LUMBERING IN PHILLIPS.

Portable Mill on Hood Farm Sawing Much Pine.

The M. A. Hood farm in this town is the scene of bustling lumbering activities just at present, which will continue for the next three or four weeks. On this farm is a strip of pine lumber, which has been bought by Mr. W. A. Cates of Orange Mass., and which is being worked by W. D. Buchanan, lumbermen of much experience.

The Woodsman called on Mr. Buchanan one day last week and spent an interesting half hour in looking over the property.

"We started up here Friday, October 13," said Mr. Buchanan, "and since that date we have sawed 85,000 feet of pine." "At the rate we are now cutting we can easily finish in three or four weeks." "After we finish here we are going over to the Badger lot, about two miles from the village on the other side of the river."

"There are about 50 acres of pine in this lot and its nice lumber, too." "We saw the trees down, then cut up in 14 foot lengths and they are ready for the saw in the mill."

"I want to show you one of the sleds we haul the lumber on from the woods," continued Mr. Buchanan. "This sled is 12 feet long and 7 feet wide." "The runners are shod with round hardwood saplings, and the whole concern slides over the ground very easily."

"We don't saw any dimension lumber." "The stuff we cut here is used for sash and blinds and is sawed 1 5-8 1 3-8 and 2 inches." "We saw from twelve to sixteen thousand feet of lumber daily."

"The lumber, when it comes from the saw goes onto that roller and is bounced off to one side, instead of going along the live rollers, as is usually the case." "That saw cuts up the slabs into stove wood and also cuts the strips that go between the boards in the piles of lumber."

"The main belt from the engine runs over the pulley on the slabs saw, thus killing two birds with one stone, as it were."

"What is the horse-power of the engine and boiler?" "Why the boiler is 40 horse-power and the engine 35, giving as ample power to run the mill." "All the lumber from this mill will be seasoned for a year before being shipped to the factory, where it will be ready for use."

"This engine is one that we have used six years, which is a long term of service for a portable engine." "In transporting these engines from place to place they are subject to many jolts and twists and are thus of necessity short lived."

"This lumber sells for from 20 to 23 per thousand feet in market."

The man who operates a portable saw mill is something like the Arabs in folding up his tent and silently stealing away, for after a tract of land is cleared of its lumber, then the mill man packs up and moves to another lumber lot. Everything about the mill is so arranged that it can be easily knocked down for transportation and it is indeed surprising how quickly everything about the place can be moved.

West Freeman.

We are now rejoicing over the snow, which at this writing is falling fast.

Miss Lillian Lake is in Farmington. Harry Lovejoy returned from Madrid Saturday night. We believe he did some horse trading while away.

Mr. and Mrs. Harry Lovejoy were callers at Maple Grove Sunday.

Mr. and Mrs. Osten Will hold a reception at their home in Freeman Valley, Saturday evening, Nov. 11. All their friends, relatives and neighbors are cordially invited to be present.

Farmers are complaining some that hay is not spending very well. If our memory is not defective we believe we hear that complaint about this time or a little later every year.

Mrs. Sumner Lovejoy is in quite poor health this fall.

Mr. and Mrs. Urban Savage are spending a few days at Mr. George Keef's.

This is the month that brings New England's grand festival and as the old lady said, it is about time to count up our "marsies." We shall find we have a good deal to be thankful for.

Bert Lake had the misfortune to lose a valuable calf a few days ago.

We hear that Charles Foss at Maple Grove corner found one of his cows dead the other morning. Cause of death unknown.

We often wonder what can be the

cause of so many farmers losing valuable cows and so often from no known cause.

George Keef traded his stylish gray coat, by Black Ledo, with Dr. Bell recently and has got in exchange as handsome a lady's driving horse as we have seen in many a day.

Mr. and Mrs. Charles Foss of Maple Grove corner spent a few days last week visiting relatives in Temple.

Gilbert Foss came home from the Great Works the other night with a handsome horse he had bought.

Are we going to lose our snow? Perhaps the farmers may be able to do more fall plowing yet and all would like to see rain to fill the streams and wells. Miss Edith Douglass of Eustis is visiting her sister, Mrs. Dannie Huff.

Bert Lake and George Willard are the proud and happy hunters who brought home the other day a fine buck deer dressing over 200 pounds. It was delicious eating we are told but our experience in the taste of deer meat is very limited. We once had an infinitesimal bit, not enough to judge of the quality and we remember once when dining at a friend's not a hundred miles from Rangeley lake of being served something that tasted unlike any fish, flesh or fowl that we were familiar with. It being close time we asked no questions, simply asked for a second helping.

Mr. and Mrs. Ralph Mairs were up from Farmington last week visiting Mrs. Mairs' parents. Mr. Mairs went out hunting and met with good success, bringing in a nice deer.

A. P. Huff slaughtered a fine fat hog a few days ago. We have not been able to learn its exact weight but we know he always raises big ones.

Mr. and Mrs. Lindsey Thompson from the other neighborhood were callers at Mr. and Mrs. Sumner Lovejoy's one day recently.

West Phillips.

The first snowstorm of the season came the 8th and measured 14 inches of very damp snow and loaded the trees so that it was almost impossible to travel in the woods. Notwithstanding, the eager local hunters were out in full force and several were taken.

Frank Toothaker and Bert Kempton started out and in one hour came in dragging a very large buck deer.

Fred Calden was on the warpath and came very suddenly upon a large buck deer. He very quickly shot him out and proceeded to bleed him when six legs were very soon badly mangled up and the deer was on his feet and started to leave

HATPERS FERRY, W. V. Nov. 16, 1905.
To the Editor of Maine Woodsman:

Our house is left to us desolate, since the departure of Mr. Wing and the Davenport but we still are awakened in the morning by the ringing voices of Samuel's roosters—I hear one now as I write—If the egg producing keeps pace with the crowing we shall be all right.

Some weeks ago I noticed an article in the MAINE WOODSMAN by Dr. William Prescott stating that about 1850 John D. Gough delivered a series of temperance lectures in Madrid and West Phillips. I wonder if Dr. Prescott has not mistaken John J. Jerald of Taunton, Mass., for John B. Gough. I remember John Jerald's lectures very well and I think he did good work in his first tour in North Franklin. I remember distinctly his comparison of the tipping habit to the eagle, who caught a serpent in her talons and bore him high in the air toward her nest in the mountains and I see the serpent coiling himself around the eagle, till in his deadly grasp falls lifeless to the earth.

Some years later Mr. Jerald made another tour, when he seemed to me to have lost in a measure the vigor of his earlier years. I heard John B. Gough at Lewiston, in 1861 or 2 and I am quite sure, I had never heard him before. Mr. Gough may have visited Madrid and West Phillips at some time when I was away at school, but I think I should have heard of it.

In Memoriam to Mrs. Louisa Chick.

With the love of her townspeople—in the death of Louisa Chick the town of Madrid loses one of its oldest citizens, and one who always had its interests at heart and in every way used her influence to further its development. She endeared herself to her townspeople by her many acts of kindness and strict adherence to duty. She was a faithful wife, devoted mother and kindly neighbor. One whose sole desire in life was to do good. She died, as she had lived, calmly and peacefully.

"Life's blessings all enjoyed, life's labors done,
Serenely to her final rest has passed;
While the soft memory of her virtues, yet,
Lingers like twilight hues, when the bright sun is set,
Her youth was innocent; her riper age,
Marked with some act of goodness, every day;
And watched by eyes that loved her, calm,
and sage,
Faded her late declining years away.
Cheerful she gave her being up, and went
To share the holy rest that waits a life well spent."

Staples Case Still on in California

WEST FREEMAN, Nov. 14, 1905.

To the Editor of Maine Woodsman:

As the Staples murder case in California drags its slow length along, many are the sensational stories that reach us but as we are in receipt of a paper every week from Jackson, the county seat where the trial was held, we do not give them much credence but wait for "the paper."

Our last paper dated Oct. 27 (we shall be in receipt of others before this is printed) contains notice that the "Transcript on Appeal" in the case had been printed and a corrected copy forwarded to the Supreme court. This little matter of printing only costs \$700. It makes a book of 826 pages besides 12 pages of index. About 50 copies were printed.

As we all know Dr. F. N. Staples still remains in jail under a suspended sentence of death waiting for the court's consent or refusal to grant a new trial. A telegram may bring the decision sooner than the paper will. S. S.

Wedding Reception.

A very pleasant social event occurred Friday evening, Oct. 27, of last week in Farmington when Mr. and Mrs. Warren T. Voter gave a reception for their son and wife, Mr. and Mrs. Arthur Voter who were recently married. The guests began to arrive at about 8 o'clock and were at once presented to the bride and groom by Mr. Roland Lowell, brother of the bride, and by Miss Mary Kenney. The bride who was formerly Miss Annie Lowell, wore her wedding dress which was of white muslin and lace. After the guests had all been received the company was entertained by music and readings. Delicious refreshments of both coffee, ice cream and cake were served.

The presents were numerous and valuable. Among the most most noticeable was an entire dinner set from the Chesterville Grange, and a china tea set from the Class of 1905 of the Farmington High School of which Mrs. Voter was a member.

After thanking their hostess for a very pleasant evening the guests departed wishing Mr. and Mrs. Arthur Voter many years of happy married life.

Farmington Normal School Building Where Franklin County Teachers Met Friday and Saturday.

We attended a very pleasant reception Saturday evening at Mr. and Mrs. O. V. Will's over in the valley, an account of which will appear later.

Mrs. Mary Small of Rumford Falls, with two of her daughters and their husbands, Mr. and Mrs. Henry Hall of Litchfield and Mr. and Mrs. D. V. Will of Freeman Valley, dined Sunday with their aunt, Mrs. Emma W. Hamblet at Maple Grove farm. S. S.

Avon.

Among those who have got deer in town are Messrs. Frank Savage, Fred Adams, Stanley Savage and Marshall Grover, the latter shooting his almost in his own dooryard and bring at another at the same time.

Mrs. F. A. Vining visited her daughter, Mrs. Chester Hight and other relatives in Secong recently.

John Adams is repairing his house by clapping and putting in new doors and windows.

F. A. Vining bought a nice yoke of oxen of E. Vining of Weld recently. School will close here this Friday, after a very successful term of 12 weeks, taught by Miss Eva Vining.

Carroll Russell is at home on a vacation.

Eighteen inches of snow have fallen on the hill taking all by surprise and even catching some without their houses being banked, but there is a prospect of using wagons again with the present warm weather.

W. E. Sampson placed a lot of fish in the tributaries of Mt. Blue pond recently from the Auburn hatchery. This is the second lot put there this fall.

Marshall Grover has two deer instead of one. Lots with two arms can't beat that.

Miss Eva Vining has just purchased a nice piano of W. H. Avery, the agent.

Hon. Harold M. Sewall of Bath spent Sunday with Fred Morton.

Miss Ada Vining is at Strong visiting relatives and friends.

Before Entering the High School, Prin. Fowler and Superintendent Wright.

All the subjects were well handled by the respective speakers and the meeting was one of the best in the history of the association.

At the business meeting the following officers were elected for the ensuing year:—

President, Principal I. C. Foss, Farmington; secretary, Miss Edith Talcott, New Vineyard; executive committee, Miss Lillian L. Lincoln, Farmington; Eliza T. Sewall, Farmington Falls; Miss Flora Deane, West Farmington.

When it came to selecting a place for next year's meeting the topic caused considerable discussion, but it was finally left in the hands of the committee of arrangements.

The Horace K. Turner art exhibit in one of the rooms of the Normal building was visited by many people. The collection comprised photographs, platinum prints, carbon prints, etc., of famous paintings, etc. The exhibit was very interesting.

Among the teachers present at the convention the Woodsman reporter noted the following: Alice E. Morse, Madison; Rena H. Hinds, Belle G. Sampson, Phillips; Mrs. E. T. Sewall, Nettie M. Sewall, Martin H. Fowler, Farmington; Daisy C. Davenport, Phillips; Winthrop H. Stanley, Stratton; Wilbur G. Mallett, Ethel L. Howard, Rose M. Grounder, Mabel E. Hunter, Farmington; Lillian Sweetser, Phillips; Effie E. Cawin, Marion E. Vance, Louise W. Richards, Farmington; Linwood C. Corson, Winnifred E. Hall, Calla Rowell, Kingfield; Ina M. Powers, Wilton; Bertha Agnes Hardon, Phillips; Harriet E. Walker, Farmington; Lena R. Lufkin, Ona M. Knapp, Wilton; A. D. Ingalls, Farmington; Madge E. Welch, Lura H. Dennison, Grace I. Bartlett, Edythe Hatch, Phillips; Lillian I. Lincoln, Farmington; Belle D. Williams, Jay; Marlon B. Wentworth, Edna E. Frost, Livermore Falls; May E.

that part of the country. Fred sprang for his rifle and pumped more lead into him and the hunter proceeded to finish his job.

Everett Hewey has shot one deer since the snow. Several others have been shot in this part of the town.

Frank Beal has a crew of men pressing hay in this section.

A general time of health on the BORDER.

Brackley-Pearry.

A very pretty wedding occurred in Avon Oct. 25 at Mr. Charles Peary's, the occasion being the marriage of his daughter, Grace, to Mr. Carrol H. Brackley. At 11 o'clock Miss Hunter began the wedding march. Mr. Stinchfield as best man and Miss Myrtle Peary as maid of honor led the march. The couples took their places under a beautiful arch of evergreen decorated with flowers. Rev. F. E. Freese performed the ceremony, after which the usual kind wishes were spoken and the wedding dinner was served. Then the happy couple started immediately on quite an extended wedding tour to Boston, New York and other places of interest. The bride was beautifully gowned, wore the bridal veil and carried a bouquet of flowers.

The young couple have the best wishes of a large circle of friends for a long and happy life.

The Great Freshet of '69.

ARKANSAS CITY, KAN., Oct. 24, 1905.

To the Editor of Maine Woodsman:

To make some corrections and add a little to Mr. Parker's notes is the object of this letter.

That the freshet of Oct. 4, 1869 was a stunner long to be remembered goes without saying. I can't vouch for the doughnuts or the prayer; that Joseph Church was there I have no doubt and that he and others went into the attic of that house, the one referred to by Mr. Parker I recollect well. It was only one story then and the water was up to the second course of shingles on the roof. It was believed that the enormous great chimney held the house down and prevented it going off in the great flood of water.

Mr. Parker says that the freshet carried away all of the bridges in Phillips and all between Phillips and Farmington. That's a mistake as I will show. The selectmen had a few days before the freshet let by contract the building over of two bridges, which had by reason of old age and wear become unsafe for travel. One of them was in the west part of the town and the other in the east part. Those two old wrecks did not go off but all the other bridges in the town were swept away by a deluge of destruction.

To show the depth and force of the water in the street in front of Comfort Cottage I will relate an incident. Two men were in a boat in the upper village, their objective point evidently being the lower village. They got down to the Elmwood where Fletcher Pope now lives. The water in the street, presumably being some two feet or more in depth and running with such force that the men in the boat found it impossible to control it, so they left the boat and sought safety for themselves. The boat was carried down street by the terrific force of the current and striking a maple tree near Selden Keene's in the middle, bent it around the tree where it remained and was seen in that condition by many the next day.

The wire bridge at Strong did not go. The river, we might as well call it a river, rushed on very swiftly down the street attacking the foundation of the Whitcomb house, now owned and occupied by Dr. Currier. It removed all the underpinning on the north side except a very few stones immediately under the front door which saved the house from tipping over into the street. The house was then occupied by Loren Worthley and family and they remained in the house through that fearful night. Now said wild river rushed down the declivity to the hollow in front of the blacksmith shop. Then and there it found more than its match in the rise of ground over which the lower village is located.

That the people of that village were more than thankful that night that their houses were located on pumpie stony ground at an elevation safe above the awful flood was very manifest. The water, stopped in the hollow above named, produced such a powerful swirl as to excavate a hole in the center of the street three or more feet deep and covering a surface of 50 to 100 feet, removing all the dirt and showing the great stone at the bottom very conspicuously. The water must have gone down the declivity through the field where the railroad fill now is.

One other incident I will name where the water was personally interested. The water run like a mill tail through the basement of the store, then a hammer shop, now occupied by Mr. Marchetti at the south end of the bridge. It removed all the foundation on the north side except one big stone in the middle of the building which just saved it from falling. Another hair-breadth escape. Many other incidents of the great freshet might be related. F.

84th Birthday Very Pleasantly Observed.

LAKE PLEASANT, MASS., Oct. 3, 1905.

To the Editor of Maine Woodsman:

On Monday, Oct. 2, Mrs. Julius A. Rice celebrated the 84th birthday of her mother, Mrs. P. G. Laughton. Cocoa, tea and cakes were served and a frosted and decorated birthday cake.

A beautiful inspirational poem with pleasant prophecies for the future was voiced by the veteran medium, Mrs. Bishop and a pleasant social gathering was much enjoyed.

Among the guests were the following: Mrs. Yaton, Mrs. Soper, Mrs. Bishop, Mrs. Dudley, Mrs. Waterhouse, Mrs. Porse, Mrs. Guilford, Mrs. Shirlev, Mrs. Bowman, Mrs. Woodruff, Mrs. Rounsance, Mrs. Powers, Mrs. Clapp, Mrs. Baldwin.

Madrid.

Thanksgiving Proclamation.
THE Thanksgiving proclamation for 1905 was issued Thursday by Governor Cobb. The text of the proclamation is as follows:

STATE OF MAINE.
By the Governor.
A PROCLAMATION.
The President of the United States has designated Thursday, November 30th, as a day for public thanksgiving and prayer. This custom originated in New England and has always been observed by the people of this state. Therefore, I, William T. Cobb, Governor of the state of Maine, do hereby appoint
THURSDAY, NOVEMBER THIRTIETH, INSTANT, THANKSGIVING DAY, and ask all those whose homes are here, to recognize the true spirit of the custom and mindful of their obligations to the needy; to manifest their grateful acknowledgement of the blessings of liberty, peace and public prosperity, which, under God, have been bestowed upon us all.
GIVEN at the Executive Chamber at Augusta, this ninth day of November, in the year of our Lord one thousand nine hundred and five and of the Independence of the United States of America the one hundred and thirtieth.
W. T. COBB.
By the Governor, with the advice and consent of the Council.
BYRON BOYD,
Secretary of State.

A HEN living in Switzerland laid her thousandth egg last Sunday and the entire commune turned out to do Biddy honor. Every house displayed flags and the villagers, headed by a band of music, marched to the house of the valiant hen's owner, where they had a banquet. The hen was not present, but her health was drunk with enthusiasm. This should be a lesson to the egg industry the world over.—Exchange.
In view of the prospect in town now for eggs, it might be well for us to get a few of these eggs for settings.

DENMAN THOMPSON, after having appeared in his role of Joshua Whitcomb in The Old Homestead for 20 years, has retired from the stage, temporarily at least. During the engagement of the company at the Boston theatre recently Mr. Thompson appeared only a portion of the time. He contracted a cold which developed into pneumonia and his illness at one time was critical. He is now convalescent. Mr. Thompson has decided, however, to withdraw from the stage during the present season permanently. His role in The Old Homestead will be assumed by William Lawrence, who has filled this place during Mr. Thompson's illness and who for some time past has been his understudy. Mr. Thompson will go to his home at Swansey, N. H.

To Cure a Cold in One Day.
Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. W. W. Groves' signature is on each box. 25c.

RANGELEY NEWS NOTES.

Special correspondence to Maine Woodsman.
RANGELEY, Nov. 14, 1905.
Mr. and Mrs. Fred York of Kingfield spent Sunday with friends in town.
The village schools closed Thursday to give the teachers an opportunity to attend the Teachers' convention at Farmington Friday and Saturday.
Mr. and Mrs. Bert Herrick have returned from their vacation. They visited Boston, Philadelphia, Washington and other places of interest.
G. M. Abbott has sold his wood sawing machine to Wm. Moore.
Mrs. Melvin Tibbets has returned home from Canton after an absence of several weeks.
A hunting party, consisting of Rev. and Mrs. E. H. Prescott, Rev. J. J. Hull and son, Mr. and Mrs. Almon Wilbur, went to South Rangeley for a week's hunting. They will occupy the camp known as Camp Anthony and hunt in surrounding forests.
Mrs. Della Lamb, who has been absent several weeks visiting friends in different parts of the state, returned home the last of the week.
Mr. and Mrs. Olin Kowe are keeping house for Rev. and Mrs. Prescott this week during their absence.
Mr. and Mrs. H. A. Look returned home last Thursday from a vacation of

three weeks spent in Massachusetts and different parts of Maine. They were accompanied by Mrs. Look's parents and sister, Capt. and Mrs. Charles Smith and Miss Smith of Vinalhaven. Mr. and Mrs. Smith remained with their daughter until Monday, when they returned home.
Mrs. Floyd Searles of Andover is boarding with her cousin, Mr. Guy Brooks and is learning dressmaking of Mrs. Emma McCard.
Mr. E. H. Whitney was sick a few days last week.
Rev. J. J. Hull, who preached at the church last Sunday, will speak again next Sunday at the Sunday morning service.
Mrs. Mary Vaughan, who has been spending several weeks with her daughter, Mrs. W. L. Butler, went to Wilton Wednesday of last week. She intends to start for North Carolina soon to spend the winter there and will be accompanied by her daughter, Mrs. Oscar Wilkins of Wilton.
The snow is nearly all gone and people have to go on wheels again.
Monday morning was almost as warm as summer. Tuesday morning the thermometer indicated zero. City cove was frozen over and the skating good on Haley pond.
Large flocks of robins were flying around the village during the mild days of last week and feasted on the mountain ash berries which are very abundant on several trees in the village.
Guy Hinkley had a very unpleasant experience one day last week. He went into the cellar and took a drink from what he supposed was a jug of cider, but proved to be washing fluid.

Dr. Parker promptly did what was possible to counteract the effects of the fluid, so that no serious results followed.
Miss Evelyn Howey, who has occupied a clerkship at the Hingham post office, has been appointed to a position in Hartford, Conn., and leaves here tomorrow to assume her duties. Miss Margaret Crehan has been restored to a position in the Hingham office to fill the vacancy.—Hingham (Mass.) Journal.
Miss Howey worked nine years in the Rangeley post office, where she was well liked by everyone. Since she resigned her position here she has worked as assistant postmistress in the Hingham office. She has an excellent position in East Hartford, Conn., which is a very pretty town on the Connecticut river opposite the city of Hartford. They have five mails in and out which go by trolley to Hartford.

Son Lost Mother.

"Consumption runs in our family, and through it I lost my Mother," writes E. B. Reid, of Harmony, Me. "For the past five years, however, on the slightest sign of Cough or Cold, I have taken Dr. King's New Discovery for Consumption which has saved me from serious lung trouble." His mother's death was a sad loss for Mr. Reid, but he learned that lung trouble must not be neglected, and how to cure it. Quickest relief and cure for coughs and colds. Price 50c and \$1.00; guaranteed at W. A. D. Cragin's, Phillips; C. E. Dyer's, Strong drug stores. Trial bottle free.

Fairbanks.

They have finished making cider at the mill for this fall.
George Thomas and his father did the mason work in the cellar of George Ranger's new house, which he is building. Mr. Ranger has a crew of men now at work on the building.
H. A. Compton recently visited in Lewiston and Portland.
The Sunday school are beginning to talk up a Christmas entertainment.
J. L. Hoyt and Will Streeter are at work on the railroad transfer.
The fields are covered with snow but the roads are bare.

Notice.

I hereby give my son, Ernest C. Wells, his time during the remainder of his minority. I shall pay none of his bills or collect his wages after this date.

Two Thanksgiving Dinners.
TWO QUAKER RANGES and
TWO TEN POUND TURKEYS.

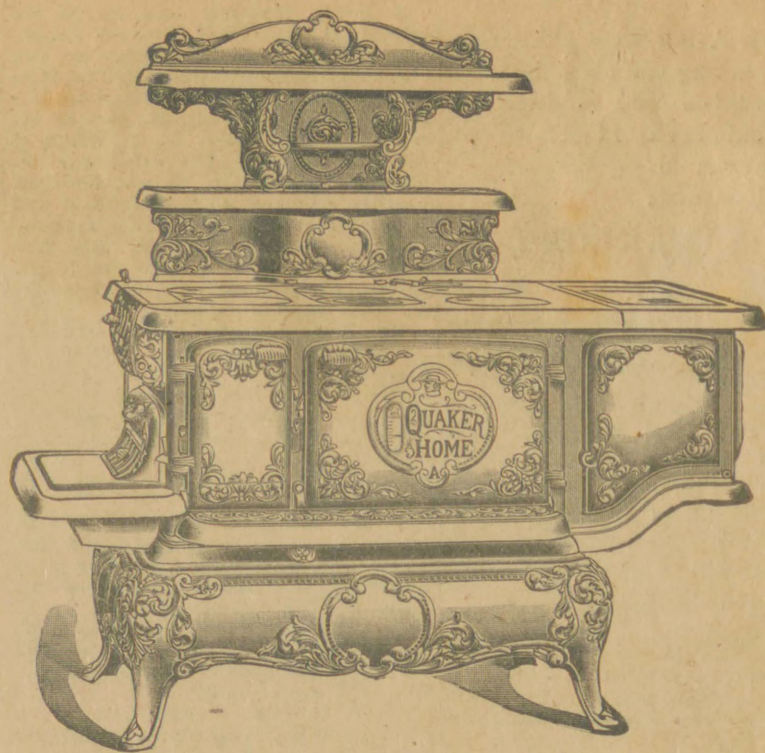

Quaker Range Contest Absolutely Without Parallel.

The MAINE WOODSMAN offers Two Prizes. Two Quaker Ranges and Two of the finest Ten Pound Turkeys that money can buy, to the two ladies who receive the most votes, under the conditions indicated below.

Two Quaker Ranges and Two Ten Pound Turkeys
In Two Contests.

A GREAT RANGE.

A GREAT RANGE.

The Quaker Range never has been beaten and never will be beaten as a sure and easy baker and cooker and an economical consumer for either coal, coke or wood. The Quaker Range is world famous and is well known to the good cooks of New England, who always have led and always will lead the world. This range is made by the White-Warner Co. of Taunton, Mass., in itself a guarantee of good faith, and is sold by dealers everywhere. All persons unfamiliar with its merits may secure upon application at this office, a full description of this remarkable range. The Woodsman in the last few years has sent out several of these ranges as prizes, and has never yet received a complaint.

HOW THE RANGES WILL BE DISTRIBUTED.

- Range No. 1. To the Lady residing in Phillips, Avon or Madrid, receiving the most votes.
- Range No. 2. To the Farmington Lady receiving the most votes. One ten pound Turkey will be given with each range.

CONDITIONS OF THE CONTEST.

One range and one ten pound turkey will be given to the lady receiving the highest number of votes in either contest. In case that two bona fide contestants do not appear in any contest, or that the total number of votes in any contest fails to reach 1,000, even if more than one contestant does appear, the prizes in that contest will be withdrawn, and will be awarded to the lady receiving the highest number of votes for second in the other contest.

One 30 vote coupon will be issued for every dollar and a half that is paid in on subscriptions for MAINE WOODSMAN, but no coupon will be issued for fractional parts of a dollar and a half, or for any subscription of less than a year. This applies either to old or to new subscribers. One 30 vote coupon for every dollar and a half paid, no more, no less.

To prevent trading among contestants those receiving coupons should fill them out at once, preferably with pen and ink. No coupons will be counted upon which two names have been written, even if one of these has been erased.

Any contestant is at liberty to canvas anywhere for subscriptions, no matter where she resides, but the prize winner must be a bona fide resident of a town in which the stove is to be awarded.

Everyone intending to enter this contest should write to this office for valuable instructions and for printed matter. The two ranges in this contest are full size, Quaker Home ranges, the latest pattern, fitted for either coal or wood, as desired, and they are among the best ranges for general service made. They will be delivered at freight depot nearest to residence of the winners. Quaker ranges may be seen on exhibition at the residence of J. W. Brackett in Phillips or at Fred P. Adams's, Farmington.

CONTEST CLOSES MONDAY, NOVEMBER 20, AT 6 P. M.

- Mrs. Cynthia Calden,540
- Mrs. George Brown,1530
- Mrs. Edgar Sampson, Avon,220
- Mrs. Zernie Webber,600

Farmington High School Notes.

The second meeting of the F. H. S. Debating society was held Nov. 3. The subject of the debate was: Resolved, That labor-saving machines are a benefit to the laboring class. Miss Field, '08 and Miss Wade, '06, were members on the affirmative and Mr. Blaisdell, '07, and Mr. Burdick, '08, were members on the negative. The merits of the question were 53 for the affirmative and two for the negative. The merits of the debate were 44 for the negative and seven for the affirmative. A very interesting program was also carried out. The papers were of much interest and were delivered well.

Last Thursday evening the Sophomores entertained the Freshmen in High School hall. Games were enjoyed and refreshments were served by members of the executive committee.

School did not keep on Friday on account of the County Teachers' convention.

Children's Spring Tonic.

After a long winter the children's blood flows sluggishly, the bowels are irregular and the channels of the body clogged. This is the chance for which disease has been lying in wait. No time should be lost in cleansing the blood and regulating the stomach with a good spring medicine. For children's ailments nothing equals Dr. True's Worm Elixir. A few doses will expel worms (any, and tone up the whole system. A better spring medicine cannot be found. Twenty thousand bottles sold in March alone. Price, 35c at all druggists.

Grange Notes.

North Franklin Grange held an all day's meeting Saturday, Nov. 11, which was very interesting, and largely attended.

At the appointed hour the meeting was called to order by the Worthy Master.

The third and fourth degrees were conferred, after which a bountiful dinner was served. The noon hour being spent order was again restored, and the following program carried out under the supervision of Adie Parker who acted as Lecturer: music, choir; reading, Evelyn Howland; song, Frank Toothaker, followed by a duet by Frank Toothaker and Cora Dodge; quotations, by a 1; remarks, Rev. Geo. Woodward; reading, Sarah Graffam; song, Lettie Gates, who responded to an encore; remarks, Rev. C. D. Crane; music, choir.

The Grange building has just received a coat of paint which improved it looks very much. The interest is good and applications presented at nearly every meeting. The subject in regard to starting a Grange store was brought up and quite extensively discussed. Thus closed a very pleasant and enjoyable meeting.

Byron.

Oscar Hobart of Portland was in town last week.

School at West end, taught by Mrs. Mattie Pratt and Center school taught by Miss Myrtella Smith closed last week.

A. S. Young got a bear into one of his traps recently, but Bruin got away by leaving one foot in the trap.

Joe Fouchette is moving into town and getting ready for his winter's logging.

Quite a number of deer have been shot on the recent snow. Joe Howard got one Monday. One or two were got near Hop city and several at Houghton.

Jack Tupper of Dixfield shot two bears on Bush mountain Saturday of last week. One evidently had been in a trap as one foot was missing.

John Dodd has his railroad job done near the Hop city siding.

Mr. Cola Conant killed a deer on the Gammon Hill Friday.

It is reported there have been more deer killed in town since the snow than ever before in the same length of time.

COL. F. E. BOOTHBY, general passenger and ticket agent of the Maine Central has recently returned from a delightful trip to Mexico with the General Passenger and Ticket Agents' Association. While there Col. Boothby was presented with a beautiful gavel which is described as follows by the distinguished archeologist of Mexico, Leopoldo Batres:

"The symbolic gavel which, as is customary, is today presented to you, and which will open the session of your association, is fashioned from priceless treasures of the mysterious civilization of prehistoric America. The head, which is of the finest porphyry, was carried by the High Priests of the Aztec temples during their mystic rites,

"The handle, made of purest gold, is artistically inlaid with amules of obsidian turquoise, bronze, pyrites, jade and bone. The one nearest the end of the handle is the mysterious 'Eye of the Gods,' which according to the belief of the ancients protected its owner from harm and evil. The one set near the mallet head was the distinctive badge of the military nobility, the 'Tonteti' or obsidian ring which was worn proudly hanging from the lower lip of the noble warrior.

Among the jewels are two small Gods sculptured in beautiful jade.

Each of the settings belong to a distinctive civilization. The obsidian to the Aztec, the turquoise to the Toltec, those of bone to the Tarasco and the bronze pyrites to the Zapoteca.

Oquossoc.

Miss Cylene Lowell of Greenville finished a most satisfactory term of nine weeks last Friday and both parents and scholars hope she will teach here again this winter.

Allen Sawyer has a new phonograph with a large number of the latest and best records.

Arthur Briggs shot a bear recently. A lumberman from Kennebago reports meeting one on the track one day last week and a number of persons have seen one and two about here.

If you have tried internal drugs and medicines (often injurious) without relief, just try

SANAZOL

LOTION AND SOAP

Positive Cure For All Skin Diseases.

The wonderful discovery of the famous specialist in skin diseases, A. J. Fulton, M. D., Brooklyn, N. Y.

Sanazol treatment is external only. During the hot weather those afflicted with skin eruptions and scaly skin diseases, suffer intensely. You can avoid this suffering and effect a cure by use of Sanazol.

Sufferers from eczema, lupus, herpes, ringworm, prurigo, scrofuloderma, skin cancer, pediculosis, psoriasis, ecchyma, lichen, syphilis and all other forms of ulcerative, scaly and parasitic skin diseases find immediate relief and permanent cure by the use of Sanazol. It removes pimples and blackheads and cures sweaty or itching feet.

Some of the now famous cures by Sanazol treatment were fully described in the New York World of March 9, and the Brooklyn Daily Eagle of March 29.

The Brooklyn Times of March 30, says: "Dr. Fulton is a practicing physician and a skin disease specialist. The Sanazol treatment is the latest cure and medical men are of the opinion that America has triumphed over Europe."

August Newman of Enfield street near Graves Place, Brooklyn, writes that he had been a sufferer from a skin eruption for eight years, called various names by different physicians. Finally he was induced, in sheer desperation, to try Sanazol. He enjoyed his first unbroken sleep after the first bottle of Sanazol. His reward for a conscientious treatment of this remedy for two months was complete cure.

Write for testimonial and full particulars of Sanazol. Treatment requires combined use of lotion and soap. Sent on receipt of price or at druggist.

Lotion full one-half pint, \$1.00; soap, 25c per cake or jar. Address Sanazol Laboratory, Dept. B, 4 100-102 Eiton St., Brooklyn, N. Y.

Weighty Professional Endorsements.

That the several American medicinal roots, the concentrated glyceric extracts of which make up Dr. Pierce's Golden Medical Discovery, have the strongest kind of endorsement by scores of leading medical writers of all the several schools of practice, a brief glance at the standard works on *Materia Medica* will show. Of Golden Seal root, which is one of the prominent ingredients of "Golden Medical Discovery," Dr. Roberts Bartholow, of Jefferson Medical College, says: "Very useful as a stomachic (stomach) tonic and in atonic dyspepsia. Cures gastric (stomach) catarrh and headaches accompanying same." He also mentions catarrh of the gall duct, jaundice and constipation as diseases which the use of Golden Seal root overcomes; also catarrh of the intestines, even when it has proceeded to ulceration, is remarkably benefited by Hydrastis (Golden Seal root).

Dr. Grover Coe, of New York, says: "Hydrastis (Golden Seal root) exercises an especial influence over mucous surfaces. Upon the liver it acts with equal certainty and efficacy. As a cholagogue (liver invigorator) it has few equals." Dr. Coe also advises it for affections of the spleen and other abdominal viscera generally, and for scrofulous and glandular diseases, cutaneous eruptions, indigestion, debility, chronic diarrhoea, constipation, also in several affections peculiar to women, and in all chronic derangements of the liver; also for chronic inflammation of bladder, for which Dr. Coe says "it is one of the most reliable agents of cure."

Prof. Hobart A. Hare, M. D., of the University of Pa., says of Golden Seal root that it is "of service in chronic catarrh of the stomach and bowels, following abuse of alcohol, and as a tonic after malarial fever." He further says, it "has a distinct anti-malarial influence." Also "good in all catarrhal conditions, as uterine catarrh, leucorrhoea, etc., and as a curative agent in chronic dyspepsia."

Prof. Laurence Johnson, M. D., of the Medical Department, University City of N. Y., is equally loud in his praise of Golden Seal root, especially for its tonic effects in convalescence from acute diseases and its special tonic influence upon mucous surfaces and upon the gall bladder.

Doctors Barton and Tully recommended Golden Seal root as a pure tonic and as an alternative in diseased conditions of the mucous membranes.

Prof. John King, M. D., late of Cincinnati, author of the *AMERICAN DISPENSATORY*, gives it a prominent place among medicinal agents, reiterates all the foregoing writers have said about it, as does also Prof. John M. Scudder, M. D., late of Cincinnati. Dr. Scudder says: "It stimulates the digestive processes and increases the assimilation of food. By these means the blood is enriched, * * * the consequent improvement on the glandular and nervous systems are natural results." Dr. Scudder further says, "in relation to its general effect upon the system, there is no medicine in use about which there is such general unanimity of opinion. It is universally regarded as the tonic, useful in all debilitated states * * *

Prof. Finley Ellingwood, M. D., of Bennett Medical College, Chicago, says of Golden Seal root: "It is a most superior remedy in catarrhal gastritis (inflammation of the stomach), chronic constipation, general debility, in convalescence from protracted fevers, in prostrating night-sweats. It is an important remedy in disorders of the womb." (This agent, Golden Seal root, is an important ingredient of Doctor Pierce's Favorite Prescription for woman's weaknesses, as well as of the "Golden Medical Discovery.") Dr. Ellingwood continues, "in all catarrhal conditions it is useful."

Much more, did space permit, could be quoted from prominent authorities as to the wonderful curative properties possessed by Golden Seal root.

We want to assure the reader that "Golden Medical Discovery" can be relied upon to do all that is claimed for Golden Seal root in the cure of all the various diseases as set forth in the above brief extracts, for its most prominent and important ingredient is Golden Seal root. This agent is, however, strongly reinforced, and its curative action greatly enhanced by the addition, in just the right proportion of Queen's root, Spone root, Black Cherrybark, Bloodroot, Mandrake root and chemically pure glycerine. All of these are happily and harmoniously blended into a most perfect pharmaceutical compound, now favorably known throughout most of the civilized countries of the world. Bear in mind that each and every ingredient entering in the "Discovery" has received the endorsement of the leading medical men of our land, who extol each article named above in the highest terms. What other medicine put up for sale through druggists can show any such professional endorsement? For dyspepsia, liver troubles, all chronic catarrhal affections of whatever name or nature, lingering coughs, bronchial, throat and lung affections, the "Discovery" can be relied upon as a sovereign remedy.

By reading the little book noted below any one will readily see the applicability of the "Golden Medical Discovery" to the cure of all the foregoing list of diseases as well as many other chronic affections, especially those of the heart, kidneys, bladder, skin and blood.

A little book of extracts treating of all the several ingredients entering into Dr. Pierce's medicines, being extracts from standard medical works, of the different schools of practice will be mailed free to any one asking (by postal card or letter), for the same, addressed to Dr. R. V. Pierce, Buffalo, N. Y., and giving the writer's full post-office address plainly written.

In cases of chronic ailments, attended by marked, or persistent, constipation, Dr. Pierce's Pleasant Pellets should be taken conjointly with the use of the "Golden Medical Discovery," to regulate the bowels. They act in harmony with the "Discovery," and will be found to be most valuable laxative, or, in fuller doses a cleansing cathartic.

Podophyllin, the active medicinal principle of Mandrake root, enters largely into the composition of the little sugar-coated "Pellets," in fact is one of their chief ingredients. They regulate the liver, stomach and bowels.

Be 'swift.

Be swift, dear heart, in loving,
For time is brief,
And thou may'st soon along life's highway
Keep step with grief.
Be swift, dear heart, in saying
The kindly word;
When ears are sealed, thy passionate plead-
ing
Will not be heard.
Be swift, dear heart, in doing
The gracious deed,
Lest soon they whom thou hast dearest
Be past the need.
Be swift, dear heart, in giving
The rare sweet flower,
Nor wait to heap with blooms the casket
In some sad hour.
Dear heart, be swift in loving—
Time speedeth on,
And all thy chance of blessed service
Will soon be gone.

F. Elden of Waterville. Rev. Joseph Battell Shepherd, rector of St. Paul's, performed the ceremony, which was attended only by the two families, owing to illness in the bride's family. There was no reception but the following cards were issued: Mr. and Mrs. William Marsh Stephenson announce the marriage of their daughter, Winnifred Marsh, to Mr. Alfred Owen Elden, on Wednesday, the eighth day of November, one thousand nine hundred and five, at Portland, Maine. At home after February first, 257 State street.—Exchange Mr. Stephenson, father of the bride, is well known in Phillips as he visited town for several years as a traveling man.

ACHED IN EVERY BONE.

Chicago Society Woman Who Was So Sick She Could Not Sleep or Eat, Cured by Doan's Kidney Pills.

When a woman's kidneys go wrong, her back gives out and every little task becomes a burden. She is tired, nervous, sleepless, run down—suffers daily from headache, heaviness, dizzy spells, and bearing-down pains.

Don't worry over imagined "female troubles." Cure the kidneys and you will be well. Read how to find the cure.

Marion Knight, of 33 N. Ashland Ave., Chicago, Ill., member of the Chicago Federation of Musicians and a well-known club woman, says: "This winter when I

started to use Doan's Kidney Pills I ached in every bone and had intense pains in the kidneys and pelvic organs. The urine was thick and cloudy, and I could barely eat enough to live. I felt a change for the better within a week. The second week I began eating heartily. I began to improve generally, and before seven weeks had passed I was well. I had spent hundreds of dollars for medicine that did not help me, but \$6 worth of Doan's Kidney Pills restored me to perfect health."

A FREE TRIAL of this great kidney medicine which cured Miss Knight will be mailed on application to any part of the United States. Address Foster-Milburn Co., Buffalo, N. Y. Sold by all druggists.

DRUGS AND MEDICINES.

What we do not know

It is really wonderful what a number of things we do not know. Many people will live in a city or even a little village a long time and numbers of prominent things escape their notice. Others notice them but not enough to describe them accurately. For instance: How many people in Phillips can tell how many basins are on the fountain in the schoolhouse yard? Who can tell what sort of a Drinking Fountain is near the church in the lower village? Who knows what color the band stand is painted? These, of course, are unimportant matters and people are not obliged to remember them. But here are some very, very important things to remember and will be convenient many times. It may save you a great deal of time to know where you can find a great many useful articles that some do not know are kept in town at all. Now at Cragin's, the Corner Store, can be found the Waterman Fountain Pen, the "Ideal" Pen for good work and the Boston "Safety" Fountain Pen, a new pen such as has never been shown in town until within a few weeks. Musical Instruments, Violins and Cases, Bows, Strings, Bridges, Keys, etc., etc. You can also find a nice Mandolin, Flutes, Harmonicas, Jewsharps, Bones and Tambourines. There are few lines of stationery in the country better than you can find here. And if Toilet articles are needed they can be found. Those Bath Mittens used with some of the elegantly perfumed toilet soaps are an inexpensive luxury that all can afford. And the line of Tooth, Nail and Hair Brushes is quite complete. Don't lose money by using an old pocketbook, which will not hold it, when you can get a new one here for a low price. If a book is wanted, all sorts can be found here. You can buy them at just as low prices as in any city. If you want Toys or Games for the children you can find them here and the display of Dolls is good to look at even if it is not yet time to buy Christmas Presents. And by the way, speaking of Holiday Goods, there will be a display of those when it is time, that will be good to look at. This store is responsible for a great many fine Photographs which have been made in this section during the summer just passed, for many of them have been made of materials sold here. Kodaks and supplies are always on hand and more have been sold this summer than for a long time before. Many people like to make a picture now and then by which to remember a certain place or recall some happy day or some country excursion. A Kodak is always ready for you to "press the button." Some people like candy and there is no better place to buy it than the Corner Store. If cheap candy is wanted one can get the usual mixture for ten cents a pound and if a really nice candy is needed there is "Huyler's" and "Lowney's" and "Holmes'," all good enough until some one makes better and when they do it can be found at the Corner Store, for there is always found the best of everything of its kind. Think this over and when you want nice goods, in anything sold there, go to the Corner Store and get it.

'Simmon Time.

Mammy thinks I'se pickin' cotton,
Daddy thinks I's stackin' cawn—
I ain' been a doin' nothin',
Not dis day, es sho's you bawn!

We don' hab Septembah wedder
'Ceptin' once, de whole yeah 'roun'—
How you 'spee' a boy to work now
Scupperongs is turnin' brown?

I know whar's de bigges' 's'mmons—
Tree des loaded, 'bout to pop!
When dey's ripe, me an Brer 'Possum
Sholy gwine to make 'em hop!

Dey kin des keep on a-callin',
Caze I's meanin' fo' to shirk—
Don' dey know dat in Septembah
I eyant was'e my time on work?
