# Soldiers' Welcome a Joyous One

Greeting to Returned Oxford County Men a Glad Occasion.

An occasion without parallel in previous years was the welcome to the returned soldiers that was held at the Soldiers' Welcome on Monday, June 9. From near and far the grounds were filled with hundreds of automobiles and hundreds of people on foot, and when filled birds three thousand people, as its capacity is generally understood, were mustered here to welcome the returned soldiers. It was a day long to be remembered—and we can but hope that there will never again be occasion for such a demonstration; that war shall be no more.

In point of weather the day was about as different as possible from several of the days of late week. The thermometer was in the sixties, and the sun shined, and the sky was gray through the morning hours, and there was a drizzle of cold rain during a portion of the afternoon. But the day did not dampen the ardor of the people.

Flags and bunting along the streets and on many of the public buildings and residences gave an air of festivity and patriotic feeling to the two towns. All business places were closed for practically the entire day, factories were shut down, and everybody joined in observing the holiday.

A short parade was the first feature of the day. The procession formed at the Grand Trunk station in South Paris, to the church of the Soldiers' Welcome, and then to the Soldiers' Welcome. The parade was led by the Soldiers' Welcome, and then to the Soldiers' Welcome. The parade was led by the Soldiers' Welcome, and then to the Soldiers' Welcome.

Following the parade the returned soldiers were automobiles carrying Gen. Edwards, Col. Starbird, and other members of the reception committee. Other automobiles carried civil war veterans and Spanish war veterans. Behind came a long line of automobiles carrying people of all ages, and the parade was a most successful one.

**A Suggestion for Law Makers.**

Editor Democrat:

Now that the subjects of Americanization and training for citizenship are being discussed as never before, it seems to me that the time is opportune for a change in our school laws which I would like to suggest. A bit of my own experience will illustrate my point and explain my suggestion.

As a teacher I found that there were pupils who are doing their best to kill time. They hate school and everything connected with it, and are impatiently waiting for the time when age shall set them free. Now it seems to me that we are losing in our compulsory school attendance law a pupil to attend school until he can pass a satisfactory examination in the common branches of knowledge, and a pupil who has a good working knowledge of arithmetic, the English language, and his duties and privileges as a citizen of free country. If such a law were on our statute books, his very dislike for school life and the restraints of school life would stimulate a pupil to make an extra effort to acquire the knowledge which would make it possible for him to leave school.

If a pupil is incapable of learning the necessary things, he should be sent to a special school, and should be given special instruction or sent to a special school, and should be given special instruction or sent to a special school, and should be given special instruction or sent to a special school.

With a law like this, the work of our teachers with pupils in their early teens would be much easier, and many of the pupils would leave school better equipped for the duties of life than they would be under the present law.

## HOMEOWNERS COLUMN.

Correspondence on topics of interest to the home owner, such as: **COOKING, OUTFITTERS, SOUTH PARIS, ME.**

**Dish of Greens Good Tonic.**  
PLENTY OF VEGETABLES NECESSARY IN DIET, ESPECIALLY IN SPRING.

"One thing I thought I never could do was to make George (the greens) like greens," said Mrs. Moss as she looked with great satisfaction at the empty vegetable dish. "But to-day when I was using how our grass seed was coming up I used those nice tender-looking dandelion greens and could not resist gathering a basketful for dinner."

Her guests laughed. "Evidently George wasn't so hard to please after all. I saw him take two generous helpings and he seemed not to be doing it from a painful sense of duty, either. Wasn't he glad to like them due principally to the fact that you hadn't given him a chance to like greens at their best?"

"Of course it was," agreed Mrs. Moss. "I believe that is where many housewives make a mistake in choosing vegetables. They are so afraid that their husbands will not like different kinds that they use the same one or two vegetables all the time. As a result their diet is not nearly as varied as it might be and the members of the family miss the 'spring tonic' effect so many believe the greens would have on their systems."

"I'll warrant you if those women would cook greens by the recipe I used this noon and some that I found in a newspaper under the heading, 'Recipes Tested in the Home Economics Experimental Kitchen of the United States Department of Agriculture,' nine out of every ten husbands would try them and call greens a good food."

"Here they are," takes a copy of them from her pocket and says, "You can try them too. I'm sure your husband will like them as well as mine did."

**GENERAL PREPARATION OF GREENS.**  
Pick over carefully, removing any discolored leaves, bits of grass, or other foreign material. Wash thoroughly, remove roots, drain, and cook until tender. If the full flavor of greens such as spinach is desired, cook in the water left on them after washing and their own juice. If a milder flavor is preferred, cook in two quarts of water and one teaspoon of salt to a peck of greens, having the water boiling when greens are added. When cooked greens are used in making various dishes, they should be measured as dry as possible and any liquid which has accumulated may be used to make up the liquid called for by the recipe, or in making a soup.

**GREENS WITH BROWN TOMATO SAUCE.**  
8 tablespoons butter or other fat  
1/2 teaspoon mustard  
Few grains cayenne  
1 teaspoon lemon juice  
1-2 teaspoons highly seasoned sauce (sold to be eaten with meat)  
3-4 cup stewed and strained tomatoes  
Cook fat until well browned and add remaining ingredients. Serve hot with three cups cooked greens. This amount will make eight average sized servings.

**PENNSYLVANIA GREENS.**  
3 slices bacon cut fine  
2 eggs  
1-4 cup mild vinegar  
1 teaspoon salt  
1-4 teaspoon pepper  
Fry bacon. Beat eggs, add vinegar, salt, and pepper, and stir into the bacon fat. Cook until slightly thick. Cook greens until tender, drain. Pour sauce over them just before serving and serve hot.

**RICE TIMBALES WITH SAUCE OF GREENS AND CHERRE.**  
1-2 cup rice  
1 quart boiling water  
1 teaspoon salt  
Wash rice three or four times or until water is clear. Add slowly to boiling salted water so that boiling is not checked. Boil 30 minutes or until soft. Drain and let dry, then place lightly in slightly greased small molds. Let stand in hot water 10 minutes. Serve with the following sauce:  
3-4 cup milk, hot  
2 tablespoons flour stirred until smooth in 1-4 cup milk  
2 tablespoons cheese  
1-2 teaspoon salt  
Few grains cayenne  
Cook 15 minutes in double boiler and add 1-4 cup cooked and finely chopped greens.

**STUFFED PEPPERS.**  
3 green peppers  
1 onion finely chopped  
2 tablespoons butter  
2 tablespoons flour  
1 cup greens finely chopped  
3-4 cup bread crumbs  
4 tablespoons bacon finely chopped  
Salt and pepper  
Cut a slice from stem and of each pepper, remove seeds and parboil peppers 15 minutes; add flour, green, salt, pepper, and bread crumbs, crumbly cool. Sprinkle peppers with salt, fill with cooked mixture, cover with buttered bread crumbs and bake 10 minutes. Serve hot.

**SPINACH EGG SOUP.**  
(For use also with kale, best tops and Swiss chard.)  
1 cup cooked greens  
1 small onion  
1-2 teaspoon soda  
1-4 cup butter or other fat  
Water enough to make 1 quart soup  
4 egg yolks or 2 whole eggs  
1 large slice bread or 2 soda crackers  
1-2 teaspoon salt  
Pepper  
1 tablespoon lemon juice or vinegar if desired  
Cut onion in small pieces and cook it with spinach and soda in butter for a few minutes. Add bread or crackers for an hour. Strain, season, add more water if necessary to make one quart soup and thicken with egg yolks. To avoid curdling add a little of the soup cautiously to the yolks before putting the yolks into the larger amount of soup. Less egg may be used and milk may be used in place of part of the water. One quart of soup makes eight average servings.

**KALE SOUP.**  
(For use also with Swiss chard and spinach.)  
1-4 cup finely chopped greens  
1-4 cup butter  
1-2 cup flour  
4 eggs  
1 teaspoon salt  
3-4 cup liquid (milk, cream, soup stock, vegetable juice or mixture of two or more of these)  
1-2 teaspoon pepper  
1 teaspoon lemon juice or vinegar  
Chop the greens very fine. A meat chopper with coarse cutter is good for this purpose. Melt the butter, add the flour, and cook about one minute. Add the milk, stirring constantly, and cook until mixture is smooth and thick. Add chopped greens and egg yolks, salt, and the seasonings. Beat whites of eggs stiff. (Add them to the other mixture by the cutting and folding process.) Pour into buttered baking dish and cook 30 minutes in slow oven, or until firm and brown on top. Serve at once.

**Value in Milk Soups.**  
A large variety of soups may be made by utilizing not only milk but also left-over portions of vegetables and other foods. In making them allow from one-half to one level tablespoon of flour to each cup of liquid (including milk and the juice and pulp of vegetables) and one level tablespoon of butter or other fat. Some of the flavors which may be used are: onion, corn, asparagus, cabbage, cauliflower, peas, beans, tomatoes, salmon or other fish, celery, spinach or grated cheese. These soups are nourishing and oftentimes a child not fond of milk can be persuaded to get down the daily quart necessary for his health by having part of it made into a milk soup.
