JOHN ELIAS BALDACCI
GOVERNOR

DAVID A. COLE
COMMISSIONER

December 23, 2008

Attention: Prospective RFQ Proposers

Subject: Freeport Design/Build (MaineDOT PIN: 012782.00) Answers to RFQ Questions.

The following is a compilation of questions and answers received on the RFQ distribution, as of the December 19, 2008; questions received after this date will not be answered.

Q: Will MaineDOT accept the OSHA 300 form with employee names removed, if all other information is included? Please advise.

A: The Department will accept OSHA 300 forms with the employee names removed.

Q: I just wanted to verify that the Statement of Compliance we need to submit is not a standard form but is simply our own statements that we sign and notarize regarding compliance with the Design File format and construction specifications. Can you confirm this understanding?

A: The statement of compliance which needs to be submitted is not a form, but is written, notarized, statement, stating that the design and construction will be in accordance with the provisions outlined in the RFQ. In this case, design needs to be in accordance with the MaineDOT Highway Design Guide, and construction needs to be in accordance with the MaineDOT Standard Specifications.

Please consider these Questions and Answers in preparing your SOQ's for the Project. SOQ submission shall be on or before 12:00 p.m. (12 noon) EST, December 31, 2008.

Sincerely,

A handwritten signature in blue ink that reads "Jeffrey Tweedie".
