have moved onto the place which Mr. Thompson recently bought. William Welch is at work with his horses at Nutting's mill in Strong. His son, Hevey, is doing carpenter work at Strong. George Allen recently visited in Winthrop and vicinity. He also attended State fair in Lewiston. Alex Campbell has returned from Rangeley. Mr. and Mrs. Campbell are receiving congratulations on the birth of a little daughter born Sept. 21. School is progressing finely under the instruction of Mrs. Frost of Norway. There are 17 scholars registered. Rev. Scott preached a very interesting sermon at Tuttle Corner schoolhouse last Sunday. There will be a meeting Oct. 8 at 2.30 p. m. It is hoped there will be a large attendance and all will be prompt in getting there. C. N. Blackwell dug from a strip of land one rod wide and twelve rods long 25 bushels of potatoes. Mr. Blackwell does not think it necessary to go to Aroostook to raise potatoes. Howard Libby and Miss Hattie Brown visited at Charles Richards last Sunday. Henry Richards has finished work at Dead River and returned home. Charles Richards built a chimney for C. N. Blackwell last week that was an O. K. job in every respect. Mr. Richards belongs to the fraternal order of Free Masons but he is not a mason by trade but the work he done was as good as any done by a mason of long experience.

Letter to C. F. Chendler. Phillips, Maine. Dear Sir: There are two sorts of furniture. You know both; for you sell 'em both. One sort looks better than it is, and the other is better than it looks. There isn't any other sort. The same, two sorts of paint, no more; and we make 'em both—we make tons of stuff that isn't worth its freight. Belongs to the business—have to. Belongs to your business—you have to. But this is aside. We put into cans, with our name on, the very best paint there is in the world: Devco lead-and-zinc. It takes fewer gallons than mixed paints and it wears twice as long as paint and oil.

Mr C O Brown, Columbia, S C, paints his house with Devco lead-and-zinc. The painter, on seeing the quantity sent to the house, said there wasn't enough. There were ten gallons left, when the job was done.

Yours truly F W DEVCO & Co New York

P. S. W. A. D. Craigin, Phillips, and Furber, Oakes & Quimby, Rangeley, sell our paint.

Are You Engaged?

Engaged people should remember that, after marriage, many quarrels can be avoided, by keeping their digestion in good condition with Electric Bitters. S. A. Brown, of Bennettsville, S. C. says: "For years, my wife suffered intensely from dyspepsia, complicated with a torpid liver, until she lost her strength and vigor, and became a mere wreck of her former self. Then she tried Electric Bitters, which helped her at once, and finally made her entirely well. She is now strong and healthy." W. A. D. Cragin, druggist, sells and guarantees them, at 50c a bottle.

This range is made by the White-Warner Co. of Taunton, Mass., in itself a guarantee of good faith, and is sold by dealers everywhere. All persons unfamiliar with its merits may secure upon application at this office, a full description of this remarkable range. The Woodsman in the last few years has sent out several of these ranges as prizes, and has never yet received a complaint.

HOW THE RANGES WILL BE DISTRIBUTED.

Range No. 1. To the Lady residing in Phillips, Avon or Madrid, receiving the most votes.
Range No. 2. To the Farmington Lady receiving the most votes. One ten pound Turkey will be given with each range.

CONDITIONS OF THE CONTEST.

One range and one ten pound turkey will be given to the lady receiving the highest number of votes in either contest. In case that two bona fide contestants do not appear in any contest, or that the total number of votes in any contest fails to reach 1,000, even if more than one contestant does appear, the prizes in that contest will be withdrawn, and will be awarded to the lady receiving the highest number of votes for second in the other contest.

One 30-vote coupon will be issued for every dollar and a half that is paid in on subscriptions for MAINE WOODSMAN, but no coupon will be issued for fractional parts of a dollar and a half, or for any subscription of less than a year. This applies either to old or to new subscribers. One 30 vote coupon for every dollar and a half paid, no more, no less.

To prevent trading among contestants those receiving coupons should fill them out at once, preferably with pen and ink. No coupons will be counted upon which two names have been written, even if one of these has been erased.

Any contestant is at liberty to canvass anywhere for subscriptions, no matter where she resides, but the printer must be a bona fide resident of a town in which the stove is to be awarded.

Everyone intending to enter this contest should write to this office for valuable instructions and for printed matter. The two ranges in this contest are full size, Quaker Home ranges, the latest pattern, fitted for either coal or wood, as desired, and they are among the best ranges for general service made. They will be delivered at freight depot nearest to residence of the winners. Quaker ranges may be seen on exhibition at the residence of J. W. Brackett in Phillips or at the store of the Gushee Furniture Company, Farmington.

FARMINGTON NEWS.

Special correspondence to Maine Woodsman. FARMINGTON, Sep. 26, 1905.

Head brakeman Dallas Steward of Maine Central train No. 38 and 91 going from Brunswick to Farmington was fatally injured Saturday morning while uncoupling cars at Leeds Junction. Mr. Steward lived about 20 minutes and spoke once to the trainmen. He said, just after the cars struck him, "I guess I'm hurt pretty bad, boys." At the time the cars struck Steward the shock was so great as to throw the contents of his stomach out of his mouth. His home was in West Farmington. He is survived by a wife, mother, brother and sister. His sister lives in Auburn. Coroner A. E. McDonough was summoned and took the body to Lewiston. A coroner's jury was sworn in and the matter will be looked up this week.

About 1 o'clock Saturday afternoon two boys at North Chesterville, Carl Robbins, aged 17 and Roy Hutchins, aged 15, were badly injured by the explosion of a dynamite cap. The boys had a cell or dry battery and thought they would try it in connection with the cap. As a result of their investigations three stitches had to be taken to close up a cut in the cheek of one of the young men while the other was badly out by flying pieces of the cap. Dr. Nichols, Makepeace and Howard attended the boys.

Deputy Sheriff Lester D. Eaton, assisted by Deputy Bryant of North Jay, raided the place of Chas. Bruiser, an Italian, Sunday afternoon. The deputies found 15 gallons of wine in one package, besides a large pitcherful on the bar. The place was filled with ten or a dozen men, mostly Italians, and a drinking. The hearing in the case of Chas. Bruiser was before Trial Justice R. H. Thompson of Jay Monday.

John Greene of Coplin was in town Monday and Tuesday on his way to Bowdoin.

Alton Robinson while playing football Saturday afternoon with the High school received a severe kick in the ankle. He is unable to step on his foot but gets along on crutches.

Dr. E. C. Merrill, Chas. E. Merrill of Hartford, Conn. returned Tuesday, after spending Saturday and Sunday at Redington.

Dar A. R. Merrill of Lynn, Mass., is attending his vacation with his mother, Mrs. E. J. Merrill of Popham street.

The Red Men of this town attended a meeting at Bath Friday evening, returning Saturday well satisfied with the trip.

The first football game of the season came along Saturday afternoon when the Farmington High school and Wilton Academy teams played a close game on the interval with the resulting score of 5 to 0, in favor of Farmington.

The game was opened by Wilton kicking to Farmington, Marsh getting the ball and making a 20 yard run, the by hard individual and team work the Farmington full back, Leon Fellows, making a center rush, made the only touch down of the game in the first half.

After a rest of 15 minutes the second half was opened by Farmington kicking to Wilton, by Wilton losing the ball Farmington made a 30 yard dash by their half back, George Clark, and later a 20 yard run by George Webster, half back.

The Farmington line-up was much stronger and the Wiltons were unable to break through at any time of the game. In the second half Ernest Webster, right tackle injured his knee and was taken from the game. His place was filled by Alton Robinson, who was soon laid up with a bad leg.

The line up: Hutchinson, 1 e; Whitney, 1 t; Bennett, e g; Clark, h b; Tardy, o; Nickerson, r g; E. Webster, r t; Richardson, r e; Marsh, g b; G. Webster, h b; Fellows, f b; Robinson, sub. r t.

The feminine contingent was nervous and the girls from Wilton cheered and waved flags, while the Farmington girls were equally enthusiastic about Farmington.

The High school cheering was led by Miss Vance, second assistant in the High school.

Harry Hinkley was timer and Dr. George Pratt was referee.

Farmington High School Notes.

For Thin, Poor Blood

You can trust a medicine tested 60 years! Sixty years of experience, think of that! Experience with Ayer's Sarsaparilla; the original Sarsaparilla; the strongest Sarsaparilla; the Sarsaparilla the doctors endorse for thin blood, weak nerves, general debility.

But even this grand old medicine cannot do its best work if the liver is inactive and the bowels constipated. For the best possible results, you should take laxative doses of Ayer's Pills while taking the Sarsaparilla. The liver will quickly respond, and so will the bowels.

Children's Spring Tonic.

After a long winter the children's blood flows sluggishly, the bowels are irregular and the channels of the body clogged. This is the chance for which disease has been lying in wait. No time should be lost in cleansing the blood and regulating the stomach with a good spring medicine. For children's ailments nothing equals Dr. True's Worm Expeller. It cleanses the whole system, a better spring medicine cannot be found. Twenty thousand bottles were sold in March alone. Price, 35c at all druggists.

West Freeman.

The high winds have blown away the autumn haze that rested softly on the distant hills and winter's icy fingers seem pointing at us through the chill blast, but we trust that many more bright sunny days await us before we are bound in winter's icy chain.

Farmers hereabouts are busy digging their potatoes, which seem to be turning out fairly well and some pieces are not rotting badly.

Mr. and Mrs. George Keef and children were callers at Brookside cottage Sunday.

Four of our young people were baptized in the stream near Mr. Nathaniel Willard's Sunday and three of them were received into the church. We understand that there are several more who will come forward to receive the rite of baptism later.

There seems to be a quiet but deep and strong religious feeling pervading the community and it is not confined to any one place or locality but the Spirit of God all over the land seems to be working upon men's hearts and turning them to himself and it does not seem to be fear nor excitement driving them but the love of God and the sweet reasonableness of his claim upon them leads them to see the exceeding sinfulness of refusing to give him their legal service and become coworkers with him.

We learn that at the Cushman school-house, where religious services are held, many have come forward and taken a stand for Christ and at one of the recent meetings out of some 60 present all but five took an active part and those five were young children. Let the good work go on and let us be careful that we help rather than hinder.

Services were held at Maple Grove (Tuttle's Corner) schoolhouse Sunday and although Rev. Mr. Scott lacked the inspiration of numbers he gave us one of the most helpful and inspiring sermons we have listened to for many a Sunday, choosing for his text the words in the 17th verse of the 5th chapter of Second Corinthians. We feel sorry for those who were unable to be present.

Services will be held in the same place again in two weeks and we hope that many more will be able to attend. And let us remember that we assemble to worship God as well as to listen to a sermon.

Miss Mabel Esther Couillard, who has spent a few weeks with us, started for her home in Massachusetts last Tuesday, making a brief tarry in Farmington, where she has many friends and stopping a short time in Buckfield, where she has a brother living.

S. S.

Reed's Mill.

It is expected there will be a baptism after the preaching service next Sunday. Solon Mechem was in the place on business Saturday.

Some pieces of potatoes in this section are rotting quite badly especially those that were planted on barneyard manure. Those planted on phosphate seem to be all right.

Mr. and Mrs. Geo. Stinchfield attended the anniversary of Mr. and Mrs. Leonard Kinney. They also attended the Pomona at New Vineyard.

Henry Goldsmith entertained four of the Quarterly meeting people at breakfast. A good oyster stew was served.

Mr. and Mrs. Roscoe Whitney were guests at W. S. Dunham's, Tuesday.

Mrs. Amanda Voter and Mrs. Cora Stinchfield were guests of Mrs. Laura Stinchfield recently.

Bonney Webber was in Boston on business recent y.

Quite a good number attended the meeting on Tory Hill, Sunday. A very helpful and interesting sermon was delivered by Rev. Mr. Freeze. The meetings have been very successful. Those attending from this church were Mr. and Mrs. Solomon Dunham, Mr. and Mrs. J. C. Wells, Mr. and Mrs. Morrill Wing, Mr. and Mrs. Frank Durham, Mr. and Mrs. Geo. Stinchfield, Mr. and Mrs. O. A. Dunham, Mr. and Mrs. Bonney Webber, Mr. T. R. Barker and sister.

Miss Anna Sargent has been visiting at home for a week. She will cook in a restaurant at Auburn this winter.

The Maine Woodsman.

Because fabulous sums are spent in advertising, some merchants think that it costs a fortune to keep any business before the public. They do not stop to think that advertising space can be bought like cloth or lard or soap—in any desired quantity, as one's business may demand. The man who is selling cigars from a small stand on the corner doesn't need as much space as a department store. But the proper space is just as essential to the best results in his business as is the big store's big ad. It doesn't cost much to buy a small space in the MAINE WOODSMAN—a space that is suitable for an unpretentious business. And, after all, it's not the size of the space, but what you put in it that counts. Start off with a little space and use it well and you'll need a big one by and by.

THE LIGHT OF OTHER DAYS.

Not very many years ago alcohol was used for lighting in combination with other fluids under the name of "Camphene," but it suffered banishment because it was too dangerous.

Alcohol is generally harmful when taken in the form of medicine, especially to a delicate system.

Dr. Pierce's tissue-rebuilding and function-strengthening plan of treatment is following after Nature's plan.

He uses natural remedies, that is native medicinal roots, prepared by processes wrought out by the expenditure of much time and money without the use of alcohol, and by skillful combination in the most exact proportions.

Used as one of the active ingredients of Dr. Pierce's Golden Medical Discovery, BLACK CHERRYBARK specially exerts its influence in cases of lung and bronchial troubles, and this "discovery" is, therefore, a sovereign remedy for bronchitis, laryngitis, chronic coughs, catarrh and kindred ailments.

The names of the medicinal ingredients of this world-famous remedy are: Golden Seal root, Queen's root, Stone root, Black Cherrybark, Bloodroot and Mandrake root.

"I have had such a wonderful experience with Dr. Pierce's Golden Medical Discovery that I do not hesitate to recommend it, believing it to be a wonderful medicine to build up the tissues of the system," writes Miss Jessie Brown, Secretary Emerson Literary Association, 426 Kermans Avenue, Appleton, Wis. "Worry and nervous troubles had completely run-down my health and strength, and no appetite, sleep badly, and was in a state of nervous collapse. I took several bottles in all, and each week knew that I was getting better and stronger, until finally I was as well and strong as I had ever been. I have the utmost faith and confidence in your medicine, and wish to thank you for my good health, which is a blessing to anyone."

For 21 one-cent stamps to cover cost of mailing, you can get a free copy of the "Common Sense Medical Adviser," paper covers; or cloth-bound for 31 stamps. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets should be used with "Golden Medical Discovery" whenever a laxative is required.
