## LAST DAYS.

### Franklin Fair This Year the Biggest Kind of a Success.

Franklin fair, held last week at Farmington, goes into history as the biggest kind of a success. Every day was an individual record breaker and the fair as a whole was the best ever in the annals of the society.

Thursday was the banner day of the fair and on that day it was estimated that at least ten thousand people were on the grounds. They came in all kinds of conveyances, from the primeval method of walking to the latest style of locomotion in the big motor cars. It was an orderly crowd all through the fair, only two arrests being made by Sheriff Coolidge's efficient deputies, for intoxication.

All the exhibits—the cattle, horses, bull exhibits, etc., were of a high order of excellence. The racing each afternoon was the best ever seen on the grounds, as each and every horse and driver seemed to be in the game to win, and therefore the old hints at "pulled" races, etc., were not heard.

The pike this year was a great collection of all the weird and wonderful sights and sounds that go to make up this very popular part of a county fair. There were fortune tellers, ring boards, striking machines, ten-cent shows, a merry-go-round and all the rest of the paraphernalia of a thoroughly up to the moment midway.

The officials of the fair are getting much praise from the satisfied public for the able manner in which they arranged and carried out the programme of the different events. They worked hard and untiringly to make the big fair a success and in proof of their work in this direction one has only to ask any fair goer his or her opinion, they will answer, "The best we ever saw on the grounds."

Over in the ladies' building about the noon hour Thursday at the Franklin County fair, the annual baby show was on.

In this show 17 of the flower and beauty of the extreme youth of this county were entered in dire competition.

As a rule the kids behaved well but the judges certainly had no cinch for the old Bible story of Solomon, the sword and the two women seemed likely to repeat itself at any moment. But they finally decided, however, and here's their verdict:

Florie Lucinda Johnson, aged 4 months, the daughter of Mr. and Mrs. Ephraim Johnson of South Strong, bore proudly off a silver mug, the first premium. Edward Raymond Bailey, the 5-months-old son of Mr. and Mrs. George Bailey of Farmington, captured second prize, a knife, fork and spoon, while Angie L. Rackliffe, the young daughter of Mr. and Mrs. E. P. Rackliffe of Farmington, took third money, a silver spoon.

The entries were: Merton Moody Lake, 6 months, Mrs. Harry Lake, Wilton; Harold Lyford Dill, Mrs. D. W. Dill, Farmington; Florence Lamkin, 5½ months, Mrs. Floyd Lamkin, Farmington; George Albert Jenkins, 4 months, Mrs. W. W. Jenkins, Temple; Samuel

Brackett Wing, 9 months, Mrs. T. R. Wing, Phillips; Frances Earle Hamlin, 7 months, Mrs. Dana Hamlin, Temple; Phyllis Ranger, 6 months, Mrs. J. V. Thompson, Wilton; Barbara L. Partridge, 6 months, Mrs. B. B. Partridge, North Chesterville; Carolyn M. Jones, 8 months, Mrs. Clifford Jones, Farmington; Muriel Roberts Farmer, 11 months, Mrs. Herbert Farmer, Wilton; John D. Jones, 8½ months, Mrs. J. D. Jones, Farmington; Eben Roscoe Farrington, 3 months, Mrs. Chas. Farrington, Chesterville.

The baby show was a great success and is becoming more and more popular each season.

### Horse Trot at Toothaker Park

At Toothaker park, Phillips, Thursday afternoon, Oct. 12, at 1 o'clock two races will be trotted: the 3 Minute class, purse \$50 and the 2 30 class, purse \$75. Trot will be governed by National rules and the entries will close Oct. 17. There will be a ball game with a purse of \$25, which is worth playing for Dance at Grange hall in the evening.

Excursion rates on narrow gauge trains as follows: Farmington and return, 50¢; Strong, 25¢; Rangeley, 75¢; Kingfield, 75¢; on regular trains. In addition to the regular trains, a special train will leave Phillips for Strong and Farmington after the races. If rainy the races will be postponed until the first fair day.

### From Samuel Farmer.

Special correspondence to Maine Woodsman. ARKANSAS CITY, KAN., Oct. 9, 1905.

Have been much gratified in seeing the enormous amount of summer travel in Maine the past summer. No one could imagine 40 years ago of the great future that was then coming to that then secluded section of our country. If it had been known then what was coming it would be far bigger than it is now. Of course the railroads have been the main cause of this great increase of wealth and prosperity, and I am glad to recall the fact of being one of the greatest promoters of the construction of the Sandy River railroad, for had that little road not been built all others leading up into that wilderness would not now be known. Probably the masses who are now enjoying such great blessings know little and care less for those who worked and struggled so hard to secure the Sandy River railroad, only for the benefit of the coming generations. But it is all the same and always has been, every generation is preparing for the next, and a big part of those who did so much to bring about what is now so gloriously being enjoyed have already passed to the unknown and what are left will soon join the throng.

And now we were pained on hearing of the death of our esteemed friend, Raymond Toothaker, and one of the four of us in Phillips who were born in 1828, namely, Nathaniel Beal, James Butterfield, Ray Toothaker, and the writer, whose lot it is to be the last to go. It may be that the changing climate has lengthened our days, and compelled to believe it is a fact, as we never enjoyed better health than now.

Our friends B. Farrar and wife, have returned from their extended visit in their native home, looking refreshed and claim to have enjoyed the summer exceedingly well.

It is just the way all people living mid way from Maine to California that have passed the labor mark to spend the hot period in summer in Maine and the extreme cold period in winter in California where the climate in winter is like June and September. It costs less to go to California than to Maine only \$25, one way. We predict in the quite near future, the people will get up companies and charter cars at greatly reduced rates to Maine and California and return any time within four months for one fare the round trip and possibly much less, should the people own the railroads. We believe the extreme heat and cold shorten the lives of many people, both old and young. Why not have as much sense as geese? It seems the hot turn is passed and much cooler weather is being enjoyed with no frosts as yet. The bountiful rains have left the ground in grand order for drilling in the wheat which is sure to get a good stand and is nearly all planted now. Some places are all ready up and looking green. Last year it was very dry and the late sown did not come up till spring in this section, consequently no more than half a crop was had this year, yet the crops of both corn and wheat throughout the state are most bountiful. The wheat is estimated at 704,447,000 bushels and corn 250,000,000 bushels, and taking corn and wheat together have never had better crops in Kansas. This assures good times for one year more at least. The bountiful crops are what bring prosperity and not politics or religion.

Our good president, Roosevelt, and W. J. Bryan seem to be coming together in opposition to capitalism and in favor of the people having control of our National affairs, the foundation of which is real socialism and not dividing up.

### Avon Elms and California Redwoods.

PORTERVILLE, CAL., Sept. 6, 1905. To the Editor of Maine Woodsman:

I have been much interested in reading the MAINE WOODSMAN which reaches me quite regularly through a friend. I am interested to hear about those big elms in Avon because I was born and lived to manhood in that town.

Those elms were fine trees when I last saw them some forty years ago and as they doubtless have grown a good deal since then they must be very large trees now.

But when it comes to bragging about big trees Avon "isn't in it," nor any

other place I have ever heard of, when compared with the big trees of California. I live within thirty miles of the "Giant Redwood", (Gigantia Sequoia.)

Some of these trees measure from sixty to seventy-five feet around, measured as high as one can reach. The spread of the roots affects the girth up to from twelve to fifteen or eighteen feet. Enclosed I send you a clipping from the San Francisco Chronicle relative to one measuring twenty-seven feet in diameter, now being cut in Humboldt county. The largest one in this county measures seventy-two feet, six feet from the ground and no doubt would equal in size the Humboldt county tree at four feet from the ground.

These trees grow only at the height of from six thousand to eight thousand feet.

They are estimated to be from twenty-five hundred to four thousand years old. The largest ones generally exceed two hundred feet in height.

One can hardly form an idea of their immensity without seeing them, the following figures will help somewhat to do so.

A man who owns many of them is cutting out a room in one of them. This he does with a long auger boring across the tree at the floor, at the ceiling or top and once between, and splitting out the wood between the borings. He will leave a rim two feet through all around the tree and have a room four feet in diameter. I have been in several times though it is not nearly completed yet.

This man worked up into fence posts a down tree last year which made about ten thousand posts 4x6 in diameter and 7 feet long and brought him \$1020, when down to Springfield the nearest town. He cleared about \$700 on the posts from this old down tree which may have been down a hundred years or more for the redwood never rots other than the sap which is a thin shell around the tree.

The stump of the piece which was exhibited at the Centennial in Philadelphia stands beside the road and is annually visited by hundreds of people who have carved their names in this blackened monster stump. It is blackened by fire which a young man set out of spite because he was not invited to a celebration held on it at the time the log was started for Phila. He set the tons of chips about its base on fire hoping to destroy it or at least to so mar it as to spoil the celebration. Fires have eaten great holes in most of these old giants of the forest. One called The Wishbone is entirely burned through. A large four horse team with a three seated carriage can be driven right through it.

The method of felling these trees is quite interesting. A staging from twelve to eighteen feet high is built around the tree on which the men work. They first chop in on one side as far as they can with long handled axes one man chopping "right handed" and one "left-handed." They then saw in from the opposite side with a long cross cut saw made especially long (fifteen feet or more) driving many iron wedges behind the saw as they get in far enough, sometimes if the tree does not lean it is almost impossible to start it.

I have seen one that is said to be cut entirely off and is still standing though cut several years ago. It is dead and certainly looks as though the saw had been through it. Many wedges are still in it.

One cut from one of these trees will make enough fence posts 4x6 in 7 feet long to fence in 160 acres of land with posts one rod apart. If any of my friends in old Franklin county think I have become a California liar I will hitch up old Dou and Carlos any day they call on me and take them up to these trees and prove all I have said and show them other fine sights in the Sierras.

### Town Meeting.

At a special town meeting at the townhouse last Saturday Harry F. Beedy served as moderator and Cony L. Hoyt, the town clerk, was present. After considerable discussion the town voted to build a sewer from the schoolhouse to Sandy River and instructed the selectmen to take the necessary steps toward that end. The meeting also instructed the selectmen to hire money for the purpose up to \$400.

The selectmen were also instructed to purchase an iron water tub not to exceed \$150 in cost, to be put in the Union church square.

### Freeman.

Miss Augusta Richards is at home from Rumford Falls for a short visit with relatives.

Mrs. S. M. Niles visited relatives in Farmington and Wilton the past week. A. P. Richards and Phil Richards are doing mason work at Strong.

Mrs. F. M. Weymouth visited friends in Farmington last week.

N. C. Burbank saw a large deer with a very pretty set of antlers within a few feet of him on his way to Strong the first day of open season. He regrets that he did not have a rifle with him.

### Millinery Opening.

As usual a large number were in attendance at the millinery opening at the store of Mr. George B. Sedgeley and many handsome hats were shown by the Misses Timberlake and Bangs.

One of the noticeable hats was a Paris hat, one of the new shapes that lifts in the back and had a decided tilt over the eyes trimmed with jet sprays with a draping of fine black lace, with loops and ends in the back.

One of the attractive hats was a turban of velvet and chenille in shades of gray, with shaded gray plumes and a rosette of gray maline and salmon colored silk.

Reds are good this fall and two very chic red hats were shown. One was an extremely small turban made of alternate rows of velvet and chenille with red wings and the other a broader hat of chenille and liberty silk, rolling in the back trimmed with ribbon and a big red bird.

An olive green flat bent into a peculiar shape attracted a great deal of attention. This was trimmed with wings and shades of green and brown and shaded green ribbon.

A very handsome child's hat was a broad flat in the new Alice blue shade and was trimmed with very broad fancy wings and shaded blue ribbon.

Miss Timberlake says, Hats of all one color are good this year. The polo turban holds its own and is not trimmed so severe as in the summer.

Hats are decidedly smaller and a great many of them have a decided cant over the eyes with deep bandeaux and elaborate trimming in the back.

Wings of enormous size are being worn and as many breasts are being worn this season as there were four years ago.

Alice blue, reseda and olive green and plum colors are the new shades. White, brown and blue are still very popular.

They are showing their usual select array of stocks, belts and a new line of bead chains. They also have a line of dress trimmings from a New York firm who make these a specialty that are among the up to date novelties.

### Malinda "Yawed" Her Mouth and Harden Cut His Hand.

M. W. Harden met with a very painful accident last week. In an attempt to open a bottle of witch hazel with a cork screw, the bottle broke in two near the top and Mr. Harden's hand closed tight on the ragged glass. The result was a long gash in the palm of his hand. Dr. Hilton found it necessary to take several stitches in the wound. At about the time Mr. Harden cut himself Willie Steward, who works for him, drove up to the door of the barber shop with Mr. Harden's horse so all he had to do was to step in his wagon and be driven to the doctor. He discovered, however, that the old mare had a stone in her shoe and went dead lame. Nevertheless she "limped" him to the doctor's office.

Mr. Harden says that when he was trying to get to the doctor's office with a lame horse and blood flowing fast from arteries in his hand, he remembered vividly about the experience of a former citizen of the town who long ago passed away. Said former citizen of Phillips had a grown up daughter who, in attempting to gap, locked her mouth wide open in such a way that she couldn't close it. Her father started for the doctor's office with his daughter sitting beside him with her mouth wide open. He drove as fast as he could but one hind wheel soon stuck and he could make but very poor progress. He drove up to a neighbor's house and said he wanted to borrow a wagon at once, that Malinda had "yawed" her mouth open so she couldn't get it shut and his darned old hind wheel had stuck so he couldn't get her to the doctor's.

### Here's Health and Happiness.

Man's inhumanity to man, makes countless thousands mourn." In contrast to this well known phrase, think of the joy and happiness brought into the world by the one who alleviates the sufferings of his fellowmen! More than fifty years ago, Dr. True compounded an elixir which acted as a tonic, an invigorator, and an expeller of worms in children or adults. He met with such success in his practice that he was influenced to place his famous discovery on the market, so that the thousands of mothers all over the land could procure it. It has become so well known that today there is hardly a hamlet in the country where Dr. True's Elixir has not its long record of cures for all kinds of liver, stomach and bowel complaints, both in children and adults. It is likewise the greatest remedy known for the expulsion of worms. Their booklet, "Children and Their Diseases," is a publication which every mother should keep at hand. Dr. J. F. True & Co., Auburn, Maine, are the publishers and will mail a copy free to readers of this paper.

AMONG THE CHURCHES.

Rev. Mr. Woodward at the Union church took for his text a clause from Isa. xliii, 2, "When thou walkest through the fire, thou shalt not be burned."

This text calls to mind the incident of the Hebrew captives cast into a fiery furnace at the command of Nebuchadnezzar. This king as you read in the third chapter of the book of Daniel, caused to be made an immense image of himself and it was set up in the plain of Dura near Babylon. Then the command was given that at the sound of music all should fall down and worship this image of King Nebuchadnezzar. There came the sound of cornet, of flute, of harp and of many a kind of music and with true oriental servility the people bowed themselves according to the command of the king.

But soon there came messengers to the king who with servile flattery told him that in the throng were found three men who did not bow as he had decreed. These were not from among the free-born or royal families of Babylon, but were captives, slaves, from a conquered nation.

Then in a great rage Nebuchadnezzar ordered that they be brought before him. His command was obeyed and he asked if this action was intentional or was there some mistake in their understanding of the decree. It was incredible that any one should deliberately disregard his command. However the music should again be heard and there should be opportunity for them to comply with his will. But the Hebrews answered that there was no mistake. They had known what the king required but he was to know that they would not worship his gods or bow down to his image. We are told that Nebuchadnezzar was full of fury and the form of his visage was changed toward them. In his wrath he commanded that the furnace be heated seven times as hot as usual. The furnace was heated and these were thrown in. So intense was the heat that it also scorched the king who came to the mouth of the furnace to cast them in. Nebuchadnezzar looking down upon the furnace was startled by the sight that met his gaze. In haste he called to him his counsellors and asked, "Did not we cast three men bound into the midst of the fire?" He said that now there were four walking unharmed and the form of the fourth was like a son of the gods. Hastening to the furnace the king called to the captives to come forth and unscathed they came from the fire with not even the smell of burning upon their clothes. And the king acknowledged that no other God can deliver after that fashion.

Now we see today that Christians may go unscathed through fires of temptation where others are destroyed. That they may be surrounded by sin in dreadful forms, and yet be untouched by it. We take this text, "When thou walkest through the fire thou shalt not be burned," as a promise for these days, and ask what is the Christian's protection?

First let me name, his companionships. He is in good company. The people about him, in the church, in the various activities connected with the church, are such as will help him in ways and works of righteousness. Before the late war in the east there was built for the Russian government an armored cruiser, the Variag. The length of the vessel was more than 500 feet. From stem to stern, from deck to water line, her sides were covered with plates of steel four or five inches in thickness. Her equipment of guns was almost equal to that of a battleship. On the opening of the war the Variag with a gunboat was sent to a harbor of Korea. The strong fleets of the Russian warships were at Port Arthur and Vladivostok. The ships of Japan with forces outnumbering the men upon the Variag two or three to one appeared against these two vessels isolated from their own squadrons, and very soon the Variag was only a shapeless hulk. She could not successfully fight alone against such tremendous forces. She needed the presence and help of a fleet. The Christian needs the help and protection that he finds in church companionships.

But there is other help also, for him. You have seen cloth made from the fiber of asbestos. You know that you may put it into the fire and watch it become red hot. But it will not crumble into ashes, as you would look for it to do if you did not know its character. The asbestos fiber interwoven in its structure enables it to resist the action of the heat and it comes forth from its fiery cleansing fresh as when new. In the old Puritan households, alas, there are too few of that spirit today, the family Bible was given a place of honor, its words were read to the assembled household every day. Its precepts and commands and promises were wrought into the thought of the youth and became a part of the fiber which made characters that would stand the test of fire. This word is a part of the Christian's protection.

Nor are companionship and precept the only protection. We hear much about the instinct and intuition of wild animals. We know that they find their way in the darkest night among obstacles that threaten them on every hand. We read of a naturalist who filled a room frequented by bats with interlacing wires. In the darkness the bats flew about and no wing of one of them was bruised, a certain indefinable instinct to protect them from injury. It is seen again and again in the lives of animals.

Man, you know, is said to be not a creature of instinct. Yet have we not sometimes felt that some cause beyond our own knowledge protected us from

WORKING WOMEN

Their Hard Struggle Made Easier—Interesting Statements by a Young Lady in Boston and One in Nashville, Tenn.

All women work; some in their homes, some in church, and some in the whirl of society. And in stores, mills and shops tens of thousands are on the never-ceasing treadmill, earning their daily bread.

All are subject to the same physical laws; all suffer alike from the same physical disturbance, and the nature of their duties, in many cases, quickly drifts them into the horrors of all kinds of female complaints, ovarian troubles, ulceration, falling and displacements of the womb, leucorrhoea, or perhaps irregularity or suppression of "monthly periods," causing backache, nervousness, irritability and lassitude.

Women who stand on their feet all day are more susceptible to these troubles than others.

They especially require an invigorating, sustaining medicine which will strengthen the female organism and enable them to bear easily the fatigues of the day, to sleep well at night, and to rise refreshed and cheerful.

How distressing to see a woman struggling to earn a livelihood or perform her household duties when her back and head are aching, she is so tired she can hardly drag about or stand up, and every movement causes pain, the origin of which is due to some derangement of the female organism.

Miss F. Orser of 14 Warrenton Street, Lydia E. Pinkham's Vegetable Compound

Boston, tells women how to avoid such suffering; she writes:

Dear Mrs. Pinkham:— "I suffered misery for several years with irregular menstruation. My back ached; I had bearing down pains, and frequent headaches; I could not sleep and could hardly drag around. I consulted two physicians without relief, and as a last resort, I tried Lydia E. Pinkham's Vegetable Compound, and to my surprise, every ache and pain left me. I gained ten pounds and am in perfect health."

Miss Pearl Ackers of 327 North Summer Street, Nashville, Tenn., writes:

Dear Mrs. Pinkham:— "I suffered with painful periods, severe backache, bearing-down pains, pains across the abdomen; was very nervous and irritable, and my trouble grew worse every month. My physician failed to help me and I decided to try Lydia E. Pinkham's Vegetable Compound. I soon found it was doing me good. All my pains and aches disappeared, and I no longer fear my monthly periods."

Lydia E. Pinkham's Vegetable Compound is the unfailing cure for all the troubles. It strengthens the prop muscles, and displacement with all horrors will no more crush you.

Backache, dizziness, fainting, bearing down pains, disordered stomach, moodiness, dislike of friends and society—all symptoms of the one cause—be quickly dispelled, and it will make you strong and well.

You can tell the story of your sufferings to a woman, and receive her full advice free of cost. Address M. Pinkham, Lynn, Mass.

**UP IN KINGFIELD.**

Special correspondence to Maine Woodsman.  
KINGFIELD, Oct. 9, 1905.

The past week Mrs. D. J. Shepard and Master Philip of Phillips have been guests of friends in this village.

Frank E. Durrell has been very ill the past week but we are glad to learn he is now more comfortable and thought to be recovering.

Mrs. Mary G. Porter is in Farmington, the guest of Mrs. Amos Dolbier for a brief visit.

Colds are very prevalent just now.

The public schools were closed Wednesday, thus enabling teachers and pupils to attend the fair at Farmington which we hear was a success from start to finish.

Saturday last Mrs. Orris M. Vose and Miss Elith Talcott were in Lewiston for the day.

We regret to learn that Mrs. Fannie L. Howe is in poor health.

Harry A. Haley of Farmington was the guest of friends here over Sunday. He, accompanied by his father and brother, soon leave for Florida where they will work at the carpenter's trade during the winter. Friends in this vicinity regret their departure.

Mr. and Mrs. Joseph Fotter, Miss Daisy and Master Roland have returned to their home in Bigelow after a visit at the home of W. B. Bradbury and family in the west part of the town.

Frank J. D. Barnjum of Murray, Cape Breton was a business caller here the first of the week.

Miss Roxie Simmons has returned from Lowell, Mass., where she enjoyed a pleasant visit with relatives.

Nial Stevens of Stratton visited his brother, B. P. Stevens, at his farm in New Portland recently.

We regret the departure to their new home in Dedham, Mass., of Mrs. Thos. Bradbury and Miss Addie Bradbury of North Freeman and hope for their return in the spring.

Harold Ransom has been in town the past two weeks. He, accompanied by his wife, will return to their home in Brattleboro, Vt., this week.

Donald Fuller of Stratton was a recent visitor at the home of his uncle, M. P. Scribner and family, a few days ago.

After spending the summer months here in the family of James Lord, Arthur E. King has returned to his home in Taunton, Mass.

Miss Minnie H. Vose of Portland is spending her vacation with her parents, Mr. and Mrs. R. D. Vose.

Victor Staples of Phillips was a recent visitor in this town.

Mr. and Mrs. Frank P. Norton of Marshfield, Oregon are visiting his father, Tristram G. Norton, after an 18 years' absence. Old friends are glad to see Frank after so many years.

Berj. F. Safford of Dead River has been the past week a guest of his son, W. S. Safford and family, on upper Maple street.

B. P. Stevens had the misfortune to lose a valuable horse last week.

Mr. and Mrs. Amos G. Winter were in Portland a few days last week.

Lewis C. Witham and family have moved into the tenement over Page's livery stable on Depot street.

Manley B. Pottle of Portland, a former resident of this town for many years, called on old friends here last week.

Cecil S. French has been on the sick list the past week but is now recovering.

Mrs. Rache has returned to her home in Brooklyn, N. Y., after a several weeks' visit with her daughter, Mrs. Amos G. Winter.

Milton Curtis is another lucky hunter, having shot a deer near his farm a few days ago.

Mrs. A. J. Hunnewell recently visited Mrs. W. W. Mores at Livermore Falls for a few days.

Friday last John Winter, Esq., and daughter, Mrs. Addie W. Russell, visited friends in East New Portland.

Mrs. Ansel Eames of Flagstaff was a recent caller in this town.

The Kingfield Dramatic company are rehearsing for a drama which they expect to present to the public the first of November.

Mrs. Eben C. Williamson has returned from a seven weeks' visit with relatives in Vermont and Massachusetts.

Business is rushing at the canning factory of Frank Hutchinson, Riverside street.

Harold Boynton visited his brother, Herschell, in Wilton last week and reports him now gaining rapidly, we are pleased to note.

A picnic on Stanley hill was much enjoyed the last of the week by a small party of ladies.

Several from this town were called to Skowhegan last week as witnesses in the Hoyt case.

Miss Etta Wood has returned to Law-

rence, Mass., after a visit of several weeks' duration with relatives.

Mr. and Mrs. O. B. Chapman of Dyer, Mr. and Mrs. William Adams of Bingham have returned to their homes after a several days' visit with their sister, Mrs. A. J. Hunnewell, on Maple street.

Mrs. J. Willis Jordan, who has been ill for several weeks, is improving we are pleased to note.

Saturday, Miles Wyman of Eustis was a caller on business in this village.

Mr. and Mrs. Bert Trask are with relatives at West Farmington for a brief tarry.

O. C. Miller of Bigelow was a caller on business the last of the week in this village.

The Gospel Temperance Union service, under the auspices of the W. C. T. U., was held at the Universalist church, Sunday evening, and the following program carried out:

### Letter to Rev. J. A. Ford, Phillips, Maine.

Rev. Sir: In making pastoral visits, of course, you do not consider your pleasure or comfort or ease; you go where your people live. But you have two sets of feelings in going about—can't help it—we all have. But you especially have; for a part of your business is sympathy. Well kept lawns and well-tilled fields, nice homes and nice people, are cheerful to you, as they are to everyone. Tumble down buildings, poor fences, men harassed by burdens too heavy for them, overworked women, and dirty-faced children, you may be strong to get on with; but you would be more than human to find inspiration in misery.

Paint divides the two sorts of people: one paints, and the other don't. O., perhaps, the thrifty paint well; the unthrifty paint ill.

To paint well is to keep paint sound. There are two ways to do it; one is bound to paint often; the other to use good paint.

It costs about half as much to paint Devoe as to paint with any other paint; for Devoe takes fewer gallons than mixed paints and wears twice as long as lead and oil.

The thrifty and comfortable have the art of using money more wisely. How lucky they are! how happy!

Yours truly,

F. W. Devoe & Co.

P. S. W. A. D. Cragin, Phillips, and Furbish, Oakes & Quimby, Rangeley, sell our paint.

### Valuable Time Saved.

Slight injuries often disable a man and cause several days' loss of time and when blood poison develops, sometimes result in the loss of a hand or limb. Chamberlain's Pain Balm is an antiseptic liniment. When applied to cuts, bruises and burns it causes them to heal quickly and without maturation and prevents any danger of blood poison. For sale by Cragin, Phillips; Whitney, Rangeley; Dyer, Strong; Mitchell, Kingfield.

## RANGELEY NEWS NOTES.

Special correspondence to Maine Woodsman.  
RANGELEY, Oct. 10, 1905.

Miss Prudence Richardson is spending a few weeks in Portland.

Rev. E. H. Prescott is attending the October session of the Waterville conference this week at Pittsfield as a delegate from the Farmington F. B. Quarterly meeting.

Almost everybody in town went to Farmington last week on account of the low excursion rates on the railroad.

Mr. and Mrs. Frank Stewart are at home this week, but will go down the lake again for a few weeks.

Frank Jacobs is building a steamboat wharf for Mr. Shaw on the south side of the lake.

Rumors of a stabbing affray among the Italians at Dead River Station reached town Monday morning and a doctor was sent for in great haste. Further particulars have not been learned at this writing.

Steamers Rangeley and Comet have been put into winter quarters and the steamboat business will be at a standstill until another spring.

Mrs. Warren Wilbur had the good fortune to shoot a fine buck deer one day last week.

Mrs. Dexter Lamb is very sick.

The weather since October came in

has been unusually fine, part of the time as warm as summer.

Mrs. E. P. McCard, Harold McCard and Mrs. Ann Toothaker visited relatives in Strong last week.

Hunters are very numerous in the woods and quite a good number of partridges have been shot.

Miss Georgie Wilbur, who has been assisting in the family of Mrs. Arthur Briggs at Oquossoc the past season, has returned home.

Mr. and Mrs. Alonzo Hinkley, Mr. and Mrs. F. H. Kempton, Mr. and Mrs. G. L. Kempson, Mr. and Mrs. Riley Hinkley, Mr. Isaac Ellis and Mr. Cornelius Ellis attended the funeral of Mr. Solomon Dunham at Madrid last week.

The main line of the water system was completed last week and the water turned on when it was discovered that there was a leak somewhere. It was finally located and repaired. The water is being put in the houses this week.

Mrs. Warren Wilbur of West Rangeley has recently purchased a piano of the Colonial Piano Co.

Dr. Libby and family of Cranston, R. I., were the guests of Mr. and Mrs. James Mathieson at Indian Rock last week. They also spent several days with Mr. and Mrs. G. A. Proctor and started for their home Monday. Dr. Libby was practicing physician in this place for several years and sold his practice to Dr. Peabody.

### Coplin.

Mr. and Mrs. Alton Jones of Stratton visited at Mr. C. H. Hammond's fair week.

Mrs. Pearl Dyer is going to board with her mother, Mrs. J. M. Wynne this winter.

Miss Fernie Hammond is taking music lessons of Miss Frankie Keen of Strong. Those who went to Farmington Fair were Mr. and Mrs. H. Williamson, Mr. L. D. Grose, Mrs. Seth Paine and two children and Miss Hannah Hatton.

# Two Thanksgiving Dinners. TWO OUAKER RANGES and TWO TEN POUND TURKEYS.

## Quaker Range Contest Absolutely Without Parallel.

The MAINE WOODSMAN offers Two Prizes Two Quaker Ranges and Two of the finest Ten Pound Turkeys that money can buy, to the two ladies who receive the most votes, under the conditions indicated below.

## Two Quaker Ranges and Two Ten Pound Turkeys In Two Contests.

A GREAT RANGE.

A GREAT RANGE.

The Quaker Range never has been beaten and never will be beaten as a sure and easy baker and cooker and an economical consumer for either coal, coke or wood. The Quaker Range is world famous and is well known to the good cooks of New England, who always have led and always will lead the world. This range is made by the White-Warner Co. of Taunton, Mass., in itself a guarantee of good faith, and is sold by dealers everywhere. All persons unfamiliar with its merits may secure upon application at this office, a full description of this remarkable range. The Woodsman in the last few years has sent out several of these ranges as prizes, and has never yet received a complaint.

### HOW THE RANGES WILL BE DISTRIBUTED.

- Range No. 1. To the Lady residing in Phillips, Avon or Madrid, receiving the most votes.  
Range No. 2. To the Farmington Lady receiving the most votes. One ten pound Turkey will be given with each range.

### CONDITIONS OF THE CONTEST.

One range and one ten pound turkey will be given to the lady receiving the highest number of votes in either contest. In case that two bona fide contestants do not appear in any contest, or that the total number of votes in any contest fails to reach 1,000, even if more than one contestant does appear, the prizes in that contest will be withdrawn, and will be awarded to the lady receiving the highest number of votes for second in the other contest.

One 30 vote coupon will be issued for every dollar and a half that is paid in on subscriptions for MAINE WOODSMAN, but no coupon will be issued for fractional parts of a dollar and a half, or for any subscription of less than a year. This applies either to old or to new subscribers. One 30 vote coupon for every dollar and a half paid, no more, no less.

To prevent trading among contestants those receiving coupons should fill them out at once, preferably with pen and ink. No coupons will be counted upon which two names have been written, even if one of these has been erased.

Any contestant is at liberty to canvass anywhere for subscriptions, no matter where she resides, but the prize winner must be a bona fide resident of a town in which the stove is to be awarded.

Everyone intending to enter this contest should write to this office for valuable instructions and for printed matter. The two ranges in this contest are full size, Quaker Home ranges, the latest pattern, fitted for either coal or wood, as desired, and they are among the best ranges for general service made. They will be delivered at freight depot nearest to residence of the winner. Quaker ranges may be seen on exhibition at the residence of J. W. Brackett in Phillips or at the store of the Gushee Furniture Company, Farmington.

**SANOLZ**  
LOTION AND SOAP  
Positive Cure For All Skin Diseases.

The wonderful discovery of the famous specialist in skin diseases, A. J. Fulton, M. D., Brooklyn, N. Y.

Sanol treatment is external only. During the hot weather those afflicted with skin eruptions and scaly skin diseases, suffer intensely. You can avoid this suffering and effect a cure by use of Sanol.

Sufferers from eczema, lupus, herpes, ringworm, prurigo, scabies, dermatitis, skin cancer, pediculosis, psoriasis, ecthyma, lichen, syphilis and all other forms of ulcerative, scaly and parasitic skin diseases find immediate relief and permanent cure by the use of Sanol. It removes pimples and blackheads and cures sweat or itching feet.

Some of the now famous cures by Sanol treatment were fully described in the New York World of March 9, and the Brooklyn Daily Eagle of March 29.

The Brooklyn Times of March 30, says: "Dr. Fulton is a practicing physician and a skin disease specialist. The Sanol treatment is the latest cure and medical men are of the opinion that America has triumphed over Europe."

August Newman of Enfield street near Graves Place, Brooklyn, writes that he had been a sufferer from a skin eruption for eight years, called various names by different physicians. Finally he was induced, in sheer desperation, to try Sanol. He enjoyed his first unbroken sleep after the first bottle of Sanol. His reward for a conscientious treatment of this remedy for two months was complete cure.

Write for testimonial and full particulars of Sanol. Treatment requires combined use of lotion and soap. Sent on receipt of price or at drugist.

Lotion full one-half pint, \$1.00; soap, 25c per cake or jar. Address Sanol Laboratory, Dept. B, 4, 10-102 Elton St., Brooklyn, N. Y.

## HARLEY GREENWOOD.

31 MAIN STREET, - - - FARMINGTON, MAINE.

A Social Evening.

One evening recently at the home of Mr. and Mrs. Sherman Lisherness, Miss Mamie Thomas entertained a few of the young people of Flagstaff.

The guests began to arrive at an early hour and as soon as all were assembled the evening was opened with a peanut hunt, Miss Winna Wing finding the largest number of peanuts.

Then the peanut contest was opened which continued till late in the evening. The prize in this was won by Everett Burbank, he having 48 peanuts.

Miss Lottie Eames gave several selections on the organ and Miss Eames and Mr. Rogers sang several duets which were much enjoyed by all.

Refreshments of ice cream and cake, peanuts and walnuts were served.

The guests dispersed at a late hour declaring Miss Thomas a charming hostess and hoping to spend many other such pleasant evenings during her stay in Flagstaff.

Those present were: Mr. and Mrs. Sherman Lisherness, Misses Winna Wing, Lottie Eames, Lettie Eames, Susie Clark, Ella McVoy, Doris Lisherness; Messrs. Everett Burbank, Herbert Rogers, Clifford Butler, Felix Pocket, Fred Lisherness, Warren Dyer.

Madrid.

Potatoes are rotting badly in some localities.

Mrs Rachel Huntington is visiting at her late home, where her son, Alonzo, now lives, and at J. C. Wells.

Frank Dunham and Bert Kinney thrashed with a gasoline engine, last Saturday, at Mrs Sarah Yoter's.

Chester Wing and wife, who have been helping Mrs Mary Dunham have returned to their home at Madrid Station.

All were glad to see Miss Azelia Prescott, who has been sick for a few weeks, to meeting, last Sunday.

Linwood Stinchfield is helping his father on the farm for a few days.

Children's Spring Tonic.

After a long winter the children's blood flows sluggishly, the bowels are irregular and the channels of the body clogged. This is the chance for which disease has been lying in wait. No time should be lost in cleansing the blood and regulating the stomach with a good spring medicine. For children's ailments nothing equals Dr. True's Worm Elixir. A few doses will expel worms, many, and tone up the whole system. A better spring tonic cannot be found. Twenty thousand bottles sold in March alone. Price, 35c at all druggists.

Fairbanks.

Carrol Whitney returned to Phillips Sunday, after spending a few days in Farmington.

George Dyer has moved into the old house belonging to Scott Ellis.

Mrs. Mary Brown, who has been in Massachusetts visiting relatives, has returned home.

Rev. Mr. Corey preached in the chapel at 2.30 p. m., last Sunday.

W. L. Daggett and wife of Strong attended church in Farmington last Sabbath.

Industry.

Andrew Kennedy is clapping his house. His brother, Warren, is assisting him.

Arthur Waugh conveyed people from West Mills to Farmington two days of fair with his two-horse team

Koch brothers, with two gentlemen friends from New York, are on a hunting trip in northern Maine.

Pratt Bros. started their apple canning factory last Monday.

The farmers are busy picking their apples and report about half a crop.

A new road has been built around the Samuel Tinkham hill thus improving the road from North Industry to Madison.

Eustis.

Mrs Collie Hinds and her little Joy arrived in town a few days ago and is keeping house in the rent recently vacated by William Hauscom.

Mrs L. M. Wyman has returned home.

Don't Borrow Trouble.

It is a bad habit to borrow anything, but the worst thing you can possibly borrow, is trouble. When sick, sore, heavy, weary and worn out by the pains and poisons of dyspepsia, biliousness, Bright's disease, and similar internal disorders, don't sit down and brood over your symptoms, but fly for relief to Electric Bitters. Here you will find sure and permanent forgetfulness of all your troubles, and your body will not be burdened by a load of debt disease. At W. A. D. Cragin's, Phillips; C. E. Dyer's, Strong; L. L. Mitchell, Kingfield, drug stores. Price 50c. Guaranteed.

Mrs Lillian Lisherness who attended Fair and visited her parents recently has returned home.

Mrs Julian Viles who was brought out from Twin Pond last week very sick is gaining.

Mrs Mabel Green, who has been working at Twin Pond nearly all summer has got through and is visiting her aunt, Mrs Elizabeth Gordon in town.

The total is 1044. This was the biggest sale of excursion tickets ever enjoyed by the Franklin County railroads with one exception. That exception was the time that James G. Blaine visited Strong—a good many years ago Mr. Beal, superintendent of the Sandy River road informs MAINE WOODSMAN that the Sandy River & Franklin & Myentic roads—the Phillips & Rangeley road not having been built—sold 1,100 tickets upon that occasion.

AN OLD MAN'S TRIBUTE

An Ohio Fruit Raiser, 78 Years Old, Cured of a Terrible Case After Ten Years of Suffering.

When suffering daily torture from backache, rheumatic pain, any ill of kidneys or bladder, Turn to Doan's Kidney Pills. A cure endorsed by thousands. Read an old man's tribute.

Sidney Justus, fruit dealer, of Mentor, Ohio, says: "I was cured by Doan's Kidney Pills of a severe case of kidney

SIDNEY JUSTUS.

trouble of eight or ten years' standing. I suffered the most severe backache and other pains in the region of the kidneys. These were especially severe when stooping to lift anything, and often I could hardly straighten my back. The aching was bad in the daytime, but just as bad at night, and I was always lame in the morning. I was bothered with rheumatic pains and dropsical swelling of the feet. The urinary passages were painful, and the secretions were discolored and so free that often I had to rise at night. I felt tired all day. Half a box served to relieve me, and three boxes effected a permanent cure."

A FREE TRIAL of this great kidney medicine which cured Mr. Justus will be mailed on application to any part of the United States. Address Foster-Milburn Co., Buffalo, N. Y. Sold by all dealers; price, fifty cents per box.

West Phillips.

Beautiful, glorious October has come in all its glory, but the bitter frosts of September did the work and robbed the forests of the most of its variegated beauty and now we are enjoying our first Indian summer. The outlook is that we shall have a short fall and winter will come earlier than usual.

Farmers are busy packing apples and some have not finished digging potatoes. The apple crop is about half a crop; potatoes about a two-thirds crop and they are not so good quality as usual and rotting badly.

A call on Lorenzo Whitney finds him quite feeble, yet quite comfortable and he sits up most of the time but converses very little. He is in his 98th year and his memory has failed him very much. Some particular events he remembers distinctly. He remembers the cold year and seeing six inches of snow falling in June and finding birds to death. His father went to Radfield and packed a bushel of corn meal on his back for his family and he used to go to Farmington repeatedly and back in one day and bring a bushel of meal on his back. His father's name was Solomon. Lorenzo remembers going to Rangeley when but three persons lived there: Messrs. Dill, Hoar and Thomas. In one-half hour he and another boy caught all the fish they could carry home. They went in by a spotted line over the mountain. There are events he can remember that happened 90 years ago and still he cannot remember events that transpired one year ago. Mr. Whitney is tenderly cared for by his son, Roscoe and his devoted and patient wife.

Harry Bachelder has done the neighborhood thrashing. There is one trouble about it, the farmers are unable to get help enough to tend to the engine, but O Israel, we thrashed 193 bushels of oats in four hours at Chas. Pearson's in No. 6 and 163 bushels at F. J. Toothaker's in four hours. We farmers never want this record beaten.

The local deer hunters are laying low these bright nights for deer. Remember we have a harvest moon and it will rise nearly the same time for a week.

Birds and deer are scarce and there is a great falling off. One local gunner reported that he traveled half a day and did not start a bird.

Simon Booker and wife are improving the fine weather and are visiting their daughter at Rumford Falls this week.

Alice Lufkin, who has had rheumatic fever, is able to sit up part of the time. She is stopping with her brother, E. C. Lufkin.

Howard Toothaker is picking apples for Miss Wilbur.

Half dozen cigars to the first man who kills the first deer on the BORDER.

Freeman Valley.

Rev. D. H. Cowan and wife are spending a few days in Farmington visiting friends.

Albert Huff and Allie Durrell have gone to Dead River on a week's hunting trip. All are hoping to see some large game when they return.

Clyde Durrell is stopping with his sister, Mrs. Albert Huff, for a few days. His health is greatly improved all are glad to know.

Ray, the little son of Albert Huff, has been quite ill for the past few days.

Several from this vicinity attended the fair at Farmington last week. All report a good time and the finest of weather.

Potatoes are mostly all dug in this vicinity and are reported to rot very badly.

Sick headache results from a disordered condition of the stomach and is quickly cured by Chamberlain's Stomach and Liver Tablets. For sale by Cragin, Phillips; Whitney, Rangeley; Dyer, Strong; Mitchell, Kingfield.

Phillips and Vicinity.

—Harrison Harnden has improved his residence by new paint.

—Fred Wright of Lewiston is visiting friends in this vicinity.

—Leon Timberlake, son of Hon. F. E. Timberlake, is among the entering class at Bowdoin college this fall.

—Mr. and Mrs. Ed Greenwood took a trip to the Dead River region and Rangeley in their automobile and were absent several days this week.

—Mr. and Mrs. Ray G. Smith will give a reception and a free dance on Friday evening, Oct. 13, at the Grange hall, Madrid.

—Hon. Geo. W. Wheeler accompanied by Mrs. Wheeler drove from Farmington Tuesday and called on old friends and relatives returning home Thursday.

—Friends in Phillips were pained to learn of the death of Mr. Theodore A. Josselyn of Portland, a native of this town. In our next issue we will give an extended obituary.

—The late Raymond Toothaker of Auburn, formerly of Phillips, owned a cat of which he was very fond and which was made a special pet by the family. When Mr. Toothaker was stricken with the illness which was to prove his last, the cat located herself on his bed and refused to be moved. She remained until the end and the next day after Mr. Toothaker's death, she died.

—Mr. S. B. Wing writes from Wilton, Maine, on Oct. 8: On leaving Harper's Ferry, Oct. 5 I had many misgivings that I should not be able to stand the journey as I had not left my room for a number of months till the day I started, but having fine weather and kind friends to assist me it seems almost marvelous that I got to Wilton feeling as well and stronger than when I started. Although I shall not be able to visit this fall or winter I hope to be able to in the spring to see my friends and renew the ties that have so long bound us together. (If God so will.)

WARD OFF DISEASE

By fortifying your system with a reliable blood medicine. An alcoholic stimulant would do more harm than good than good from it.

With stomach and blood in good order you can fight the battle of life successfully against all odds. GOLDEN SEAL ROOT (HYDRASTIS), is a famous remedy for dyspepsia, and QUEEN'S ROOT (STILLINGIA), has a direct action in promoting the renewal of the blood. Both of these are used in Dr. Pierce's Golden Medical Discovery in such a way, by skillful extraction, combination and solution without alcohol, that their best effects are secured.

Many years of actual practice convinced Dr. Pierce of the value of many native roots as medicinal agents and he went to great expense, both in time and in money, to perfect his own peculiar processes for rendering them both efficient and safe for continuous use as tonic and rebuilding agents.

The enormous popularity of "Golden Medical Discovery" is due both to its scientific compounding and to the actual medicinal value of the ingredients. The publication of the names of the ingredients on the wrapper of every bottle hereafter to be sold, gives full assurance of its non-alcoholic character and removes all objection to the use of an "unknown remedy."

The Original LITTLE LIVER PILLS, first put up by old Dr. R. V. Pierce over 40 years ago. Much limited, but never equalled. Little pill, Little dose, but give great results in a curative way in all derangements of Stomach, Liver and Bowels.

"Common Sense Medical Adviser" will be sent free, paper-bound, for 21 one-cent stamps, to pay the cost of mailing only, or cloth-bound for 31 stamps. Address Dr. R. V. Pierce, 638 Main Street, Boston, N. Y.

A Brilliant Social Event.

We are informed that next Tuesday, Oct. 17, at 11 o'clock a. m. in the Congregational church at Strong will occur the wedding of Rev. Oscar W. Peterson and Miss Emmie Stubbs, oldest daughter of Hon. and Mrs. Philip H. Stubbs, one of the best known families in Franklin county.

One day recently at the home of her sister, Mrs. C. W. Bell, Miss Stubbs's young friends gave her a "shower party of tin ware" which was a most delightful affair.

Rev. Mr. Peterson is located at Cornish and many friends from Strong and Phillips, where he was a former pastor, extend best wishes.

Reed's Mill.

Nine of the neighbors turned out and husked Wm. Dunham's corn for him one evening last week. It was quite a surprise as he expected only one, nevertheless hot cakes and pumpkin pie were served.
