Improving Maine Travel : Route 1A in Ellsworth is Being Rebuilt Now Through November, 2010

Maine Department of Transportation

Follow this and additional works at: https://digitalmaine.com/mdot_docs

Route 1A in Ellsworth is being rebuilt now through November

This project will result in a safer, wider road that will improve traffic flow for years to come by widening the travel lanes and adding shoulders.

When traveling to the DownEast and Acadia Regions, choose the route that best fits your travel plans. If you choose Route 1A, please allow extra time.

Flaggers and construction crews are working 24 hours a day to shorten the duration of the project. *Generally*, they will be working from 7 PM Sundays to 7 AM on Saturdays, but construction is always subject to weather and other factors that may impact this schedule. For their safety and yours, please slow down and pay attention when driving through this 7-mile construction zone.

Sign up for email alerts and project updates at mainedot.gov.
